

Republican Ticket.

STATE. Auditor General—E. B. HARDENBERG, Wayne County. Congressmen-at-Large—GALUSHA A. GROW, of Susquehanna County, ROBERT H. FOERDERER, of Philadelphia County.

In 1895 the value of our exports was \$11.7 per capita. In 1899 it was \$15.84, with protection we have expansion.

The important difference between the Democratic and Republican parties is that the former promises and the latter performs.

STOUT FALLS sets the pace for Populist platform making. The Kansas City tinkers will be compelled to meekly fall into line.

REPUBLICANS are a unit as to their national candidate, and their state platforms are substantially alike. It is plainly a year of complete Republican harmony.

The Ohio Democrats have decided to be good and toddle along in the Bryan column. The Ohio Democrats usually do this when there is no chance to do otherwise.

It is easy for Democratic platform writers to get up a plank against trusts. The best points are already embodied in platforms adopted at Republican state conventions.

THE per capita crept up another peg in April and now stands at \$26.58. In the pockets of the American people is currency amounting to \$2,000,000,000, and every dollar as good as gold.

REPUBLICAN soreheads are so few that the Populists can make nothing by their deal with a squad of stragglers, like Towne, of Minnesota, who claim the earth on the strength of half a dozen votes.

The Philadelphia Times is having a whole lot of fun out of a telephone ordinance recently enacted in that city. But what the public would like to know is who's the fellow with the interrogation label?

MR. SULZER announces that, in case he is nominated for the Vice-Presidency, he will immediately take the stump. This should be in the nature of a warning to a political party possessing intelligent leadership.

THERE is one consensus that Bryan will be nominated at Kansas City, and another, equally as perceptible through out the country, that he will be beaten again. The people have evidently adjusted themselves to at least four years more of Republican prosperity.

It looks now as though Mr. Bryan, having scooped the Pops at Sioux Falls, and the Middle-of-the-Road contingent at Cincinnati, would get about every Presidential nomination this year but the right one. That one is reserved for your William McKinley, and is a winner.

THE Democrats appeal for votes because, they say, "Now that the Republicans have enacted sound money legislation, we can not change it if we wanted to, so you run no danger of voting for a debased currency as long as the Republicans have a majority in the Senate."

WHEN several Democrats united in signing a minority report on the shipping bill, in which they favor subsidies and oppose free ships, as the remedy, the opportunity for making a campaign issue of the shipping question slipped from the grasp of the Democratic party.

CHICAGO reports that nine trunk line railroads will contract, this year, to spend more than \$60,000,000 for extensions, terminal improvements and rolling stock. The great Republican warrior, General Prosperity, is still fighting for more work for the wage earner.

THE Iowa Democrats, after a stormy debate, refused to put the figures 16 to 1 in their 1900 platform but heartily endorse the Chicago platform. The Hawkeye Democrats either have not the courage of their convictions or imagine the gold Democrats will take silver quinine in a Chicago capsule.

THE balance of trade in favor of the United States during the present Administration has reached the incredible sum of \$1,483,000,000, an amount that passes the power of comprehension. The balance of trade in favor of the United States during all the Administrations that preceded that of McKinley, from Washington to Cleveland inclusive, was \$383,000,000. To put the matter in another way, the three years of the McKinley Administration have seen a trade balance \$1,100,000,000 greater than was accumulated during the century preceding his inauguration. The advance agent of prosperity has made good his promises, has done ten times more than he promised, and the people who know a good thing when they see it will be slow to change such a certainty for doubtful promises.

ACCORDING to a story published in the Philadelphia North American a terrible state of affairs exists at the State Insane Asylum at North Warren. Several exchanges. But according to the best and absolutely reliable information obtainable, outside of a disgustingly sensational and utterly unreliable yellow journal, and according to every patient that has left the institution with as much reason as when he entered, and according to the word of every truthful person who has ever visited the place and tried to inform himself, it is the most thoroughly well conducted institution of the kind in the United States to-day. The Warren Asylum has at its head pre-eminently the best man for the place that could be found between the two oceans, in the person of Dr. Curwen. And the sealawag sheet that would attempt to pull itself up to the plane of respectable journalism by outrageous falsehoods, should be promptly relegated to that region where all liars finally bring up.

The Circular Fiend and His Devotees.

