Facts and Opinions Concerning a
Cloak Store that is With-
out Rivals!

It is a fact worthy of note that every woman who goes out of the garment store carries with her the impression that styles here are newer and better, and prices decidedly lower than elsewhere.

TAILOR MADE SUITS

At \$13.50, of splendid quality cheviot in greys, Navys and Blacks; Eton Jackets, trimmed with bands of Black Taffeta. Full flare skirts, prettily stitched.

At \$15.00, of fine quality Covert Cloths in blues, browns and blacks; latest style jackets, full flare skirts, fine tailor made.

At \$25.00, of stylish Canvas Cloths and Hop Sackings, in Navy, Brown and Black, blouse front jacket, trimmed with braid and narrow rows of velvet, new graduated flounce skirt.

At \$35.00, of finest imported Broad Cloths and Venetians, in Navy, Black and Brown. Eton Jacket edged with Panne Velvet and Taffeta, vest effect of Paone Velvet, skirt full flare. Drop skirt of warranted Taffeta silk.

COATS AND JACKETS

All the newest styles—Raglans, Storm Coats, Box Jackets, Etons etc., from \$5 up, and every grade representing the very best values to be found anywhere.

RAIL ROAD FARE PAID.

The beauty of it all is it costs you no more to trade with us than it would if you lived right in our midst. On all purchases of \$20 or over we pay car fare both ways. This gives you the benefit of our low prices and large stocks without any expense.

OIL CITY, PA.

FUSION DEAL ON

Democrats Finally Accept Terms
of Union Party Managers.

TO DISRUPT REPUBLICAN PARTY

That is the Game So As to Pave the
Way For a Democratic Governor
and a Wanamaker Legislature at
the Ensuing Session.

(Special Correspondence.)
Philadelphia, Oct. 8.—As was expected, the Democrats have withdrawn their candidates for state treasurer in order to permit of the carrying out of the deal to have E. A. Coray, the nominee of the Union party, put upon the Democratic ticket in his stead.

This will complete the compact made between James M. Guffey, member of the Democratic National committee from Pennsylvania and the Wanamaker managers of the Union party, by which they are to work together against the Republican party this year to form a nucleus of an organization which will run a fusion campaign for the election of members of the legislature next year, who will be called upon to elect a United States senator.

It is quite manifest to all of the Wanamaker adherents that their favorite cannot hope to be supported by regular Republicans for the United States senatorship or any other honor in the gift of the Republican organization.

They fear, as the Philadelphia Record said a few days ago, that "Wanamaker is a dead cock in the pit," but as long as the cash holds out they propose to make the best fight they can for the money.

Guffey sees that he cannot lose anything, particularly as it is understood that part of the deal with the Union party managers is that the Democrats shall be permitted to elect the next governor in return for their support of the Union party candidates for the legislature.

BREAKERS AHEAD FOR GUFFEY.
The withdrawal of Palm, the Democratic nominee for state treasurer, does not meet with favor in Democratic circles and Guffey is going to have troubles of his own in working out the scheme.

Guffey would have nominated Coray instead of Palm when the Democratic state convention met at Harrisburg, but he found the sentiment among the delegates to the convention pronounced against the placing of a disgruntled and bolting Republican on their ticket.

Had Palm withdrawn before, Guffey would have been compelled under the Democratic rules, to reconvene the Democratic convention, and he would have had to nominate a Democrat in place of Palm. The state convention adopted two resolutions calling for the nomination of a Democrat in the event of either of the candidates withdrawing.

Now the Democratic state committee will have to fill the vacancy occasioned

by the withdrawal of Palm. There will be a vigorous protest against the substitution of Coray for Palm, and it is not improbable that there will be a lively struggle at the meeting of the state committee.

Chairman Cresay has been visiting different parts of the state, meeting members of the committee and working in the interest of the nomination of Coray.

Coray has nothing in common with Democracy, the Democrats opposed to his nomination say, and it is quite manifest that he has no place in the regular Republican organization, as he has been an insurgent for a number of years. He is an ardent Wanamaker supporter.

The managers of the Union party know that there is no likelihood of success at the coming election, but they hope to form an organization, as their state chairman, Ritter, indicated on his acceptance of the position which he now holds, in order to be in shape for the United States senatorial contest of next year.

CORAY WILL BE KNIFED.
The Union party managers and Colonel Guffey have evidently not taken into account the feeling among straight Democrats throughout the state against the Wanamaker movement.

There will be thousands of Democrats who will not vote for Coray for state treasurer. They realize that he has no standing in either the Democratic or Republican party and they resent the idea of his being foisted upon their party at this time simply to oblige the Wanamakers.

