SEA GIVES UP ITS DEAD.

Bodies of 25 Victims of Yarmouth Disaster Recovered.

Storm Still Rages on Coast—Nearly All the Bodies Found Had Life Belts Fastened to Them and Were Cut and Bruised From Being Battered by the Waves. YARMOUTH, Nov. 12.—The shore of this county for 10 miles east and west is strewn with wreckage of the hull and cargo of the steamer City of Monticello which foundered Saturday morning, and 25 bodies of victims of the disaster have been recovered from the sea, which is still raging with terrific fury. It is a coincidence that the ship Peter Stewart was wrecked off this shore a few years ago, in the month of July and a boatload of men came in where the Monticello's boat was found. Half of the men were dead before the boat touched the land and many believe the same was true of those in the Monticello's boat. The fury of the surf is simply appalling in this region. The total number of people who were on board is now placed at 36. The survivors are Captain Smith, a passenger; Third Officer Fleming, Quartermaster Wilson and Stewardess Smith. The three men saved agree that the cause of the disaster was, briefly: The steamer was rounded for hours by sea and gale, sprang a leak and filled, became unmanageable, broke apart and foundered. The sea is not remembered to have been so heavy on the coast for many years.

LI GIVES UP IN DESPAIR.

Says He Has Lost All Hope For a Peaceful Settlement. LONDON, Nov. 8.—"Li Hung Chang telegraphs," says the Shanghai correspondent of The Daily Express, "that he despairs of a settlement and that it is useless to expect the Chinese court to consent to the execution of Yu Hsien or Tung Fu Hsiang. He declares that it is equally vain to attempt to induce the powers to moderate their demands and that, therefore, the court is preparing for a further flight to the province of Sze Chuan, with an imperial army of 14,000."

Understanding Reached.

BELLING, Nov. 12.—The following is the full text of the statement, evidently inspired, in the Cologne Gazette of Saturday as to the understanding reached by the representatives of the powers in Peking regarding the Chinese settlement: "Four parleys between the envoys in Peking for the purpose of agreeing upon the fundamentals for peace negotiations with the Chinese plenipotentiaries preceded favorably in the whole series of important points. An agreement has been reached between the powers, particularly regarding the punishment of the main culprits, the mandarin and prince; also regarding the witnessing of the execution of such punishments by representatives of the powers; also regarding the principle of paying damages to the several governments of the state of Maine, as announced, \$25,238,904. For the last 10 months the total was \$65,918,878, an increase as compared with the corresponding period of 1890 of \$2,055,000.

REVIEW OF TRADE.

Bradstreet's Report on Conditions of Business Throughout the Country.

NEW YORK, Nov. 10.—Bradstreet's review of trade says: It is from that long time barometer of trade, the iron business, that relatively the best reports as to the demand and price come. While a considerable volume of business was undoubtedly placed just previous to election, the quantity of sales reported since has been very satisfactory. Chicago reports the past week's sales of pig at 75,000 tons, the largest of any week this year. A similar report comes from Birmingham, where 110,000 tons are reported placed within the past 10 days, while Pittsburgh reports the sales of finished material the heaviest since last spring. A similar report as to sales of pig iron comes from Cincinnati. The iron sales have been largely at an advance of 50 to 75 cents per ton, while bars, plates and structural material have either advanced or the makers are now holding meetings to agree upon increases. A heavy business has been also done in rails at full prices. Some heavy sales of bridge material and structural steel are reported at New York. Tin is slightly higher after the late weakness. Hopefulness as to improvement in fall demand, now that the election is over and cold weather has arrived, is reported in all sections, but nowhere is the feeling of confidence so marked as in the South. In the West drygoods, clothing shoes and hardware are moving better. In the East leather, shoes, wool, tobacco and coal are firm, and the outlook for business is regarded as favorable. Wheat, including flour, shipments for the week, aggregate 3,555,507 bushels, against 3,612,421 last week. Corn exports for the week aggregate 3,287,427, against 3,929,110 last week. Failures for the week in the United States number 161, against 165 last week. Canadian failures for the week number 17, against 16 last week.

