—Following is the list of letters remaining uncalled for in the Tionesta, Pa., post office for the week ending June 19, 1901: J. Zahring. D. S. Knox, P. M.

—Now is the best time for canning strawberries. The White Star Grocery always has the finest berries and sells them at lowest price, quality considered.

—A girl may decorate the parlor table with the photographs of her dear mother but it's the man whose tin type she keeps on her bureau that she thinks most of.

—When you get ready to go on your annual visit to relatives, or to your favorite resort, or to the Pan-Am., call on Hopkins for a trunk, satchel, suit case or telescope.

—Free Methodist camp meeting will be held here beginning July 21 and continuing till Aug. 5. A grove up near the reservoir has been secured in which the tents will be pitched.

—Judge Clark of Clarion on Monday quashed the indictment against Henry Borchert of Marienville, charged with being implicated in the Kiser murder, on account of irregularities in the proceedings.

—Shirt waists for men at Tionesta Cash Store.

—Mrs. Amos Walton, who has been at the county home for a number of months, died at that institution and was buried on Friday last. Her home was formerly in Marienville, and she was aged about 45 years.

—A number of second hand buggies thoroughly overhauled, as well as a good stock of new ones of extra good grade, can be seen at Sowden & Clark's. While you have in mind the purchase of a vehicle call and inspect their stock. You can always do better there than any other place.

—When you want something strictly fresh in the fruit, vegetable and grocery, line call on Garfield Grove. He keeps the finest assortment in town and makes prompt deliveries. Call him up on the bell 'Phone when you want your groceries for dinner. Also a fine line of confectionaries, cigars and tobacco.

—The claim is made that the recently enacted fish law permits Sunday fishing. Can it be that our legislators have passed a law that throws away the sanctity of the Sabbath? Surely with so many insurgents and holy Democrats in the legislature such a thing cannot be?

—The County commissioners are having a cement walk laid along the Elm street front of the court house square at grade. This will be one of the most notable improvements about this handsome square that has been made for a long time, and will be a substantial ornament of which the citizen of the county will be proud.

—The editor of the REPUBLICAN acknowledges a good "canine" administered to other day by an old man past 70. It was of elm wood and a relic in its way, being a part of a tree taken out of the court house yard some years ago. J. H. Chadwick is the artist who dressed up the staff, which we prize highly and shall use as we grow old and infirm.

—Mr. and Mrs. Solomon Fitzgerald and Mr. and Mrs. S. M. Henry attended the golden wedding anniversary of Mr. and Mrs. David B. Watson of Scotch Hill, Clarion county, last Wednesday. It was the largest gathering ever held in the village, upward of four hundred guests being present, and a royal entertainment was afforded by the delightful old couple.

—Messrs. Paul & Son are losing no time these days in their line. A stretch of cement walk reaching from the REPUBLICAN office to the corner of Elm and Walnut street, about three hundred yards, is now a joy to pedestrians, and a long stretch on Bridge street north of the Kepler Block adds greatly to the appearance and comfort of things in that quarter. Messrs. Gaston and Randall are now having their property lined up with this beautiful walk.

—Speaking of the recent rejection at West Point military academy of 37 out of 30 cadets on account of physical deficiency, the Franklin Spectator declares that "it is morally and physically certain that most of the 37 disqualified youths would now be in the cadet ranks if they had trained out the softening effects of luxury and self-indulgence by a sensible, strenuous course in the gymnasium." What would be the matter with a season behind the hoe?

—Quarterly meeting will be held at Wesleyan Methodist church Stewart Run, June 22 and 23. Rev. P. B. Campbell, president Allegheny conference, and Rev. Maurice Ruben converted Jew, of Pittsburgh, Pa., will conduct the services. Rev. Campbell will preach Saturday afternoon at 2:30 and Sabbath morning at eleven o'clock, followed by Sacrament. Rev. Ruben will have charge of the Saturday and Sunday evening services. Love feast at 10 o'clock Sabbath morning. S. E. GRAYES, Pastor.

—Mary Jane, wife of William Henry, among the older residents of Barnett township, died at her home on Wednesday last week and was buried at Clarion on Friday. The deceased was aged about 65 years, and was one of the truly good women of her neighborhood, where she enjoyed the highest esteem of all. Her disease was of a dropsical nature. Besides the aged and stricken husband she leaves a family of three sons and three daughters. Mr. and Mrs. Solomon Fitzgerald of this place, related to the family, attended the funeral.

