Operators Expected the Offer Would Cause Break In the Ranks But Were Disappointed-Mon Make Gains In Some Sections While Situation Is Unchanged

HAZLETON, Pa., Oct. 2.-It was exmeted in some quarters that yesterday would bring a turning point in the strike, but nothing came to the surface that would lead to any indication of the strike nearing an end. Since the operators began to hold conferences President Mitchell is receiving more information than formerly and giving out less. That he knows more about the situation than he cares to tell is hardly doubted by anyone.

He has practically admitted that he received advices from New York as to the doings of the operators. There is still a lack of anything tangible which to base the report of an immediate settlement. President Mitchell continues to deny that he knows anything

The strike situation in the Lehigh Valley showed a change in favor of the men. Several hundred men quit work at the Calvin Pardee mines at Lattimer as the result of persuasion on the part of 400 marching strikers, and at Oneida and Cranberry the coal companies lost additional men. No colliery was closed down in this region yester-

ADVANCE OFFERED.

Operators Post Notices Granting 10 Per

Cent Increase to Miners. PHILADELPHIA, Oct. 1.-An offer of 10 per cent in miners wages was yesterday inaugurated by the Philadelphia and Reading Coal and Iron company and this move it is stated will be followed on Tuesday by similar notices at every colliery in the anthracite re-

It is expected by the operators that this increase in wages will be satisfactory to the men and they believe many of the strikers will take advantage of the offer and return to work. Mining operations will in this event be given an impetus and the operators expect there will then be a gradual resumption until the collieries will again have their full complement of employes.

The Philadelphia and Reading com pany operates 39 collieries and of these 27 have been shut down owing to the nsufficient working force.

Whether the miners will accept the offer of the company and return in sufficient numbers to operate the mines can not be foretold. Reports received from several points in the Schuyikili egion where the Reading collieries are ocated rather indicates that the mine workers will follow the instruction of their organization officials and remain tway from the mines.

President Mitchell of the United Mine Workers received no notice of the intention of the operators to offer the increases in wages and the intimation is thus given that the miners organization will receive no recognition from the operators."

STRIKE AND POLITICS.

Senator Hanna Says the One Bears No Relation to the Other.

CHICAGO, Oct. 2 .- Senator Hanna arrived here yesterday from the East In the afternoon he met the reporters. "Any man who would put a straw in the way of a settlement of the great coal miners' strike now progressing in Pennsylvania should be taken out to the nearest lamppost and hanged," said Senator Hanna.

"I do not want to talk about the strike. I do not think that it should be mixed up in party or political questions, and should not be discussed from a political standpoint. No one should be permitted to use it for political cap-Ital. It is the duty of every man to do his utmost to end the deplorable trou-

"I am going to do everything in my power to win this election for McKinley and Roosevelt, and I believe we will win, too, but I will not give estimates of states or predict majorities. I will remain in Chicago during the remainder of the campaign and will make no speeches outside of this city. Here, however, I may address the laboring men several times. I like to talk to the workingmen. They can understand me and I understand them."

PUBLIC DEBT.

Monthly Statement For September Shows Decrease of Over Six Millions.

WASHINGTON, Oct. 2 .- The monthly statement of the public debt shows that at the close of business Sept. 29 the debt, less cash in the treasury, amounted to \$1,106,156,671, which is a decrease for the month of \$6,122,435. This decrease is accounted for by the increase in the cash on hand and the redemption of 2 per cent bonds. The debt is recapitulated as follows

Interest bearing debt. \$1,061,499,260; debt on which interest has ceased since maturity, \$5,516,220; debt bearing no interest, \$387,346,069. Total, \$1,394,361,549. This, however, does not include \$734 .-513,697 in certificates and treasury notes outstanding which are offset by an equal amount of cash on hand. cash in the treasury is classified as follows: Reserve fund in gold. \$150,000,000; trust funds, \$734,513,679; general fund, ries, to the credit of disbursing officers and to the treasurer of the United States, \$96,997,212. Total, \$1,105,447,697, agrinst which there are demand liabilities outstanding amounting to \$817 .-

242,818, which leaves a cash balance on hand of \$288,204,878. fliven a Life Sentence.

VOTING MACHINE LEGAL.

