That's the way we buy our wall papers. That's the reason we can sell you such beautiful patterns at such moderate prices. Most factories allow jobbers and bookmen to pinch out profit at your expense. These jobbers and bookmen sell the same patterns to every store in town. We buy Pittsburgh Wall Paper because we get it direct. We're convinced that Pittsburgh Wall Papers are considerably better in beauty and color than any others. We have a hand-some catalogue for you, containing 24 actual reproductions of wall papers, decorative ideas, and artistic interiors.

There was considerable frost Sunday and Monday nights, but it is thought the fruit crop is not materially injured. However, according to blossoms there isn't much prospect for a large yield in this section anyhow.  
The REPUBLICAN'S office force is under obligations to Jacob Bush, whose farm is located near Starr, for a supply of nicely preserved eating apples. Jacob has evidently a nice orchard on his place if this is a fair sample of what he raises.  
In our published list last week of the new members of the county committee elected at the recent Republican primaries, the names of Dr. J. C. Dunn, of the borough, and J. W. Mong of Tionesta township, were inadvertently omitted.

A national holiness camp meeting will be held at Crystal Springs park, between Pleasantville and Titusville, July 12 to 21, inclusive. A number of prominent speakers from all parts of the country will be in attendance. The park is a very pretty and comfortable spot located on the trolley line, and doubtless a large crowd will be gathered there during the meetings.

By an oversight we omitted last week to mention a very pleasant banquet given by Mrs. L. J. Hopkins to the teachers, the alumni and the class of 1901 recently graduated, at her home on the evening of May 1st inst. Those who were fortunate enough to be present reported a delightful time, and an evening's enjoyment such as only their charming hostess is capable of furnishing.

Relatives in this vicinity of the family of Mr. G. D. Ackery of Jacksonville, Fla., have word that they were among the sufferers from the recent great conflagration that swept that city almost from the face of the earth. They lost all their household goods, barely escaping with what few articles they could carry with them. The family is now quartered at the home of personal friends.

A large number of small dealers will stop handling cigarettes when the bill goes into effect which demands an annual license of \$25 from dealers who handle cigarettes. The license must be paid to the treasurer of the Borough where the cigarettes are sold. The profit on cigarettes has always been small and under the new bill it will be necessary to sell a large number of them before a cent of profit is realized.

New millinery goods just received at Mrs. Lynch's Endeavor, Pa. Ready-to-wear outing hats, shirt waist hats, and trimmed sailor hats, at 25 cents to \$2.00 each. I have just received a nice lot of untrimmed hats, of latest design and colors, 49 cents and up. Also a nice lot of new flowers of all kinds, 10 cents and up. Misses and children's hats in great variety. Deluxy mill caps and Swiss caps for the children at 25 cents to \$1.00.

Last Saturday forenoon Mrs. David Blum met with a severe accident at Gollina, where her husband has been employed for some time. She was on the veranda and leaning against the railing which gave way causing her to fall a distance of several feet and striking on her head and shoulders, rendered her unconscious for several hours. Dr. Bovard was summoned and found her quite seriously bruised, but no bones were broken and at last accounts she was recovering slowly.

Paul & Son are putting in about every hour of daylight now cementing the town. A new stretch extending from Judge Crawford's corner to the court house square has been completed, and Hotel Weaver has been fronted the entire distance with a seven foot walk. Before the gentlemen finish in Tionesta the board walks along the main street of the city will practically have been supplanted by cement. The past winter has demonstrated that it is the proper thing for side walks.

This morning, says the Franklin News, as a First Ward gentleman came out of his house, he saw a hobo who had just emerged from a barn and was brushing the hayseeds from his back. The "Ho" noticed two laboring men going to their work, when he commenced to curse to himself, calling the workmen all kinds of hard names and ending up with the phrase, "d— a working man, anyhow." In a few minutes the hobo started out and in less than five minutes was at the man's house who had listened to the tirade, wanting something to eat. It is needless to say he was refused, and this should be the case in every instance where young and able-bodied men are asking for food at the present time. There is plenty of work and those who desire to find it do not have to search long. When they come to your house for food, refuse them, and it will not be long until the city will be rid of the nuisance.

