MEDICAL WORK.

TOPIC UNDER DISCUSSION AT THE ECUMENICAL CONFERENCE.

Different Delogates Read Papers On the Subject In Its Relation to Mission Work-Papers On Other Subjects Also Read-Famine Aid Meeting.

NEW YORK, May 1.-The general topic for discussion at the session of the Ecumenical conference in Carnegie hall was "Medical Work." A number of interesting papers were read treating of this brauch of mission duties in its various phases. The devotional exercises which preceded the business session were conducted by Dr. Henry Foster of the Clifton Springs sanitarium.

"Medical work; its relation to missionary work as a whole; practical proofs of its value, importance, limitations, and results," was discussed in papers by the Rev. Dr. George E. Post, professor of surgery of the Syrian Protestant college, and Dr. C. F. Hartford-Battersby, of the Livingstone Medical college, England.

Dr. F. Howard Taylor, of the China inland mission, read a paper on "Qualifications for Medical Work," and Dr. O. R. Avison, of Seoul, Korea, read the concluding paper on "Comity in Medical Work.

Chancellor McCracken, of the New York university, presided at the Madi-son Avenue Reformed church, where "Literary Work" was under discussion. "The Extent and Value of Literary Work in the Mission Field,"by the Rev. Timothy Richard, of China; "Literary Workers," a paper written by Rev. K. S. McDonald, read by the Rev. J. Fairley Daley, of Glasgow.

"Christian literary work in mission fields" was discussed by the Rev. Richard Lovett, of London. "The foreign work of the American Tract Society' was the title of an address by the Rev. Dr. D. J. Burrell. Other papers were "The Christian Literature Society of India" by the Rev. George R. Patter-son, secretary of the society; "The Publishing Center at Constantinople," by the Rev. Dr. E. M. Bliss, and "The Society for the Diffusing of Christian and General Knowledge Among the Chinese," by the Rev. D. Z. Sheffield,

of China. At the Fifth Avenue Presbyterian church, "Periodicals and Reports of Socities." "General Missionary Literature" and "Religious and Secular Press" were discussed by the Rev. Dr. E. E. Strong, Mrs. J. G. Gracey and the Rev. A. Woodruff Halsey, D. D.

At the Fifth Avenue Presbyterian church meeting, Dr. E. M. Bliss, of the Independent, dwelt upon the press as a means for the distribution of missionary information. He contradicted what he said in a very widely extended impression that the press is not interested in missions and claimed they are interested whenever they have the genuine

missionary news. At the meeting at the Church of the Strangers, Mrs. Wellington White, formerly of the Presbyterian board of China, created a profound impression by her startling picture of a procession of

blind she had seen in China. They were led through the streets with painted faces, gaily bedecked with flowers and ribbons, headed by an old woman who owned them and who compelled them to lead immoral lives. She also told of the work of Dr. Mary Niles among the girls. She said blindness was common among the people, owing the climate and unsanitary conditions. Rich parents had been induced by the missionaries to have their daughters taught to read by the Brailey

method. New York, April 30.—Carnegie hall was not filled when the Indian mass meeting, under the auspices of the Ecumenical conference, was called to order. President Seth Low, of Columbia university, was the first speaker. He contrasted the population of the United States, 75,000,000, with India's 250,000,-000, and said that the United States, to be as thickly populated, would have

750,000,000. Mr. Low then introduced Rev. Dr. John H. Barrows, president of Oberlin university. Mr. Barrows described the differences in the selfishness of castes. He said that India was a continent rather than a country. A continent with nearly 300,000,000 people, one-third of which were on the verge of starva-

Bishop Henry C. Potter said that the evident interest displayed at the meeting should focus itself. It should become operative and active

Rev. Dr. Johnson, a missionary of Central India, said he had passed through three Indian famines. He told some pitiful and pathetic stories of the sacrifices of women-especially of women for their children.

The daughter of Rami Bey was introduced by Chairman Low. Her story was about 250 girls saved in the famine of 1897 by her mother. Others also talked.

