

The best time in the year to paper is when everybody else has finished. Then there is no difficulty in securing the services of a competent paper hanger because of the light demand for such work and another and more potent reason is that after the regular season is over you can buy paper hangings at 1/3 to 1/2 off the regular prices. We are now selling wall paper at actual cost. Not remnants either, but full lines and a large variety of designs:

Table with 4 columns: Paper description, Price per roll, and other details. Includes items like 'Papers that were 15c per roll, now 10' and '20' '23' '35'.

and all others at proportionate reductions. At these prices we do not expect the stock to last a great while.

—Minnesota's experience under the new primary election law forms the subject of an article in the October Review of Reviews by A. L. Mearkle. This law has attracted much attention in other States. —A new law in Pennsylvania makes it a misdemeanor to place free or trial samples of medicines, dyes, ink, coloring or polishing compounds where children can obtain them. And it's a good law to enforce to the letter. —The veterans of the Northwestern association, G. A. R., are holding their annual reunion at Irwindale park, Warren, to-day. Governor Stone, General Miller and other notable Grand Army men are expected to be present. —Leonard, the little son of John Noble who sustained an injury to his left foot some time ago by stepping on a nail, and who was treated at the Oil City hospital by Dr. Siggins, is getting along quite well, but it will be several weeks before he will be able to use the injured member to any extent. —The Derrick's September oil report of operations in the Pennsylvania, West Va. and S. E. Ohio fields, shows 720 completed wells, 6,770 barrels new production, 214 dry holes, 950 rigs and drilling wells. Compared with August this is an increase of 2 completed wells, a decrease of 1,554 barrels new production, increase of 15 in dry holes, and a net decrease of 10 in rigs and drilling wells. —Stephen King of Hickory twp. who gives some attention to gardening as a side issue, yesterday handed us a new variety of cucumber of his own raising. It is shaped like and quite resembles a small ripe muskmelon being of a golden color. When sliced and properly seasoned it beats the old fashioned variety. Mr. King told us the name of the new coddie propagator but we've forgotten it. —Pittsburg has won the pennant and some of the base ball cranks can now die happy. There are still a number of games to be played, but our favorites could lose them all and still win out. There's a big struggle going on between Philadelphia and Brooklyn for second place in the race, with the former just a trifle in the lead now. If she should also win it might be necessary for some one to sit up a few nights with the big Keystone State. —Our farners should be on the lookout for a gang of men who are operating a new grab, says the Oil Review. The scheme is to call on farmers at their homes and offer for sale a new method of making butter, with a county agency attached. When once their names have been secured to bind the contract, the experience is more expensive than to buy a car load of steam pumps or a barn lot of lightening rods. Farmers in the northern part of the state were bled for thousands of dollars this spring on this same grab. —That advertising in the newspapers has become essential to success in most enterprises appears from many indications. A striking proof is the extraordinary development of the business of writing advertisements for the newspapers. One of the oldest and most successful schools in this city has found it expedient to establish a department for the training of "ad" writers. It is only a question of time when every kind of business will make its announcement regularly through the newspapers. —Philadelphia Record. —Most people are not posted as to the amount of time that can be gained by convicts in prisons in this State for good behavior. The table of time gained on sentences from one to 40 years under the act of May 11, 1901, is as follows: A person sentenced to one year can save two months; two years, five months; three years, nine months; four years, one year, one month; five years, one year six months; six years, one year, eleven months; seven years, two years four months; and so on. A 10-year sentence allows three years and seven months. —Officers of the W. C. T. U. of Nebraska for the new year have been elected and are as follows: Pres., Mrs. Emma Cole; Vice Pres., Mrs. Anna Thompson; Cor. Sec., Miss Bessie Cook; Rec. Sec., Mrs. H. M. Cook; Treasurer, Mrs. Lottie Knopp; Superintendents of departments: —Mercy and Narcotics, Mrs. Ida Small; Evangelistic and Sabbath Observance, Mrs. Mable McKean; Franchises, Miss Mary Thompson; Scientific Temperance Instruction, Mrs. Emma Cole; Temperance Literature, Mrs. Cook; Parlor Meetings, Mrs. Dorcas Thompson; Mother's Meetings, Mrs. Annie Allison; Press Work, Ida E. Small. —U. S. Pension Agent J. W. Nesbit has sent out the following for the guidance of all concerned: "By Act of Congress, approved August 23, 1894, fourth-class postmasters are authorized to administer oaths to pensioners and their witnesses, in the execution of pension vouchers. Vouchers executed before fourth-class postmasters will not be accepted, unless the postmarking stamp is affixed; this stamp is the one used to show the date a letter is filed in the postoffice for transmission, or on which it is received for delivery. Stamps used in the transaction of other postoffice business will not do. Postmasters should add after the names, when signed to the vouchers, the words 'Fourth Class Postmaster,' as required by Section No. 589 of the U. S. Post Office Official Guide."

Gorgeous Time at the Gorge.

A large party of merry-makers picnicked at Crystal Springs, the pleasant resort on the trolley line between the two villages, Pleasant and Tionesta, last Saturday afternoon. "Three up-to-date towns were represented, as follows: West Hickory—Mr. and Mrs. J. A. Turner and daughter Nellie, Mr. and Mrs. Orion Siggins and daughter Josephine, Mr. and Mrs. J. G. Carson, Mrs. A. J. Siggins, Misses Fannie, Jennie and Justina Siggins, Rev. H. K. Steele. Tionesta—Mr. and Mrs. L. Fulton, Mr. and Mrs. J. D. Davis and son Kepler, Mr. and Mrs. J. H. Robertson, Mrs. J. P. Grove, Mrs. J. F. Proper, Mrs. F. R. Lanson, Mrs. George Killmar, Mrs. J. C. Dunn, Mrs. Kate B. Craig, Miss Ida Paup, Mr. and Mrs. Wm. Smearbaugh, Mr. G. W. Robinson, Mr. and Mrs. J. E. Wenk. Tionesta—Mrs. J. B. Siggins and daughter, Virginia, Mrs. McCrum, Mrs. Brown and Miss Brown. There was nothing lacking to complete an ideal picnic party, not even the proverbial and never-failing shower of rain, which came on in good season and stayed. But what would as outing be without Jupiter Pluvius? simply a fizzle, and anybody would prefer a drizzle to a fizzle any old day. There was the ten mile trolley drive, down one hill and up two, the happy jostling and jumbling of good-natured people and well-filled lunch baskets, a delightful run down the trolley line gorge, and a sharpening of appetites by a stroll through the pretty rustic park. A thirty-foot table groaning under its load of substantial and delicacies, and oh, such coffee and cream! Who says they didn't have a good time? Yum, yum! And what a pity the season's so nearly expired. But wait till next year, and let history repeat itself. It was a gorgeous day at the Gorge, rain or shine. Endeavor. The new band bill at Endeavor will be ready to manufacture lumber by Nov. 1st and will be a fine mill in every respect. The new shingle mill is now running! The new dry kiln is running full blast, and several new houses are being built. Endeavor is surely enjoying a big business boom. Mrs. H. A. Lynch is in New York this week buying goods, and will return via Buffalo and visit the Pan-American. Mrs. Robert Lynch is visiting friends in Mercer county this week. Miss Maude Hillard is visiting friends in Franklin for a week or ten days. Our genial townsman Gus B. Evans mourns no longer the loss of "Towner."