Test Cass In Chemung Ends In Victory

For the Mechanical Vote Recorder. NORWICH, N. Y., Oct. 2 .- Supreme Court Justice A. H. Sewell yesterday denied the motion on the part of G. M. Robinson, chairman of the Democratic county committee of Chemung, for an order requiring Mayor Frank H. Flood of the city of Elmira to show cause why ballot clerks should not be appointed in that city for the coming election. It was a test case brought for the purpose of testing the legality of the use of certain voting machines at general elections. Roswell P. Moss of Elmira argued the case for the relator, and Herbert M. Lovel, city attorney of Elmira, George F. Yeomans of Rochester and David Hays of Rochester appeared for the defendants.

One of the Standard voting machines such as are used in the city of Buffalo, Rochester and Elmira was set up in the courtroom. The relator contended that the machine is illegal in that it does not provide for votes to be cast separately for each of the presidential electors.

The defendants, on the other hand, called attention to section 162 of the election law, which says that voting machines may be provided with one ballot in each party column containing only the words "presidential electors," and that a vote for such ballot shall operate as a vote for all the presidential electors of that party.

The large expense to the cities that had adopted voting machines in event of the change back to the old ballot system was brought to the attention of the court. The relator declared unconstitutional that part of section 162 of the election law mentioned in that it deprived voters of the privilege of splitting on presidential electors.

The court in rendering its decision said that luasmuch as an appeal to the court of appeals would probably be taken in any event and because of the short space of time intervening between now and election he deemed that an early decision would be preferred at once, denying the motion.

EXPOSITION AWARDS.

America Receives More Awards Than

Any Other Nation Save France. PARIS, Sept. 28.-The jury of final appeal in the exposition awards has finished its work. The statement prepared for the United States commisioners shows America received higher total of awards than any other nation save France, and that she also received more awards in each classification except grand prizes in which Germany secured a greater number.

The figures, excepting for France, follow: Grand prizes, United States 215: Germany, 236; Russia, 269; Great Britain, 183. Gold medals, United States, 547; Germany, 510; Russia, 346; Great Britain, 400 Stiver medals. United States, 593; Germany, 575; Russia ,411; Great Britain, 517. Bronze medals United States, 501; Germany, 321; Russia, 321; Great Britain, 410. Honorable mention, United States, 348; Germany. 184; Russia, 206; Great Britain, 208.

Decision Frees Ten Men.

SAN FRANCISCO, Oct. 2.-The United States circuit court of appeals has rendered a decision quashing the indictments against 10 men who were arrested at Cocur D'Alene during the mining strike last year for interfering with the United States mails. It was shown that the men did not know that the train which they interfered with carried the United States mails. Ten men now imprisoned at San Quentin, in this state, under the indictments will be released as soon as the decision reached Idaho and the necessary papers can be sent from that state to the warden at San Quentin.

Harry Kingsley Dies Abroad.

NEW YORK, Oct. 2 .- A cablegram from Florence, Italy, contains news of the death at Fiesole of Harry S. Kingsley, treasurer of the Brooklyn Daily Eagle corporation. Mr. Kingsley was the son of the late William C. Kingsley, one of the most prominent men of his day in Brooklyn. He was born in Brooklyn 28 years ago. .

HIGHEST ARMY HONOR. Lord Roberts Appointed Commander-in

Chief of British Army. LONDON, Oct. 1.-It is officially announced that Lord Roberts has been appointed commander-in-chief of the British army. Although the fact that the appointment had been made was already known, the formal announce ment is hailed by the Unionist party as a pledge that the army reorganization will be carried out in the most effective manner. It was beginning to be recognized that something was needed to give strength to the Unionist cam-

paign. Accordingly semi-official announce ments are out that George Wyndham parliamentary under secretary of state for war, in his speech at Derby this evening will outline the government's scheme of army reforms, and that the war office is arranging with Lord Roberts for the return of a large portion of the army in South Africa.

GUN VS. BOILING WATER Father and Son Fought In the Dark

Each Thinking the Other a Burglar. SYRACUSE, Oct. 1 .- C. M. Smith and his son Ira of Cortland, each mistook the other for a burglar in their home early yesterday morning. The son fired several shots at the old gentleman and the latter retaliated with a kettle of

boiling water and a lighted lamp. The appearance of the mother and wife put an end to the hostilities. The elder Mr. Smith then came to the conclusion that his son was trying to kill and had him arrested. Afterward a reconciliation was effected, and in court this morning the matter was settled.

FARMER'S LUCKY STRIKE. Found Vein of Salt 23 Feet Thick While Drilling For a Well.