Chairman Low announced that 20 students from the Union theological seminary would take up a collection,

"The Chinese merchants of British Columbia united a few days ago to send a collection for the sufferers in the burned city of Ottawa. If the Chinese have learned the lesson of brotherhood, how much more should we exemplify

A list of names of prominent men was read as composing a committee to collect money for the famine sufferers. The contributions tonight amounted to 31,667. Miss Helen M. Gould, who occupied one of the boxes, pledged \$200. Sectional meetings were held in the different churches as usual. At the Central Presbyterian church, D. B. St. John Roosa, M. D., presided, the general subject being "Hospitals and Dis-

pensaries." "When showin they is established?

rious conditions, relation of clerical men to medical work," was the title of a paper by the Rev. Robert C. Beebe, of Nanking, China.

LONDON, April 30 .- The Standard's announcement that General French's cavalry is returning to Bloemfontein is clear proof that there is no further hope of catching the retreating Boers, and the London papers are beginning to display impatience at the practical failure of the elaborate operations of last week. The Standard says: "It is disheart-

ening to find that these elaborate manoeuvres have had so small a result." The Daily Chronicle remarks: "We are reluctant to criticise Lord Roberts, but it is impossible to shut our eyes to the fact that during the last ten days we have gained very little from our enor-

mous display of force " Without doubt these operations have been of a very exhausting nature, and will entail further delay. The Bloem-fontein correspondent of the Times, writing on March 3, after the Paardeberg affair, describes Lord Roberts' army as a "wreck," because it was without horses and without transport. The Bloemfontein correspondent of the Post speaks now of the urgent need at present and always of more horses. There is very little news from other

quarters. Interesting Developments Ahead. THABA N'CHU, April 30 .- The adiacent country is now clear, the Boers

having retired toward Ladybrand.

GOV. TAYLOR IN KENTUCKY.

Not Believed He Will Be Arrested For

FRANKFORT. KY., April 30.—The pres ence of Governor Taylor in this city was known to the local officers and to those in charge of the prosecution, and the fact that a warrant of arrest was not served upon him is construed to mean that the indictment in this case will be held up and no process issued on it for several days. The governor later went to Louisville.

. The indictment was returned in open court the day after those against Finley, Powers. Culton and others were returned, but it was not entered on the record and is now understood to be in the possession of Judge Cantrill.

DEWEY IN CHICAGO. A GREAT BALL GIVEN IN HIS HONOR

IN THAT CITY. He and Mrs. Dowey Received the Guests. Crowds Enthusiastic Over the Admiral

as He Was Driven to the Hotel-Invited to Canada. CHICAGO, May 1 .- Never in the history of the great Auditorium has there been within its walls a sight more beautiful than that revealed last night, when

the great ball given in honor of Admiral

Dewey was at its height. The decoratiobs were fine. As soon as the reception committee had taken position Admiral and Mrs. Dewey entered, followed by a throng of less distinguished guests. Immediately behind the Admiral came with their wives the naval officers on duty in Chicago, and the officers of the United States steamship Michigan Behind the navy came the army, headed by Major General James F. Wade and Mrs. Wade, officers of General Wade's stab, with their wives, and officers of the garrison at Fort Sheridan and their wives. Officers of the revenue service followed and behind them came Brigadier General Charles Fitzsimmons, commanding the First brigade of the Illinois national guard, and Mrs. Fitzsimmons, members of General Fitzsimmons' staff

of the city's guests. The Admiral and Mrs. Dewey after they had exchanged greetings with the members of the reception committee took their stand at Mayor Harrison's right and to them were presented the guests of the city who had followed

with their wives, closing the procession

them into the hall. Then came in long lines the guests of the ball, all who desired being afforded an opportunity of greeting the Admiral and his wife. There was no grand march, the Admiral's party retiring to his box when the line of guests had passed, and the orchestra striking up Dekovens two-step,"The Dragaons," the

floor was surrendered to the dancers. At midnight, the Admiral and Mrs. Dewey left the hall for a luncheon in their honor, given in an adjoining room by Hobart C. Chatfield-Taylor, and then after returning to the ball room for a brief interval he and his party retired. The Admiral and Mrs. Dewey on their

arrival in this city met with a great re-Mrs. Dewey, who was somewhat

fatigued from the long journey from Washington, did not accompany Admiral Dewey on his ride through the downtown streets to the hotel, but accompanied by the special committee of the woman's reception committee, Mrs. Bryan Lathrop, Mrs. Carter H. Harrison and Mrs. Charles A. Plamondon, went direct to the annex, where she

