

WEDNESDAY, JULY 3

CHRISTMAS, THANKSGIVING and NEW YEARS

all combined and a Small Circus thrown in, don't begin to equal a good old fashioned

FOURTH OF JULY,

in the eyes of the average small boy.

A Bunch of Firecrackers, a box of Torpedoes, a Devil-chaser, a black eye and burned fingers and young America has had the best time of his life. We can furnish him the first three. The other two he'll get for himself.

THE DAVIS PHARMACY.

THE FOREST REPUBLICAN.

WEDNESDAY, JULY 3, 1901.

FIRE INSURANCE AND REAL ESTATE AGENCY

C. M. ARNER & SON, TIONESTA, PA.

All Leading Companies Represented.

Wild Lands, Farms, Houses & Lots for Sale or Rent.

LOCAL AND MISCELLANEOUS.

James, Ad. Lammers, Ad. Heath & Feil, Ad. Devoe & Co. Reader. Scowden & Clark, Ad. Nickel Plate. Readers. Smart & Silberberg, Ad. Tionesta Cash Store, Locals. White Star Grocery, Locals. Mrs. Lynch, Millinery local.

-Oil market closed at \$1.05. -Oil and gas leases at this office. -You can get it at Hopkins' store. -No paper from this office next week. -New dishes just opened at Tionesta Cash Store.

-Fireworks at White Star Grocery. We sell 'em cheap. -17lbs granulated sugar for \$1.00. 6 lbs prunes 25c at T. C. S.

-J. W. Sires, Photographer, will be at his Tionesta studio every Wednesday. -A lady's Crescent bicycle in fine condition for sale at a real bargain. Inquire at this office.

-Strawberries are just right for canning now. Go to the White Star Grocery. Berries fresh every day. -The Memorial Home, at Brookville, got \$9,000 appropriation from the State for the coming two years.

-The Tionesta cornet band goes to Leeper on the Fourth to help enliven the big celebration which is being held there. -Rev. H. J. Reiman, of Oil City, will occupy the pulpit in the Lutheran church on German Hill at the usual hour next Sunday.

-Killmer Bros. have materially added to the beauty of their drug store by putting in two more of those handsome glass counters. -Rah for Fourth of July! The White Star Grocery has the stock of fireworks. Don't forget this to-morrow, boys, and older ones, too.

-Will Bush, employed on one of the boat yards at Nebraska, cut the great toe of his left foot quite severely with an axe one day last week. -It is reported from the pension office that the only surviving male pensioner of the war 1812 is Hiram Cronk, of Herkimer county, New York.

-Rose bugs and caterpillars are destroying orchards, shade trees and flower gardens throughout the country, the pest arriving by millions. -Ex. -A \$100 revenue stamp was required upon the deed, transferring the Brooks Locomotive Works at Dunkirk to the American Locomotive (trust) Company. -The residences of G. W. Robinson, Elm street, and Q. Jamieson, Helen street, are in the hands of painters, and their beauty is being materially enhanced.

-The White Star Grocery is better stocked with fine groceries now than ever before. Every thing of the freshest and best, with a variety that covers the line completely. Call. -The Chautauqua assembly opens this Wednesday, and closes Aug. 25. July 9 will be Pan-American day, July 11 will be Woman's day, and Old First Night will be on Aug. 6.

-It is some comfort to know that revenue stamps are no longer required upon proprietary medicines, perfumery, cosmetics, chewing gum, bank checks, money orders express receipts, telegraph messages and other things. -A Titusville gentleman of means says that the hotel proprietors of Buffalo are killing the patronage of the Pan-American by the exorbitant rates they charge. Although the hotels are not all filled, the prices have been tripled. He put up at a family hotel, expecting to pay about \$5 a day, but when he came to settle his bill he was charged at the rate of \$10. The rate in ordinary times is from \$2 to \$4. -Courier.

No Paper Next Week.

No paper will be issued from this office next week. It would interfere with our time-honored custom, a thing which will not be tolerated by the office force. The Fourth must be fittingly celebrated in all respects and about that season people are too busy having a good time to read even the best paper in the county, hence the suspension for one week. Every body enjoy yourselves, and help the eagle scream.

