WEDNESDAY, APRIL 25.

The coming of Spring is associated to the minds of most people with house-cleaning and the general renovating that makes the immortal words of Payne-"There's no place like nome"-a hollow mockery and burlesque. True, there is no place like home, at such times, and we are very glad of it. But after order has come out of chaos and a man ceases to run the risk of death by lockjaw from coming in contact with the business end of a tack while hunting the colic bottle in the dead of a dark night, "There is no place like home" again means something to humanity and man decides that after all housecleaning pays.

It is wonderful what a lot of beauty can be gotten out of a few dollars' worth of paint and paper property applied. And it doesn't take many dollars' worth either, when one can buy paper as low as Gc cents a single bolt. Good paper, too. We have as good a line of paper as can be seen elsewhere in Tionesta, perhaps better, but we'll let you judge for yourself as to that.

A word about paint: - Unlike wall paper, low-priced paint isn't cheap. In wall paper you get good value for what you pay-little or much, but there is only one kind of paint that is cheap and that is the best that can be bought. John Lucas & Co. have been making paint for a great many years. It may not be the only good paint made but there is none better and you ere not taking chances when you buy it, as you are in purchasing paints made by comparatively new and obscure manufacturers. It is the only brand we keep. Color cards can be had

This union was blest with one daughter, Caroline Sophia. In 1851 Mr. Thase found a second helpmate in the person of Sopia Marie Dorotha Dickrager who has also preceded him to eternity two years ago. There are left to mourn the death of the departed one daughter, Mrs. Henry Ledebur, seven grandchildren and five great grandchildren.