The cheering started at the depot swept along the streets as the Admiral and his party were slowly driven to their apartments, the applause being almost without cessation until the Admiral entered the hotel. As the party reached the corner of Jackson boulevard and Dearborn streets a signalman on the top of the Great Northern hotel wigwagged that fact to a land battery stationed in the Chicago, Rock Island and Pacific railway yards and to the officers of the revenue cutter Morrill out in the harbor.

The land battery roared out the Admiral's salute of 17 guns while the guns of the ships were fired in the 21 rounds of the naval salute.

Arriving at the hotel Admiral Dewey proceeded at once to his apartments where, however, he was allowed to rest but briefly, he was escorted to an informal breakfast given the Admiral and Mrs. Dewey by the members of the woman's reception committee.

When the Admiral was given a reception by the Canadian-American Assiation which presented an invitation to him to visit Canada.

DEWEY WELL RECEIVED.

Large Crowd Greeted Him as He Passes Through Pittsburg-Not on a Political Tour.

PITTSBURG, April 30. - The special train of Admiral Dewey, over the Baltimore and Ohio railroad, arrived here last night. The train did not go into the station, but was transferred at Laughlin Junction. A large crowd of people had assembled to see the admiral at the different stations, and he greeted them from the platform of the car. The trin from Washington to Pittsburg was nneventful. At Connellsville about onehalf of the population of the town was present to greet the admiral. He declined to discuss politics with those who called upon him, saying the trip had no political significance whatever.

In some quarters it is believed that a settlement will yet be made by means of some arrangement with private American contractors, concealing the actual payment, and thus relieving the Ottoman government from admitting responsibility for the losses occasioned at the time of the massacres. MONEY PLENTY, RATES LOW | EVENTS OF A WEEK.

Business Not Expanded Enough to Take Up New Circulation-Some Gold Goes Abroad.

New York, April 28.-R. G. Dun & Co.'s weekly review of trade, issued to-day, said in part:

Gold begins to go abroad, and prices of iron products break sharply in the same week. Four months of the new year have passed and business does not so expand as to need the large increase of circulation which the new monetary bill has permitted, nor enough to sustain all the extraordinary advance in prices

last year. The reaction in prices came where it was expected least, in the industry more fully organized than any other to check competition and in the branch which, through contracts covering rod making and other machinery and through patents, seemed more fully controlled than any other. Reduction of \$20 per ton in wire nails, barbed wire and galvanized fence and \$18 in smooth wire showed that no control can afford to hole prices so high as to check competition. In a week the prices of iron products have declined 5.86 per cent, and, since Feb. 7, 10.8 per cent. As the wire and nail prices have been relatively the highest others in the iron and steel industry can be expected to fall in like measure. But pigiron is weaker. No. L local coke at Chicago \$23.50 and southern pigiron is also lower. Plates and bars can be obtained for about 1.8 cents in good contracts both at the east and at Pittsburg; the proposed advance in sheets to 3.40 cents has not been attempted, and cut nail mills, which have gained much by selling at 70 cents per keg below wire nails, will now lower prices also. The stoppage of a dozen wire and nail mills besides rod mills at Joliet, and another of the National Steel company, indicates

some change in the actual demand. Wool has not changed in quotations, though some sales of fair amount are reported at such prices as 31c for Ohio XX and 55c for clothing territory cleaned, but manufacturers are not disposed to do anything, and the west asks prices which dealers have no reason for paying. The demand for woolen goods is small and disappointing, and except in staples, which are steady because well sold up, prices are not encouraging.

The produce market is inactive, though wheat yielded a fraction and corn gained Ic for the week. Exports of both continue larger than a year ago.

