VOL. XXXIII. NO. 28.

President Mitchell Issues an Important Statement,

Practically Admits That the Anthracite Coal Strike Will End When All the Operators Post Notices of 10 Fer Cent Scale.

SHAMOKIN, Pa., Oct. 23.-For the test time since the anthracite coal strike began a public appeal for aid was made here yesterday by a committee calling on the business men and pollecting money and provisions for impoverished families of strikers.

HAZLETON, Oct. 23. - President Mitchell, in an interview last night, practically admitted that the anthracite coal miners' strike would end as soon as all the operators posted a notice guaranteeing the payment of a 10 per cent advance in wages until April 1. President Mitchell said: "The prospect of an early settlement of the coal artike is becoming brighter. Some of the operators have not yet posted notices signifying their willingness to fall In line either with the Reading company or with the proposition made by the Lehigh Valley company in the Hazleton region. If all of them notify their employes by posting notices or otherwise that an actual advance of 10 per cent will be paid each mine employe and guarantee its continuance until April 1, together with the abolition of the sliding scale, I believe that the terms would be accepted by the mine workers.

The reduction in powder from \$2.75 to \$1.50 has confused the miners, but some of the operators have so fully explained how contract miners could receive the full advance of 10 per cent as well as all other employes that I believe this obstacle can be overcome."

Although as President Mitchell says, the outlook for an early cettlement of the strike is bright, it is difficult to make a prediction as to when the end will come. Some of the coal companies are showing a disposition not to issue a second notice guaranteeing the ern and the Delaware and Hudson, the officials of which companies are reported to have declined to issue a supple mental notice. The other leaders, however, hope that the companies will in some way make known that they will guarantee the payment of the advance until April 1.

As soon as all the notices guaranteeing the payment of the advance until April I are posted President Mitchell will call a meeting of the national executive board, at which it is believed the strike will be declared off.

The largest labor demonstration ever held in this city took place yesterday, when nearly 7,000 miners paraded the streets. In a carriage at their head rode President Mitchell, who received CAPT, GEORGE STOW POST, No. 274 an enthusiastic ovation all along the line of march. Thousands of miners evening in each month, in A. O. U. W. the city from every mining town in the region to view the parade.

WASHERIES REMAIN OPEN.

To Attempt to Close Them Might Cause

Disorder and Hart Strikers' Cause. SCRANTON, Pa., Oct. 22.-A meeting of the presidents of the Scranton local unions of the United Mine Workers was held yesterday to discuss the advisability of taking aggressive steps towards closing up the washeries. After carefully canvassing the situation it was decided to let the matter rest for a while,

10000000 The fact is that the end of the strike is generally believed to be at hand, mpelled the meeting to refrain from making this move which is generally onceded would be attended with the sossibility of disorder and which would have a tendency to do more harm to the cause than the operation of the

washeries. The general situation was also disussed and one of the presidents at the conclusion of the meeting stated that in his judgment the men would be perfectly satisfied to acept the 10 per cent offer with the powder clause

included. Organizer Fred Dilcher does not talk this way, however. He says the convention demanded a straight 10 per ent advance with the powder question left for future adjustment and that until this demand is complied with to the very letter, the officers have no authority to call off the strike.

He was well known in sporting and fraternal circles.

Fourteen Millions Sent Inland.

NEW YORK, Oct. 21.-Currency shipments by the sub-treasury to various points West and Southwest from the after part of August, when the movement began, to Saturday last, when it practically terminated, amounted to \$14,729,000. Of this amount Chicago got \$2,750,000; Bt. Louis, \$3,300,000; Kansas City, \$200,000, and New Orleans, \$5,467, 900. The money was chiefly used on previous occasions to move the sugar ane crop. This year an exceptionally large amount of money went late the cotton movement, the New Orleans market being more active in that commodity because of the Galveston

NEW POSTAL SERVICE.

Railway Mail Car on D. L. & W. Between Buffalo and New York City.

NEW YORK, Oct. 23 .- Superintendent W. J. Bradley of the railwal mail service here announces a new postal service between New York and Buffalo by the Delaware, Lackawanna and Western line. This went into effect last night on a train leaving New York at midnight and due at Buffalo at 12:45 p. m. today. The return service left Increase and Abolition of the Sliding at 10:30 o'clock this morning. This service will be performed every day, including Sunday.

