

It isn't often that buyers can secure goods at wholesale prices, but we offer that chance while they last on an exceptionally good line of pocket books and purses. This lot comprised the samples of a "drummer" for a large wholesale house and we bought them two months ago for delivery June 1st. The important point is that they were sold to us at one-third (1/3) off the wholesale price, so that we can sell them at the price dealers ordinarily have to pay and still realize a small profit. They are going fast. Don't expect to have one in stock after next Saturday.

Oil market closed at \$1.25. Ice cream soda at Killmer's. 11 New styles in shoes at T. C. S. 11 Oil and gas leases at this office. How do you like the "New Way"? Bread, fresh every day, at Amstutz's. Hopkins sells the clothing and shoes. Good clothing is sold cheapest at T. C. S. See prices. 11 If you smoke a pipe and wish to buy one, look over Killmer's stock. 11 There is every promise of an abundant fruit crop this season hereabouts. The hay crop is promising better but will still scarcely reach the average in this section. Quite a number from this place took in the excursion to Olean and Bradford last Sunday. Only one kind of clothing is sold at Tionesta Cash Store. The kind that fits and wears well. 11 The occasional snapping of a fire-cracker or torpedo is a reminder of the near approach of the glorious Fourth. The Ladies' Aid Society of the M. E. church will meet at the church this evening at 8 o'clock. A full attendance is desired. If you want your prescriptions filled by a regularly graduated, registered pharmacist bring them to The Davis Pharmacy. 11 The Democratic primaries for this county occur next Saturday afternoon. There is no special contest for any of the nominations. Clyde Stutzinger fell off the top of a barge at the upper Nebraska yards last Saturday and very severely sprained one of his ankles. The graduating days have come, the gladdest of the year. Clarion State Normal School will graduate one of the largest classes in its history this coming. Home-grown strawberries are coming into the market and now is the time to look out for nice berries for canning. Amstutz handles the best and his prices are always the lowest. 21 Charley Boyard has a new "cat-rig" sail for his large twenty-foot skiff. There are ninety-five square feet of canvas in the sail and with a favorable breeze the boat climbs the "white-caps" at the rate of about seven knots an hour. Saturday at Corning, N. Y., "Rattlesnake Pete" Gruber, while showing a gentleman how the venom was extracted from snakes was bitten by a Pennsylvania rattler. Pete applied the usual remedies and no ill results are feared. The ball team went to Tidoute Saturday and didn't get a thing done to 'em -10 to 4. Tionesta played with several of their best men short, and expect to get the laugh on Tidoute when they come down here to play the return game. Mr. Ritchey, who so admirably conducted the cantata, Jephthah and Daughter, at the court house recently, has arranged with Pleasantville parties to present the play at the Holeman opera house in that place Friday evening of next week, 22d inst. A burglar killed near Wilcox by Joe Beckwith, one of the sheriff's posse pursuing a gang of outlaws last Thursday, was identified by a traveling man as Harry Gordon, who the detectives have been hunting for the last year as one of the men who murdered old man Kiser of Clarion county. The coroner's jury exonerated Mr. Beckwith for the killing of the burglar.

It will be one of the largest and most enthusiastic affairs of the kind the country has ever witnessed.

FROM OUR OLD FRIEND "TRAMP."

