Oil market closed at \$1.15.  
 Oil and gas leases at this office.  
 Hopkins sells the Douglas shoes.  
 In groceries the White Star leads.  
 Groceries, always fresh and cheapest at T. C. S.  
 There are fifty applications for license to sell liquors in Clarion county.  
 We have noticed that the very poorest heaters and furnaces made seem to be put in churches.  
 There are 1571 pensioned employees of the P. R. R., whose allowances last year were \$292,290.20.  
 The Freedman building is being fitted up for a millinery store and will be occupied by Mrs. Urey.  
 Have a look at Geo. I. Davis' ad. in this issue, and then consult him about your painting and papering.  
 J. W. Sires will have his photograph gallery at this place open for business every Friday until further notice.  
 No need of ladies all wearing same pattern of shirt waist. Hopkins has patterns by the hundred—no two alike.  
 Shoes, the kind that keeps out cold and damp and therefore keeps the doctor away and saves you money at Tionesta Cash Store.  
 New dress goods, new wash goods, new white goods, new lace, new embroideries, new dry goods of every description. Hopkins.  
 The reputation of the Edinboro Normal as a high grade professional school attracts students from far and near.  
 JOHN F. BOGGER, Principal.  
 A religious expert having declared that sin is diminishing as time advances, the Bradford Era concludes that our ancestors must have been a pretty tough lot.  
 Always be sure the groceries you eat are the best and freshest that can be had. You'll always be right when you send to the White Star Grocery for 'em. Either phone.  
 Following is the list of letters remaining unclaimed for in the Tionesta, Pa., Post Office, for the week ending Feb. 19, 1902: Mr. H. B. Milward, Mr. S. T. Anderson, Al Signor Stefano Girolamo.  
 D. S. KNOX, P. M.  
 At the White Star Grocery you always get the best and freshest the market affords. They sell too many groceries to allow any staleness to gather on their shelves. Either phone brings your order to the door.  
 While we are talking about muslin underwear, carpets, etc., we do not wish you to overlook the fact that we keep shoes for sale. We handle only the best makes, all strictly new and marked very low. Heats & Feil.  
 The outlook for the spring term at the Clarion Normal is most gratifying. That institution has done much in the way of providing efficient teachers for our public schools. It deserves the support of all good people.  
 George I. Davis, the artistic paper hanger and painter, has the latest in wall papers. Ask to see his samples and get prices. You'll be astonished at the smallness of cost. Borders, ceilings and walls all the same price. Engage him quick.  
 Attention is directed to the double column ad. of Geo. L. Siegel, Seedman, Erie, Pa., in this issue of the REPUBLICAN. Mr. Siegel has the reputation of a honest and conscientious dealer, and while you are thinking of your spring seedling it will be well to correspond with him in regard to the matter.  
 We haven't the literary talent to write anything as interesting as the Biddle affair, so we have to be content at writing about something we have to sell. It's the same old story, "They were married at last" and needed a new carpet. Here's where we come in: we have it to sell, at very low prices. Heath & Feil.  
 The two cubs recently born to the pair of old bears at the Traction company power house have mysteriously disappeared and hide nor hair of them can be found. As there was no way for them to get away, the only solution to their disappearance seems to be in the theory that their cannibalistic papa ate them up.  
 Titusville Courier.  
 The Titusville Iron Works served their employees a trick last Friday which they will remember for some time to come. It was Valentine day, and as each employee who had been with them during 1901, was leaving the works he was presented with an envelope containing 5 per cent. of his earnings during that year. The total paid out was about \$6,000, and men received from \$12.50 to \$80 each.  
 Friday morning last, while Melvin Moore from above Nebraska was coming to town with a team hitched to a pair of bob sleds, and when he stopped a moment to talk to a friend, the horses got ridged and ran away, leaving Melvin behind. They came through town on the jump, but were caught at the upper end of town and stabled. Nothing was hurt but the feelings of the owner, who arrived half an hour afterward somewhat "windy" but still able to go on a trip.