-An expert who has inspected the matter figures out that a prudent, sensible tourist can visit the Pan-Am, at Buffalo at a total cost of about \$3.50 a day. This includes admission, street car fare, and one or two Midway admissions.

-Harry Mooly killed a rattlesnake carrying three rattles, in front of his residence in the lower end of town yesterday. It seems there must be a den of rattlers in that immediate neighborhood as they have been killing them there for a number of years.

-Mr. and Mrs. J. S. Alabaugh of Hickory township have the sympathy of their neighbors in the loss of their 8-month-old son Arthur, whose death occurred last Sunday. The burial took place on Church Hill Monday afternoon, Rev. W. P. Murray officiating.

-An interesting article in the Review of Reviews for July describes the important work lately undertaken by the New York and New Jersey commissions for the preservation of the Palisades of the Hudson River and the establishment of a Palisades Park.

-Some of the teachers elected in Harmony township at a recent meeting of the school board are as follows: West Hickory school, Prof. W. W. Coon, principal, Miss Blanche Peace, No. 1; Trunkville school, Miss Mary Casey; Fleming Hill school, Miss Alice Siggins.

-The W. R. C. will hold its regular meeting at their hall this Wednesday evening. The delegate's report of the proceedings of the State convention recently held at Gettysburg will be read, and it is earnestly requested that all members be in attendance.

-The work on the new bridge over the Clarion river is progressing rapidly. The stone work is nearly completed and ready for the iron superstructure. If nothing which will delay the work takes place the bridge will be ready for use in a month. -Clarion Democrat.

-Leeper, Wooster & Co., who have a lease of the James Emert farm on Tubbs Run, have given a contract to Grove Bros. for the drilling of a well on the property, and operations will begin forthwith. They expect to have the well down in less than three weeks from now.

-As showing that the wheat crop is not a failure this year, S. E. Church, of Hickory township, brought in a bundle of his growing that measured 5 feet 7 inches from head to foot, the stalks being large and healthy looking, and the heads well filled. Mr. Church has several acres of this cereal.

-The Mt. Jewett Herald says that Elisha K. Kane has inaugurated an extensive system of tree planting on the lands that he has denuded of forests in his lumber operations. He will this spring set out about Kushequa 2,000 white pine 1,000 Douglas spruce, 1,000 basswood, and 500 Colorado pine.

-The Treasury Department has decided that a cork used in importing liquor cannot be used again in exporting liquor. Now, if the department would decide that a man once filled with booze could not again be used for the same purpose, says the Greensburg Star, the temperance question would be settled.

-E. W. Cooper, who was quite well and favorably known here, died at his home in Bradford on the 27th ult., of typhoid malaria. Deceased was aged 41 years and leaves a wife and one son, a babe of four months. He was one of the owners of the fine oil lease located on Tubbs run, and known as Cooper, Reek & Co.

-Sunday trains are again on the summer schedule of the Penn's river division. No. 197 arrives at this station at 9:45 a. m., and leaves on the return trip at 9:50 a. m. going no farther north than Tionesta. In the afternoon train 930 arrives here at 2:45 going as far as Irvinton. Returning leaves Tionesta at 8:12 p. m.

-The Tionesta correspondent of the Titusville Herald says: "The typhoid fever patients are all reported much improved." With the exception that there is not a typhoid fever patient in this town the Herald correspondent is probably correct. Correspondents who have no other aim than to try to give their town a black eye should be scratched off the list.

-The heat of the past few days has been something fierce. Monday was perhaps as hot a day as was ever experienced in this latitude, thermometers registering all the way from 91° to 102° in the shade hereabout. No prostrations from heat have thus far been reported, and the weather bureau is of the opinion that the worst is over for a while at least.

-Mr. and Mrs. Joseph King of Buck Mills, Kingsley township were called upon to mourn the loss of their little son, a baby aged nine months, on Wednesday last week. Funeral services were held on Thursday Rev. Eager of Mayburg officiating, and the interment was in East Hickory cemetery. The parents have the sympathy of all their neighbors in this bereavement.

-The new interchangeable mileage exchange order books contain 1,000 miles of transportation, are sold for \$30 each, the purchaser receiving a rebate of \$10 upon surrendering the cover of the book. The books will not be accepted for passage on a train, but must be presented at the ticket office and a ticket will be issued. The tickets are good on 42 different roads in the association.

