

What is PITTSBURG WALL PAPER?

It is the best wall paper on the market today. It is the product of the largest wall paper factory in the United States. Made out of the best materials by the most modern machinery and methods. We have it because we could find no other line nearly so desirable in pattern and coloring. We think you will agree with us after seeing.

—Prominent glass manufacturers were here last week, and met a number of our citizens with a view of establishing a plant here. The project seemed in a fair way of favorable termination until it became known what quantity of glass would be required. When it was understood that 1,300,000 feet daily would be utilized the matter subsided at once. That quantity would be difficult to obtain from any known field in this section of the State.
—Last Saturday dogs killed five or ten sheep belonging to Elisha K. Kane on the Kushequa farms. This is one of the disadvantages in connection with keeping—no, not sheep, but dogs. The people of the country can settle for the sheep and Mr. Kane, while he will suffer a pang or two for the sheep, will have no financial loss in connection therewith. However, had he possessed an Angora buck or two to run with his flock of sheep the matter would have resulted differently, and instead of less sheep we would have possessed less dogs, and certainly this would have been an advantage.—*Mr. Jewett Herald.*

Tionesta Gets the First Two.
The game between the Juniors of Pleasantville and Tionesta on the latter grounds last Wednesday afternoon, though somewhat ragged in spots, was quite entertaining after all. Neither team had practiced much, the Tionesta boys having played none this season, and so the principal feature of the game were errors. The score resulted in a victory for Tionesta by 28 to 16.
But the real game was pulled off on Friday, when Titusville's crack team came over and lugged home a heaping basket of goose eggs. The playing started with a shut out for both teams on the first inning and it looked as though we were going to see some sang ball playing. Aliter that however it was a walk-away for our boys, who piled up 15 runs, and shot their visiting friends out entirely, only once in the game allowing the Queen Cityites to get within a rod of home plate. The battery work of the home team was of a high order, McMillan having 18 strikeouts to his credit, while catcher McDonald had no costly passed balls, and was very effective. The field work was extra good considering that it was the first game in which the team has indulged this year. The real feature of the game and the one most thoroughly appreciated by the spectators was the entire absence of hoodlumism. With such order at future games the management may look for a good patronage of the sport. The score by innings follows:
1 2 3 4 5 6 7 8 9
Titusville—0 0 0 0 0 0 0 0 0—00
Tionesta—0 4 0 0 4 0 5 2 2—15

Tidououte has organized for the season, fixed up a fine field, and will have some good games having a strong nine. Among the games scheduled thus far is one with Tionesta here on June 22d. That will be a game worth seeing.
—G. W. Buhl the popular restaurateur of Marienville has just completed one of the handsomest residences in that place. G. W. Armstrong, the well known plasterer of this place has returned from putting the finishing touches on the building, and it is needless to say the job was properly done as George's reputation as a plasterer is among the best.
—W. P. Black's well on the Wilbert farm, near Pitlohe, completed a couple of weeks ago and reported as a fifteen barrel producer, petered out and is not worth pumping. The well has been "pulled out." Black is, however, drilling a second well in the same vicinity which will be completed in a few days. It will probably determine whether the old Pitlohe field is worth re-drilling or not.—*Tionesta Courier.*
—In obedience of National General Order No. 4, and Department Order No. 12, in relation to Memorial Sermon, Capt. George Stow Post No. 274, has secured Rev. Albert S. Stewart to preach the sermon in the Presbyterian church on Sabbath, May 26, at 11 a. m. It is hoped that comrades will make a special effort to be present and in uniform as far as practicable. A cordial invitation is also extended to all.
—From all sections comes the report of prosperous looking meadows and rye and wheat fields. Oats that were sown before the wet spell look well, and the farmers have generally succeeded between showers in getting corn and potato lands prepared for the crops. Although the spring coolness is inclined to hang on its grip is being gradually loosened, and there's no use in looking glum over the prospect for they're all right.
—The people of Meadville have been using water that seems to have considerable "body" to it. Mr. Roddy, president of the water board, stated at a recent meeting of the city council that in French creek, above the point whence the city's water supply is drawn, were found the carcasses of a cow and three horses, and also the decomposed body of a suicide. Moreover, the Meadville water consumers got the benefit of the sewerage from Cambridge Springs and Sagertown. Measures have been taken to insure a supply of thinner and purer water.—*Franklin Spectator.*
—When there are deaths or weddings in town or surrounding country, those people most interested would confer a great favor on us if they would voluntarily furnish facts on which to build an item. The most unpleasant task in the life of a country editor is to have to intrude on people with a lot of interrogations when there is a death or wedding. He must do it, however, or be blamed for slighting the event in his news columns. If people would step in and furnish facts freely, the obituary or wedding notice would be written up with much better grace.—*Easton News.* Oh, how true.