A. C. Brown, Esq., one of Clarion's leading young attorneys, has decided to locate in Tionesta, and was over Monday arranging for a dwelling which he secured and will bring his family here April first, which is as soon as he can get possession of the house, but he will be here to begin practice March first. Mr. Brown comes well recommended as an able, conscientious and hardworking attorney, and he will no doubt rapidly build up a large practice in Forest county.  
 Testimony in the equity case of the School Directors of Forest county against E. K. Stutzinger, County Superintendent, is being taken this afternoon before Court Stenographer W. R. Wood, who is appointed master in the case. The side of the plaintiff is being heard at this meeting, and as soon as the defense is through with their side, the case will be argued before the Dauphin County court. It is hoped that the case can be brought to a speedy termination and a decision had.  
 The recent re-appointment of Capt. D. S. Knox as postmaster of Tionesta by President Roosevelt, was confirmed by the Senate on Monday. Capt. Knox makes a capable, painstaking and very accommodating official, keeping the office open evenings almost "till the last gasp," and there no time from 7 a. m. to 9 p. m. that one cannot do business at that office. His petition for re-appointment was unanimous, and the President has made no mistake in again naming the Captain.  
 The smallpox scare in Oil City is practically ended. The Derrick of Monday says: Henry Chisholm has been released from quarantine and it is hoped that the other three cases of smallpox will be released in a short time. B. F. Brumfield has written to the state board of health pointing out the extremely mild form this disease has been in Oil City and asking if it would not be possible to discharge the patients under the six weeks' limit. An answer is expected the first of the present week.  
 The story is told by an exchange that a handsome young lady entered a street car in Oil City, carrying a baby. Her attractive appearance caused several young men to offer her their seats. The baby was very playful and finally kicked a handkerchief from the lady's lap to the car floor. Four young men made frantic rushes for it, each desiring to receive a smile from the sweet young woman. Two of the gallants retained their grasp on the handkerchief and tendered it to the mother—but it wasn't a handkerchief.  
 Mr. and Mrs. L. J. Osgood of Edinboro, were pleasant callers at the Republican office yesterday morning. March 4th Mr. Osgood expects to start on a three months' trip to the Pacific Coast States. He will visit Oregon, California and Washington with a view to locating if the country suits him. His son L. J. Jr., has been located near Seattle for some time and is very much taken with "the lay of the land" out there, and is anxious to have his father come out. Mr. Osgood is a practical lumberman, having followed the business from boyhood, and will be able to size up the situation quite readily when he gets there.  
 The Farmer's Institute on Friday and Saturday of last week was one of the best that has been held in this place so far. The attendance on Friday evening was large, but the sessions Saturday and Sunday night were hummers in point of attendance, on the latter evening there being scarcely standing room left. The discussions throughout were spirited, and the talks by the imported speakers were far above the average, the farmers in attendance taking home with them many valuable hints touching their business, which will stand them in good hand in future. Every phase of agriculture was touched upon during the two days' sessions, and without doubt much good will come of the late farmer's institute.  
 The Daily Times of Chattanooga, Tenn., says of Prof. DeMott's lecture, "The Harp of the Senses," that it was the greatest psychological treat ever enjoyed in the city. The illustrations were superb, and they brought science into such familiar relations as to rob it of all its technical drudgery and made it simple and charming to all present. The speaker represented one's personality as surrounded by two oceans, one of ether and one of air, and he showed how they affected one's personality. He pictured the brain and its action as they govern human conduct. A number of musical instruments were exhibited to show the effect of sound in all its variations. All in all, the lecture was deep, serious and uplifting and the audience was enraptured with it. This lecture will be given in the Court House Saturday evening, March 1st.  
 Mrs. DeVore, who spoke in the Presbyterian church on the evils of Mormonism last Sabbath evening was greeted by the largest house that was ever assembled in this commodious edifice, every available seat being taken. She spent a year in Utah as a missionary, but was driven out by the extreme hostility and bitterness shown by the Mormons, and the history she gives of that shameless institution, which seems to be still permitted, and in fact is steadily growing, should call for nothing short of extermination. Just why this foul blot should be longer permitted to disgrace our fair land is one of the mysteries of the country, and if not soon blotted out well, in the opinion of the speaker, bring on a war that for cruelty and bloodshed will be greater than any the country has ever experienced.  
 Some of the denizens of the land along the placid Allegheny pretend to have lost the forthcoming break-up may be an extra hazardous one—tremendous thickness of ice, immense snowfall, etc. It is best always to reach the bridge before crossing it. Inhabitants, who are not the oldest either by a long shot, can easily recall a winter back in the seventies almost identical with the present. The ice on the river and creek was of immense thickness while two and three feet of snow covered the ground everywhere. When the proper time arrived the snow began to melt gradually and the ice to rot. The break-up was of no consequence whatever, while there was not sufficient water in the upper end of the creek to float what lumber had been rafted, and a number of rafts lay stranded in the creek nearly all the following summer. And so it is. You never can tell. Best plan is to saw wood and not fret.