Coray is a very erratic politician. He will be cut most where he is best known to Democrats. In his home county of Luzerne, Democratic committees have already adopted resolutions protesting against his being placed upon the Democratic ticket.

In Philadelphia he will be cut many thousands by the Democrats who are protesting against Colonel Guffey coming into this county and dictating to the local Democracy. He practically told them that unless they nominated the Wanamaker local ticket he would read their organization out of the Democratic party.

Imagine what these Democrats will do with Mr. Coray when they reach the ballot box.

Guffey has practically given over the Democratic organization in the Quaker City to Judge Gordon who is on the Wanamaker staff of political supporters and the Democratic voters have no redress excepting as they propose to act at the coming election.

Poultrymen from all over the United States will be meeting at Buffalo and the Pan-American Exposition the last three weeks of October.

The stock shows at the Pan-American Exposition have been most popular. The sheep show began Sept. 23 and lasts until Oct. 25.

Innes' band, one of the best in the country, will give concerts free to all Pan-American Exposition visitors from Oct. 7 to 20.

OCTOBER DAYS

...AT THE...

PAN-AMERICAN

THE postponement of some of the special days has crowded many great events into the month of October. Toronto day opened the month with many thousands of visitors from Canada on the 3d. Pennsylvania day, on Oct. 4, with Governor William A. Stone, his staff and several regiments of the national guard, made a splendid showing. New York day came Oct. 9, following Brooklyn day. These two days will be the occasion for reunions of people west and east, as New Yorkers are found all over the Union.

The Citizens' Committee of Brooklyn has been hard at work for several months preparing for Oct. 8, and the programme which has been arranged promises a rare treat for those who are fortunate enough to gain admission to the Temple of Music during the time of its presentation. The special oration of the day will be delivered by the Hon. St. Clair McKelway, editor of the Brooklyn Eagle. The Hon. Ludwig Nissen will preside at the gathering, and other addresses will be delivered by Mayor Diehl of Buffalo, William C. Bryant, chairman of the Brooklyn Citizens' Committee, and Hon. W. L. Buchanan, director general of the Exposition. The music incidental to the occasion will be furnished by the Innes band of New York city. Elaborate fireworks have been planned for the evening.

On New York day Governor Odell will be escorted to the Temple of Music by sixteen out of town organizations in addition to the three located in Buffalo. Over 3,000 men will be in line, composing one of the largest and most imposing parades which has ever taken place in times of peace. All branches of service will be represented—Infantry, cavalry, artillery, naval and signal. An elaborate programme has been arranged for the Temple of Music and a reception in the New York State building with magnificent fireworks in the evening.

Illinois day, on Oct. 7, is to be one of the great days of the Exposition. While the death of President McKinley made it necessary to postpone the day from Sept. 19, Governor Yates and the State commission have determined that the day shall be an event of great importance at the Exposition. Thousands of Illinois people are coming. The great middle west, Ohio, Indiana and Illinois, with Michigan, have sent great crowds already to the Pan-American, and there is every indication that the attendance from that section will be greater than ever during the month of October.

Buffalo will have a great day on Oct. 10. At the Chicago fair Chicago day was the crowning event of the Exposition. So Buffalo people are laboring hard to make Buffalo day the climax in point of attendance.

Many nearby cities will have special days in October, notably Erie, Pa., on Oct. 10 and Dunkirk, N. Y., on Oct. 10. The list is constantly being added to. National Grange day, Oct. 10, will bring Patrons of Husbandry from every part of the nation. Atlantic City people and New Jersey people will visit the Exposition on Oct. 11. Atlantic City day.

Alaska day, on the 28th, will bring into prominence the products and people of that great golden land of the midnight sun, ice, snow and wealth. Every day from Oct. 1 to the 31st will be replete with interest, from Carnival week, which opens the month with the gorgeous floats of King Rex and the replica of Mardi Gras pageantry, to the magnificent pyrotechnic display on the night of the last day of the month.

No exposition ever held in the United States so appealed to the American public as has the Pan-American Exposition in its architectural beauty and symmetry, its gorgeous flowers, now in the fine beauty of fall bloom, its special amusements, music and carnival features. "No person," said Secretary of Agriculture Wilson during a visit on Sept. 10, "should miss seeing the Exposition. It is magnificent beyond compare." Never again will the world see such an illumination. Not every city has the wonderful electric plant driven by Niagara Falls, and without some such plant it will be impossible to reproduce the solemn grandeur, the glorious beauty, the impressive radiance of this City of Light.

There are yet a few more weeks in which to see this vision with all its attendant beauties.

Conventions at Buffalo.
October will be a great convention month at Buffalo. Thousands of members of organizations will take this opportunity of visiting the Exposition at that time. Beginning with the International Cremation congress from Oct. 1 to 3, the month closes with the American Langshan club on Oct. 25.

