The case of Frank Major, convicted of murder in Crawford county, will be reviewed by the Supreme Court in Pittsburgh, on Oct. 30th.

A number of apple trees in the north ward have taken on a new set of blossoms this season, and tomatoes are blossoming on Joe Clark's lawn. Who will say we are not right in the banana belt?

Following is a list of letters remaining unclaimed for in the Tionesta, Pa., post-office for the week ending Oct. 10, 1900: George Kimes, Mrs. Johanna Loderger, D. S. Knox, P. M.

Mr. Sires will be at his Tionesta studio every Saturday until further notice ready to attend the wants of those wishing work in his line. Don't delay your visit on account of a cloudy day.

Sixteen packed cars of excursionists from Olean, Bradford and other northern points passed down the road Sunday for Oil City and Titusville. It was the last excursion of the season on the Pensa, and the most largely attended by long odds.

The fall season is drawing to a close and delinquents should be on the alert if they expect to "put up" any for the winter. Amster still keeps the best stock, and just now the price is at the bottom. Peaches, pears and grapes are still fine at his place. Call early.

Capt. Clark presented this office with a sample of the fruit that is growing on the farm of his son, Will S. Clark, on Hunter Run this season. It was "pound apple" and grown on a tree which the captain cultivated himself. A very fine specimen with a delicious flavor.

James Elliott of Stewart's Run had his collar bone broken and was otherwise badly bruised by being struck by a falling tree last Friday, while at work in the woods in the vicinity of his home. He is getting along quite well considering the nature of his injuries, but will be laid up for some time.

This has been a great corn year, not only in the quantity raised, but in the quality as well. Now there's Seidon McCray of Hunter's Station, for instance. One day this week he brought up and laid before us a couple of corksneaks that measured twelve feet two inches from tip to tip, and each contained a big fat ear of corn that would grind up and furnish corn-dodgers for a good sized family for a week. These were not specially selected stalks either, for Sel. assures us there were very many in the field which contained two ears, and so tall that Henry Amberger, who measures close to six feet in his stockings, could not reach the top ear. So we say, corn's a good crop this year, and the fodder's as valuable as the ear.

RECENT DEATHS.
MRS. ISAAC E. DEAN. Friends here were greatly shocked and saddened by the announcement of the death of this most excellent and popular lady, Mrs. Dean was a resident of Tionesta for about three years, during which time she endeared herself to the people by her many excellent womanly graces and great kindness of heart, and by whom her death will be mourned with deepest grief. The following concerning her demise is taken from the Derrick of Monday: "Mrs. Clara I. Dean, wife of Isaac E. Dean, widely known throughout the oil country as an orator and by his sobriquet of 'Farmer Dean,' died at the family residence on West Second street shortly after midnight Saturday from a recurrence of a cancerous affection for which she had been treated about two years ago. The deceased was widely known and one of the most universally beloved women in this part of the oil regions. She was the daughter of the late Hiram Morris and was born at Shaw's Landing 34 years ago last April. In 1872 she was married to Isaac E. Dean, who was then engaged in operating for oil at Foster's Hill, this county. During that year there were 23 young men operating or employed on oil wells in that district who were happily married. Since their marriage Mr. and Mrs. Dean have been residents of 22 different oil towns and districts and in all of these the deceased won friends through her utter disregard of self and her fine traits of heart and mind. One child was born to them, a son, who died in infancy, but she reared and adopted two daughters of Parson Plummer, who are happily married, and she is survived by a third adopted daughter aged 10 years. Mr. and Mrs. Dean came to Oil City from Tionesta in April, 1899, and have since that time been residents of this place. In response to the expressed wish of the deceased no clergyman officiated at the song service which was held at the family residence last evening and the body will be taken this morning to Ashville, Chautauqua county, the old Dean homestead, about nine miles from Jamestown, N. Y., where the interment will be at the side of their infant son. The wide circle of friends possessed by Mrs. Dean, as well as the countless neighborly acts which the deceased was able to perform during her long and useful life has caused much sympathy to be expressed for the bereaved husband in Oil City, a feeling that will be duplicated throughout the entire oil country where he is so well known."