ROCHESTER, N. Y., Sept. 27 -- A vein of salt 23 feet in thickness was discovered on the farm of Frank Seager, seven miles north of Geneva on the Sodus road.

Mr. Seager had been drilling a well and the veln was first found 18 feet below the surface. Water was forced into the tube and a quantity of it was taken out and sent to Ithaca for chemical

Transvani Refugees Depart.

LORENZO MARQUES, Oct. 2.-The

Austrian steamer Styria Lloyd has

sailed from here, having on board 400 Transveal refugees, part of them being Irish-Americans. All their expenses

have been paid by the Transvaal govstrament. Each man received 30 shillings (\$7.50) and will be paid £8 10s (\$42.50) on landing at any port which may be selected by them. Died at Age of 102 Years. WHITEHALL, N. Y., Oct. 2 .- Mrs.

ing, aged 102 years. She was probably

the oldest person in Northern New York. Had she survived three months longer she would have lived in three centuries. Routes of the Spellbinders NEW YORK, Sept. 28.-In addition to the dates heretofore published Sena-

Ann Bryan Rowe died yesterday morn-

tor Chauncey M. Depew has been as signed to speak at the following places: Syracuse, Oct. 3; Chicago, Waterloo, N. Y., Oct. 10; New York city, Oct. 11; Ithaca, Oct. 16; Dansville, Oct. 17; Canandaigua, Oct. 18;

Put a Rall Acress Track and Stone Non Unfor Men.

WILKES-BARRE, Pa., Sept. 29 .- An attempt was made to wreck a train carrying a score of non-union men and some washery coal at South Wilkea-Barre, on the Central Rallroad of New Jersey. The men were from the Stanton washery, operated by the Lehigh and Wilkes-Barre Coal company, and

which was being hauled to the No. 5, Lehigh and Wilkes-Barre colliery. The train, as it neared South Wilkes-Barre, was met by a shower of stones and sticks from behind a line of coal cars, where strikers were hidden. At the same time the engine driver saw a fiscal year for state expenses. The torail on the track ahead of him, but tal amount is \$10,704,153, as compared managed to stop before he reached it. The strikers continued the fusliade with \$12,640,228 last year, a reduction of

carrying the coal they had washed

while the crew removed the rail, and the washery men on the train protected themselves as best they could by hiding in the cars or dodging between As the men quit work at the washery they were hooted and hissed by women, who fied when a couple of depu-ties ran toward them. Twice before the

GOOD OUTLOOK FOR COKE. Prospective Resumption of Mills to In

men had been attacked by the women,

and were once driven from the work-

ings with stones.

crease Production. CONNELLSVILLE, Pa., Sept. 29.-The Courier says the coke market lost ground last week. While there was only a little over 100 cars less of an output the general tone of the trade was not as good as it promised to be early in September. Consumers and manufacturers, however, take a favorable view of the situation, the settlement of differences between the manufacturers and the Amalgamated association insuring the early resumption of many mtils.

The detailed report shows a total of 20,462 ovens in the Connellsville region, of which 13,963 were active last week and 6,499 were idle. The total estimated production for the week was 148,916 tons. Shipment for the week aggregated 7,449 cars, an increase of 128 cars over the previous week. Pittsburg took 2,815 cars.

TRIED TO COVER CRIME. Murderers Fired Home of Miser They Had Robbed and Killed.

PHILADELPHIA, Oct. 1.-Charles Grus, 75 years old, a miser living on the outskirts of Woodstown, a small borough near Salem, N. J., was murdered Friday and the house in which he lived was burned to hide the crime.

For some time past the old man had been boasting of his wealth, and while in Woodstown he told a party of men that he had \$375 in gold in his house. His place was found to be on fire and the local fire department succeeded in house had been wholly destroyed.

When they went inside the firemen His head had been crushed and his been ransacked. Three negroes are suspected of the crime.

BURIED IN LIVE COALS.

