#### "Waat's the Time!"

A booklet with this title, just published by the Chicago, Milwaukee & St. Paul them. Raliway, should not only be in the hands of every traveler, but should have a place on the desk of every banker, merchant or other business man.

The four "Time Standards" which goveen our ontire time system and which are more or less familiar to the traveling public, but by many others little understood, are so fully explained and illustrated by a series of charts, diagrams and tables that any one who chooses can become conversant with the subject in question. There are also some twenty-fourtables by which almost at a glance, the time at any place being given, the hour and day can be ascertained in all the principal cities of the