—One of the social events of note was the marriage, at the home of the bride's in Titusville last Thursday afternoon, of Mr. John R. Miner, of New Brighton, and Jessie Pennell. The groom is well and very favorably remembered by many Forest county people as one of our former business men, being of the firm of Miner, Green & Co., who operated extensively in lumbering at Byrntown eight or nine years ago. His circle of friends here, of whom the REPUBLICAN is one, extend congratulations to himself and wife, who also is very favorably known to a number of our best people.

—New lot of the latest things in shirts at Hopkins'.

LETTER TO F. P. AUSLER.

Tionesta, Pa.

Dear Sir: Perhaps you are going to point your house, and don't believe in Devoe. We'll make you an offer:

Paint half your house lead and oil; the other half Devoe lead and zinc.

In three years the lead and oil half will be hungry for paint; the Devoe half will turn water as well as when new.

If not our agent will stand by this:

"If you have any fanit to find with this paint, either now in the painting or hereafter in the wear, tell your dealer about it."

"We authorize him to do what is right at our expense."

Devoe lead and zinc holds color better than lead; turns water twice as long.

Yours truly,

F. W. DEVOE & CO.

P. S.—James D. Davis sells our paint in your section.

Letter From Rev. Mr. Stewart.

DEAR REPUBLICAN:

I meant to write to everybody in Tionesta individually or to address the whole population collectively through your paper. For while it is a joy indeed to be at home once more, and while I have never seen the Highlands of the Hudson fairer than now, I have not forgotten the friends in far Forest, nor the hemlock and oak and pine, and the fair green islands of Allegheny's stream, on which I cast a lingering look as the darkness fell at Warren on Monday night. But various avocations have beguiled me till now, so when this arrives your homes and hearts, too, will be much filled with the company of the elect ladies of the missionary convention and Brother McAninch also, I hope, will be with you.

I need not, then, expect to be greatly missed but crave still the kind remembrance of those who walk the familiar streets or dwell in the pleasant homes of the village. My journey was without noteworthy incident and as the Tionesta pilgrims to Gettysburg had gone over nearly half the way by daylight a few hours before me an attempt to describe my night-ride to Harrisburg would seem superfluous.

Many members of the G. A. R. and W. R. C. were on our train that far but we on we moved out of the great station in the early morning, I realized that a new day had dawned and that late friends were left behind as we sped on through the fertile fields of Lancaster and the hill country of Chester county. Much of the land was soiden with rain and the streams torrid with the wash of the red soil. The growing corn was of a sickly hue but grass and grain were fair and green while the locusts bloom perfumed all the air.

We rolled into the Broad Street station at Philadelphia and again as the great city seemed just fairly awakened, and with the single stop at Germantown Junction, passed swiftly upon the Delaware to Trenton and then in diagonal line across New Jersey ninety miles to New York.

The sights and movement of the harbor have an ever fresh charm for me and the vast city an absorbing fascination since my boyhood's days, but again I forbear description. I spent the most of my six hours stay in a cross-town and East-Sea exploration through picturesque quarters of Jews and Italians.

I took in the East River front from the first Brooklyn bridge to the new one now building. Though such a stroll sometimes reveals sights, sounds, and smells not over pleasant, in the bright June sunshine but little appeared to offend, though not a little that would seem strange enough in Tionesta.

At a quarter past three p. m. the Mary Powell moved out of her berth and sped swiftly northward through scenes that seemed like fairyland as first seen a quarter of a century before; but now for me the cygnature of my eyes lay still before me till rounding West Point with short turn of the helm the broad bay of Newburg lay spread out before us, with Pollif's Island like a green dot in the midst and the terraced city dim in the distance.

Then the landing at Cornwall is made and passing New Windsor the call soon comes; "Forward gangway for Newburg," and as the orchestra's strains float over the water I pass from the boat to find wife and son waiting as many others do to greet loved ones returning.

15c PER YARD—You'll not find an Irish Dimity, sold anywhere for 25c, to beat this—the coolest, sheenest, daintiest of all wash fabrics—"LAIGLON," the manufacturer calls this—a very appropriate name; you'll say, when you see the line.
