—Queer weather these April days, though, as Hicks predicted, we might have expected it. Friday night and Saturday's storm of snow and sleet was very severe on shade and fruit trees throughout the land, and although along the rivers and in the valleys the damage was not so noticeable, out on the hills many trees were ruined by broken limbs, and in some instances entirely uprooted. The clinging sleet, it is thought, will severely injure the fruit prospects in some localities.

—Chairman Q. Jamieson to-day issues his call for the Republican primaries on Saturday, May 4, in pursuance of a resolution of the County Committee at its meeting in February. It is essential that all Republicans of the county should attend the primaries and cast their votes for the candidate of their choice, thus minimizing the cause for any future dissatisfaction with the make-up of the ticket. Don't stay away from the primaries. Election boards will find the party rules printed in this issue. They are simple and easily understood, and must be rigidly enforced.

—The United States Supreme Court has decided a number of cases, involving the validity in one state of divorce decrees granted in other states. The court held, practically, that in cases in which the decree is granted in states where the husband and wife have made their legal residence, it is valid in any other part of the United States, but that in other cases, in which there is no legal residence in the state in which the decree is granted, they are invalid. This sort of decision by so high a tribunal is apt to cause much consternation in high life, since many in "high social standing" have only such a flimsy excuse as a Dakota divorce on which to rest their claims of separation from their first love, and have gone and got married again.

—The popular temperance lecturer, Mrs. L. E. Bailey, who begins her work in this county May 1st, under the auspices of the W. C. T. U., will lecture in Tionesta Friday and Saturday evenings, May 3d and 4th. Mrs. Bailey comes with strong endorsements from National and State official leaders; favorable criticism by other platform workers, and by the press in many States. "She is clear and forcible in style, persuasive in argument, pathetic in appeal. She fails to convince only the most obstinate. She is a credit to and will grace the best platforms in our land as a prohibition or temperance speaker." No one should miss the opportunity to hear this earnest, gifted woman. Her lectures will be delivered in the M. E. church, beginning at 8 o'clock.

—The Kane Republican says of a former resident of Marienville, this county: M. N. Zeller is upon the streets again, for the first time since his unpleasant and very dangerous experience of last week. The press dispatches of last Thursday contained an account of the accidental poisoning of several people at Caledonia, Pa., by eating wild parsnip grated and served as horse radish. Mr. Zeller was one of the number. He boarded the train immediately after eating his dinner and was able to get as far on his road towards home as Johnsonburg, where he was overcome by the effects of the poison. He was taken from the train and placed in a hotel at that place; Mrs. Zeller was summoned and remained with him until his removal to Kane on Saturday. Mr. Zeller says that there were fifteen people at the dinner where wild parsnip was served, most of whom partook of it, but so far as he can learn there were no deaths from its effects.

—Elsewhere in this issue will be found a notice of application for charter incorporating the "Forest Chemical Co.," which was organized at Kane last week, but will have their works in this county. The incorporators are Frank McNeal of Sackett, Elk county, J. L. Metz of Burroughs, E. A. Yetter of Marienville, B. E. Carrier of Kane and G. L. Lott of Warren, and their main office will be located at Kane. The company has secured an immense body of wood suitable for the manufacture of chemical extract, and as the business is a profitable one there is scarcely any question of the success of the undertaking. The works will be located near the mouth of Blue Jay creek, at Lynch, Howe township, and on the line of the Tionesta & Sheffield Railroad. A large force of men will be employed in the cutting and delivery of wood to supply the works, and dissection of country will be a scene of life and activity in the near future. The capital stock of the company is \$50,000, all of which is already subscribed and taken. This will be the first institution of the kind in Forest county.

—Mrs. Corinne Redfield, an aged lady residing with her son, Harry Redfield, on the Shamburg road, was frightfully injured by an infuriated cow Tuesday. The cow had recently come in and Mrs. Redfield was trying to separate her from the other cows when the mad creature attacked the woman, knocking her down. Joseph Swanz, a young man who lives on the same road, was passing when he heard the woman's cries for help. Swanz went to the rescue, striking the cow on the head, and finally succeeded in driving her off and assisting the woman to her feet and a place of safety. Even after the victim was trying to gather her strength by leaning against the fence, the cow again attempted to get after her. The poor woman was badly used in the encounter, her body and one side of her face being a mass of bruises. No bones were broken, but her condition is considered critical, blood poisoning being feared. Young Swanz' courage in fighting the vicious brute is highly spoken of.

—Tionesta Herald. Mrs. Jacob Smar, daughter of this place, daughter of Mrs. Redfield, went to her mother's bedside last Saturday.

—High School Commencement. Patrons of the schools and all other citizens of the borough should keep in mind the Commencement Exercises of the Class of '01 in the court house next Tuesday evening. The program has already been published, and it is of sufficient variation to interest the audience during the whole evening. McNaughton's orchestra has been engaged and will render a number of beautiful selections in its classic and inimitable style. In order to defray this extra expense the small sum of ten cents admission fee will be charged adults, all pupils being admitted free. It is hoped there will be a good turnout, and that the large court room may be comfortably filled. It is suggested that parents accompany their children on this occasion, and be seated with them so that they may assist them in keeping perfect order during the rendering of the program.

In the extreme northwestern portion of that State. He will be absent about six weeks.

—This evening at 4 o'clock our genial friend Axel Arnsen, foreman on the Tionesta section of the Pennsy's road, will lead to the hymeneal altar Miss Bertha A., the fair daughter of A. F. Moore, whose farm is in Tionesta township, located on the Hunter run road. The ceremony will take place at the bride's home in the presence of the immediate friends of the contracting parties. Axel's many friends will wish him and his bride greatest happiness and prosperity.

—A private letter from Mrs. Bell, wife of Rev. A. T. Bell, who is with her husband at Wichita, Kansas, is not as reassuring to Mr. Bell's friends as they had hoped. The patient is receiving the best of treatment and care, and his many friends hereabouts will anxiously await more favorable reports.

Harry Lovel's House Burned.

The dwelling house of Harry Lovel, on his farm situated near the top of Ross Run hill on the Whig Hill road, about two miles from Starr postoffice, was totally destroyed by fire last Wednesday forenoon. Practically everything in the house was destroyed, not one but Mrs. Lovel being at home when the fire was discovered, Mr. Lovel being absent at his work, and neighbors being located some distance from the scene. When discovered the flames had gathered such headway that in a few moments almost the entire building was enveloped. A stranger traveling that way rushed in to save what he could, leaving his coat on the outside. He succeeded in rescuing only a few trifles, and when he picked up his coat found that the heat had burned a great hole in the back. Mr. Lovel had no insurance, and the loss, which is in the neighborhood of \$1000, falls very heavily upon him. Many articles which he valued highly and which can never be replaced were lost, together with all the family wearing apparel.
