Bombardment Lasted For About Seven Hours-Two British Warships Reported Snnk-A Number Killed on Both Sides During the Fighting.

TIONESTA, PA., WEDNESDAY, JUNE 20, 1900.

BEELIN, June 19 .- The German consul at Che Foo telegraphed that a Japanese torpedo boat from Taku brought the following:

The Chinese hild torpedors in the Taku river and collected troops from Shan Hei Kwan. The foreign commander assembled on the Russian flagship and addressed an ultimatum to the commanders of the Taku forts, summoning them to withdraw their troops summoring them to writing the forest devices, before 2 oclock June 17. At 1 a. m. June 17, the gams of the forts opened fire, to which the Russian, British. French and Japanese war-ships replied. The bombardment lasted seven hours. Two British ships in the river between the forts are reported to have been sunk. The telegraph line and railroad between Tien Tsin and Taku were destroyed. Communica-

"The forts on both sides of the Taku are now occupied. The Chinese opened fire unexpectedly. The casualties to the mixed forces were as follows: Killed-British, 1; German, 3; Russian, 16, and French, 1. Wounded-British, 4; German, 7; Russian, 45, and French, I. The Chinese torpedo boats were seized.

MANILA, June 18 .- Ten a. m Manila time the Ninth regiment has been ordered to Manila, whence it will procood to China.

PARIS, June 18 .-- A cablegram roceived from the French consul at Hongkong did not mention the reported murder of the German minister at Pekin or the reported destruction of the legations there. The French consul at Tien Tsin telegraphed that the European detachments sent to Pekin were advancing very slowly. In the recent rioting in Pekin, the consul reported the Boxers burned the Protestant Episcopal establishments in the Chinese town. All was quiet in the French concession.

WASHINGTON, June 18 .- A third day passed here without a single line of news from any official source respecting the critical situation in China. Inquiries of the cable companies showed that not only were the communications by wire with Pekin, Taku, Tein Tsin and all Northern China suspended, but the notices conveyed little encouragement for the hope that they would be soon reopened

The navy department made an effort to reach Rear Admiral Kempff on his flagship Newark at the Taku forts, at the month of the Pei-Ho river. A cablegram was addressed to the commander of the U.S.S. Yorktown, at Chee Foo, repeating the message indited to Admiral Kempff last Thursday, inquiring as to his situation, the conditions at Pekin at last report and into his need for more men and ships, and directing the commander to take the message at once to Taku and return with the answer. The department is now pretty well assured that the original message never reached Admiral Kempff. The department did not know whether the message to Che Foo could be delivered, but made the effort. From Che Foo to Taku is only a single day's run for the Yorktown, so that an answer from Admiral Kempff should be received by tonight, if Che Foo was reached yesterday by the Yorktown.

NEWS OF FOREIGN LANDS.

The Chinese laid torpedoes in the river and sent troops to the Taku forts. Foreign commanders sent an ultimatum. Before the time expired the forts fired on the foreign ships. Russian, British, French and Japanese ships replied. The bombardment lasted about seven hours. Two British ships were reported sunk. Three men on the German warship litis were killed and seven wounded. The forts were finally captured.

The foreign settlements at Tien Tsin were being fired into by the Chinese.

A cablegram from Paris said the foreign office views skeptically the dispatch from Hongkong announcing the destruction of the foreign legations at Pekin and the murder of the German minister, Baron von Kettler, and points out that as telegraphic communications with Pekin are cut the news should be taken with prudence.

The United States gunboat Concord has been dispatched from Manila, under sealed orders, presumably for Tien Tsin, and the Ninth regiment has been ordered to 'Manila, whence it will proceed to China.
