

ANNOUNCEMENTS.

Rates-County Treasurer, \$10. State Delegate, \$5. County Surveyor, \$3. Cash must accompany the order for announcement.

COUNTY TREASURER.

We are authorized to announce CALVIN M. ARNER, of Tionesta, as a candidate for County Treasurer, subject to Republican usages. Primaries-Saturday, May 4, 1901.

A FEW months ago Chairman Jones was claiming the earth. Now he even refuses a slice of China.

A FAVORITE Chinese mode of committing suicide is to eat a quantity of gold leaf, in which case a Chinaman is worth more dead than alive.

It is the boast of Senator Tillman that he is a self-made man. If he could have had a little help, perhaps he might have been a little more friendly to the rest of us.

The House of Commons is about to impose a duty on sugar. This departure from England's traditional policy is made because of the dire necessity of raising funds for meeting the enormous expenditures in South Africa.

The death of ex-President Harrison is hourly expected, he having in the past twenty-four hours been steadily growing weaker. He has been unconscious for some time, and at 2:30 this morning was breathing with difficulty.

A BILL appropriating \$55,000 for Pennsylvania's representation in Buffalo has been signed by the Governor. The amount is sufficient to build a State building and maintain it for the convenience of citizens of the Commonwealth who visit the Exposition the coming summer.

SENATOR SNYDER, of Chester county, has introduced a bill in the legislature abolishing the public holiday on February 12th, Lincoln's Birthday, and providing that the second Monday in August be made a public holiday, and that it be known as "Lincoln's Commemoration Day." The object of the bill is to have Lincoln's birth and the emancipation of slaves commemorated on the same day.

THE death of Christopher Lyman Magee, at his temporary home in Harrisburg last Friday, removes one of the leading politicians of the State for the past twenty years. He was a member of the State Senate from Pittsburg, president of the Consolidated Traction Company of that city, director in several banks, trust companies and insurance companies of western Pennsylvania. He was president of Mercy Hospital, of Pittsburg, an institution in which he took an especial interest and to which he was a liberal contributor. Mr. Magee held a controlling interest in the Pittsburg Times and directed the policy of that paper. His funeral in Pittsburg yesterday was an imposing affair, participated in by many of the leading business men of the city and political leaders from many quarters.

THE island of Panay is pacified, according to the latest advices. All the insurgents in that part of the Philippines appear to have laid down their arms. Not much of the insurrection seems to be left in Luzon either, and Luzon was the headquarters and distributing center of Aguinaldo. The troops who have been in the Philippines for the past two years are returning home, and others are taking their places. The new soldiers are likely to have very little complaining. This is satisfactory to the country. The islands will have to be garrisoned by a large force for a year or two yet, but the end of the rebellion has virtually been reached. If Aguinaldo is alive he could come into the American lines without attracting any particular attention. He no longer possesses power to do any harm to the United States.

MANY of the men who are at the front in Cuban affairs seem to think their island owes nothing to the United States. An acknowledgment of gratitude or any sort of concession to the Americans they say, would "endanger the sovereignty of their republic." Who gave them the chance to organize a republic? If the United States had not intervened in the spring of 1898 the rebellion would have been suppressed by the end of that year. Instead of having Gen. Wood for a Governor they would have Weyler, with all the disastrous consequences to themselves that Weyler's victory would bring to them. The antics of the men like Cisneros and the rest of the Yankee-haters in the island give some color of truth to the assertion of Many Englishmen, Frenchmen, Germans and other foreigners that the Cubans do not know the meaning of rational freedom, and do not deserve it.

The States' Finances.

The net amount of the State revenues for the fiscal year ended November 30, 1900, as shown by the last annual report of State Treasurer James E. Barnett, was \$14,289,820.85, an increase of \$2,059,252.74 on the gross receipts for 1899. Colonel Barnett estimates the State revenues for the current fiscal year at \$12,319,875 and the payments at \$12,984,825.50, which is exclusive of any sum which may be appropriated to complete the capitol.

In submitting these figures to Governor Stone the State treasurer says the business condition of the country and that the Commonwealth is able to meet its obligations promptly and without any embarrassment.

The auditor general estimates that the total revenue for each of the next two years will be \$15,727,000. The probable outlay for the necessary expenses of the State government for each of the two years, including \$5,000,000 to the public school districts of the State, will be about \$11,500,000. In addition to that it is proposed to appropriate an additional \$1,000,000 to the public schools to make up the cut made in the last school appropriation and at least \$1,000,000 a year for the construction of the State capitol building.

A Popular Vote for Senator.