—People of pessimistic propensities, who are in the habit of bewailing the present and wishing for "the good old times again" should note the following: In making changes on an ancient building at Sharon, an old account book was found covering the years 1831-32. The items of tobacco and whisky figured quite frequently in the purchase, the latter from 37 cents a gallon to 12 cents a quart. Calico and muslin were from 25 to 38 cents a yard, while eggs were quoted at 5 cents a dozen in March, and the prevailing price of butter the year round seems to have been 7 cents. Another item of interest was a resident being credited with 87 cents for one and three-fourths days labor. Prices have changed some in the past 69 years.

Yours of Same on this Side.
It's pretty much the same with all municipalities. Tionesta is not doing any paving, but many of her citizens are improving their properties by substituting cement walks for the old wooden concerns, and as these improvements are presumed to be permanent in their nature it is essential they be placed on a grade and lined-up properly. In Oil City, according to the *Blizzard* they're having something like the same experience that this town is just now passing through, to-wit:
In the matter of street improvements there are numerous interests involved, not the least of which is that of the contractor. In the first place, he has to do close figuring in order to secure the contract. He then has to give bonds for the faithful performance of the job. If obstacles are thrown in his way, of a nature to delay the work, he is compelled to lay off his workmen and is subject to a loss. At the present time the paving of Third street is practically at a stand still, because the City Engineer is unable to give the contractor the grade, in consequence of the pulling and hauling of the property owners over the matter. It is manifestly unfair to the contractor. But the Engineer cannot be blamed, because he has to follow instruction received from Councils, and the councilmen are sure to be damned by some of the property owners, whatever they decide upon. It is a knotty problem, but it seems as if some means might be found for making the work move along more smoothly.

A Pretty Home Wedding.
A very pleasant wedding was celebrated at the home of Mr. and Mrs. R. S. Copeland on the evening of May 18th, the occasion being the marriage of their daughter, Gertrude May, to Mr. Curtis H. Christy, of Rouseville, Pa. Many very pretty as well as useful presents were given the happy couple by those in attendance. Among the guests we noticed Mr. and Mrs. George Smith, Mr. and Mrs. H. E. Bryner, Miss Armstrong, and Miss Wright of Pleasantville, Miss Mira Wright of Rouseville, and Miss Green of West Hickory and numerous friends and neighbors.
The ceremony was performed by F. E. Metcalf, J. P., a cousin of the bride, although there were three ministers present. Immediately after the ceremony a most sumptuous repast was served, some forty persons enjoying the same.
The bride and groom spent the night with the bride's parents, going the following day to Rouseville, where the groom had a house ready to go to house-keeping. The well wishes of the entire neighborhood go with them to their new home.