The night postal trains for Buffalo now leave New York at 6:10 p. m. on the Lehigh Valley; at 9:15 p. m. on the New York Central, and at 9:15 p. m. on the Eric. Superintendent Bradley says the new service will advance a great deal of mail which might otherwise remain over at New York until the following morning.

The Delaware, Lackawanna and Western railroad had built new postal cars for this service. The postal clerks, sorting mails in these cars, will exchange mails at all points along the line where the hour of arrival is seasonable, and will also make direct in-terchanges of mails with side lines at Scranton, Binghamton, Elmira, Corning and other points, as well as at the

MANIACS BREAK LOOSE.

Seven Escape During Revolt at the

Matteawan Insane Asylum. POUGHKEEPSIE, Oct. 22. - There was a revolt at the Matteawan state hospital for the criminal insane at half past 6 o'clock last night when six or eight keepers were assaulted and overpowered by about 20 insane patients. Some of the patients escaped and seven are still at large. One or two of the keepers are badly bruised as result of the assault.

The revolt, it is thought, was caused directly by the cramped quarters at the hospital. Dr. Henry E. Allison, medical superintendent of the institution, said last night: "We are very much overcrowded here and have been for a long time. We have found it absolutely necessary to compel some 200 or more patients to sleep on blankets on the floor in one of the corridors. Our quarters are so inadequate that we have to send some of the attendants and keepers to Matteawan and Fishkill to sleep during the night because we have no room for them. The seven patients who escaped are of course dangerous patients, as all of our patients are, but I do not think that they will commit any depredations while at large. They will naturally run to some vacant buildings or into the woods to prevent being captured."

SLEPT WITH A CORPSE.

Three Men Went to Bed Tegether, One

Died and Another Disappeared. WILKES-BARRE, Oct. 22.-Frank W. Cooper, formerly one of the wealthlest men in Hazleton, died under pe culiar conditions at Liem's hotel here Saturday morning. He was put to bed at 1 o'clock with two friends, Frank Kane of this city and a man named McCloskey, whom he had brought on the train with him. The three men upled one bed and did not remove their clothes. In the morning at 10 o'clock when Kane awoke, McCloskey, who slept in the middle, was missing and Cooper was dead. Kane cannot tell when McCloskey left and the hotel people do not know. The police, too have been unable to find him.

A gold watch and some small change was found on Cooper, and it is not known if he had any money. By appearances death was due to natural causes, but Coroner McKee is investigating the case. Cooper inherited \$300, 000 from his father, and for a time was prominent in banking and manufacturing circles, but he dissipated and some time ago the court appointed a guardian for him, who has allowed him \$100 a week. His wife and one child are at Atlantic City and another child is in Europe.

BRUTAL ASSAULT.

Tramp Clubbed Defeaseless Girl and In-Juries May Prove Fatal.

MACEDON, N. Y., Oct. 23.-While Frank Oulan and his family were at church at Palmyra Sunday a tramp called at his home, three miles south of this village, and demanded money from Maggle Quinn, who had been left at home to take care of the house during

Upon being refused, the tramp struck the defenseless girl over the head with a club, inflicting a terrible scalp wound across the forehead and another deep cut across the back of the head.

With blood streaming down her face she succeeded in making her escape and ran to a distant neighbor's house where she was cared for. The tramp was later found by a posse of men in a neighboring swamp and after rough treatment was looked up to await the result of the girl's injuries. She may

SUMMARY OF THE NEWS

WILLIAM L. WILSON day morning of congestion of the lungs.

He had been failing over since his return from Arizona. His son, Dr. Arthur Wilson of Lynchurg, visited him Sunday and left Monday. Then came the sudden change, Mr. Wilson's attendant physician did not give up hope of his rallying until late yesterday night. He was confined to the house from Tuesday week, but was thought to be improving when his

son left him. He was conscious until the last. By his bedside were his wife, his daughters, Misses Mary and Bettle Wilson, and one son, William H. Wilson,

CHAMPIONSHIP DECIDED.

Pittsburg. PITTSBURG, Oct. 19 .- The agony is over. Brooklyn is champion of the world "baseballically," the owner of the beautiful \$500 Chronicle-Telegraph trophy cup and carries away one-half the gate receipts of the four games necessary to decide their supremacy over Pittsburg. The champions dem-onstrated throughout the series that they were deserving of the league pennant by playing better ball in every way than their opponents, who finished second in the race.

aged 87 years, of Washington, who was an architect of national reputation,
