CLEVELAND FLOODED.

Property in East End of Town Greatly Damaged.

Loss Estimated at \$1,000,000—Cloudburst Inundated Entire Residence Section, Undermined Streets, Houses, Bridges, Cultivars, Washed Bodies From Graves and Tore Things Up Generally.

CLEVELAND, O., Sept. 3.—With the breaking of dawn yesterday morning the citizens of Cleveland awoke to look upon a scene from the annals of devastation and destruction caused by a raging flood.

While the entire city was more or less affected, the great volume of raging water vented its anger over the miles of the eastern portion and caused an amount of damage approximated at \$1,000,000.

The appalling commotion was followed by a terrific rain that continued to fall shortly after 2 o'clock, turned into a perfect cloudburst between the hours of 3 and 5, and then continued with great force until nearly 5 o'clock.

The storm, according to the weather officials, was the heaviest that ever swept over Cleveland since the establishment of the government bureau in this city over 40 years ago.

That no lives were lost is nothing short of a miracle, as the stories of thrilling escapes from the water on several of the principal resident streets of the city are told.

The surging waters spread over an area in the east end nearly eight miles long and a mile and a half wide.

Great volumes of water poured over from Doan and Giddings Brooks down Quincey street, swamped Victoria street, rushed like millrace down Lincoln street, to the Euclid Avenue, and then on to Glen Park Place, where houses were undermined as though built of straw and almost incredible damage done to streets and property.

Over a large share of the exclusive residence territory the water carried in depth from one to six feet. Culverts, trenches and bridges were torn down and some nothing seemed capable of withstanding the tide.

Hundreds of residents who were imprisoned in their homes like stranded islanders were almost panic stricken. Danger signals were flashed about the city as speedily as the disabled telephone system would allow.

Reinforcements piled back and forth, assisting whole families from perilous positions, but these proved pitifully inadequate and it was soon found necessary to go to the extreme of calling on the life saving crew from the river, a distance of seven miles.

The lifeboats were quickly loaded on wagons and hurried to the scene of destruction.

With the aid of the fire department and police, the rescued people in places of safety. The fear was greatly enhanced by the momentary expectation that the great Shaker Heights dam would break loose and work terrible destruction.

Shortly before noon the torrent undermined a section of the corner of East Madison and Woodland and the bodies were soon being tossed about in the water. Fully a dozen corpses were washed into the gutters and have not been recovered up to now.

Gordon and Brookside parks on the east side were damaged to an amount figured at \$100,000. Through Glenview the overflow was terribly destructive. The loss in the village is estimated at \$100,000.

The street railways will suffer an immense loss. The train service on all roads will be blocked from two to six hours. The service from the east was completely tied up from 10 o'clock in the morning until 8 o'clock last night, when a train got through on the Lake Shore.

The vast amount of damage falls upon the householders within the flooded district. The water reached a depth of one foot or the first floors of scores of east end homes, boiling up from the sewers and pouring from the streets, carrying everything that came in its path along with it.

A remarkable feature of the storm which caused such terrible destruction is that up to 6 o'clock yesterday morning hardly a drop of rain fell west of Wilson Avenue while during the morning hours the east end was being fairly swamped in a perfect deluge of rain.

The damage to houses and contents cannot be estimated for days but will aggregate probably half a million. The city will lose heavily on damage to streets, culverts, bridges and pavements over the district covered by the water.

FATAL FIRE AT PITTSBURG

Gasoline Stove Exploded, Causing Death of One and Injury to Several Others.

PITTSBURG, Sept. 3.—The destruction yesterday of the Hotel McKee, a frame structure in the east end, resulted in the death of one life, injuries to four others and the narrow escape of many more.

Harry McKee, aged 11 years, son of the proprietor, who slept in a room over the kitchen, was burned to death.

The injured are: Della Campbell, domestic, aged 25 years; John M. Gray, aged 25 years; Harry Mardis, aged 21 years; Harry McConover, bartender; Mary Wolgast, aged 29 years, domestic. The above were seriously burned, but all will recover except Miss Campbell.

The fire was caused by the explosion of a gasoline stove which Miss Campbell attempted to light.

General Gaslee at Montreal.

MONTREAL, Que., Sept. 3.—General Sir Alfred Gaslee, K. C. B., until lately commander-in-chief of the British forces in China, arrived here yesterday on his way to England on twelve months leave of absence, and at the end of that time he expects to return to his command in India.

