

WEDNESDAY, JUNE 27.

It isn't often that buyers can secure goods at wholesale prices, but we offer that chance while they last on an exceptionally good line of pocket books and purses. This lot comprised the samples of a "drummer" for a large wholesale house and we bought them two months ago for delivery June 1st. The important point is that they were sold to us at one-third (1/3) off the wholesale price, so that we can sell them at the price dealers ordinarily have to pay and still realize a small profit. They are going fast. Don't expect to have one in stock after next Saturday.

-This is Commencement week at Clarion State Normal School. The exercises are more than usually interesting. Many students will remain during the summer term. -Hon. S. Newton Pettis, of Meadville, ex-Judge of the courts of Crawford county, is seriously ill and his condition is such as to cause alarm in the minds of his friends.

-Kory Heath was struck on the head by a falling plank while at work on the lease at Fauncetown last Friday, and considerably hurt, though he is again able to be at work. -Mr. and Mrs. Joseph Galbraith of Fox Creek, whose little son, Cecil, died recently, desire to thank their friends for their kindness during the illness and after the death of the little boy.

-Mrs. Ellen M. Grant, of Pleasantville, mother of Elmer E. Gaunt, a member of Co. K, 16th Regiment, P. V., who died while at Chickamauga in July, 1868, has been granted a mother's pension of \$12 per month.

No Paper Next Week.

The REPUBLICAN will demonstrate its customary patriotism by dropping an issue next week that all hands and the cook may properly celebrate the glorious Fourth. Our next issue will be on July 11th. Meantime we hope everybody may have a good time and come through the racket incident to such occasions with a whole hide and undisfigured countenance.

-Wm. McKee is building a new dwelling house on his farm out on the hill across the river. It is to be 24x26, with cellar under the entire building. V. G. Armstrong is doing the carpenter work.

-East Hickory will celebrate the Fourth in grand old-fashioned style, and that means with life and drum, picnic, dance, races, etc. A general and cordial invitation is extended. Good order and good music is on the bill of fare.

-Jerome Kightlinger, a former resident of Tionesta, was badly, though not seriously, injured at Oil City one day last week by being thrown from a truck used by the construction gang of the Citizens Traction Company which is building the new street railway in that city.

-As the Presbyterian church will not be in fit condition to hold services in yet next Sabbath the Sabbath school classes will meet their teachers at the same places as on last Sabbath. Prayer meeting will be held at the home of Mr. C. M. Arner to-morrow (Thursday) evening at 7:45.

-Overseer David Miller of Howe township was down last week and brought with him and turned over to the county home the four children of Mrs. Anna Haines who have been a charge upon the township for some time. They are bright looking little people, cleanly and nicely dressed.

-R. Z. Gillespie of Whig Hill, has moved to Galion, Ohio, where he will be employed with the Galion Cereal Co. The Squire has been a life-long resident of Kingsley township, this county, and the many friends of himself and his estimable wife will be sorry to know of their departure, but will wish them success wherever they may locate.

-It would seem that the movement for better roads has been given quite an impetus out in Cranberry township, Venango county. The Kieker says: "One of our citizens passed the remark that the only way to tell where the men had been working on the road was by the egg shells along the roadside, marking the spot where the men ate their dinners."

-The Iva Club has ball nine came up last Saturday and did our boys up a batch, the game running wild for the visitors who well might exhausted themselves in chasing around the diamond. The score stood 23 to 6 in favor of the Oil City team at the end of the ninth inning. The trouble with Tionesta seemed to be that they became panic stricken at the beginning, thinking they were going up against a strong nine, and they didn't recover their nerve till near the close of the game, when they began to pound the ball in their old time form, and scored all their runs in the last two innings.

-Judged by the reports we get from a perusal of some of the Titusville papers one might think the business men of that city had gone daft over prize fighting. They call them glove contests, but are said to be little if any short of knockout prize fights, and the way "Kid" So-and-so advertised to go up against a tough proposition in the person of "Spider" Knock-em-down at the Business Men's Auditorium, favors strongly of the accounts we used to read of Spanish bull-fights. It doesn't speak volumes for the good morals of the Queen City by any means.

-To-day, at 11 o'clock a. m., Rev. J. M. Wonders will pronounce the words that will unite in the bonds of matrimony our former young townsman, Mr. Bruce J. Clark, and Miss Callista M. Weiser, of Leeper, Pa. The ceremony will take place at the home of the bride, and will be witnessed only by the families of the young people. Bruce is one of Tionesta's best productions, an industrious, intelligent and wide-awake young gentleman. His bride is quite well known to many of Tionesta's people as a most estimable young lady, in every way worthy of the excellent young gentleman whose joys as well as sorrows of this life she has consented to share. After a few days of sight seeing in the eastern cities they will begin housekeeping in the thriving city of Punxsutawney, where Bruce holds a lucrative position, and where he has a domicile furnished complete for the comfort of himself and wife. The Rev. Mr. Clark joins the many friends of this excellent young couple in best wishes for a prosperous and happy future.