National Grange Day.
Thursday, Oct. 10, will be National Grange day at the Pan-American Exposition. At a meeting in the city of Washington held in 1900 the National Grangers adopted resolutions setting aside this day, and a great assemblage of Patrons of Husbandry and farmers generally is expected.

Brain-Food Nonsense.
Another ridiculous food fad has been branded by the most competent authorities. They have dispelled the silly notion that one kind of food is needed for the brain, another for muscles, and still another for bones. A correct diet will not only nourish a particular part of the body, but it will sustain every other part. Yet, however good your food may be, its nourishment is destroyed by indigestion or dyspepsia. You must prepare for their appearance or prevent their coming by taking regular doses of Green's August Flower, the favorite medicine of the healthy millions. A few doses aids digestion, purifies the blood, makes you feel buoyant and a vigorous. Get Green's Special Almanac.

OCTOBER FLOWERS.

There is a Beautiful Display of Them at the Pan-American—The Gardens of the City of Light Are One of Its Most Attractive Features. Artistic Scenes Which the Lover of Beauty Should Not Fail to See.

The Pan-American is one of the greatest flower shows that ever was, but there are so many other things in which it is great that the rarity and beauty of its floral features are perhaps apt to be overlooked. If people would take more time to allow the artistic and beautiful features of the Exposition to impress their senses and permeate their inmost being instead of racing from one part of the grounds to another, trying to see every exhibit and every show on the midway, they would go home feeling greater benefit from their stay in the Rainbow City.

The Pan-American is full of gardens which tempt the visitor to rest awhile and drink in the beauties of nature. It may seem surprising that in the month of October there are flowers worth looking at, but such is the fact. The rains of the past few weeks have kept the landscape as fresh and beautiful as in May and June, and as one flower goes out of the scene another takes its place. On opening day the hyacinths filled the air with their dainty fragrance, in June tulips lifted their proud heads, later in the month of brides and sweet girl graduates came roses, with their rich perfume, and as the summer passed the other flowers in their season sprang up as if by magic to take the place of those which had done their blossoming and served their turn in the entertainment of the visitors to the City of Light. And now one sees the tall canna, the gay geranium and such old-fashioned flowers as grandmother's garden had—the phlox, the pink, the begonia, the petunia and other posies which are no less beautiful because they do not happen to be novel.

In entering the grounds by the Elmwood gate visitors pass two tall and curious looking trees, which perhaps few in their anxiety to reach the heart of the Exposition stop to notice. If they realized that they were century plants just budding, a thing which, as all know, century plants only do once in a long, long time, they would doubtless stop and look with open mouths and wondering gaze. It is a slight which one cannot see very often anywhere else. One of these century plants is nearly forty feet in height.

The Rose Gardens around the Woman's building, having for their background the outlines of the Spanish renaissance buildings about the main court and the Elmer Tower looming up at its north end, with the Mirror Lakes and the Triumphal Bridge and the groups of stately abounding, form a scene whose artistic aspect must appeal to even the least aesthetic visitor. The cannas are very effective decorative plants, with their tall leaves in green and red and brown. A rich canna one sees here is named Governor Roosevelt. It would seem appropriate now to change its name to President Roosevelt.

On the opposite side of the Triumphant Bridge is the Wooded Island, and here one roams amid old-fashioned flowers, growing as though they had sprung up there all by themselves without any assistance from the landscape gardener and his corps of assistants. But of course that is not the case. The studied carelessness of the gardening of this island is only one of the pretty deceptions employed to produce the impression that it is all the work of Mother Nature herself.

Have you seen the fairylike effects in the garden about the Fountain of Abundance at night? It is one of the new things. This small garden is very beautiful by day, and at night electric lights of different colors have been hidden among the flowers and plants, so that one sees the surface of the ground dotted with these little spots of light, bringing out the beauty of the flowers, and all forming a scene impossible to describe, but very charming indeed to witness. It is quite a pretty surprise even to old Pan-American visitors.

Did you ever notice in crossing the Court of Lilies, south of the Machinery building, a heavy vapor arising from the basin in the center of that court? Sometimes it has so much the appearance of smoke that people think something must be a fire in the garden, but it is only the steam or vapor created by the heating of the water in that basin for the benefit of the tropical lilies which grow therein. These lilies, which are known as the Victoria Regia, have enormous leaves, some of them three feet in diameter.

Other gardens where there are flowers in bloom during this month of October are those in front of the United States Government building and the Horticulture group, where the gay geraniums and sweet petunias contrast their colors with the green flags growing in bloom during this month of October.

