

A subject of interest to all housewives is spices and flavoring extracts. Unless the best are used it is impossible to get satisfactory results in cooking and baking. A first class drug store is the place to buy these articles, as only spices and extracts of guaranteed strength and purity are kept.

Spasmodic advertising does not bring lasting results any more than feeding a horse a bushel of oats at one meal will keep it alive for a month. Frank Major, the condemned murderer, is passing the summer days quietly in his cell in the county jail, at Meadville. An attache of the sheriff's office says the prisoner seems perfectly content and is so well satisfied with his present condition that he has gained several pounds in weight since the death sentence was passed.

The reason why mirrors spot and blur is because they are placed where a strong light falls directly on them. All mirrors should be so placed that the light shall come to them from the sides. The Woman's Foreign Missionary society of the Free Methodist Church of this place will hold a public meeting at the church Tuesday evening, Sept. 4, for which special arrangements have been made. Rev. and Mrs. A. T. Sager of Franklin will speak on missions and possibly some others will assist. A full house is desired. Come all.

A young son of George Swab, who lives near Hunter Station, was bitten on the heel by a rattlesnake last Saturday afternoon. Local remedies were immediately applied to the wound which in this instance consisted of the entrails of chicken quickly killed for the occasion, and the boy, aged about ten years, was getting along all right at last accounts.

Many men of small income spend 5, 10 or 20 cents a day for drinks, cigars or other unnecessary things. Five cents a day saved and at the end of each year put to interest at 5 per cent, would at the end of ten years amount to \$205.50; 20 years, \$699, 25 years, \$815. Ten cents a day so treated would in the same periods respectively amount to \$405, \$1,290, \$1,630; Twenty cents a day would amount to \$819, \$2,440 and \$3,250.

A chicken, which evidently enjoyed playing the nursery game of "Button, button, whose got the button?" and then swallowed the button, was killed this morning by Mrs. Susan Baker, of No. 411 Plumer street. In the chicken's craw was found fourteen white bone buttons and one crystal collar button. With the exception of three all were whole and worn as smooth as plate glass.—Blitzard.

Mrs. Nelson P. Wheeler gave a most enjoyable luncheon to a large party of ladies at Bonniebrae, her beautiful Endeavor home, last Friday. The guests met about 12:30 p. m. and after an exchange of pleasant greetings, they were informally invited to luncheon. At two o'clock the ladies assembled in the roomy parlors where the large double doors opening into the spacious hall-way afforded them an excellent opportunity of seeing and hearing Mr. Leon Vincent, who lectured for an hour on the celebrated Scottish writer, J. M. Barrie. A close of the lecture, Miss Byron of Cincinnati sang Annie Laurie, and was accompanied on the piano by Mrs. Wheeler. The entertainment is highly commended and is said to be the finest ever given in this part of little Forest.

Following is a list of letters remaining un-called for in the Tionesta, Pa., post-office for the week ending Aug. 29, 1900: Mr. Wm. F. Miller, Miss Grace McIntyre, Miss Della Campbell. D. S. Knox, P. M.

According to kate-did, the first frost may be expected on the morning of September 6th. A man who puts in his spare time studying bugs and other similar things, says that he has learned that the first kate-did of the season begins her plaintive, but persistent song just six weeks before the first frost may be expected. Last year the frost arrived on September 12th, according to schedule, and this year is due on the 6th.

A weather proverb says: "As August, so the next February—fair or stormy." Another is: "If the first week is unusually warm, the winter will be white and long." Another: "When the months of July, August and September are unusually hot, January will be the coldest month." Still another: "As Bartholomew's Day (Aug. 24), so the whole autumn." Again: "If the 24th of August be bright and clear, then hope for a prosperous autumn this year."

The Philadelphia Press says: "As might be expected, some of the old soldiers in this State who have been unfortunate in their habits are kicking against a railing of the pension department at Washington, by which certain pensioners are dropped from the rolls when their pension money is found to do them more harm than good. In other words those who spend their money for rum and neglect and ill-treat their families are to be denied their pensions while they misapply the money."

At argument court last Thursday, the Franklin Bridge case was heard on the question of a new trial which bridge company is asking. The court has not rendered a decision. J. F. Proper, J. D. W. Reek and W. A. Grove, were appointed artist and valuers respectively, to view a proposed new road down the east side of the Allegheny river, through Tionesta township to the President township line in Venango county. The people of the latter named township are anxious to meet our people at the county line with a thoroughly good turnpike road.

The bar association of Emporium, Cameron county, have endorsed their fellow townsman, B. W. Green, Esq., for appointment to the vacancy caused on the Supreme Bench by the death of Chief Justice Henry Green. There would be something quite appropos in the appointment of the distinguished Cameron county jurist, aside from his eminent fitness and the splendid legal ability which his pre-emption would bring to the State's highest court. The northwest has heretofore been very shabbily treated in the matter of representation on both the Supreme and Superior benches.