Tionesta borough yesterday elected the citizens ticket, which had no opposition, as follows: School directors, L. Fulton, J. C. Scowden, Rev. J. V. McAninch; high constable, W. L. Hunter; auditor, C. F. Feil; council, J. W. Landers, C. F. Weaver, J. C. Dunn; constable, S. R. Maxwell; judge, G. W. Sawyer; inspectors, J. N. Gerow, J. J. Landers. Tionesta township elected the following: Auditors, J. H. Wentworth, Wm. Mealy; school directors, Henry Wolf, Melchior Jaun; road commissioner, Fred Dryer; treasurer, William Lawrence; constable, J. B. Eden; clerk, Chas. Wolf; judge, David Hunter; inspectors, Wm. Thomas, Nathaniel Emerit.  
 Numerous letters have been received, says the Derrick, from its correspondents throughout the rural districts, making pleas for the protection of quail. The recent heavy falls of snow and cold weather have been especially severe upon these attractive birds, whose smallness of size prevents securing anything in the food line. It is suggested, and the suggestion was one of the features of the farmers' institute at Cooperstown recently, that the farmer who knows quail to be in the vicinity of his farm place a sheet of oats in the woods where they frequent. The cost would be comparatively nothing to the farmer who would have the satisfaction of knowing that he had preserved a flock or two of the harmless birds from the most cruel of deaths—starvation.  
 The consumption of ice in a town the size of Tionesta is something people scarcely stop to consider though it is one of the chief staples of any well regulated community. Hart Lawrence was taking "account of stock" a few days ago and here are the cold facts and figures he gathered of the harvest this year: There were 20 parties who took advantage of the fine crop, the amounts ranging from 10 tons, the least quantity, to 70 tons, the greatest, and making a total of 838 tons. Taking for a fair average \$1.00 per ton it will readily be seen considerable capital is invested to keep cool during the heated term. Pete Karns takes the lead for putting up over 300 tons, and yet he didn't neglect his wildcat industry to any extent either. It shows that while Pete is the boss cat slayer he still cuts considerable ice besides.  
 One often wonders at the rapid increase of quail during a favorable season, remarks the Marion Independent, but from an incident related in our office the other day by William H. Stewart, of East Mahoning township, which is easily accounted for. Some years ago Mr. Stewart captured a pair of quail and shut them in a cage. They soon became very tame and were much thought of. After keeping them in captivity a short time, the pets were liberated. They would roam around at will but always returned to the house in the evening. When the nesting season arrived the hen selected a place in the garden and after laying 16 eggs commenced to sit. Every egg hatched, and the brood was raised. Twice more during the season she laid the same number of eggs, and each time 16 little quail was the result. Thus one pair of quail in one season hatched 48 young ones. In the fall the old hen fell a victim to a hunter's gun.  
**Forest County People in Pittsburgh.**  
 Moses Hepler has returned from Pittsburgh, where he has been employed the past five months as a carpenter with the West & Wilson firm. The firm is one of the largest contractors in the city, having built 150 houses during the past season. He reports the Forest county boys as having the reputation of being first among the hustlers. Following are the names of those still in the Smoky City: Peter Hepler, John Saylor, S. C. Johnson, Geo. McCarvey, Philip Wolfe, Wallace Mealey and Steve Johnston. Peter Hepler is their foreman, he having charge of five \$12,000 dwelling houses located at a distance of 100 feet apart, and which are all about ready for plastering. Mr. Hepler has twenty men under him. John Youngk, also a Forest county boy, has charge of four \$14,000 dwelling houses for the same firm, and located near the five houses spoken of. Peter Hepler and John Youngk have the reputation of being expert managers and wideawake hustlers. When spring opens there will be a scarcity of men to do the work there. During this zero weather you may go any direction you wish in the city and you will see new buildings springing up all around.

**YOU AND YOUR FRIENDS.**  
 Harry Klinefiver was down from Tidoute over Sunday.  
 S. D. Irwin, Esq., was in Tidoute on legal business Monday.