General Gaslee said his information was that the emperor and empress dowager would return to the palace in Peking early this month.

WU TING FANG TO LEAVE US

Dispatch From Peking Says He Has Been Transferred to London Embassy.

LONDON, Sept. 2.—"Li Ching Fang, the adopted son of Li Hing Chang, having declined the St. Petersburg legation,"

WU TING FANG.

says a dispatch to the Times from Peking, "China has appointed Sir Chih Chen Lo Feng Loh (Chinese minister in London) to St. Petersburg, transferring Wu Ting Fang from Washington to London."

SAYS STRIKE IS WRONG.

Shaffer Accused of Misrepresenting Trust's Attitude.

MILWAUKEE, Sept. 2.—Charges that the national officers of the Amalgamated association had misrepresented the attitude of the United States Steel corporation toward organized labor in order to get the members of the association to strike were made by former Vice-President J. D. Hickey at a meeting of the Bay View lodge yesterday.

In a cool, unimpassioned manner Mr. Hickey gave the members of the lodge the result of his recent trip to Pittsburgh, who he went to investigate the situation in regard to the steel strike.

The situation as summed up by Mr. Hickey is that it may take years to repair the damage to the association which has already been done. The strike is practically lost, he said. 72 per cent. of the mills are working.

Mr. Hickey made no recommendation to the lodge as to its future action, but it is believed that his speech may cause a change in sentiment, not only in Bay View, but in other places in the fourth district.

That his remarks will be reported in full to the general officers of the organization and that it may result in bringing Assistant Secretary M. F. Tighe or some other representative of the grand lodge here again was the belief of many. President Redfern stated so far it appeared to be the opinion of the majority that the men should not return to work until they should be ordered back by the national officers.

DOUBLE MURDER MYSTERY

Two Negroes Found Hacked to Pieces at Yonkers—Follow-Emple Suspected.

NEW YORK, Sept. 2.—The bodies of David Scott and John Stevens, the one steward and the other head waiter of the Sivanoy Golf club, were found yesterday in the attic of the clubhouse, which is located on the outskirts of Yonkers. They had been murdered with a butcher knife, which was found on the floor of the room, and this had been repeatedly plunged into them, as many as a dozen cuts being located by the physicians who were summoned.

The men were negroes. Warner Simms, a colored waiter, is held on suspicion of knowing something of the murder, while Frank Dunnington, another negro who called at the club Saturday, looking for work, is under detention.

SHOT THE PEACEMAKER.

Jealous Lover Threatened Girl, Shot Man Who Interfered and Himself.

WALPOLE, Mass., Sept. 3.—Two men were shot and seriously wounded here yesterday afternoon as the outcome of a quarrel between Fred McKee, a young machinist, and Mary Belle Spear, a young woman with whom he had been keeping company.

Jenks thought that Miss Spear did not care for him as much as formerly and by way of emphasizing a protest he threatened to shoot her. Charles Maier of Norwood saw the infuriated man point a revolver at the girl and when he tried to intervene Jenks shot him in the body, the bullet entering four inches below the heart. Jenks then shot himself near the heart. He is not expected to live, but there is a slight chance that his victim may recover. Jenks is 30 years of age and a veteran of the Spanish war.

To Inspect Canadian Coal Lands.

OTTAWA, Ont., Sept. 3.—Colonel Taylor, chief engineer of the Pittsburgh Coal company, and one of the best coal mining experts in the United States, has been appointed by the minister of the interior to inspect and report upon the coal lands provisionally selected by the government in the Crown's West Indies, British Columbia.

LABOR DAY CELEBRATED

Toilers All Over the States Were Out on Parade.

Hundreds of Thousands of Trades Unions in the Different Cities Enjoyed Themselves on the Day Set Aside For the Workingman—Business Generally Suspended and Picnics Were Plentiful.

NEW YORK, Sept. 3.—Labor Day was celebrated all over the country yesterday on a great scale, parades, picnics and other forms of diversions and amusement making the laboring man's holiday what it was intended to be, the one day in the year for the toiler.

In this city there was no parade of labor organizations, the day being given over to picnics and outdoor sports. Business was practically suspended.

