QUEEN VICTORIA DEAD.

Victoria, the beloved Queen of England, breathed her last at 3:30 last evening. Edward VII, the Prince of Wales, is now King of Great Britain.

It is said that the Insurgents had \$250,000 at Harrisburg with which to purchase ten votes to prevent Quay's election. If reports are true, they were successful in landing a few, though, thank the Lord, there are still men who cannot be bought.

In spite of all that has been said against Senator Quay, it must be admitted that his vote in the Senate has been rarely recorded on the wrong side of an important question. Almost always he has supported the good and opposed the bad.—Chicago Tribune.

ACCORDING to a statement by Forestry Commissioner Rothrock the impression is very general that the State owns game preserves, and many letters are received from persons who want to know if they may fish and hunt on the State reservations. Dr. Rothrock says it is his desire to have every citizen of the State feel that the lands which the State purchases are for the good of all its citizens and that one has as much right there as another so long as he observes the laws. The hunters and fishers are entitled to use the State lands so long as they do not violate the hunting and fishing laws, and the persons who use the lands for these purposes are appealed to by the Forestry Commissioner to use their efforts to prevent forest fires and the destruction of timber in other ways.

We have always maintained that the trust evil was more or less of a bugaboo held up on election day to frighten the timid, and that the natural laws of trade, and the spirit of enterprise and competition would not permit a really injurious trust long to exist. The bad trusts will kill each other. They are now fighting like cats and dogs. The meat trust is now engaged in fighting the salt trust, by going into the salt business itself. The steel trust, of which Mr. Carnegie is the head, is building a \$12,000,000 plant for the manufacture of tubing, to knock out the tube trust. And thus it works. This sort of warfare on trusts is more effective than any legislation. A trust that, by means of superior brains and facilities, obtains a monopoly of a business because it can afford to undersell all competitors, is beneficial. A trust that is a mere combination of concerns to advance prices beyond a normal profit, is a conspiracy against the consumer, and ought to be destroyed.—Penny's Spirit.

Congressional Apportionment.

Someone has proposed a bill to re-appoint the State in Congressional districts, making thirty-two in all, the number to which this State will be entitled under the new law of Congress. The basis, or ratio, will be 194,182 population to a district, which will entitle Philadelphia to seven members and will include districts 1, 2, 3, 4, 5, 6 and 7. Allegheny will be entitled to four members, and will include districts 11, 22, 23 and 24. Under the proposed bill the other districts would be as follows:

- District No. 8—Chester and Delaware counties, population 190,457.
- District No. 9—Berks and Montgomery counties, population 216,185.
- District No. 10—Wayne, Pike, Monroe, Carbon and Northampton counties, population 294,295.
- District No. 11—Berks and Lehigh counties, population 232,598.
- District No. 12—Lancaster and Lebanon counties, population 211,608.
- District No. 13—Schuylkill county, population 172,927.
- District No. 14—Luzerne county, population 237,121.
- District No. 15—Lackawanna county, population 193,881.
- District No. 16—York, Adams and Cumberland counties, population 291,253.
- District No. 17—Dauphin and Northum-

berland counties, population 265,854.

- District No. 18—Susquehanna, Sullivan, Wyoming, Bradford, Columbia and Montour counties, population 184,154.
- District No. 19—Franklin, Mifflin, Juniata, Snyder, Perry, Union and Lycoming counties, population 231,938.
- District No. 20—Bedford, Fulton, Huntingdon, Clearfield and Centre counties, population 367,550.
- District No. 21—Cambria and Blair counties, population 189,908.
- District No. 22—Armstrong, Butler, Jefferson and Clarion counties, population 202,009.
- District No. 23—Fayette, Green and Somerset counties, population 188,154.
- District No. 24—Westmoreland and Indiana counties, population 292,731.
- District No. 25—Washington, Lawrence and Beaver counties, population 205,055.
- District No. 26—Mercer, Venango, Forest, Cameron and Elk counties, population 185,015.
- District No. 27—Erie, Crawford and Warren counties, population 201,002.
- District No. 28—Tioga, Potter, Clinton and McKean counties, population 160,107.
- Only three of the districts are reliably Democratic, the Tenth, Eleventh and Sixteenth districts. The only doubtful districts are those in the anthracite coal regions, the Thirteenth, Fourteenth and Fifteenth districts. But with strong Republican candidates nominated the Democrats could carry no more than the three districts conceded to them.
- The bill makes some very awkward divisions. For instance, the 30th, in which Forest county is located, is about 130 miles in length with an average width of about 22 miles. The bill will likely see some rough sailing before it becomes a law.

Remarkable Cure of Rheumatism.
—There is more catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease, and prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Science has proven catarrh to be a constitutional disease, and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only constitutional cure on the market. It is taken internally in doses from 10 drops to a teaspoonful. It acts directly on the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials.

OBJECT TO BISHOP POTTER.

Pennsylvania's first—and last—Anglican bishop has been elected. Bishop Potter, of New York, is the one who has been elected. The trustees of the university of Pennsylvania were surprised to learn that there was some dissatisfaction among the students because of the selection of Bishop Potter to deliver the address at the University day, Feb. 2. The objection to Bishop Potter is due to the address made by the Rev. Wayland Hoyt at the meeting a week ago. Mr. Hoyt described Philadelphia as a seat of moral corruption and an unsafe place for parents to send their sons to college. The students are of the opinion that Bishop Potter harbored those opinions, and hence the opposition to him.

It is said that the students intend to present a petition to President Harrison requesting that someone else be substituted for the bishop.

OUR ANNUAL ANNOUNCEMENT.

Question Answered.
Yes, August Flower still has the largest sale of any medicine in the civilized world. Your mothers and grandmothers never thought of using anything else for Indigestion or Billousness. Doctors were scarce, and they seldom heard of appendicitis, nervous prostration, or heart failure, etc. They used August Flower to clean out the system and stop fermentation of undigested food, regulate the action of the liver, stimulate the nervous and organic action of the system, and that is all they took when feeling dull and bad with headaches and other aches. You only need a few doses of Green's August Flower in liquid form, to make you satisfied there is nothing the matter with you. Get Green's Prize Almanac at The Davis Pharmacy, Tionesta.
