Some Think His Speech Was a Hid I'v Premiership of Cape Colony. CAPE TOWN, June 18.—Cecil Rhodes in his speech at Buluwayo, Rhedesia, Saturday, when he predicted that a federation of the South African states would come in three or four years, made what is regarded in some quarters as a bid for the premiership of Cape Colony. When federation came none of the other states would have anything to do with her and he was afraid the people of his old state. who were running about like sheep without a shepherd, were coming out worst, Mr. Rhodes was glad of the opportunity of saying a few words which he hope would be to their good.