There was a floral fete at the Exposition during the first week of October, and this in its way, of course, was an affair of much beauty and magnificence; but, as a matter of fact, there have been floral fetes at the Pan-American since opening day.

Stricken With Paralysis.
Henderson Grinnett, of this place, was stricken with partial paralysis and completely lost the use of one arm and side. After being treated by an eminent physician for quite a while without a relief, my wife recommended Chamberlain's Pain Balm, and after using two bottles of it he is almost entirely cured.—Geo. R. McDonald, Man, Logan county, W. Va. Several other very remarkable cures of partial paralysis have been effected by the use of this liniment. It is now widely known, however, as a cure for rheumatism, sprains and bruises. Sold by Killmer Bros., Tionesta, and W. G. Wilkins, West Hickory.

IT PAYS TO ADVERTISE IN THIS PAPER.

MADE FATAL MISTAKE.

Train Dispatcher's Error Caused a Fatal Week.
QUEBEC, Oct. 1.—Two Quebec Central trains collided yesterday between Sherbrooke and Lewis and three men were killed and two seriously wounded. Although the accident occurred yesterday morning the news only reached here last evening and no definite news could be obtained before the arrival of a special at 11 o'clock. A number of Americans were on both trains and returned here on the special. The accident was due to a train dispatcher at Sherbrooke who gave an order to the train running into Lewis to cross the up train at Robertson and giving instructions to the latter train to cross at Black Lake. The former station is north and the latter south of Thetford Mines.

The killed are: Engineer Alex. Fineman Dean and Mail Clerk Roy, all of the down train. The engineer and fireman of the up train jumped, the latter breaking his arm. The train dispatcher noticed his mistake just as the down train left the last station, Thetford Mines, and wired the operator there, but it was too late as the train had pulled out. Two engines, one mail car, two baggage cars, one first and one second class cars were completely wrecked, but, strange to say, no passenger was injured. It is reported that the train dispatcher has given himself up to the police authorities at Sherbrooke.

Preached Half Century.
GREENSBURG, Oct. 8.—Rev. Dr. H. L. Chapman, pastor of the Methodist Episcopal church, celebrated the 50th anniversary of his entry into the ministry Sunday. The big congregation joined heartily in making the event a success.

More than 5,000,000 people have visited the Pan-American Exposition. As Secretary of Agriculture Wilson said on Sept. 11, after a visit, "No one can afford to keep away."

Thomas A. Edison said of the Pan-American Exposition after viewing the illumination, "This is the apotheosis of the incandescent light."

A Great Discovery, Not Made by Accident.

Great discoveries are not always made by accident but often by perseverance, constant study and experience. Such was the case that resulted in the discovery of Thompson's Barosma which is remarkable for its cures in Kidney, Liver and bladder troubles, also Sciatic Rheumatism. Barosma is remarkable also in the fact that the cures it makes are Permanent.

A Serious Case Easily Cured.

The third dose of Thompson's Barosma made me feel like a new man. I suffered about a year with pain in the back, side and groin. My hands, arms, and side of face became numb; would wake up numb all over; had to get out of bed and go through gymnastic exercises to get asleep. I made up my mind to sell out the jewelry business, as I lost thirty pounds of flesh in one year. I am very thankful I took Thompson's Barosma and shall remain in Tionesta. Any person afflicted as I was can call on J. I. Borne, jeweler, 29 West Spring street, and learn what Barosma, Backache, Liver, Kidney and Lumbago Cure did for me. It is a valuable remedy. The above cure was effected five years ago and I have been well ever since. J. I. BORNE.

Cured in Four Days.

About twenty years ago I contracted a sprain and lumbago, causing numbness in back and hips, which confined me to my bed. Capt. S. R. Smith called on me and said: "Get a bottle of Thompson's Barosma," which I did taking large doses and to my surprise in about four days I rolled out of bed a well man. Although this was twenty years ago, I have had no return of the symptoms since. (Signed) JOHN P. PRIPPER, Sept. 1st, 1900. Selkirk, Pa. All druggists, \$1.00 a bottle or six for \$5.00.

Shirt Perfection,

That's the Star.

We are showing their complete line simultaneously with the best Broadway and Fifth Avenue retailers. White Stiff Bosoms, prices \$1, \$1.50 and \$2 Colored Stiff Bosoms, prices \$1.50 and \$2

The patterns and fabrics of the STAR FANCY SHIRT FOR GENTLEMEN are exclusive and cannot be had in the cheap imitations. The White Full-Dress Shirts have been the standard of correctness for a generation in New York. The limited supply has prevented people outside the metropolitan cities from getting them. The BOYS STAR SHIRT WAISTS are here for you in the new fall styles.