Reports of celebrations in other cities are summarized as follows: St. Louis—Two big parades and picnics. 40,000 men in line. Omaha—Day celebrated jointly by Omaha, South Omaha and Council Bluffs labor organizations. Denver—Largest parade in history of the city. 10,000 men in line. St. Paul—Greatest turnout for years. 10,000 in line. San Francisco—Parade with chief feature, 20,000 men in line. Milwaukee—Four thousand workmen marched. Columbus—Parade and speechmaking. 10,000 men observed. Wilkesbarre—Day more generally observed than for years past; thousands of mine-workers and trades unionists in line. Indianapolis—Four thousand people paraded, including several hundred women. Chicago—Working men addressed by Chicago city mayor. A parade held after the big parade, which numbered 25,000 men. Everything in the parade was union, even to the shoes on the horses' feet. South Chicago steel workers were not allowed to march. Cincinnati—Ten thousand men marched. Cleveland—Ten thousand men in parade. Kansas City—Workers were addressed by William J. Bryan at Electric park on the labor question. 10,000 men were in the parade. Numerous reports were received from other cities of the celebration of the day, but the chief ones are given above. Accidents happened in several cities.

Two Accidents at Oswego.

OSWEGO, N. Y., Sept. 3.—The celebration of Labor Day was marred by two accidents, in one of which a policeman was probably fatally injured, and in the other a number of persons were badly cut and bruised. During the parade Policeman Frank Milos' horse ran away, throwing the officer to the ground with such force as to cause concussion of the brain. He also sustained a broken shoulder and was badly cut and bruised. A dozen people were knocked down and trampled upon by the horse before it was secured. None were seriously hurt.

The collapse of a truck in the parade, on which was a huge boiler, injured several people, including a young man living at Ulton, who was killed. The boiler exploded and 1,825 were idle. The total estimated production of the region for the week was 219,878 tons. The only change was at Dunbar, where 50 ovens are reported in at Hill farm, instead of 85, making a loss of 35 for the week.

Silington for the week aggregated 10,418 cars, distributed as follows: To Pittsburg, 3,465 cars; to West of Pittsburg, 4,265 cars; east of Connelville, 2,688 cars. This was a decrease of 81 cars.

FATAL PLEASURE TRIP.

Mother and Daughter Burned to Death in Explosion.

ALBANY, Sept. 2.—A frightful fate befell the family of Wilbur Alexander, a large contractor of this city last night. A naptha lamp exploded on the Hudson River at "The Abbey," a mile and a half below this city, killing Mrs. Alexander and her little daughter and burning Wilbur Alexander and his son, Wilbur Alexander, Jr., in a horrible manner.

Mrs. Alexander and her daughter were near the tank and their bodies were completely covered with burning oil. The son jumped into the water when the explosion took place. Mr. Alexander rushed to the assistance of his wife and daughter but they were burned to death before his eyes. He was at length compelled to jump into the river to save himself. The bodies of the wife and daughter were burned to crisp and the launch was entirely consumed.

Mr. Alexander and his son were brought to this city on a tug and removed to the Homeopathic hospital. Both were burned about the head and body. Mr. Alexander's injuries are so bad that it is believed he will die. It is thought that he inhaled the flames. The boy, though badly burned, will recover.

WHERE IS GUSTAF CLAESON?

He Was Wheelman on the Texas and Wanted as Witness by Schley Court.

WASHINGTON, Aug. 30.—The judge advocate of the Schley court of inquiry has been trying for some time past to discover the whereabouts of Gustaf E. Claeson, who may be wanted as a witness in the case. Claeson, it is said, was the man at the wheel on board the Texas during the battle of Santiago.

The records show that he named Gertrude Swanson, No. 3, Torgatan, Torshallen, Sweden, as his next of kin. A cable sent to Sweden has failed to elicit any response. Claeson enlisted at Boston and was discharged from the regular army while at New York, July 8, 1899.

Cudger Says It's Quiet on the Isthmus

WASHINGTON, Sept. 3.—In a mail report to the state department from Panama, dated August 31, United States Consul General Cudger says there had been no change in political conditions on the Isthmus since August 12. Both of the contending parties appeared to be intent on recruiting and reinforcing, and were awaiting developments. The revolutionists on the railroad lines were still making depredations on Chinamen.