Farmers and others should bear in mind that there are grades in almost everything as well as in watches and bicycles. Quality must be considered before price. It should also be borne in mind that sending cash with order places them at the mercy of the seller, a stranger. It reduces one to the business level of the man who "buys a pig in a poke." In the event of any repairs or extras they have to be paid for in advance at highest prices if they can be obtained at all. As to quality of goods or implements used by farmers, the goods catalogued are usually without makers' name and are made to sell at the dealer's price, with a profit. True, the goods may be, and generally are, warranted, but it is seldom that any defects are acknowledged, and dissatisfactions have to be endured after a long and probably heated correspondence.

Then there is the sentimental side of it: The foreign dealer has no interest in the affairs of the community. He owns no property, pays no taxes, contributes nothing to the educational or other local affairs, neither helps to make a market for any local produce. In short, is an alien bent upon nothing save obtaining the people's money for more or less inferior goods. Things should be seen before paid for, and bought from a dealer to whom you can talk and show defects if any. This method will be more profitable and satisfactory than sending money to persons or firms who send out catalogues, or foot their horns through some pamphlet or circular.

Get Ready to Answer These Questions.

In another column we give the names of the persons who have been appointed to take the census of Forest county for 1900. Below we print the questions they will ask of each person. The work will begin on June 1st:

- 1. Surname, christian name and initials. 2. Residence, street and number of house. 3. Relationship of each member to the head of the house. 4. Color or race. 5. Sex. 6. Age at last birthday. 7. Day, month and year when born. 8. Are you single, married, widow, widower or divorced. 9. Number of years married. 10. How many children. 11. Number of children living. 12. Sex of these children. 13. Where were you born. If in the United States, give state or territory; if of foreign birth, give name of the country only. 14. What was your father born. Your mother. Same conditions of the foregoing. 15. If of foreign birth, when did you come to the United States. 16. How many years have you resided in the United States. 17. Have you been naturalized. How many years since you became a citizen. 18. What is your occupation, trade or profession. (This question applies to persons 10 years of age or over.) 19. How many months during the year you are employed. 20. How many months have you attended school. 21. Can you read. 22. Can you write. 23. Give the main facts concerning your education. 24. Do you own the house in which you live. 25. Do you rent the house in which you live. 26. If you own the house, is it free or mortgaged. (The same questions apply to farmers.)

State Teachers' Association Meeting.

To Teachers, Directors, and Friends of Education of Pennsylvania: I desire to call your special attention to the next meeting of the Pennsylvania State Teachers' Association, which will be held this year in the city of Williamsport, Pa., July 3d to 6th inclusive. Every enrolled member of this Association will receive a copy of the addresses and other proceedings not only of the State Teachers' Association but of the City, Borough and Township Superintendents' Convention and of the State Directors' Association, thus getting the very best thoughts along these different lines in the State.

I appeal to the friends of education in Pennsylvania to enroll in large numbers. There are over 25,000 teachers in the State in the public schools alone and the number of superintendents, teachers, directors and other friends of education enrolled should not be less than 10,000. The trip to Williamsport is a pleasant one, it is an ideal place to meet—fine hotels, its citizens noted for their hospitality, elegant drives, and the excursion to Eaglesmere will be a great attraction. The program is excellent; turn out in large numbers and show your interest in the great educational Association of your State.

If you find it utterly impossible to attend the meeting send your enrollment fee of \$1.00 to Prof. David S. Keck, Treasurer, Kutztown, Pa., who will promptly send you a certificate of membership. Let me not plead in vain for our dear old Commonwealth to make this meeting a record-breaker. JOHN A. M. PASSMORE, President.

There is more Catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease, and prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Science has proven catarrh to be a constitutional disease, and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only constitutional cure on the market. It is taken internally in doses from 10 drops to a teaspoonful. It acts directly on the blood and mucous surfaces of the system. They who suffer from catarrh of any kind if it fails to cure. Send for circulars and testimonials.

I consider it not only a pleasure but a duty I owe to my neighbors to tell them about the wonderful cure effected in my case by the timely use of Chamberlain's Colic, Cholera and Diarrhoea Remedy. I was taken very badly with flux and procured a bottle of this remedy. A few doses of it effected a permanent cure. I take pleasure in recommending it to others suffering from that dreadful disease. —J. W. Lynch, Dorr, W. Va. Sold by all druggists.
