Republican County Committee Meeting.

The members of the Republican County Committee of Forest County are requested to meet at the Sheriff's office, Tionesta Pa., on Saturday, Aug. 4th, 1900, at 2 o'clock p. m., for the purpose of electing Conferees to represent Forest County at the Republican Congressional Conference of the 28th district. Also to nominate a candidate for Coronor for Forest County, A full attendance is earnestly desired. Q. JAMIESON, Chairman.

UNDER the Dingly tariff the customs revenue has risen from \$149,000,000 to \$234,000,000 a year. When Republican legislation is considered it is only necessary to point to the figures.

KANSAS Populists tell Mr. Bryan frankly that his prospect of carrying the state is poor. The Republicans not only expect to carry Kansas, but are reaching for Colorado and Nebraska.

WITH an additional \$7,000,000 to increase the navy, we should see some good results in that branch of the United States defense force of which the American people are so justly proud.

UNDER McKinley prosperity the Nebraska delegation to the Democratic convention was able to pay \$100 a day for headquarters at Kansas City, in addition to paying board at a first class hotel.

WITHIN two years the 9th United States Infantry has fought Spaniards, Filipinos and Chinese, and traveled from east to west 10,000 miles. Service under Uncle Sam has ceased to mean quiet garrison duty.

WE favor expansion by every peaceful and legitimate means .- Democratic platform.

Such as the Demomratic war in New Mexico in 1846 and 1847.

BRYAN is the only political boss who ever dictated the platform to a national convention while in session and forced it should anybody want to subject the Filto adopt what it disapproved by a direct threat of declining the nomination and running on another ticket.

TWE condemn the Dingley tariff as a platform.

mercialism" of the Democratic ice trust. and cower before the decrees of Provi- letter:

In their speeches of acceptance President McKinley and Governor Roosevelt both gave utterance to the same thought which will form the keynote of the campaign as follows: The President-"Prosperity at home and prestige abroad." The Governor -"Prosperity at home and honor for the flag abroad.

THE Kansas City Democratic platform accuses the Republican administration of forming an alliance with England which is nutrue. But the same platform opposes legislation for the building of American ships for our foreign carrying trade, preferring to leave the business in the hands of foreign (chiefly British) ships that earn \$200,000,000 a year that the Republicans are anxious to keep at home through the construction and employment of American instead of foreign ships in our foreign carrying.

Untimely Reticence.

Mr. Cleveland has been heard from in the shape of an expression of regret that the platform adopted at Kausas City failed to harmonize the "discordant sentiment" in the Democratic party, Mr. Cleveland should be heard from again, He should make haste to do something more than merely manifest his grief and his surprise that the Kansas City convention should have implicitly obeyed the orders it received from the imperialist who sat on his porch at Lincoln and dictated the precise language in which the platform should declare the attitude of the Democracy on the money question. The admirers of Mr. Cleveland have a right to expect something explicit as to "The Duty of Democrats." They would like to know we feel sure, whether the great men prefers Bryan and Bryanism to McKinley and McKinleyism; whether his hatred of 16 to 1, Populism, and the Joe was anxious to go north with me and balance of the revolutionary hodgepodge I took him to my home in Ashtabula which goes to make up the Bryan platform. It is up to Mr. Cleveland to speak again

A Pusillanimous Policy.

Did it ever occur to you how extremely silly is the idea of an anti-imperialistic from him in 1898. We tried to get him party? There can be no such thing as to come back to Ohio, but he seemed to imperialism without an Emperor, and ual among the one hundred millions or more subjects of the United States who imbecile talk about imperialism founded? this, as in anything he undertook and Undoubtedly upon our possession of the

Philippine Islands, which came to us through the fortunes of war, and imposed a duty upon us which we could not honorably shirk. Even the Democratic platform declares in favor of "staple govornment" for the Philippines. How are they to have a staple government if the United States does not give it to them or turn them over to some other power? Is there one intelligent and patriotic American citizen who believes that the greatest Republic known to history

should not become a world power? If monarchy and imperialism are bad, why ipinos to either, when the United States wants to prepare them for self-government and make them a part of this Republic?