MRS. HARRY BEAM. Sue Burdick, wife of Harry Beam, died at her home at Endeavor, Pa., Friday, Oct. 5, 1900, after an illness of nearly two years' duration. She was aged about 33 years, and besides the husband leaves a son aged about 5, and a daughter aged about 11 years. Mrs. Beam was the daughter of the late Nathan Burdick, well known to many of our readers. She was a kind, gentle and affectionate wife and mother, highly esteemed by all who knew her, and her death is deeply felt in the community in which she lived. The funeral services were held on Sabbath last at 11 o'clock, at the Free Methodist church, Rev. Mr. Stone officiating. As showing the esteem in which the deceased was held a very large concourse of friends attended the obsequies. The stricken husband and children have the sincere sympathy of all in this their darkest hour.

MRS. GLENN C. BURTT. Jennie, daughter of John and Sarah Hutchison Brown, was born near Franklin May 7, 1865, and died at Wildwood, Allegheny county, Pa., October 4, 1900, aged 35 years, 4 months and 27 days. In 1886 she was married to Mr. Robert Braddish of Tionesta township, and for more than ten years her home was in or near Tionesta where she had a large number of friends. In 1897 she was again married to Mr. Glenn C. Burtt, formerly of Neilltown, this county, but now an employe of the Smith Farm Oil Co., at Wildwood. Mrs. Burtt was one of nine children, and her death is the first in the family since April 6, 1888, when her father died in a hospital at Pittsburgh, and eleven hours later her eldest brother, Jerome, died suddenly near Redbank. But what seemed most tragic about these deaths was that the bodies were expressed home for burial on the same train and the brothers who had the father's remains in charge, knew nothing of their brother's death till they reached Redbank. The mother, who is still living, resides with her youngest son at McDonald, Pa., and among the brothers and sisters are Mrs. Charles Karns of Tionesta, Mrs. Carl Walters of Jamestown and William Brown, of Trunkeyville. Two daughters are left in the care of relatives. Pearl was a sister of Mr. Burtt's. Mrs. Burtt was converted a number of years ago, and gifted with the power of song, she was especially helpful in religious meetings. Her faith and trust in her Savior were as simple and beautiful as that of a child, and during her illness, which was long and severe, she was always thankful and would say, "Tis so sweet to trust in Jesus." She worried about nothing and asked that the night before her burial be one of prayer and song instead of mourning. Her remains were brought to the Walters home at Jamestown, Saturday, and were buried at Neilltown Sabbath, the services being conducted in the Presbyterian church by the pastor.

Fatal Hand Car Wreck.
Andrew Sunson, for a number of years in the employ of T. D. Collins, met death last Thursday morning while assisting to propel a handcar on the Tionesta & Sheffield railroad at Kelleetville. The crew of about eight men had just started down the track for their work and had gotten under full headway, when the car struck a rock that had in some manner gotten on the track, stopping it instantly and rearing up on end. The men were thrown violently forward and all were more or less bruised, but the unfortunate man struck the top of his head on some hard substance, crushing his skull. He was taken back to the boarding house and Dr. Dejar sent for, but died before the doctor's arrival, without regaining consciousness. Foreman Wm. Nelson and Nils Polson came here Thursday afternoon and procured a suitable casket for the deceased, and his remains were buried at White Hill on Friday. He was a man of good habits, industrious and frugal. Among his effects were found papers, checks, etc., amounting in value to over eight hundred dollars, representing his savings of the past few years. He was a native of Denmark, in which country he has a son and five daughters living, his wife being dead. He was aged 50 years.

Oil Notes.
A location for a well on the Kelly farm at Oldtown has been made and contractor Ed. Wasson will commence operations within the next two weeks. The location is at the lower end of the flats, near the old barn. The well on Hopkins Island, near the poor farm, is good for five barrels, and contains little or no salt water, whereas the other wells in that vicinity are largely flooded with it. Emory & Shaw finished a well on Dawson run last week which for a time looked like a market breaker, but if it settles down to a five-barrel well it will do better than some people think from present appearances. The Jughandle operations, Overlander tract, are suspended for lack of water. Elmer Flemming pulled the casing out of his well opposite Transylvania on the East side of the river Monday. It was 11 1/2.
