CLEVELAND FLOODED.

Property In East End of Town Greatly Damaged.

Loss Estimated at \$1,000,000 - Cloudburst Inundated Entire Residence Section, Un dermined Streets, Houses, Bridges, Culverts, Washed Bodies From Graves and Tore Things Up Generally.

CLEVELAND, O., Sept. 2.—With the breaking of dawn yesterday morning the citizens of Cleveland awake to look upon scene of apparalleled devastation and destruction caused by a raging flood. While the entire city was more or less affected, the great volume of raging water vented its anger over the miles of the eastern portion and caused an amount of damage approximated at \$1,000,000. The appalling overflow was caused by a terrific rain that commenced to full shortly after 2 o'clock, turned into a perfect cloudburst between the hours of 3 and 5. and then continued with great force un til nearly 5 o'clock. 'The storm, according to the weather officials, was the henviest that ever swept over Cleveland since the establishment of the government bureau in this city over 40 years

That no lives were lost is nothing short of a miracle, as the stories of thrilling escapes from the water on several of the principal resident streets of the city are told. The surging waters spread over an area in the east end nearly eight miles long and a mile and a half wide.

Great volumes of water poured over from Doan and Gidings Brooks down Quincy street, swamped Vienna street, rushed like a milirace down Lincoln Averushed like a militare down Lincold Avenue to Euclid Avenue and then on to Glen Park Place, where houses were undermined as though built of straw and almost incredible damage done to

streets and property.

Over a large share of the exclusive residence territory the water varied in depth from one to six feet. Culverts, trestles and bridges were torn down and for hours nothing seemed capable of

stemming the tide.

Hundreds of residents who were im prisoned in their homes like stranded is anders were almost panic stricken. Dan ger signals were flashed about the city as speedily as the disabled telephone system would allow and the work of res-cue commenced. Rowboats piled back and forth, nosisting whole families from perilons positions, but these proved piti fully inndequate and it was soon found necessary to go to the extreme of calling on the life saving crew gfrom the river, a distance of seven miles. The lifeboats were quickly loaded on wagons and hurried to the scene of destruction.

The torrent surged with awful force for hours in Deering street from Fairmount to the Boulevard and over a dozen families were penned in like rats SHAWKEY & MUNN.

would break loosec and work terrible destruction.

Shortly before noon the torrent undermined a score of graves in St. Joseph's Cemetery at the corner of East Madison and Woodland and the bodies were soon being tossed about in the water. Fully a dozen corpses were washed into the gutters and have not been recovered up

Gordon and Brookside parks on the east side and Brookside park on the south side were damaged to an amount figured at \$100,000. Through Glensville the overflow was terribly destructive. s in the village is estimated at

\$100,000. The street raiways will suffer an imuse less. The train service on all roads was blocked from two to six hours. The mail service from the east was completely tied up from 10 o'clock in the morning until 8 o'clock last night, when a train

got through on the Lake Shore, The vast amount of damage falls upon the householders within the flooded dis trict. The water reached a depth of one on the first floors of scores of east end homes, boiling up from the sewers and pouring from the streets, carrying everything that came in its path along

A remarkable feature of the storm which caused such terrible destruction is that up to 6 o'clock yesterday mornng hardly a drop of rain fell west of Willson, Avenue while during the morning hours the east end was being fairly swamped in a perfect deluge of rain.

The damage to houses and contents cannot be estimated for days but will aggregate probably half a million. The sity will lose heavily on damage to streets, culverts, bridges and pavements over the district covered by the water.

FATAL FIRE AT PITTSBURG

Gasoline Stove Exploded, Causing Death of One and Injury to Several Others. PITTSBURG, Sept. 3.—The destruction yesterday of the Hotel McKee, a frame structure in the east end, resulted the loss of one life, injuries to four others and the narrow escape of many

Harry McKee, aged 11 years, son of the propretor, who slept in a room over the kitcher, was burned to death. The injured are: Delia Campbell, do-mestic, aged 25 years; John M. Gray,

aged 28 years; Harry Mardis, aged 21 years; Harry McCouver, bartender; Mary Wolgsin, aged 20 years, domestic. The above were seriously burned, but all will recover except Miss Campbell. The fire was caused by the explosion of a gasoline stove which Miss Campbell

FATAL PLEASURE TRIP. Mother and Daughter Burned to Death

In Explosion. ALBANY, Sept. 2.- A frightful fate befell the family of Wilbur Alexander a large contractor of this city last night.

A naphtha launch exploded on the Hudson River at "The Abbey," a mile and a half below this city, killing Mrs. Alexander and her little daughter and burn ing Wilbur Alexander and his son, Wil-

bur Alexauder, Jr., in a horrible manner, Mrs. Alexander and her daughter were sear the tank and their bodies were es pletely covered with burning oil. The son jumped into the water when the explo-sion took place. Mr. Alexander rushed to the assistance of his wife and daughter but they were burned to death before his eyes. He was at length com pelled to jump into the river to save him-self. The bodies of the wife and daughter were borned to crisp and the launch was entirely consumed.

Mr. Alexander and his son brought to this city on a tug and removed to the Homeopathic hospital, Both were burned about the head and body. Mr. Alexander's injuries are so bad that it is believed he will die. It is thought that he inhaled the flames. The boy, though badly burned, will recover.