Court Minutes.
The regular May term of court convened on Monday at 2 p. m.
G. B. Evans was appointed Clerk of Hickory township to fill a vacancy.
Judgment was reversed in case of Wyman & Landers vs. W. J. and John Heindinger.
A new trial was granted in the Trunksville oil case of Snowden et al. vs. E. Pequist et al.
The case of J. S. Caldwell, landlord of the Diagonal House at Byrontown, was called on his application for a liquor license refused.
Dr. J. L. Acomb, of Tidououte, purchased the Jenkins real estate in Harmony township which was sold at Sheriff's sale.
H. H. Shoemaker, health officer, vs. J. D. Davis et al. Jury out on this case. On the civil list the following cases were continued: O. W. Proper vs. Tionesta Gas Co.; H. M. Vogan vs. the Township of Howe. Caroline Simpson vs. G. E. Gerow.
The criminal list was disposed of as follows:
Commonwealth vs. Elliot Rogers and B. W. Woodard, charged with larceny of a beef ox, Daniel C. Sheehan of Harmony township prosecutor. Verdict guilty.
Com. vs. J. R. Laidis; charged with furnishing liquors. Not a true bill and prosecutrix, Susann Reed to pay costs.
Com. vs. John Moore, Minnie Moore and Joseph Coventry; charge, assault and battery, not a true bill, and Warren Moore, prosecutor, to pay costs.
The grand jury, Rev. H. F. Felt, foreman, finished its business yesterday afternoon, and was excused with the thanks of the court. They acted on three bills of indictment, one of which was found a true bill and two not true bills. They found "the court house and jail in good condition and well kept." Five doors leading to many cells in the jail they found in need of repair. The county home was visited and found in good condition and excellently kept. They also "found the road leading from the court house to the county home in a very bad condition and in great need of proper ditches and cross sewers to carry away the water."
Programme for Memorial Day May 30.
The Sabbath Schools of Tionesta and surrounding country, and the several societies, are earnestly invited to attend and participate in marching and in decorating the graves.
The Post will assemble at their headquarters at 1:30 p. m., and the procession will proceed to the cemetery under the direction of the Marshal. The citizens are asked to join in the procession. The services at the cemetery will be conducted according to the ritual. After decorating the graves the column will re-form and march to court house and complete the ritual, after which the Memorial oration will be delivered by Rev. W. P. Murray of Tionesta, Pa. The Tionesta cornet band has kindly consented to furnish music for the occasion.
The following are details to decorate the graves in our district out-side of Tionesta. Evangelical church, Comrade H. W. Ledabur; Bartholomew church, Comrade Christ. Zuendal; Newmansville, Tylesburg and Lockingville, Comrades D. E. Stagley, Daniel Salsgiver, Moses Moaly, George Keefe and D. R. Walters. Joseph Mong is asked to decorate the graves at Mt. Zion. President, Comrades, George McAlmout, Alexander McAlmout, C. C. VanGiesen. Comrade G. W. Robinson will act as Marshal of the day.
The children and young people of the Sabbath schools are asked to gather and prepare flowers under the direction of the ladies of the W. R. C. No. 137. The Corps will serve lunch to all old soldiers and their families.
S. D. IRWIN,
S. C. JOHNSTON,
J. W. MORROW,
Committee.

The Post, at its meeting Monday evening last, unanimously passed the following:
Resolved: That Memorial Day is a sacred day, not only by the old soldier who commemorates the memory of his fallen comrades, but for the people who on that day remember and decorate the graves of their friends. We as a Post deplore, denounce and condemn the practice of base ball and other sporting games on that day, regarding such games a nuisance, and a desecration of the day, and that we invoke the influence of all good citizens to assist us in preventing its desecration.
Letter to J. P. Huling.
Tionesta, Pa.
Dear Sir—No man is more interested in the look and wear of the paint on the house you build than you; not even the owner; not even the painter.
And painters sometimes are suspected of being more concerned for the look than the wear. What is your opinion? Which pays best, for a painter to have his paint last three years, or as long as he can? He can have it last six if he wants to.
Lead and oil lasts three; Devoe Lead and Zinc lasts six. Of course, conditions effect the time of both.
Most painters know that zinc toughens the lead; some use it.
Devoe lead and zinc is thoroughly ground in oil; the proportions are right, and the mixture is thorough.
No painter need mix; he can't afford to. Hand-work can't compete with machine work. He runs no risk with Devoe lead and zinc.
All interests lie in using it: yours, the owner's, the painter's—unless he wants his paint to wear half as long.
Yours truly,
F. W. Devoe & Co.
P. S.—James D. Davis sells our paint in your section.
Zinc and Grinding make
Devoe Lead and Zinc Paint wear twice as long as lead and oil mixed by hand.
