SENATORS PETTUS and Morgan are the oldest members of the upper house of Congress. The former is eighty and the latter is seventy-seven. Senator Bailey, of Texas, who is thirty-eight, is the youngest.

THE majority for Harry R. Wilson, Republican candidate for President Judge of Clarion county, is 587. The official count will not change this much either way. The Dimeogratic state ticket had 923 majority.

THREE former mistresses of the White House are now residing in Washington-Mrs. Latitia Tyler Semple, daughter of President Tyler; Mrs. Harriet Lane Johnson, veice of James Buchanan, and Mrs. Ulysis S. Graat.

Two pictures to look on is a suggestion of the Indianapolis Journal. The last Democratic Secretary of the Treasury was compelled to sell bonds to meet the current expenses of the Government. Secretary Gage is purchasing bonds to keep down the Treasury surplus.

Or what earthly use are any more Democratic promises to the people? Repub lican promises of what would result from the operation of Republican policies have all been fulfilled, and all the Democratic prophecies on the same subject have failed dism-lly. The Democratic prophet naturally belongs to the collection of play wagens and dolls in the barn loft of political oblivion.

THERE have been so many inquries as to the pronunciation of the name of President Roosevelt that the authentic pronucciation will be of interest to many people. The name is composed of three syllables and is pronounced as if spelred Rose-avelt, with the accent on the first syllable, Practically the same sound is obtained by spelling the name Ro-sie-velt, with the accent on the first syllable. Assistant Secretary Loeb said a few days ago that he has been asked a thousand times as to the pronunciation. Probably the majority of the people pronounce the name with the sound of the two o's, but

In the recent drubbing which the people of Philadelphia gave to the take reformers the Inquirer of that city merits a large share of credit. That stalwart journal stood firmly, single handed and alone against the seven subsidised papers of Montgomery Republicanism and decency, winning out by a crushing majority. The people have become so accustomed to 'Editorial Page of the Wanamaker Store," that they put absolutely no confidence in the daily put absolutely no confidence in the daily harangue of the editorial writers, knowing how completely they are controlled by the page advertisements. The people of Philadulphia are to be conventioned. Susquehann of Philadelphia are to be congratulated on having at least one unpurchaseable paper that can be relied upon

AT last week's elections the Republicans won by large majorities in Ohio, Massachusetts, Iowa, New Jersey, New York, Rhode Island and in Bryan's own state of Nebraska, which was carried by upward of 10,000. New York City elected Seth Low, Republican, mayor by over 40,000, the Republicans carrying their entire ticket. In Maryland the Republicans elected a majority of the representatives in the legislature while the Democrats carried the house of Delegates, giving them an apparent majority on joint ballot. The iniquitous new ballot law, engineered by Gorman, is responsible for the defeat of the Republicans, and they will doubtless be able to overthrow Gormanism fraud by seating enough representatives to carry the election of a U. S. Senator on joint ballot.