-The Jug Handle well was shot last week. What little show of oil they had was destroyed by the shot, but the flow of gas (from the well) was considerably increased. Ed Wasson has contracted to put down a well on the Nelson Cole farm, Green township, and is having the rig built. We did not learn the operators' names. Grove Bros. expect to finish a well on the Collins lands, Coon creek, Green township, for P. M. Shannon this week. Proper and Grove shot their well yesterday on the Watson tract, Stewart's Run district. No results yet reported. Reek, Wasson & Co. are rigging up on the Derickson tract, near Baum station, and will have a well completed within the next ten days or two weeks. Park Black has secured a lease and located a well on the John A. Dawson farm, Stewart's Run. Fleming & Co. have a well to come in this week on the Sowers tract, near Jamieson station. Black & Co. will put down another well on the Hay tract up near the poor farm. They have made the location. Michlen & Co. are hauling rig stuff on the ground for a well on the Squires farm, south of the poor farm, and will be drilling in a few days. A fairly good producer on this tract was abandoned several years ago. Wolcott & Son are talking of putting down a well on the poor farm property. Should they strike a gusher, 'twould make all Forest county rich.

Teachers Elected. The directors of Harmony township on Saturday elected the following teachers: West Hickory, No. 1, Blanche Pease, No. 2, W. W. Coon; Trunkville, May Strang; Fleming Hill, Margaret McCarty; Fagundus, Ellen V. Hull; Nelltown, Minnie A. Carroll; Allender Run, Grace Robinson; Stewart's Run, Laura Smith. Tionesta township elected the following: Blocher, Rob't Siltzinger; Shriver, Anna Korb; Huddleston, Charles Wolf; Smokey Hill, J. W. Monag; Oldtown, Minnie Ledburn; German Hill, Pearl Mealy; Hunter Station, Daisy Zahner; Hunter Run, Blanche Hunter.

Hickory township board made the following selections: East Hickory, primary, Mrs. Mabel Henderson, intermediate, Gertrude Reed; principal, B. W. Bedford; Endeavor, Ollie Keiffer; Beaver Valley, Klara Gorman; Church Hill, May Whaley; Although Hill, Iva Carpenter; Swab, Nettie Albaugh; Hill, Mabel Hillard.

-Don't take poor goods where good quality costs no more at T. C. S. -Don't imagine you have to go out of town to get a suit that is new, neat and nobby. Go into Hopkins and you will soon see that there is anything there you want.

-Judge R. B. Crawford will be laid up for a while in consequence of an accident he met with while rigging up some barges at Hickory yesterday, preparatory to starting down the river with them. A heavy plank struck him on the left leg below the knee lacerating the fleshy portion of the leg so as to render it necessary to insert half a dozen stitches in order to close the wound.

-Miss Ida Fones is expected home to-day from Pittsburg, where she has been attending Duff's Commercial College for several months past. A few days ago the building occupied by the students was burned, and the school being located in the third story made a hasty exit necessary. Miss Ida met with no casualty except the loss of her hat which was forgotten in the hurry to escape the flames.

-"A Patriotic Pair" is the title of a beautiful picture which will be given free to every reader of the great Philadelphia Sunday Press next Sunday, July 1. The picture is 20 by 25 inches in size and presents two pretty children equipped for the celebration of the day. It is the work of a famous artist, and cannot fail to please every person. You had better order next Sunday's Press at once, so as to be sure to get this picture.

-The laying of a cement walk about the new building of the Forest County National Bank, and in front of the Presbyterian Church, is something new to the borough, and has been greatly admired by all who have taken note of it. Mr. Robinson will put one of this kind in front of his store building and we understand Mr. Hopkins will do likewise. Every new feature of this sort adds to the beauty of the town, and it is with pleasure we note this enterprise on the part of our citizens.

-Rev. Rumberger is continuing repairs and improvements on the M. E. church, being now engaged on the inside work. The church will hereafter be heated with hot air, a heater being placed underneath the building. The Doctor has made the edifice appear almost like a new one and when completed it will be much more comfortable than heretofore. The Presbyterian church is also undergoing extensive repairs. The ceilings being re-plastered and papered throughout, and the outside having been handomely repainted.

-Constable Eden of the township has noted considerable shooting at fish from the river bridge of late by boys, and he wishes to warn perpetrators of all such illegal practice that the nuisance will no longer be tolerated. It is not only illegal to shoot fish, but the practice of shooting where people are constantly passing and re-passing with horses is a very dangerous one, and comes within the range of unlawfulness. Besides that when a bullet strikes the water there is no telling where it will glance to. At any rate, J. B. declares he will arrest the next one caught in this sort of violation.

-The Johnston Harvester Co., through its agent, Jas. G. Bromley, had a public delivery of harvesting machinery in Tionesta recently, when thirty-three machines were delivered to their new owners, as follows: Seventeen mowers, 10 binders, 3 rakes and 1 reaper. Dinners and horse feeds were furnished free by the company at Hotel Agnew to all who had purchased machines, and the display, of which Artist Sires took a splendid photograph, was the largest ever seen in Tionesta at one time. Mr. Bromley is a hustler in his line, and has the goods that render satisfaction to his patrons.

Oil Notes. The Jug Handle well was shot last week. What little show of oil they had was destroyed by the shot, but the flow of gas (from the well) was considerably increased.