DEAR REPUBLICAN:— The manner in which your correspondent from Kelleterville a few months since began his career inspires your present humble scribble to come to the front with a quotation from Carlyle to the effect that every man's life no matter how humble is a copy of every other man's life in some degree and is a greater or smaller ratio. Your "Tramp" experiences the average vicissitudes of fortune, or, if you will, misfortunes, of the average human on a sliding scale. Now and then forgetting poverty in a ten cent dish of ice-cream; anon swallowing grief to make room for a piece of wedding cake; often, very often, indeed, contemplating plain fare with an appetite that in a foot race could easily gain two laps in the first ten minutes. By-the-way, did you chronicle the burning of the house occupied by Mr. King senior just a short time ago. Mr. King lived back of Mr. Hinderson's just out of sight of any of his neighbors on Prather Run near the foot of Church Hill road, East Hickory. He was up the hill when the house caught fire in some way from stove-pipe. There was no one at home except Mrs. King who is quite old and not strong. Only a very little was saved. A subscription paper is being circulated for their relief. The wages for teachers in Hickory township will likely be increased this year; for some of the schools at least. The property purchased for a temporary parsonage for the M. E. Church at East Hickory four years ago has been sold to Mr. Johnson of Nebraska, who held the position of Principal in East Hickory schools during the past winter. Mr. Hill occupies the house at present. Rev. Foulk's removal from the East Hickory charge to Ellington was quite a surprise. Our M. E. people are pretty well used to change of pastors, but this came "kind of sudden like." Rev. Rich is taking hold manfully and we predict success for him in a good large measure. The M. E. Church at Fagundas wears a white coat of paint. It was put on last fall. The credit is due to the people of Fagundas. The Ladies Aid Society took the initiative in the repairs by repairing the plaster and having the whole interior beautifully papered a year previously. Quite a little help in the painting of the church was received from parties outside the town, but interested in it. The old Funk Church is being repaired. It stands on the road from Fagundas to Pineville about two miles north-west from Fagundas. It was built by Capt. A. B. Funk in 1862 and by him and his wife deeded to the M. E. Church. It appears that Capt. Funk, a Godly man, promised that if the Lord would grant him success in a business matter for which he prayed, he would build the Lord a church. The success came he prayed for, and he built the church. And he built a good one. The weather boarding with which the house was covered was all A 1 clear stuff. It was built for a basement heater, and the stone work under the house was first class. Even the stone under the back end of the house near the woods were cut and dressed. Many of the stone under the building are ten feet long. The steps going up to the door in front were stone, all of them, and worked in scroll work. The roof was shaved pine shingles and has never been renewed or repaired until now. The plastering on the inside was in keeping with all else. The plates are as level yet as when laid. An attempt was made to displace the corner stone some years ago on the tradition that quite a sum of money was hid in it when it was laid. The story is told that on the night on which the attempt was made by some young men or boys they were terrified by seeing what they thought was the wrath of the dead founder coming out of the adjoining wood toward them, and they fled. It is not likely that any money value sufficient to tempt robbery was ever put in the corner stone. The building will be roofed anew, painted, otherwise improved and an organ put therein. It is a fine monument to an honest man. For the sake of what it commemorates it ought to be kept in good repair whether ever a sermon is preached there again or not. The church has been used by the Baptists, Free Methodists, Brethren, and possibly by others besides the M. E.'s, whose it is. It is now connected with the Pleasantville charge and regularly supplied with preaching. Contributions for its repair will necessarily have to be gathered from all about, as there are but few people and no congregation of any size in the immediate vicinity. There is a splendid chance here for a whole lot of people who, like Capt. Funk have made promises, but who have not yet carried them out—albeit better.

NOTICE.

We, the undersigned, do hereby agree to refund the money on two 25 cent bottles or boxes of Baxter's Mandrake Bitters, if it fails to cure constipation, biliousness, sick-headache, jaundice, loss of appetite, sour stomach, dyspepsia, liver complaint, or any of the diseases for which it is recommended. It is highly recommended as a spring tonic and blood purifier. Sold liquid in bottles and tablets in boxes. Price 25 cents for either. One package of either guaranteed to give satisfaction or money refunded. Heath & Killmer.

CLONESTA MARKETS

Table with columns for various goods and prices. Items include Flour, Corn meal, Chop feed, Oats, Beans, Ham, Bacon, Shoulders, Whitefish, Sugar, Syrup, N. O. Molasses, Coffee, Tea, Butter, Rice, Eggs, Salt, Lard, Potatoes, Lime, Nails.

DON'T BE STORE DRESSED.

Don't Buy of the Dealer who makes you look ready made. Clothing making is a moderately exact science now a days, but every ready-to-wear suit, no difference how well it fits, you lack a certain something, style or expression, which can only be given by an expert cutter. The services of an expert cutter is yours here and when your suit has passed his inspection no one can tell it was not made to order. The latest thing in clothes is the new striped flannel suits and golf trousers (not nickers-bockers) but trousers worn long turned up bottoms. Suits are \$8.50 to \$15.00 and trousers, \$3.00 & \$4.00.

TWO CUTTERS

are busy in our tailoring department turning out attractive clothes, but that's another story.
