

Republican Ticket.

NATIONAL. President—WILLIAM MCKINLEY. Vice President—THEODORE ROOSEVELT. STATE. Auditor General—E. B. HARDENBERG, Wayne County. Congressman-at-Large—GALUSHA A. GROW, of Susquehanna County, ROBERT H. FORDEBERGER, of Philadelphia. COUNTY. For Congress—COL. ALFRED A. CLEARWATER, of Elk County. Assembly—A. M. DOUTT, Tionesta Borough. Associate Judge—W. H. H. DOTTERER, Kingsley Twp. District Attorney—SAMUEL D. IRWIN, Tionesta Borough. Coroner—DR. J. W. MORROW, Tionesta Borough.

OUR LOCAL TICKET.

We don't believe in eternally harping on the major, but a few words concerning our local ticket at this time will not be amiss.

COL. A. A. CLEARWATER. Our matchless candidate for Congress, has already been spoken of through these columns, so that his fame and record are quite well known to the voters of Forest county. Every word of encomium which has been spoken of him is true. He is just the right man to send to Congress from this district—the poor man's friend and a staunch supporter of the splendid administration of President McKinley, while his opponent will be just the reverse, and will oppose all measures calculated to enhance the interests of the people because they emanate from the Republican side. His vote against the amendment proposed to the constitution to regulate, control and dissolve trusts should condemn him before the people. Vote for Col. Clearwater and secure the election of a loyal citizen and a brave Union veteran as your Congressman.

DR. A. M. DOUTT. The Republican candidate for Assembly, is so well known to the voters of Forest county that he needs no special introduction at this time. He is a thorough canvasser and a hustler in politics, and we doubt whether he has missed seeing a half dozen Republican voters in the county. At the primaries last spring he was nominated by a safe majority, and is therefore entitled to the earnest and loyal support of the party at the approaching election, which he will receive. Dr. Douth is a gentleman of pleasing address, affable and courteous in manners, and makes friends readily wherever he goes. He has the ability to represent the county at Harrisburg intelligently and wisely, and, as is very essential in a legislative capacity, will make friends rapidly among his colleagues in the House, thus enhancing his usefulness to his constituents. During his long residence here, upward of 22 years, Dr. Douth has made many friends, and in his business transactions is known to be strictly honorable and upright, and we could say nothing in his praise that would add to his reputation and high standing as an honorable gentleman. That he will fill the position of legislator with credit to himself and the people, and to the entire satisfaction of his party there is no question. Vote for and elect Dr. Douth to the Assembly by a rousing majority.

W. H. H. DOTTERER. The Republican candidate for Associate Judge is one of the old and well-known citizens of our county, in which he has resided for upward of 30 years. He was nominated by the Republicans of Forest county at their primaries last spring, making a remarkable run and attesting his popularity as a man and citizen. It is Mr. Dotterer's first asking for an office in the county, although he has held many township offices of trust, but not of profit, all of which he has discharged with credit to himself and his township. He will make an ideal judge, one whose mind and judgment will always be found clear and unbiased. Vote for Dotterer, and honor yourself by honoring an upright, dignified and plain every-day citizen, deserving of your best support.

SAMUEL D. IRWIN, ESQ. is the Republican nominee for District Attorney. Mr. Irwin has so long and so successfully filled the position that nothing we could say would add to his reputation as a faithful and efficient officer. The Republicans nominated him without a contest and he is entitled to the warm support of the party, which he will undoubtedly receive at the polls. His qualifications are too well known to need mention by us. Elect Judge Irwin by an increased majority and retain a faithful and efficient official.

DR. J. W. MORROW. He has made a good officer in this capacity and will continue as such, for he will be elected, having no opposition. Dr. Morrow does not believe in holding inquests and running up large bills where it is not strictly necessary, and in this way he has saved the county many a dollar. Give him your support at the polls. Finally, vote the straight Republican ticket from McKinley to Morrow. It is the duty of Republicans to do so.