 Mrs. W. J. Bleakley, of Franklin, was a guest of Mrs. A. B. Kelly over last Sabbath.  
 O. W. Proper left for a month's sojourn in Washington, D. C., and points in Florida.  
 Charlie Shawkey, of Warren, was a guest of Frank Joyce a couple of days of last week.  
 Mrs. Minnie Phillips of Youngsville was a guest of Miss Louise Killmer part of last week.  
 Dr. F. S. Hunter and F. P. Amster were business visitors to Oil City yesterday afternoon.  
 T. D. Collins of Nebraska and G. F. Watson of Gollinza, are in Pittsburgh on business this week.  
 Mrs. J. B. Muse and mother, Mrs. P. K. George, visited friends in Franklin a few days last week.  
 C. R. Bowman was in Oil City on business connected with the mantel works last Saturday.  
 Miss Florence Klinefiver, of Warren, is spending a short vacation period with Tionesta friends.  
 Fred Wilkins of West Hickory was a pleasant caller at the REPUBLICAN'S office last Saturday morning.  
 Mrs. L. Agnew and mother, Mrs. Carson, left Monday noon for a visit with friends at their old home near Indiana, Pa.  
 Mrs. H. H. Bruner and children, of West Hickory, visited her parents, Mr. and Mrs. S. S. Canfield, a day or two of last week.  
 J. R. Ault and son Allan of Nebraska, were in Oil City Monday looking at a fine team of draught horses, with a view to purchasing.  
 Mrs. W. H. Morgan, of Hughesville, Pa., who has been visiting her husband and son here for two weeks past, returned home Monday.  
 Nim Craig visited his brother Clifford in Oil City over Sunday and attended the performance of Keene, the magician, Saturday night.  
 Miss Artie Robinson returned to her home in Tionesta this afternoon, after a visit with Mr. and Mrs. R. H. Woodburn—Franklin News.  
 Mr. and Mrs. B. F. McMichael of Marienville enjoyed a sleighride to the county seat Saturday, where Mr. M. transacted some business.  
 Ed Baumgardner, who has been employed in Pittsburgh during the past winter, has returned here with his family and is again working for C. Amann.  
 Miss Blanche Passo was compelled to close her school at West Hickory on account of illness last Thursday, but she expected to be able to resume to-day.  
 Mrs. Wallace Inhof of Fox creek, Green Twp., left on the evening train Monday for Kane, where she will try to get relief from a troublesome asthmatic affection.  
 Mr. and Mrs. Theodore Oaklund, of Jamestown, N. Y., arrived on the noon train yesterday and will visit Mrs. Oaklund's mother, Mrs. Felton, and Mr. O.'s sister, Mrs. Alex Swanson.  
 Mrs. H. Kiser and daughter, Mrs. W. H. Smith, of German Hill, were guests of Mrs. Wm. Smearbaugh last Sabbath, and attended the services at the Presbyterian church in the morning.

 Mrs. L. J. Hopkins and Mrs. J. F. Proper visited their mother, Mrs. T. C. Jackson, at Warren, last Friday. They were accompanied home by their little niece, Miss Marie Jackson, who remained over Sunday.  
 Geo. Blinn and A. L. Weller, of Trumans, the new town located near the mouth of Pools creek, on the Tionesta creek, were visitors here Friday. George gave the REPUBLICAN office a friendly call during his stay.  
 The home talent company which recently produced "The Deacon" were enjoyably entertained at luncheon by Mrs. V. G. Armstrong last Thursday evening. As a token of their esteem and of their appreciation of the many favors extended by her during their rehearsals the company presented their hostess with a very handsome rocking chair.  
 S. M. Henry took advantage of the excellent sleighing last week to move his family and household goods to his former home in Marienville, where he will be associated in the hardware business with L. H. Mersch. Our people are sorry to lose Sam, from the citizenship of our borough, where his popularity had become universal. Tionesta loses and Marienville gains by the change.  
 The Rev. Irl Hicks' Almanac. This splendid book of 200 pages is not only a work of art of the highest order, but it is the most complete and valuable book on Astronomy and Meteorology for 1902 to be found in the world. No wonder the first edition of one hundred thousand was about exhausted by the end of January. The Bible excepted, no other book can be found in so many American homes. The millions have proven its value and will not be without it. The publishers will supply this book for a month or two for the regular price, with the increased postage added. Send 20 cents to Word and Works Publishing Company, 2201 Loerst Street St. Louis, Mo., and this splendid book will be mailed to you prepaid. Do not pass the year without it in your office or home.