The Bellefonte Gazette says that Clement Dale, an attorney of that place, will be a candidate for the Republican congressional nomination in the 28th district, comprising the counties of Clearfield, Center, Forest, Elk and Clarion, and hopes to enter the congressional conference with the support of the county conferees. Clarion county has instructed for N. E. Graham of East Brady. Clearfield county has named A. L. Cole of DuBois as its choice, while Elk and Forest have instructed for Col. A. A. Clearwater of Wilcox. The conference will take place some time in September, the date not yet being fixed.

Bob Burdette's advice to the young men is: "My son, follow not in the foot-steps of the loafer, and make no example of him who is born tired, for verily I say unto you, their business is over-stocked, the seats on the corners are all taken, and the whittling places are all occupied. It is better to saw wood at two bits a cord than to whittle in a loafing match and cuss the government. My son, whilst thou hast left in the skull the sense of a jay bird, break from the cigarette habit, for lo, thy breath stinketh like a glue factory, and thy whole appearance is less intelligent than a stone dummy. Yea, thou art a cipher with the rim knocked off."

Tionesta, now one of the best lighted towns in the state, will be in utter darkness on or September 1st, if the council and the gas company fail to come to some agreement as to the kind, number and cost of new street lights to be used in the future. The contract for the big torches expires on that date and the gas company thinks it poor policy to furnish so much gas for lighting purposes and refuses to extend the contract, and the council will figure on some other means of lighting up our streets by night. So that people need not be surprised to find themselves in darkness a or next Saturday, until some other means are devised for getting "more light on the subject."

As the game season is coming on apace, and as people are apt to get somewhat balled up on the opening of that eventful occasion on this time of year, we give below the dates when all game and fish may be taken, with the hope that no one may get too previous and begin the slaughter before the cooler weather shall set in, when game of any sort will keep so much better: Open season—dates inclusive—Grouse, woodcock, squirrel and quail, Oct. 15 to Dec. 15; rabbits, Nov. 1 to Dec. 15; deer, Nov. 1 to Nov. 30; wild fowl, Sept. 1 to May 1; plover, July 15 to Jan. 1; trout, April 15 to July 15; black bass, May 30 to Jan. 1; yellow bass, June 1 to Jan. 1; pickerel and pike, June 1 to Feb. 1; Rabbit hunting with ferret not allowed.

Ralph Dale, son of H. L. Dale of Oil City has been a guest of liveymen Oram during the past week. He had his team of ponies with him and his many boy friends have enjoyed some glorious rides over the surrounding country. In matters "horsey" Ralph is considerable of a "chip off the old block."

Clerk of Courts Robinson has granted a marriage license to James H. Shoemaker of Tionesta and Miss Flora Belle Osogood of Endeavor. The ceremony is expected to take place to-morrow at the home of the bride's parents, Mr. and Mrs. L. J. Osogood. The many friends of the young couple both here and at Endeavor will wish them a prosperous and happy wedded life.

Base Ball

In their game with Tidouite last Wednesday afternoon the Juniors of this place fairly mopped the ground with the Tidouite nine. The game started with pretty much the same lines in the field that played here the week previous, but after the second inning additions from the first nine were made to the Tidouite club until only two of the Juniors from that place were left in the game, nevertheless our boys came out way ahead, the score standing 24 to 4.

But the game of the season, and doubtless the best ball playing that has taken place in the northwestern counties this year was pulled off at Pleasantville last Saturday afternoon between Tionesta and the club of that place. Pleasantville has one of the strongest teams in this section, and have been winning laurels wherever they have played. The game started at 3:15 with Tionesta at the bat. By a wild throw two scores were made in this inning by the latter. Pleasantville then came to bat, and by a similar blunder on the part of the visitors, scored three runs. After this both teams steadied down and played ball, and a finer exhibition of the great national game could not be put up by any of the league clubs.

Not a man in either nine ever reached third base after the first inning, and the game ended as in begun—Pleasantville 3 and Tionesta 2 scores.

The features of the game were McMillan's nice work in the box, fanning out Tionesta's heavy hitters, Quinn's sleek throwing to bases for Tionesta, nipping out five of Pleasantville's base runners between first and second, and a pretty double by Bankhead, Jastrom and Blum for Tionesta. It is surprising to note how poorly the sport is patronized by the Pleasantville people. Tionesta had almost as many people on the ground as the home town turned out.

Grand Entertainment.

Dr. Rumberger, assisted by local talent, will give an entertainment in the Court House Tuesday evening, Sept. 4th, 1900. The entertainment will consist of illustrated readings and songs. By means of a powerful stereopticon beautiful pictures 16 feet square will be thrown upon a curtain, illustrating the songs and readings. This entertainment is entirely different from the one given recently—the pictures all being new and the greater number beautifully colored.