Something More About Joe Thomas.

The Clarion Jacksonian of last week has these additional particulars concerning the history of Joe Thomas the colored man : Since our last issue we received the

following letter from Capt. A. W. Stiles which will be of interest to all who have been following what we have learned about Joe Thomas whose remains were lately laid away in the cemetery at this

place.

RATHBONE, O., July 14, 1900.

My Dear Sir: Your letter of the 7th inst., and copy of your paper of the 9th inst., mailed to my brother, W. C. Stilles, Warren, O., now deceased, containing an account of the death of Joseph Thomas, has been forwarded to me, received last evening. It is very sad to know that he passed away as he did. During the last campaign of the Civil War I was Captain of and commanding Co., "E" 6th Ohio Volunteer Cavelry. My brother was a duty Sergeant of Co. "A" said regiment.

Soon after the surrender of Gen. Lee, at Appomattox our Cavalry, Gen. Sheridan's corps, with two corps of infantry was ordered from Petersburg, Va., to North Carolina to co-operate with Gen. Sherman's army. Just as we reached the North Carolina line, we got the news of the surrender of the army of Gen. Johnston. While out with a scouting party in the State last referred to, my brother found Joseph Thomas, who assisted this party in some of its movements. When the detachment returned to the regiment, Joseph was with it. I was in need of help and liking the appearance of Joe, I hired him.

I found him to be truthful, trustworthy and very competent to do the work I required of him. When I was mustered out of the service, the last of June, 1865, county, O. We found a place for him to it. work, soon after we got to Ohio, where he lived for a long time.

Republican plurality was 10,637 and the can, for instance, carries with it a meanmajority 6,100. The Portland Oregonian ing which suggests a number of good says the plurality "is over five times as things. It bears the imprint of certain large as McKinley's was in 1896 and the well defined principles and is a synonym majority more than forty times as for: large."

THE Democrats are organizing McKinley clubs in Kansas. At one meeting it was resolved "That we prefer McKinley, Patriotism and Prosperity, to Bryan, Repudiation and Retrogression." The people everywhere are rallying to the Republican flag.

BELIEVING that our most cherished institutions are in great peril .- Democratic platform.

The poorhouses that were crowded during the last Democratic administration are, indeed, empty and going into decay.

Col., LISCUM, of the 9th infantry, who fell at Tien Tsin, was a veteran of the civil war and carried the scars of wounds received at Gettysburg and Santiago. His service, beginning with the place of corporal in a Vermont regiment, covered thirty-nine years. The record he made as patriot and hero is a matter of pride with his countrymen.

THE only way the Democrats know of by which to build up an American merchant marine is to put foreign built ships under the American flag. Republicans want to build up American ship-Ling with American-built vessels so that we may employ our own materials and our own labor, and keep at home the \$200,000,000 a year we are annually paying to the foreign (chiefly British) ships for doing our foreign carrying.

A MEMBER of the Cabinet, in discussing the informal understanding reached at the Cabinet luncheon Thursday to turn Cuba over to the Cubans as soon as the constitutional convention had been held and a stable government formed, said : "Everything there is satisfactory, most satisfactory. Just think of it, over \$2,000,-000 balance in the treasury. That never happened before in the history of that island. And the Cubans appreciate what the United States is doing for them too."

A GENTLEMAN in Kansas City from Texas says there are thousands and thousands of Democrats in the Lone Star State who will vote for Bryan and hope McKinley will be elected. The same is true of other Southern States, where people vote their lifelong prejudices instead of their honest convictions. In the North and West there are thousands of Democrats with the same feeling, except that they will both hope for McKinley's election and contribute their votes to bring it about .- Kansas City Journal