Failures for the week were 204 in the United States, against 184 last year, and

22 in Canada, against 23 last year. Wife of General Wilson Dead. HAVANA, April 30 .- The wife of Major General James H. Wilson, military governor of the department of Matanzas-Santa Clara, died from the effects of burns accidentally received while drivrested until the arrival of Admiral ing with her daughter. While alighting from her carriage she stepped upon a match, which ignited her dress. She

was terribly burned. General Rutherford Dead. Washington, April 30.—General Allan Rutherford, clerk of the Maryland court of appeals, died here of consumption, aged about 60 years.

THE WORLD BRIEFLY

NARRATED

The War In the Philippines, Crimes, Tri-State Happenings, Foreign, Business and Other Events Boiled Down For the Reader In a Hurry.

NEWS FROM THE PHILIPPINES.

In the city of Manila, sudden deaths of Filipinos and Chinamen in Quiapo market have led to an investigation showing that 15 cases of the plague, 14 of which were fatal, had occurred within a week. The market is located in the center of the city. In black, rotten, wooden buildings the keepers of the stalls live there, with their families, huddled together in great filth. Some of the victims were stricken and died within an hour. There have been several deaths in other sections of the city recently which have been traced to infection from the market.

After all the market people had gathered together the health officers threw a guard around the buildings and will keep the inmates quarantined there for a fortnight. They will then burn the market. The total number of bubonic deaths are 119 Chinamen and 66 Filipinos. The plague elsewhere has been suppressed. Not one infected person has been in the Chinese district for 10

Colonel Hardin and Major Case, with a battalion of the Twenty-ninth infantry, have sailed for the islands of Martinduque and Mahbeto. It is reported that the insurgents have 250 rifles and 7,000 rounds of ammunition. Dr. Burgos, a prominent native of Martinduque and a supporter of the Americans, accompanies the expedition to try to convince the inhabitants of the wisdom of surrender.

The Americans' total loss was nine killed and 16 wounded. Two sergeants and one private were killed in ambushes while escorting provision trains.

Twenty Filipinos in the province of Batangas attacked Lieutenant Wonde, who, with eight men, was scouting near San Jose. The lieutenant and five men were wounded and one private was killed. Sergeant Ledolus, of the Thirty-fifth

of the Thirty-fifth infantry, with 70 men had a five-hours' fight with 400 insurgents in the Neuva Careras district. Twenty of the insurgeuts were killed. Colonel Smith, of the Seventeenth infantry, who captured General Montenegro and brought him to Manila, is in

bush near Belluad. Lientenaut Calch,

The house passed the Porto Ricon emergency bill. The house, Wednesday, refused to increase the appropriation for pneumatic mail tubes, owing to an attack on the

methods of the tube company by Mr. Moody, of Massachusetts. The senate passed the Hawaiian civil government and agricultural appropriation bills, Wednesday.

On Thursday the right of Senator Scott, the West Virginia, to a seat in the senate was debated. The house passed the postoffice appro-

priation bill Thursday. The house on Friday broke all records by passing 91 private bills. Among them was one to pension at the rate of \$40 a month the widow of the late Colonel John M. Stotzenberg, of the First Nebraska, who was killed in the Philip pines. The conference report on the Hawaiian government bill was adopted

and the bill now goes to the president. The senate voted upon the resolution declaring Nathan B. Scott to be entitled to his seat in the senate from West Virginia. The number of votes in the negative was only three.

In the senate on Saturday Mr. Petti-

grew asked for consideration of his res

olution expressing sympathy with the Boors, and upon a motion of reference the vote was 31 to 11-less than a quorum voting. The house recommitted on Saturday the Spanish war claims bill to the com-

NEWS OF FOREIGN LANDS News received in London from the Orange Free State indicates that though the Boers have evacuated Thaba N'Chu they have only done so in order to occupy stronger positions. On Sunday, April 29, General DeWet made an

effort to turn French's eastern flank,

which was only foiled by the cavalry

after vigorous manouvering. The

Boers hold the ridges to the eastward whence they will probably fall back when the pressure of superior numbers increases. The British casualties sustained dur-

ing the Thaba N'Chu fighting were slight. General French's object now that all chance of catching the main bodies of the burghers has disappeared, is to harass the Boers and prevent any well

organized retreat. BUSINESS JOTTINGS.
