## Farmers and Reciprocity.

There is another aspect of the question which makes it evident that opposition of our farmers to reciprocity need not be based on the fear that they cannot improve their condition abroad. It is has long been understood that Oil City the certainty that, whether they do so or bas been noted for years back as a great not, they can improve their position at place for game of all sorts-a veritable home. There is no doubt that an in- preserve in fact-pheasants roosting on creasing amount of agricultural products will be required for home consumption on account of the increasing growth of our towns and cities and the manufactur- ments, the why's and wherefores of it all ing population. The certainty that for a very long time the American artisan need hence the Derrick's dissertation is timely not look abroad for his food removes a and of more than common interest. curing the expression of members of Congress as to the re-enactment of the Chinese exclusion act, which expires by Imitation on the 5th of rest May, limitation on the 5th of rext May. Among these who believe that the act should be continued in force is our means the American of to day." Less than two should be continued in force is our member, Hon. J. C. Sibley. He says: "In the add Congr. as my ardent efforts were givon in favor of the Chinese exclusion act, based upon the then prevailing labor conditions of the Pacific slope as represented by the friends of organized labor. I am at present unfamiliar with the labor peril" and the vigorous new life growing market upon the Pacific slope or the attitude of the people in reference thegeto. It might be possible that modified re-strictions should obtain, but as a general principal it may well be heid that the American wage-earner should not meet in proper competition either the products of the senior partner of the firm of F. J.

EVERY generation has troubles enough

of its own; it should not be compelled to be continually fighting over and over the same questions that divided parties fifty years ago. Questions once thrashed out should stay so, the wheat and the chaff separate, Every intelligent American knew in 1849 that protection enriched the testimonials, free. country, benefitting especially the worker for wages, and that free trade and all ten- Tourist Cars on the Nickel Plate Road dencies to it took business away from the country and so impoverished all but a very few. Why, then must these lessons be learned over and over every few years? Every new experience of the familiar lacis scores deeper into the nation and causes greater suffering than before. Why should any party for sheer partisan advantage, seek to unsettle the public mind with exploded theories? Let the "American system" remain henceforth the unchallenged policy of the nation. Such, indeed, would be a course of true patriotism.

THE report that most of the remaining bound leave Chicago, Tuesdays and Sattaxes levied in 1898 to meet the extra undays at 2:30 p. m. Berths in these expenditures necessitated by the Spanish Tourist cars are sold at greatly reduced war will be removed in the approaching rates. Conveniences are offered without assion of Congress may turn out to be extra cost for heating food or preparing true. A cut on the imposts on tobacco, coffee or tea, affording every facility for beer and whisky will be urged, and as comfort on a long journey, especially for the surplus persists, notwithstanding the families traveling with children. Lowreduction in taxation made in the recent est rates may be obtained always via the Congress, another reduction is likely to Nickel Plate Road for all points East or take place within the next few months, West.
