

A subject of interest to all housewives is spices and flavoring extracts. Unless the best are used it is impossible to get satisfactory results in cooking and baking. A first class drug store is the place to buy these articles, as only spices and extracts of guaranteed strength and purity are kept.

The fellow who buys common hard soap at the groceries at five cents a big cake, cuts it into small cakes, which he sells at ten cents each as a cleansing compound for removing grease, has been doing business in Erie. There is a Justice of the Peace down in Cooper township named Heltzer. A young couple lately applied to a minister to get married, but not having a license the minister very kindly remarked, "I can't marry you; take your girl and go to Heltzer." Whereupon the young man bristled up and replied, "You go to hell yourself, sir!"—Clearfield Journal.

A minister in Center county recently started his congregation with the following language: "Before the stewards take up the collection I would like to make a few remarks. There are two hundred persons on this house, counting salins, sinners, crooked and straight, including crying babies. If each person thinks my sermon worth a glass of beer, or a nickel, let him pay that amount. If each person pays a nickel it will make a total of \$10 this evening. This repeated every Sunday would pay my salary. A sermon that isn't worth a nickel isn't worth coming to hear, and the person that will beat the Lord, the printer or the minister is a goat."

One of the nicest fields of wheat in the county was that harvested last week by Mr. Orion Higgins from a 20-acre piece of new ground which was cleared last year and adjoins his large farm at West Hickory. Good judges estimate the yield at 20 bushels or upward to the acre, which is more than the average for this section, even under more favorable weather conditions. The Deering people sold Mr. S. a reaper on the strength of the work of their machine in this new field.

The General store of J. M. Green, at Sugar Run, on the W. N. Y. & P. R. Y., three miles above Kinzua, was robbed last Wednesday night of a lot of clothing and wearing apparel amounting to about \$200 worth. The postoffice located in the store was also robbed of several dollars' worth of stamps. The front door of the building was smashed in. Two drillers sleeping in rooms at the Sugar Run house, left the store, and did not hear the noise. There were two large dogs in the store. Neither of these were heard to make a noise. Mr. Green is the father of our townsman Jesse W. Green.

At a meeting of the patrons of the Lecture Course last Friday evening it was decided to have three entertainments at suitable times during the coming fall and winter. The plans for getting the work under way are about the same as were used last year. As it is not a private enterprise, but, for public good, the committee feels that it will have to have some encouragement from the citizens. This will be secured through the circulation of a paper to obtain subscribers for the course of three lectures. The committee appointed to attend to this work consists of Rev. J. V. McAninch, Prof. R. N. Spear, J. B. Muse and A. W. Richards.

The storm of last Wednesday evening took on something of the nature of a tornado up about East Hickory, and did considerable damage in the way of uprooting and twisting off fruit and shade trees. The wind seemed to dip as it came over the hill above the town and struck the orchard of Alex. Pettigrew, destroying about half the trees, and a fine chestnut orchard located near by, was practically ruined. The storm then raised and dipped again near the Endeavor school house where it played havoc with the pretty pine grove surrounding the school building and township house, uprooting and breaking down many of the handsome trees about the premises. No damage was done to buildings so far as heard from.

"Frank Major" Must Hang.

Miss Margaret Kehoe of New York, sister of Daniel J. Kehoe, is in the city and has visited her brother in the jail. The scene between the sister and brother at their first meeting, is described as very touching. Kehoe, who has kept up a bold front from the first, begins to show signs of a more full appreciation of the real seriousness of his condition, and the coming of his sister effected him deeply. Miss Kehoe, who is a young lady of apparent refinement, is stopping with friends on Market street, and both she and her brother are deeply concerned for the result of Judge Thomas' deliberations over the application for a new trial, which it is expected he will decide on Monday next.—Meadville Tribune.

SENTENCE PRONOUNCED.

Judge Thomas Monday morning handed down an opinion refusing to grant a new trial to Frank Major. District Attorney Vanee asked the Court for judgment. The prisoner was ordered to stand up and Judge Thomas asked him if he had anything to say why sentence should not be pronounced against him. The prisoner answered that he had nothing to say. The judge then sentenced him to be taken to the county jail and from there to be hanged by the neck until dead. The prisoner's sister was in court, and was very much affected. Major himself showed no emotion. There were very few people in court when the sentence was pronounced and there was no demonstration.

Break Jail.

George Gordon and Charles Thomas confined in Clarion jail awaiting trial, made good their escape on Monday night of this week. About 2 o'clock at night a terrific explosion that shook the whole town took place, which upon investigation was found to be at the jail. These two prisoners occupied cells in the second story, and evidences would indicate they had confederates on the outside. A sheet had apparently been let down and a quantity of dynamite raised to the grated window above. This explosive had been used to blow the window out, and it had succeeded in doing so, together with a good portion of the stone wall, allowing the prisoners to make their escape. They were tracked toward the Clarion river a short distance, but otherwise, no trace of them has been found. The sheriff of Clarion county offers a reward of \$50 each for the capture of the runaways.

Paris Green the Deadly Poison. A coroner's jury has decided that the death of Mrs. Rebecca Burton whose dead body was found in a vacant house in Barnett township on Sunday, July 8th, was a case of suicide. The evidence before the coroner showed that the deceased had spent the Fourth with relatives in Clarington, and on her way home had stopped at what is known as the Coon house, where she procured a quantity of Paris Green. She went on to the Campbell house where she took the poison with suicidal intent. The body was found by her sister and several others who were searching for her. Following is the verdict of the jury: An inquisition indented and taken in Barnett township, Forest county, Pa., the 8th day of July 1930, at the house of J. B. Campbell, before me John H. Barnett, a Justice of the Peace, for the County of Forest, upon the body of Rebecca Burton, then and there lying dead, upon the oaths of David Weaver, Dr. J. J. Brewer, A. M. Zentis, Vincent Zentis, E. A. Kahan, John Christler, J. B. Campbell, William Rairie, Harvey Gould, Homer Fulton, John Uplinger and James Cuzzins, good and lawful men of the county aforesaid, who being sworn to inquire on the part of the Commonwealth, when, where, how and after what manner the said Rebecca Burton came to her death, do say that in Barnett township, county aforesaid, in a certain vacant house of J. B. Campbell, in the upstairs part of said house, lying on the floor dead, the said Rebecca Burton being alone did voluntarily poison herself with Paris Green.