Hopkins' store is full of new goods.

A kid nine, supposed to represent the Oil City high school, came up Saturday to play with Tionesta, but the rain and wet grounds interfered and no game was played. The teams went to the island and started a game but a shower stopped the proceedings at the close of the first inning, when the score stood 6 to 0 in favor of the Tionesta boys. Oil City or any other ball-playing sports must understand that if they would win against Tionesta this season they must send out ball players.

Miss Bessie I. Crawford returned from Forest county, Saturday afternoon, where she completed a very successful term of school.—Mrs. George Watson and daughter Miss Georgiana, of Gollina, Forest Co., were guests of Rev. Rumberger and family Monday night.—Rev. Rumberger is making a series of views of the town, parks, groups of school children, and many pieces of scenery and points of interest, and is arranging them for his stereopticon. The pictures are elegant productions.—*Kidnaton News.*

The twenty-fourth annual convention of the Woman's Foreign Missionary society of Clarion Presbytery will be held in the Tionesta Presbyterian church June 12th and 13th. Miss Charlotte E. Hawes of Wei Hien, China, will be present and will tell of her "Experiences in China" and "Escape from the Boxers." Among other speakers to address the convention will be Rev. A. A. Fulton, D. D., of China and Rev. Elder Craighead of Emmenton, Pa. Those expecting to attend will please send their names to Mrs. Kate B. Craig, chairman of entertainment committee, and write to Miss Nancy C. Morrow, Tionesta, for reduced R. R. orders.

A party of about forty men, women and children went to Hickory last Thursday afternoon and enjoyed a ride back to town on a fleet of the big barges which are built at that place. The passage, though fine, was rather uneventful till the boats reached a place about two miles above here, where the barges encountered a leaning tree which came near brushing half the excursionists off into the water, and in the mix-up Orrin Clark, one of the men handling an oar on the stern of the fleet had a very narrow escape from being badly injured or perhaps killed. This little incident lent some excitement to the voyage besides being somewhat trying to the nerves of the passengers.

**Letter to L. J. Hopkins.**

Tionesta, Pa.

Dear Sir: When you see a well-dressed man, you like to say: "There's a sample of my clothes. That man is worth two of himself as he was when he came to me." We have the same feeling. Our paint on a house is worth twice as much as old-fashion painter's paint, lead and oil. It looks the same when first put on. In three months it don't. In three years it decidedly don't.

Lead and oil chalks off in three years: it is considered a first-rate job that lasts three years. Devoe lead and zinc is about as good in three years as it was the day the painter left it.

Zinc is the secret of it; no secret at all. A good many painters know zinc; some mix it with their lead. We grind it in not a little; good deal.

It's the zinc and the grinding that does it. You can't mix zinc by hand. We grind it by machinery.

Painters are finding us out, though some painters are slow. You know that it pays a good man to wear good clothes. How many customers have you that know it?

Yours truly,  
F. W. DEVOE & CO.  
P. S.—James D. Davis sells our paint in your section.

**A Novel Feature.**

The Pittsburgh Dispatch, always in the lead in all things, is making the most novel and striking offer ever made by a daily newspaper. It proposes to give free with every copy on some one day each week for at least five weeks, beginning with the week of May 20, a fine, artistic, ruby-tint autograph, each mounted on handsome black mat. Prints like these are offered retail in art stores for one dollar each. The day each week on which these autographs will be issued will not be announced, so to insure getting the complete series it will be necessary to order The Dispatch for five weeks, beginning May 20, as only regular subscribers will get them. The subjects are most artistic, consisting of "Georgiana, Duchess of Devonshire," by Gainsborough, a reproduction of the work made famous by its recovery after a disappearance for 25 years; "Reverie," a beautiful head by the famous Rembrandt; "Scene in a Manic Case," by Gutzmer; "The Setting Sun," by Stieglitz; and "Boats in the Bay," by Mesdag.

Artistic posters showing the Henner head in actual size and the other four subjects reproduced in miniature are to be seen in various places and show the development of high art typography.