THE sound money man who voted in 1896 and fails to do it this year is a melancholy specimen of the quitter. CLEARWATER is the winner.

ALL the living ex-Presidents of the United States are against Bryan, and all the dead ones, presumably being in the better land, are naturally on the McKinley side.

CLEARWATER is the winner. EX-PRESIDENT HARRISON repeats that Bryan's election "would throw governmental and business affairs into confusion." The currents of business are already showing up to some extent because new enterprises are postponed until after the election.

CLEARWATER is the winner. GEN. GROSVENOR's estimate gives McKinley at least sixteen more electoral votes than he received in 1896, and if the General's figures vary materially from the result it will be the first time he has missed since his forecasts became noted in national campaigns.

CLEARWATER is the coming man.

MR. CLEVELAND writes in regard to a letter he sent to business men on financial questions five years ago: "I have not changed in opinion as then expressed in the least." The spectacle of Grover dangling after Bryan and a 45c dollar is not likely to materialize.

WE've got the winner, and his name is Clearwater.

IT is understood that in the event of his being elected President, Mr. Bryan will review the troops as fast as they are withdrawn from the Philippines and have his "dear friend" Aguinaldo come over and assist him in the ceremony. While it might make the Eagle hang his head, the performance would certainly be unique in the world's history.

KEEP in mind that Clearwater will be the next Congressman from this district.

IT is stated that the Flynn-Guffey-Martin combination, styling itself the Business Men's League, is about to start out on a stamping tour in the interest of Democratic and fusion candidates for the Legislature. It is difficult to see how these gentlemen can pose as Republicans while stamping the State in the interest of Mr. Guffey for United States Senator. —Penny Spirit.

Hill's Speech.

The New York Sun assures us that if the Hon. David B. Hill were perfectly frank with his audience in his present campaigning tour, he would say this: "Mr. Chairman and Ladies and Gentlemen: I am not going about the country eating my words of 1896 and pretending to be horribly scared by imperialism and trisism, because I like the business. I have no special fondness for standing on my head and I am too old to relish making a show of myself. Nor do I enjoy being betwacked and bethumped by Mr. Croker. But I have resolved for my own sake to suppress my feelings. I may be sore all over, but I will be a Democrat in good and regular standing. I will help inter-Crusianism decently. The great thing is to get Mr. Bryan out of the way. Next November will finish him and I shall have done my duty to him and more particularly to myself. Then, I hope and believe the old stagers will have a chance again. Then, the Bryan experiment having failed the old Democratic policies and leaders may be held in honor once more. And if the Democrats want a tried and faithful man, a line will always reach me at Wolfers' Row. I don't care much about being right, but I should like to be President." This is undoubtedly about the way Mr. Hill feels. He may talk differently, but it would hardly be possible for a man of his age to undergo a complete mental revolution in four years.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials. Address, F. J. Letter to J. B. Eden.

Tionesta, Pa. Dear sir: When you build a house you want a good paint next the wood—it goes a long way in taking care of the wood. The paint that has the best chance to be useful is this first coat: first two coats; first three coats. The first takes care of the wood; the second takes care of the first; the third takes care of the two. All three become one; and that one is to last forever. "Forever" means as long as the house lasts. The way to make the first painting last, as long as the house, is to follow it up with repainting often enough.

How often? depends on the paint. Repaint while the paint is still waterproof. All the wear is outside; there is no wear on the under paint. This is how the first painting lasts forever: by keeping it covered; keeping it sound. And this is the cheapest way to take care of a house. But how often to paint depends on your paint. If you paint lead and oil, paint again in three years or less; if Devoe lead and zinc, paint again in three years or more. That "less" and "more" are about as one to two. Devoe lead and zinc takes care of a house at half cost, because it lasts twice as long as lead and oil.

Yours truly, F. W. DEVOR & CO.
