

THE FOREST REPUBLICAN.

J. E. WERNER, Editor & Proprietor. WEDNESDAY, MAY 3, 1901.

Calendar for May 1901 showing days of the week and dates from 1 to 31.

REPUBLICAN TICKET. COUNTY. County Treasurer, CALVIN M. ARNER, Tionesta.

THE REPUBLICAN PRIMARIES.

The Republican primary election last Saturday passed off without excitement or special incident, and the vote polled, considering the few candidates in the field, was exceptionally large.

Table showing election results by district, listing names like Clarrington, Redeflyff, Nebraska, etc., with corresponding vote counts.

The South takes kindly to an expansion President.

With the South Carolina Bourbon party now proceeded to disfranchise the McLaughlin men?

The Republican State Convention will be held Wednesday, Aug. 21st next in the opera house at Harrisburg.

A more important fact than the speculative fever is that crops in the United States are in an excellent condition.

In their swing around the continent the President and cabinet will be in touch all along the front with a patriotic and prosperous people.

The President's speeches in the swing across the continent have a freshness and point that even his unfriendly critics are disposed to acknowledge.

BEFORE the end of the present year forty-two beet-sugar factories will be in operation in the United States. The industry is now established and its rapid growth is more than probable.

THERE may be such a thing as too much prosperity. A large woolen-mill in Manayunk, Pa., has been closed two weeks because cars enough could not be obtained to carry away the products.

ABOUT all that remains of hostilities in the Philippines is due to the hands and they have been a plague of all classes in the island for centuries. But brigandage has never flourished in the neighborhood of Americans.

DAVID B. HILL remarks that he is not in training and that "no one can now tell what can or what ought to be done in 1904." David is too old a politician to be caught out of breath when he reaches the starting post.

In March the British loss in South Africa was 476 men killed and wounded, 30 captured, 425 died from disease and 3069 sent home as invalids. The cost of the guerrilla warfare is still at the rate of nearly 100,000 men a year.

In Pharaohs' Land.

LUXOR, Egypt, April 3, 1901.

Dear Editor:—Two weeks' wanderings amid the wrecks and ruins of time leaves a very marked impression upon one's mind.

At first one is filled with astonishment at the colossal ruins, the magnitude of the work, the labor, cost and time consumed. Then one becomes interested in the inscriptions which tell the story of the glory of departed kings, their victories over other nations through devotion to their heathen gods.

Our visit to Cairo was broken into by a trip up the Nile which it was deemed wise to take before the heat became too great, as the season is much hotter than last year.

Our first stop up the Nile was at Luxor, 480 miles from Cairo which was done by rail at night. This is the center of Egypt's most famous ruins, and the place where we began our real experience of eastern travel.

At Luxor we were met by our guide, Ibrahim, and our donkeys for a visit to the tombs of the kings. We were promptly on time and just as the moon was sinking behind the mountains in the west we passed out through the rear door of the hotel, through the delightfully pleasant little park that surrounds it, down to the banks of the Nile into a couple of boats to cross to the west side, where our donkeys were waiting.

A string set of Resolutions was adopted by the convention, which we will publish next week. The convention was harmonious and pleasant, and the deliberations were of that sort that augurs well for future victory.

Following is the vote in detail on the question of County Treasurer:

Letter to J. W. McCrea.

Tionesta, Pa.

Dear Sir:—Paint is one of the things that Railroad Companies know all about. Do you know what "all about" means? It means, in paint, where to get.

We sell the paint for two-thirds of the cars and stations and bridges and every thing else, that railroad men want to keep good looking and sound, all over the country.

A man who wants a gallon or two of paint knows nothing about it; buys what ever is handy, or gets some painter to "make" it.

A Railroad Company asks its chemist: "which is the best?"

The cheapest thing, to preserve or beautify anything with, is paint. So the whole world is painted; except, of course, the part of it owned by the poor slow folks.

And the paint they use is people's intelligence-meter; or ignorance-meter; tells how much or how little they know.

Lead and oil has had its day. Devoe lead and zinc is the paint, because it wears twice as long.

Yours truly, F. W. DEVOE & CO. P. S.—James D. Davis sells our paint in your section.

Good Advice.

More than seventy-five per cent of the people in the United States are afflicted with these two diseases and their effects: Sour Stomach, Sick Headache, Habitual Costiveness, Palpitation of the Heart, Hart-burn, Water-brash, Gnauling and Burning Pains at the Pit of the Stomach, Yellow Skin, Coated Tongue and Disagreeable Taste in the Mouth, Coming up of Food after Eating, Low Spirits, etc. Go to your Druggist and get a bottle of August Flower for 75 cents. Two doses will relieve you. Try It. Get Green's Prize Almanac.