Edward Schooley Caught Under a Burn ing Bank and Roasted to Death. WILKES-BARRE, Pa., Sept. 29.-Edward D. Schooley, a school director of Derranceton, Pa., was accidentally

roasted to death. Schooley, with several other men, was digging ashes from the haldock culm bank in Luzerne porough to use them on a sidewalk in front of the Me.bodist church. The culm was on fire, and the ashes were at the base of the coals. Schooley was under the overhanging portion of the bank when it feil, burying him under several tons of burning culm. The body was recovered in a

few minutes, but he was dead,

Corpulence Saved His Life. CORRY, Pa., Oct. L.-Frank Weiser a member of the tanning firm of this city, owes his life to the fact that he is very stout. He was cutting a piece from a side of leather hanging on a hook. In some way the leather became unfastened and in falling forced the knife into Weiser's abdomen, ripping it open and laying bare the internal organs. The surgeons said that but for the thick rolls of fat a fatal wound

would have been inflicted.

Fatal Assault on Conductor. RIDGWAY, Oct. 1 .- Charles Means, conductor on a Buffalo, Rochester and Pittsburg freight train, was fatally injured by an Italian section hand at Carman. Means, it is alleged, offended the Italian about two months ago by snatching his hat. As Means' train was leaving Carman the Italian struck him with a piece of pipe as he was boarding the caboose, fracturing his skuli. The Italian escaped.

ITEMS IN BRIEF.

SHARON-David Price died here from injuries received while moving an NEW CASTLE - Byron Place and Hoover Heights, suburbs, are to be organized into a borough preparatory to

being taken into the city. SCOTTDALE-Henry Witt, an exconstable, of Mount Pleasant, was stabled 20 times by Lupton Frantz, but will probably recover.

LATROBE-Eight deaths have oc curred in 100 cases of typhoid fever reported in the last week at Bolivar, and believed to be due to impure water resulting from drouth. M'DONALD-Ida Hagan, 13 years

old, is dead, and her sister, Mrs. William Sloan, aged 18, is dying as a re sult of the former's effort to quicken a fire by pouring oil on it from a can. SHARON-A natural gas explosion partly destroyed the home of W. F.

M'KINLEY TIMES IN PENNSYLVANIA

Remarkable Prosperity in the Steel, Iron and Tin Plate Industries. Were coming to this city on the train

ENORMOUS INCREASE IN OUTPUT.

Official Figures Showing the Great Volume of Business and the Marked Advance in Wages as Compared With Record of Cleveland's Admin-

Pennsylvania has shared in the prosperity that followed the election of William McKinley to the presidency. The extent to which the prosperous times have benefited the citizens of this commonwealth is shown in the records of the office of the bureau of

industrial statistics. The iron, steel and tin plate industries of Pennsylvania have probably been affected as favorably as any others through the return of the Republican party to power in Washington.

1899 marked the greatest era in the production of pig iron in the history of the state, the increase over 1898 being 1,175,019 gross tons, or nearly 30 per cent, and the increase over 1896 being 2,516,648 gross tons, or 62.5 per cent. Pennsylvania's production of 6,542,998 gross tons in 1899 was within about 30 per cent of the entire production of Great Britain. The production of the United States was 13,620,703 gross tons, an excess over the production of Great Britain of more than 46 per cent.

GREAT BRITAIN LEFT BEHIND. These figures are very significant when it is reflected that in 1894, jusix years ago, Great Britain produce nearly 12 per cent more pig iron th: was produced in the United State and that in 1899 Great Britain's in crease in production over 1894 was but little over 25 per cent, while the increase on the part of the United States was over 100 perscent. The market value of Pennsylvania's

close to a hundred million dollars, the realized value being \$98,203,803. As compared with 1898 the increase was \$44,872,575, or 84.1 per cent, and as compared with 1896 the increase was \$53,031,764, or 117.4 per cent. An average of 15,347 workmen were

employed in Pennsylvania in the mak-

production of pig fron for 1899 was

ing of pig iron during 1899, an increase over 1896 of 3,767, or 32.5 per cent. The average earnings in 1899 for skilled and unskilled labor was nearly \$100 in excess of 1896, the average for extinguishing the flames before the 1899 being \$495.18, and for 1896, \$396.30. Pennsylvania produced 6.446.159 gross tons of steel of all kinds in 1899, found Gruss lying on the floor dead. an increase of nearly 93 per cent over 1896. The production of the United legs burned. There was also a bullet States for 1899 was 10,689,857 gross wound over the heart. The house had | tons, and of Great Britain about 5,000,-000 tons. Pennsylvania consequently produced over 60 per cent of the pro-

duction of the United States and about 29 per cent more than Great Britain. The increase in production of steel in the United States for the past five years has been 141 per cent, while Great Britain's increase has been but

about 55 per cent. The entire production of fron and steel rolled into finished form in Pennsylvania during 1899 was 7,093,485 net tons, an increase over 1896 of 3,336,415

tons, or nearly 89 per cent. The value of this enormous produc tion was \$223,377,126, an increase over 1896 of \$114.347,364, or over 96 per cent LABOR WAS BENEFITED.

