# Smart & Silberberg. 31st Semi-Annual Sale Keep Cool! OIL CITY, PENNA. A SALE TO CLEAN UP EVERYTHING.

We are turning up all the corners of the store and emptying out boxes and shelves, Wherever anything is stored away, that place is being ransacked and whatever we find in odd loke or that has been a little slow has been marked down to a price that will make them a desirable exchange for your money. Bustness sense says, sell the surplus; sell when the people can use it. Even half price is better than carrying over till another season awaiting a profit. You know the reliable class of goods we handle; you know that our regular prices are usually as low as most stores' special prices. When we cut our own prices we do not do it gingerly, we reduce them enough to close out every piece of Summer Goods in the house.

### MRS. NATION WAS SLAPPED

## In Retaliation For Her Attempt to Grab

Cigar From Man's Month, UTICA, N. Y., Asg. 17,-Mrs. Carrie Nation took in the Island Ramide excursion on the St. Lawrence river Thurs day and as a result of her efforts to sup press the nicotine habit among the kers aboard the boat had her face severely slapped.

On getting abound the excursion steamer she began a tirade, accosting every to have beam a thread, accosing every one who was smoking with the command to throw the weed away. Some ona-piled and some did not. Some she co-lieved of their eights by force of arms and some by force of eloquence. To all, Individually and collectively, she delivered her distribe against the ovil of

Going up to Eugene Foley of Clayton, representative of a Uten shoe house, she demanded that he throw his eight into the river. He refused and she made a short arm jub for the west. The correspond-ing week inst year there was shipped 1,635 tons, whereas this year shipments have been 14,674 tons.

The greater proportion of the increase in tunnage is in eastern shipments, the shipments west being less than for the same period last years

Urges Support of German Tariff Bill. BERLIN, Aug. 20.—The Germania, the organ of the centrists, or elerical party, whose attitude will determine the fute of the new tariff bill, frankly advises the government to take a middle course and to see that the bill is firmly supported to its representatives in the reichstog. It declares that this is the nly way to secure the passage of the scusure since the latter is opposed by oth the extreme left and the agrarian right, although for different reasons. The article is falsen to indicate that the center is already bargaining with the gov-