English Aristocrat Dies in Poorhouse

CHATEAUGOFFA, Tenn., Sept. 3.—Charles E. Ward died yesterday at the Hamilton poorhouse. He was born in Baltimore and was the descendant of an aristocratic family.

CARETAKER ARRESTED.

Woolenist Accused of Looting House Where She Had Been Left in Charge.

PHILADELPHIA, Pa., Aug. 31.—Mrs. Isabelle H. Montague, a pretty and stylishly dressed maid, is a defendant in a police court on charges of looting a house in Walnut street, West Philadelphia, which had been placed in her care for the summer and also of fraudulently obtaining goods at a department store. Mrs. Montague, who belongs to a respectable family in West Philadelphia, fled to New Haven, Conn., after her alleged wrongdoing and was arrested there on Tuesday. She was held in \$1,800 bail for a further hearing next week, her father, who is connected with the West Philadelphia stock yards, becoming her bondsman.

Miss Susie M. Patchen, of No. 3718 Walnut street, preferred the larceny charge against Mrs. Montague, declaring that she had placed the prisoner, with whom she had become acquainted through visits to her establishment, in charge of her residence during her absence, thinking that she had obtained a "gem."

"In a letter to my sister," continued Miss Patchen, "I asked her to call at the house and see how Mrs. Montague was getting along. Shortly after my sister telegraphed me that the housekeeper had gone and much of my household goods, including piano, table linen and silverware worth more than \$500 had been removed from the house."

A detective employed in a large department store accused Mrs. Montague of representing herself as Miss Patchen, and obtained the credit of the latter worth valued at \$138. The prisoner offered no defense.

HAS COMPILED LETTER.

Perry Douds Receives Unique Document From Detective Woods.

NEW CASTLE, Aug. 31.—Perry Douds, acquitted last June of writing anonymous letters for the purpose of frustrating the efforts of the authorities to discover the murderer of City Treasurer Blevins, is exhibiting a letter which he says was received from Detective Woods of Erie, the handwriting of which Woods says is identical with the famous "Perry" anonymous letter, which figured so prominently in the trial. The letter contains all the words of the original Portersville letter, and Woods says he compiled them from words clipped from writings of Detective Perkins and pasted them together in the regular word sequence of the anonymous communication.

MADE BIG GAIN.

Increase in Coke Output During Past Week Was 10,000 Tons.

CONNELLSVILLE, Aug. 31.—The week's coke production shows a gain of 10,000 tons over the preceding week. Reports show a total of 217,747 ovens in the region, of which 10,018 were active and 1,825 were idle. The total estimated production of the region for the week was 219,878 tons. The only change was at Dunbar, where 50 ovens are reported in at Hill farm, instead of 85, making a loss of 35 for the week.

Silington for the week aggregated 10,418 cars, distributed as follows: To Pittsburg, 3,465 cars; to West of Pittsburg, 4,265 cars; east of Connelville, 2,688 cars. This was a decrease of 81 cars.

Fatal Explosion Got Him in Trouble.

FRANKLIN, Aug. 30.—To serve his country three years in the army and return home to see his aged mother, only to be arrested on a charge that had slipped his mind, was the fate of C. C. Singleton, a young man living at Ulton, this county. Six years ago Singleton is alleged to have forged an endorsement on a note, and a warrant was issued for his arrest. He left the county, however, enlisting in the regular army when the Spanish War broke out. He recently returned and as soon as a constable heard of it he placed the accused under arrest. He will have a hearing later.

Killed While Running For Life.

NEW CASTLE, Aug. 30.—Frank Ocher, aged 35, married, living at Cheverson, was instantly killed at Wampum Junction, Pittsburg night by the Pennsylvania Pittsburg flyer. He was walking across a long trestle when the flyer came in sight. There was no place for escape and he began a mad race for life across the trestle. The engineer attempted to stop his train, but Ocher was caught a short distance from safety, hurried 20 feet through the air and was dead when the train was stopped and members of the crew hurried back to his assistance.

Cavalry Returns From Manila.

WASHINGTON, Aug. 30.—The transport Hancock arrived at San Francisco from Manila Wednesday with the Fourth Cavalry. One squadron of the regiment will be sent to Fort Riley, another to Jefferson barracks, and another to Fort Leavenworth. A field battery recently ordered to Jefferson barracks will be sent to another post.