-The coaches on the Pennsylvania Railroad are all to be fitted with windows that will open automatically by the slight pressure of a spring. To all who have wrestled with the "burglar-proof" windows of the average passenger coach, this new device will be greatly appreciated and much profanity will be averted by its introduction.

-When postal cards are so cheap don't blame the editor if he does not notice your visitors in the personal column. He may know you have visitors and yet not be able to get their correct names, and he may even know their names and still not know where they are from. Drop us an item when you can, and help make up an interesting newspaper.

-A mysterious disease is raging among the horses in the eastern part of the country. The symptoms are a high fever, a cough, loss of appetite and general weakness. Within the limits of New York city alone 10,000 horses have succumbed to the new epidemic. The ailment is so serious that, unless quickly checked, oxen will have to be used for draft purposes, says an exchange.

-The Derick's oil report for June shows that 625 wells were completed, having a production of 8,992 barrels, and 183 dry holes. Oil rigs and drilling wells there were 932 on the last day of the month. This is an increase of 19 completed wells over the May report, and increase of 18 dry holes, and a decrease of 200 barrels in new production; also a net increase in drilling wells and rigs of 16. This covers the Pennsylvania, and the Southwest and Southeast Ohio fields.

-To-morrow's Fourth. Nothing out of the ordinary has been planned as celebration of the event in Tionesta, and our people will for the most part spend the Fourth quietly at their homes trying to keep cool and comfortable. A very sensible thing to do. The gun club is arranging to have an all day shoot at their pretty island grounds, at which a number of prizes will probably be offered to make the event more entertaining. The young folks will probably put in the day exploding fire crackers and torpedoes, and will not lack for amusement in that line, as a number of the merchants have laid in a nice supply of fireworks. It is hoped that everybody will enjoy the day to the fullest extent.

-Commenting on our comments of last week on the Sunday fishing the Oil City Blizzards says: "From which it would seem that the 'gentleman from Forest' is of the opinion that Sunday fishing is still under the legal ban. But Jake would be the last man to enter a complaint against his neighbor for such an infringement as that, and it is gratifying to know that there are few other individuals who are narrowminded enough, in these latter days, to do so, either." This is too much for us. The heart of stone that could resist such a plea would be hard to find in this quarter of the sportsman's paradise, and we applaud the newspaper Colonels will be free from molestation in the quiet pursuits of their favorite pastime. Bait up, boys.

-The most terrific wind and rain storm this town has experienced in years swooped down upon us last Thursday afternoon. The storm seemed to gather in the southeast, veer around to the northwest and then pounce down with a vengeance. Many shade and fruit trees were uprooted and some lawns were considerably torn up by the rushing torrents of water. A large oak tree at the corner of Mr. Fulton's lot was twisted off and crashed down barely missing the house, raving the leaves considerably in its descent. Had it hit the house squarely there would have been little left of it but splinters. Mr. Gaston had about 300,000 feet of hemlock on his Coon creek tract blown down. Agnew, Braden & Co., and Collins & Kretler in the same neighborhood also had several thousand feet blown down.

-Mr. and Mrs. L. Agnew and daughter Gertrude, and Mrs. Jennie E. Agnew and daughter Edna, went to Clarion yesterday to attend the Normal commencement, held yesterday. Miss Christine Agnew is a member of the graduating class.

-Mr. and Mrs. J. M. Ahlstrand arrived here Monday on a few days' visit, and are having a most delightful time meeting friends of former years when all hands were younger and spryer. They have moved from Mill Village, so long their home, and gone to Jamestown, N. Y. Both our old friends are looking quite hale and seem to be enjoying good health.

-The Oil City meeting of the Lake Erie Trotting Circuit will be held July 16, 17, 18 and 19. There will be a large list of entries and every indication points to a most successful meeting. The track is one of the best in the country and has been put in first-class shape; new stables have been built and the management is prepared to take care of all horses that come. The program for each day includes both trotting and pacing races and is so arranged that one day will be as good as another. This is the fourth annual meeting of the Lake Erie Circuit held in Oil City and the management intends to make it the biggest and best. The Northwest band has been engaged for the meeting.
