Three separate gargs of convicts have been reported at points within five miles around Topeka and a crowd of penitentiary guards, deputy sheriffs and

From the descriptions received Warden McClaughry believes that the two captors of Sheriff Cook of Topeka, Sunwere Arthur Hewitt, white, and Sutherland, a part Indian. MACCABEES DO NOT LOSE. LIHUNG CHANG'S DEATH DYNAMITE ON THE RAILS SUMMARY OF THE NEWS Defaulting Finance Keeper's Shortage

Fully Covered by Bond.

PORT HURON, Nov. 8.-Charles B. Thompson, supreme finance keeper of the Knights of the Maccabees, yesterday confessed that he was a defaulter in the sum of \$57,000 of the funds of the association which he had used in his own business and which is a complete loss.

Supreme Commander Markey made the following statement in regard to Mr. Thompson's shortage:

"Charles B. Thompson has been supresse finance keeper of the supreme tent since it was organized in September, 883, and has handled and disbursed more than \$15,000,000 during that time, and until this defaication no thought has ever been entertained against his integrity and this betrayal on his part will be keenly felt by the membership.

took of nearishment and appeared to recognize his relatives.

"Mr. Thompson's shortage is \$57,000, but no loss will be incurred by the supreme tent, as every financial officer of the association, including Mr. Thompson, is bonded in surety companies and the bond held by the order as security for Mr. Thompson's integrity is very much greater than the shortage. But the fact that no pecuniary loss is sustained does not relieve from regret the members of the association who have been, up to the present time, able to say that no officer in the association has ever mis-appropriated a single dollar's worth entrusted to his care. The bond companies have been notified of Mr. Thompson's defalcation and the supreme tent will look to them to make good the amount. Pending an adjustment with the bond companies there will be no delay in the payment of death claims, as the order had on deposit in cash on the first day of this month in its various depositaries thoughout the United States a little more than half a million dollars besides hav ends amounting to more than \$1,-