The number of workmen in 1899, in dependent of those employed in the rolling of black plate, was 69,982, an increase over 1896 of 16,409, or 30.6 per

The average earnings of the 69,982 workmen, skilled and unskilled, was \$559, as against \$444.89 in 1896, an increase of \$114.11, or 25.6 per cent. Pennsylvania had 21 black plate

works in operation during the whole or part of 1899, of which 18 turned out a tinned production, 368,600,734 pounds of black plate were made, as against 158,306,490 pounds in 1896, an increase of 210,294,244 pounds, or 132.8 per cent Pennsylvania's increase in tinned production for 1899 has been equally

as satisfactory as her increase in black plate, the aggregate of the black plate works and dipping works combined being 331,082,734 pounds as against 139 588 702 pounds in 1896, an increase of 191,494,031 pounds or 137.2 per cent Pennsylvania's share of the entire production of the United States of tin and terne plate for 1899, which has been placed at 891,000,000 pounds, was about 37 per cent. Comparing this production of the United States for 1899 with her production in 1894, of 166,242,409 pounds, it will be seen that the increase In the United States for the past five years has been 724,656,591 pounds, or 435 per cent.

The number of workmen employed in the black plate works for 1899 was 7,682, an increase over 1896 of 4,488; or 140.5 per cent, and the average daily wage for all workmen was \$2.36, un increase of 56 cents per day.

THE DIFFERENCE

William McKinley stands for protection tion and revenue, reciprocity, standard, national credit, equality, diplomacy and prosperity. President McKinley prosecuted the war with Spain to a successful termination, unprecedented in English history; saved uba, Porto Rico, the Philippine archipelago and 10,000,000 people from imerialism, and secured the key to the trade, civilization and advancement of 500,000,000 people dwelling in the land of the Orient

pudiation, anarchy, Aguinaldo, and nullification of the fourteenth and fifconstitutional amendments, practically disfranchising 10,000,000 numerated colored American citizens. yet fraudulently retaining 40 per cent f southern representation in congress and the electoral college based thereon.

Bryanism stands for hypocrisy, re

Pflipinos Charged the United States Outpests, But Were Repulsed.

MANILA. Sept. 27.-On Monday night vigorous insurgent attacks were made upon the United States outposts in the districts near Zapote Bridge, Las Pinas, Paranaque, Baccor and Imus, twelve miles south of Manila. the scene of the fighting last Ootober. It is estimated that the rebels numbered 400 and they were armed with rifles. The inhabitants took refuge in churches. The Americans have since energetically dispersed the enemy, kill-

ing and wounding 50. A party of scouts belonging to the Twenty-fifth United States infantry landed on the Island of Samar, the inhabitants and insurgents fleeing to the mountains. They met with but slight resistance and burned a town Tuesday night there was outpost firing at Pacto Pagsanajan and Santa Cruz, in Laguns

province. It is reported that an American scouting party developed a body of insurgents in the province of Nucva Relja, two skirmishes ensuing, in which 12 of the natives were killed. Similar brushes have taken place near Indang and Silang in Cavite province, and near Iba Americans having two killed and three

wounded. Advices from the bland of Leyte say that General Mojtcas bands have been scattered and demoralized by Major Henry T. Allen of the Forty-third infantry who has vigorously pursued the insurgents into the mountains, capturing many and taking a quantity of money, rings, ammunition and stores.

MAYOR M'GUIRE SUED.

Syracuse Taxpayer Ciains He Has Ex-

NEW YORK, Sept. 29.-Executive Chairman James K. McGuire of the Democratic state committee was yesterday in this city served with the papers in a suit brought by a taxpayer of Syracuse against him as mayor, in which he is charged with violating the law in the tax budget of that city by exceeding the tax limit by \$400,000. The complaint also charges extravagant expenditure of appropriations.

Mayor McGuire said regarding this suit: "I claim that we did right in making this budget. Under the White charter in Syracuse, we had the right to exceed the tax limit placed by prior laws. The White charter superceded and abrogated all other laws when it went into effect, June 1 last. I have 26 days in which to answer this complaint. I have been talling the matter over with Senator Hill, but I have
