Don't you think it's most satisfactory to know that when you buy a single article or an armful, you get our"One Price"-the "Lowest Price," the Only Price? This basis established and every article marked in plain figures puts doubt and dickering out of the deal. A blind person or a child pays just the same as a horse tr der. Now here's a little point-the fact that we mark everything in plain figures and stick to the price; and still "grow and grow," shows conclusively that there are no lower prices found. Our "little profits and thousands of sales" principle has won out and that's proof of its pleasing you, for without you we couldn't have become this big, modern store.

STATE CAMPAIGN PLANS

GEORGE A, KERN. President.

Chairman Reeder Arranges To Inaugurate The Coming Canvass.

THE GLUB LEAGUE CONVENTION

Young Republicans All Over the State Are Preparing for a Great Meeting of Delegates at Scranton On September 17 and 18.

(Epecial Correspondence.)
Philadelphia, Aug. 27.—General
Frank Reeder, who has just been reelected chairman of the Republican state committee was in this city yesterday arranging for the formal opening of the Republican state campaign.

General Reeder says he expects to find the party reaping the benefit of the exhibition of harmony given at the state convention last week and that he counts upon the enthusiastic support of Republicans of all factions in behalf of the state ticket.

The headquarters of the state committee are being fitted up and soon the machinery of the organization will be working night and day to get the canvass under way.

What will practically be the formal opening of the fight will be the annual convention of the State League of Republican Clubs which will be held at Scranton on the 17th and 18th of September. There has been a wonderful interest manifested in the workings of the league and the prospects are very gratifying for a large attendance

ering of the clans. The City of Scranton is noted for its hospitality and there is reason to believe that exceptional arrangements will be made this year for the entertainment of the deligates and other visitors to the con-

I. N. HINDERLITER, Secretary.

J. Hampton Moore, president of the State League of Republican Clubs, has just issued his call for the convention. As usual, the league will have the honor of opening the Republican campaign in the state. Steps will be taken at once in Scranton and on the part of the executive officers to arrange for a convention that will not only be pleasurable to all attending. but highly beneficial from a Republi-

can point of view. There will probably be a lively contest this year for the various offices. There have been several candidates suggested for the presidency of the league, among them Deputy Attorney General Fred W. Fleitz, of Lackawanna; Postmaster Isadore Sobel, of Erie, and ex-Mayor Crosby N. Black, of Chester. While there has been no one slated for this honor, the indications seem to favor the election of Mr. Fieltz, a falented young Republican, who has done splendid work upon the stump in several campaigns. The fact that the league will take a conspicuous part in the next gubernatorial campalgn makes this year's convention one of special importance

A Little Bay's Life Saved.

I have a few words to say regarding Chamborlain's Cough Remedy. It saved my little boy's life and I feel that I cannot praise it enough. I bought a bottle of it from A. E. Steer of Goodwin, S. D., and when I got home with it the poor baby could hardly breathe. I gave the medicine as directed every ten minutes until he "threw up" and then I thought some he was going to choke to death. We had to pull the phlegm out of his mouth in great long strings. I am positive that if I had not got that bottle of cough medicine, my boy would not be on earth to-day.—John Demont, Inwood, Iowa.