DIED OF EXPOSURE.

Henry Lemaire Perished in a Storm While Hunting Deer. PLATTSBURG, N. Y., Nov. 12.—Henry Lemaire, coachman for Assemblyman C. E. Johnson of this village, perished from exposure in the storm. In company with two companions he had started on a deer hunt in the neighborhood of Lyon mountain. The three men were bewildered by the falling snow and became lost between Lyon mountain and Ellenburgh mountains and the body of Lemaire became completely exhausted early Saturday morning and was unable to proceed. His companion with great difficulty managed to reach a logging camp from which a searching party started out but were unable to find the spot where Lemaire was left. The search was continued yesterday from Lyon mountain and the body was found in the morning. Lemaire was shot in the hand some time ago in an encounter with a burglar and was taking a vacation at that account.

HEAD OF THE HOUSE.

Judge Purnell Decides That Woman Holds That Position. RICHMOND, Va., Nov. 10.—Judge Purnell of the United States circuit court of appeals has put the women of Virginia in a position to defy the men by holding in a decision that a married woman living with or apart from her husband is the head of the house. Some time ago Mrs. Marion Richardson, a storekeeper, filed a petition in bankruptcy and at the same time she claimed \$2,000 under the Homestead Exemption act. Judge Waddell declined to grant her petition on the ground that as she was married and living with her husband, she was not the head of the house. HARRISBURG, Pa., Nov. 9.—The Pittsburg express, the flyer bound for New York, wrecked near Bailey's Station, about 20 miles west of this city. The train was not going at full speed, owing to orders regarding an alleged defective switch, and to this fact is believed to be due the escape of 100 passengers from death. The injured were brought to the Harrisburg hospital. The accident was due to derangement of the tender. The engine stopped the train within its length. The wrecked train was composed of a combination car, two coaches and four sleepers. None was telescoped or overturned, but the coaches were jerked from their trucks and more or less damaged. One car in swinging around struck the block tower at Bailey's and the concussion threw the operator out of the door on top of the coach. The tracks were blocked for four hours and all traffic was suspended.

HENRY VILLARD'S FUNERAL

He Will Be Buried Wednesday in the Lot Where the Remains of His Son Rest.

NEW YORK, Nov. 13.—Henry Villard, the financier, died early yesterday morning at his summer home, Thorwood Park, near Dobbs Ferry. The cause of death was apoplexy, from which he had been suffering for several weeks. A week ago he contracted a severe cold which hastened the end. Mr. Villard had been unconscious nearly all the time since last Tuesday. When death came there were gathered around the bed Mr. Villard's wife, who was a daughter of William Lloyd Garrison; his sons, Oswald G. Harold G. with his wife; Mrs. William Lloyd Garrison of Boston, his sister-in-law and Mr. Villard's only daughter Mrs. James W. Bell of Dresden, Germany. In addition to the family Mr. Villard leaves a sister, Mrs. Emma Von Nylander, wife of General Robert Von Nylander of the Bavarian army. Mr. Villard had resided in Dobbs Ferry during the summer months for the past 15 years. It has been alleged that the funeral will take place from the residence on Wednesday afternoon at 2:30 when the services will be conducted by the Rev. Theodore C. Williams of Tarrytown. The interment will be in the family plot in Sleepy Hollow cemetery, where repose the remains of his youngest son, Hilgard, who died when 5 years old, and who drove the golden spike completing the Northern Pacific railroad, of which his father was president. It had been the intention of the Villard family to return to their New York city home about the middle of October, but the health of Mr. Villard was so precarious that his physician persuaded him to remain in the country until he should become stronger. Harold Villard last night stated that a report had been circulated that his father had died from the effects of a cancer in the throat. This statement he said was erroneous. Mr. Villard's death was caused by apoplexy alone and he had never had a cancer in the throat or other serious throat trouble.
