New Advertisements.

James Ad. Lammers, Ad. Amster, Locals. Prof. Block, Ad. Geo. Killmer, Locals. Clarion Normal, Local. W. N. Y. & P. Ry. Notice. Tionesta Cash Store, Locals. Davis Pharmacy, Ad. and Locals.

Oil market closed at \$1.40. Ice cream soda at Killmer's. Oil and gas leases at this office. How do you like the "New Way"? Bread, fresh every day, at Amsters. You can get it at Hopkins' store. Clarion, Pa., has accepted Carnegie's \$10,000 library offer.

X L ice cream by the quart or pint at the Davis Pharmacy. More new suits in this week at same price at Tionesta cash store. Overcoats and flannels weren't uncomfortable the first part of the week. Amster gets a new consignment of strawberries every day. They are the finest that come to this market. Do you smoke? If you do, you will enjoy looking at a nice assortment of pipes. See George Killmer's stock. A pair of spectacles were found on the night of the High School commencement which the owner can have by calling at this office. The Clarion State Normal School is enjoying a prosperous spring term notwithstanding the Governor's action in vetoing the students aid appropriation. X L ice cream is made from cream that tests 21 per cent. which is 3 per cent. above dairy requirements. It is sold in Tionesta only at the Davis Pharmacy. Dr. Robert W. Blakeslee, the eye specialist, will again visit Tionesta on Friday, May 24th, remaining from 8 to 4 o'clock. He will be at Dr. Dunn's office. The oil market continues to sag the wrong way, and operators are beginning to fear the slump will be below the dollar mark again before the summer is ended. Following is a list of letters remaining uncalled for in the Tionesta, Pa., post office for the week ending May 23, 1900: Mr. L. J. Trylor, Esq. D. S. Knox, P. M. County Supt. Stiltzinger is holding his examinations for teachers at present. The dates extend to June 1st, but a special examination will be held in Tionesta June 30th and at Nebraska, Aug. 28th. Mr. and Mrs. James Canfield desire to express their heartfelt thanks to the many friends and neighbors who so kindly assisted them during the long illness and after the death of their little son Claude. Rev. C. M. Damon of Illinois, who is making a tour of this part of the country, is in Tionesta. He preached in the P. M. church last evening, and will preach again to-night. All are invited to attend. Charley Aman's Irish setter dog has disappeared, and (we don't know why) Charley wants him back, and will pay a reasonable reward for his return. The dog is of slim build, has a white spot on breast and is named "Don." The people who so elegantly rendered Jephthah and Daughter recently have been invited to present this beautiful cantata to a Marienville audience, and may do so. The Marienville folk will have an opportunity to enjoy a rare treat if the project is carried out. A junior union of Marienville base ballists came over last Friday and played a game with a Tionesta nine which resulted in a score of 19 to 20 in favor of Marienville. There wasn't much interest in the game nor will there be until the scores are kept down in the retail list.

MURDER IN A DAGO CAMP.

Joseph Besalino Severs the Jugular of a Fellow Countryman.

Ginseppe (Joseph) Besalino an Italian, was committed to the keeping of Sheriff Jamieson on Monday, charged with the killing of a countryman whose name is given as Antonio Marino.

The affray took place last Sunday afternoon at a camp occupied by a score or more of Italians located near Lynch, this county, and who are employed on the grade of the new railroad extension from Mayburg to Sheffield. It seems the usual Sunday carousal at these camps was in progress, when these two men became involved in a quarrel in which knives figured with the customary regularity.

The prisoner does not deny that he struck at his antagonist with a knife with which he had been cutting bread, but struck to hit him in the ribs, and that Marino attempted to ward off the thrust, threw the hand which held the knife in such a position as to strike him in the neck, cutting a gash in the jugular vein from which he bled to death in a short time.

Constable J. H. Pratt of Sheffield is the nearest officer obtainable, and he was sent for and placed Besalino under arrest, bringing him to Tionesta Monday on the noon train. The man can speak no English and understands very little of our language, and although he seemed willing to explain how it happened, was unable to do so with any degree of intelligence. He says he has a wife and two children living in Italy and has made his home while in this country at 117 Main street, Buffalo, and that his victim lives at Niagara Falls. He gives evidence of being fairly intelligent, being able to make himself understood somewhat in quite legible handwriting. His age is forty years and that of his victim forty-two, he says. In the scuffle he had the third and fourth fingers of his right hand considerably cut. He claims he struck but once at his antagonist.

Constable Pratt brought no interpreter nor witnesses with him, so that a hearing could not be had on Monday, and he was given subpoenas and ordered by District Attorney Irwin to bring them here yesterday for a hearing.

THE OBSENER'S INQUEST.

Esquire James T. Rose of Jenks township was deputized to hold the inquest on the dead man's body, and on Monday summoned a jury for that purpose. It developed at this inquiry that the murder took place between 7 and 8 o'clock Sunday evening. During the evening Marino had been teasing Besalino. The latter had left the crowd for a little while and when he came back something was said or done by Marino which seemed to incense Besalino, and he flew at him and with a pocket knife, which he had in his hand, made a lunge at the throat of Marino, severing the jugular vein, and causing death in a short time. In view of the serious nature of the wound the assailant was detained by one of the foremen of the job until the authorities could be notified, when he was taken into custody. It was at first reported that Marino also had a knife, but the evidence did not develop this fact and low Besalino's fingers became lacerated on no one seems to know. The court has instructed the grand jury, which had about completed its work yesterday, to remain in session till this case can be acted upon which will likely be to-day.

THE VERDICT.

An inquisition indicted and held at Lynch, Forest County, Pa., on May 21, 1900 before Jas. T. Rose, Justice of the peace (acting as coroner) of the County aforesaid upon the view of the body of Antonio Marino of that county, there lying dead, upon the oaths of S. M. Minnie, J. H. English, F. B. Joseph, D. L. Bean, Oscar Latt and E. E. Flint, good and lawful men of the County aforesaid, who being sworn to inquire into the part of the Commonwealth, where and when and by what manner the said Antonio Marino came to his death, do say on their oaths after viewing the body and hearing the testimony of Ralph G. Gaitons, Antonio Di Falio, Thomas De Benedetto, Proshiere Bellain, Frank Marcus, Vincenzo Parronzo, Lang Paulina, Francisco De Rubie, who were sworn according to law, do say and we believe (and Antonio Marino's death was caused by being stabbed and cut in the neck with knife by and in the hands of Ginseppe Besalino, at Lynch, Forest county, Pa., on the 20th day of May, 1900. Witness our hands and seals the day and year aforesaid.

JAS. T. ROSE, J. P. S. M. MINNIE, J. H. ENGLISH, F. B. JOSEPH, D. L. BEAN, OSCAR LATT, E. E. FLINT.

Grade Crossing Fatality.

Our West Side reporter sends in the following startling account of a serious fatality: A valuable and finely bred fox-hound, the property of Mr. Alexander Thompson of the West Side, met with a shocking death by being struck by a W. N. Y. & P. train at the bridge crossing Friday evening. Mr. Thompson has the congratulations of the community in his great misfortune. This accident, in connection with the many narrow escapes at this point, emphasises what has been said as to the necessity of some precautions being taken at this crossing by the railroad authorities. It seems to be the sentiment of the community that gates should be placed at a watchman station there to prevent such catastrophes. However, if the lives of none but high or low bred dogs are endangered the people will favor the "open gate" policy for yet awhile.
