The Minority Report on Amusements, Which Had Been Accepted at Saturday's Session, Was Laid on the Table. Leaves Amusement Clause the Same.

BAPTIST QUOTES HOAR

Rev. Dr. Hoyt Said He Made an Expan sion Speech Some Five

Years Ago.

DETROIT, May 28 .- Expansion sentiment was rife at the missionary massmeeting held last night, as one of the features of the American Baptist missionaries. Dr. Wayland Hoyt, of Philadelphia, began his address on the subject of "Denomination Expansion In Regard to the Baptist Publication Society," by quoting from a speech delivered by Senator Hoar at a children's day celebration in Massachusetts some five years ago, at which time the anti-imperialist statesman is reported to have said that the tree of liberty and self government set out by the fathers of the republic, having spread across the

and spread to the isles of the sea.' "This prediction," said Dr. Hoyt, came true more quickly than the distinguished senator anticipated and eviit is true that he made this eloquent and logical statement in 1895, 100 anti-expansion speeches made in 1900 could not efface the effect of that truthful pre-

diction."

also argued strongly for political and religious expansion in his address con-Baptist Home Mission society. Rev. Theodore G. Soares, Ph. D., of

Illinois, spoke along similar lines in relation to the work of the Baptist Missionary (Foreign) union. One of the Sunday features was the

dedication of the new missionary chapel car "Herald of Hope." The car is the sixth placed in service by the Baptists of America within the past six years, the expense of which has been sustained wholly by free will offerings.

DEFIED CHICAGO POLICE.

CENSURE OF M'KINLEY FAILED TO Captain Streeter fried to Hold Strip of Land Extending Into Lake-Superior Forces Caused Surrender.

CHICAGO, May 28,-Three hundred police officers of the city of Chicago, headed by Chief Kipley, and every man bearing a repeating rifle, marched from the East Chicago avenue station, on the North Side, to the foot of Superior street, where Captain George Streeter had fortified himself on a strip of land created by the washing up of soil from the bed of Lake Michigan, and which Streeter claims as his property by right of discovery.

In the entrenchments were about 70 men armed with rifles and two Gatling guns. Earlier in the day a party of Lincoln officials had been fired upon by pickets around the improvised fort, and a boy 14 years old had been wounded severely in the right leg. A horse driven by the park officials had been killed.

A fireboat, with a Gatling gun aboard, was dispatched up Lake Michigan to make a demonstration from that side and to cut off the escape of Streeter's men by means of their yacht. A man named Niles surrendered to

the park police on seeing the other force approach. He and four men were roughly handled by the crowd that gathered, the rest escaping in the throng. Captain Streeter was not found at the fort.

The land Streeter claimed to own would, if his title to it were clear, be worth between \$30,000,000 and \$50,000, 000. In 1885 Captain Streeter and his wife were stranded on a little sandbar s few yards from the shore at the foot of Superior street. He laid claim to the

As the years passed, by the dumping of all sorts of refuse and earth washed up the lake formed a large tract.

The tract became connected with the shore, and the owners of adjoining property resented the presence of Cap tain Streeter and the retainers he had gathered about him. They carried the matter into court. The supreme court of the United States decided that the land was within the jurisdiction of the state of Illinois. Streeter, thereupon, offered the district to the federal gov-

NEWS OF THE WORLD BRIEFLY NARRATED

The War In the Philippines, Crimes, Tri-State Happenings, Foreign, Business and Other Events Boiled Down For the Reader In a Hurry.

NEWS FROM THE PHILIPPINES. Many Filipino insurgents were captured during last week's campaign in the Philippines.

Colonel Edward E. Hardin, with three companies of the Twenty-ninth regiment and blue jackets from the gunboat Helena, landed at Palanog, Masbate island, under the enemy's fire, routed the insurgents, and, after an engagement lasting half an hour, occupied the town, without casualties.

The insurgent commander, with 20 officers and 230 men, surrendered on May 20, giving up 100 rifles. An impressive scene occurred on the Plaza when the prisoners were disarmed and liberated. The islanders were found suffering frem lack of food, owing to the blockade, and the American authorities were cudeavoring to relieve them.

Peace reigned and no trouble was expected in Manila, although the city was crowded with people from the provinces, who were leaving the unprotected hamlets in order to avoid the conscription, which the insurgent leaders were enforcing, as well as robbery and outrages at the hands of roving insurgents and bandlts.

The investigation of the charge against Brigadier General Frederick Funston of having summarily executed two natives in the province of Zambales resulted in a discontinuance of the proceedings. It developed the fact that General Funston caught the natives in the very act of murdering bound Macabebe scouts, his action in view of the circumstances being regarded as justifi-

HAPPENED IN WASHINGTON.

The house, on . Wednesday, passed without division the extradition bill framed by the judiciary committee. There was no division of sentiment as to the duty of congress to pass a bill to permit the extradition of Neely, but the Democrats objected to the language of the bill, which covered "any foreign country or territory or part thereof occupied by the United States." The Democrants wanted the bill to apply specifically to Cuba. A motion to recommit, with instructions to change the language, was defeated by a strict party vote. The house also adopted the resolution to allow the committee on ways and means to sit during the recess of materially changed, Atlantic exports of | congress for the purpase of framing a wheat, flour included, having been in | bill for the reduction of the war revenfour weeks 10,405,397 bushels against ues and the resolution for a sine die ad

In the senate, Wednesday, Platt (Conn.), made a speech defending the instructions from the postmaster general to Bristow, showing a full investigation was demanded of Cuban postal embezzlements.

Soon after the senate convened Thursday, Mr. Bacon, of Georgia, began an extended reply to the speech of Mr. Platt, delivered Wednesday. His speech was largely supplemental to that which he delivered several days ago, demanding an investigation of Cuban financial affairs. His resolution, to which there is little or no opposition, under the rules went to the committee on contingent expenses. The remainder of the afternoon was occupied by Mr. Spooner, of Wisconsin, in concluding his speech on the Philippine question. He charged the so-called anti-imperialists with creating an issue which was not legitimate. Many of his statements were controverted by Mr. Allen, of Nebraska, and Mr. Pettigrew, of South Dakota, and the controversy at times became almost personal.

The house considered the Alaska civil government bill, Thursday. Two amendments of importance were adopted. One of them authorized the secretary of war to issue permits to excavate or dredge for gold below low-water mark on the beach at Cape Nome. The secretary has heretofore issued permits, but the bill, as it passed the senate, cancelled them The house also struck out the chapter relating to arrest and bail, which per mitted certain civil actions. The conference report on the Indian appropria tion bill was adopted.

Among the pension bills adopted by the house, Friday, were secate bills giving the widows of General Force, Captain Gridley \$50 a month apiece, and the widow of Commodore Meade, \$40 a month.

Morgan spoke against the Spoone Philippine resolution, Friday, in the senate, but favors keeping the islands. Eulogies were pronounced upon the late

was passed in the house Monday and some odds and ends of legislation were cleaned up. Mr. Dalzell gave notice that the anti-trust resolution and bill reported by the judiciary committee would be considered Wednesday, Thursday and Friday of this week under a special order.

On Saturday the senate passed a reso lution to investigate the Cuban postal nent stated clerk at the Presbyterian frauds. Little of importance occurred in the house.