It is useless for the Legislature of Pennsylvania to pass resolutions in favor of a popular vote for United States Senator. The Republican organization is committed to the reform, our State conventions have endorsed it and if this State could bring it about there would be a constitutional amendment. But it is helpless. The Senate of the United States shows no signs of paying attention to petitions. To secure a popular vote will require organization.

It would seem as if the Senate had had enough lessons of late regarding the inadequacy of the present system. Delaware is now without a member of the Senate. Montana has just managed to pull through on the last day of the session by taking up a person who had not been seriously thought of. Nebraska is in a deadlock with two regular vacancies to fill, both of which should be filled by Republicans. Senator Allen, populist, is temporarily occupying one of the seats to which he was appointed by the Governor and which he will continue to occupy until the Legislature elects. There are only a few more days of the Nebraska legislative session, and it would not be surprising if there should be no election. Oregon has got through a long struggle, while the history of Pennsylvania is still fresh. One would naturally think that the Senate would welcome a constitutional amendment providing for a popular vote, but not so. The Senate is very conservative. Anything like change appalls it. Consequently, if it is to act at all it must be forced by the States.

And how can that be done? Easily. Here is the Constitutional provision: The Congress, whenever two-thirds of both Houses shall deem it necessary, shall propose amendments to this Constitution, or, on the application of the Legislatures of two-thirds of the several States, shall call a convention for proposing amendments.

When this has been done the ratification of the amendments by two-thirds of the States makes the amendment valid. It appears that the only way by which a popular vote is to be had is to secure concerted action by the various Legislatures. The sporadic passage of resolutions will have no effect. There must be a strong organization of National scope, which will submit a draft of an application to each Legislature and work for its adoption. If there is any other way to accomplish the purpose we do not know what it is, for the Senate itself won't budge. -Phila. Inquirer.

Mistaken Charity.

It is a hard matter to refuse a man a quarter who says he is hungry and wants to buy food. But if the man is healthy, and has brought destitution upon himself by vicious habits, he deserves to suffer the natural penalty-deprivation and want. It is weakness and not charity which gives to the man who has the means and energy to presume to prey upon the industry of others. It is unjust, because it encourages idleness and vagrancy. Our charity should be extended to the deserving. If we fail to discriminate between the poverty which is the result of misfortune and the poverty which comes from vice and idleness we are committing a crime against the deserving. There are thousands of incidents where men and women are making the most heroic efforts to support a family of children in the midst of an almost overwhelming tide of misfortunes, and who have too much respect to ask for assistance. These are constantly being neglected, and our sympathies wasted upon the impudent and shameless beggar who prides himself on his ability to live without industry. When a healthy tramp calls at your back door and asks for a "hand out," as he calls it, your natural impulse is to give, because it seems inhuman to permit a man to go hungry. You forget that he deserves to go hungry, and that his hunger should drive him to some form of useful industry instead of driving him to your back door. He has no right to expect to live upon your industry. There are thousands of opportunities to be charitable without encouraging vice and idleness, and you should not satisfy your charitable instincts by wasting them upon the undeserving and neglecting the worthy. -Penny's Spirit.

There is more Catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease, and prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Science has proven catarrh to be a constitutional disease, and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only constitutional cure on the market. It is taken internally in doses from 10 drops to a teaspoonful. It acts directly on the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials. F. J. CHENEY & Co., Toledo, O. Sold by Druggists, 75c. Hall's Family Pills are the best.

Home-Seekers' Excursions.

On the first and third Tuesdays of each month the Chicago, Milwaukee & St. Paul Railway will sell round-trip excursion tickets from Chicago, Milwaukee and other points on its line to a great many points in South Dakota, North Dakota and other Western and Northwest States at about one fare. Take a trip west and see the wonderful crops and what an amount of good land can be purchased for a little money. Further information as to rates, routes, prices of farm lands, etc., may be obtained by addressing W. S. Howell, General Eastern Passenger Agent, 281 Broadway, New York, or John R. Pott, District Passenger Agent, Pittsburg, Pa.

Does it Pay to Buy Cheap?

A cheap remedy for coughs and colds is all right, but you want something that will relieve and cure the more severe and dangerous results of throat and lung troubles. What shall you do? Go to a warmer and more regular climate? Yes, if possible; if not possible for you then in either case, take the only remedy that has been introduced in all civilized countries with success in severe throat and lung troubles, "Boesche's German Syrup." It not only heals and stimulates the tissues to destroy the germ disease, but always inflammation, causes easy expectoration, gives a good night's rest and cures the patient. Try one bottle. Recommended many years by all the druggists in the world. Get Green's prize almanac at The Davis Pharmacy.