 Honesty pays, although it is somewhat slow.  
 See George I. Davis for wall papers. He's got the winners. Prices ridiculously low.  
 The weight of evidence seems to indicate that none of us know much.  
 We haven't the "only" store in Tionesta, but we have one of the best ones. Our stock is all new and is one of the largest. Would be pleased to see you in here. Heath & Feil.  
 A great deal of valuable time is wasted listening to good advice.  
 Ladies' shirt waist patterns—silk, gingham, madras cloth, seersuckers, toile d'indes. All kinds. No two alike. Prices 50c to \$1.50 each. Best go first. Hopkins.  
 Many a man is a chronic kieler because he has ears on his conscience.  
 See those fine dishes at Tionesta Cash Store.  
 There are men who can take one glass and stop—provided you treat first.  
 Kind of chilly these nights to think of climbing into muslin night gowns, but never mind, "Old Sol" is drawing nearer and it will be well for you to remember that we have the night gowns to sell at 50c, 75c, and \$1.00 each. Heath & Feil.  
 The great trouble with first love seems to be that it is seldom lost.

**Career and Character of Abraham Lincoln.**  
 An address by Joseph Choate, Ambassador to Great Britain, on the career and character of Abraham Lincoln—his early life—his early struggles with the world—his character as developed in the later years of his life and his administration, which placed his name so high on the world's roll of honor and fame, has been published by the Chicago, Milwaukee & St. Paul Railway and may be had by sending six (6) cents in postage to F. A. Miller, General Passenger Agent, Chicago, Ill. 2-17-31

**Prohibition Meeting.**  
 The Prohibition Party of Forest county is requested to meet at the Court House, Tionesta, next Tuesday evening at 7:30 o'clock, for the purpose of transacting such business for the welfare of the party as may be brought before the meeting.  
 C. A. HILL, Chairman.

**Something That Will Do You Good.**  
 We know of no way in which we can be of more service to our readers than to tell them of something that will be of real good to them. For this reason we want to acquaint them with what we consider one of the very best remedies on the market for coughs, colds, and that alarming, complaint, croup. We refer to Chamberlain's Cough Remedy. We have used it with such good results in our family so long that it has become a household necessity. By its prompt use we haven't any doubt but that it has time and again prevented croup. The testimony is given upon our own experience, and we suggest that our readers, especially those who have small children, always keep it in their homes as a safeguard against croup. Chamberlain, S. C. Messinger. For sale by Killmer Bros., Tionesta, W. G. Wilkins, West Hickory, Pa.

Mr. Davis is prepared to show samples and give estimates on all work in his line, and it will be well for parties needing his services to consult him at once before engagements are made too far ahead. Hereafter, we will have a same price for ceilings and walls. This is a new thing and an important item in keeping down the expense.

**Letter to Chas. Bankhead.**  
 Tionesta, Pa.  
 Dear Sir: The usual paint, lead and oil, is made more durable by the addition of zinc; as the more intelligent painters know.  
 Lead and oil, they say, lasts three years. Add zinc, and it lasts three years with a margin, they say; but painters generally advise to paint once in three years.  
 Devoe lead and zinc is nothing but lead zinc color dryer and oil; but it lasts about twice as long as painters reckon.  
 Mr. Knox, an undertaker for fifty years at Brewster, N. Y., painted Devoe nine years ago. The paint is said to be in about as good condition as when it was first put on.  
 Lead and oil don't last nine years.  
 Yours truly,  
 F. W. DEVOE & CO.  
 P. S.—Jas. D. Davis sells our paint.

**Card of Thanks.**  
 To the people of East Hickory who gave us their sympathy during our late bereavement, we extend our heartfelt thanks.  
 Mrs. LAURA HANCOCK.  
 John Shollas Hange, mentioned of whose death on the 1st inst., was made in the REPUBLICAN of Feb. 5th, was aged 21 years, 8 mos. and 21 days. The funeral was held on the 3rd inst., at 10:30 a. m., Rev. Stone of Plummer, assisted by Rev. Bradley of Tidoute, officiating. These same ministers officiated at the funeral of Mrs. Hange's son Henry but a short time previous.

**Forest County People in Pittsburgh.**  
 Moses Hepler has returned from Pittsburgh, where he has been employed the past five months as a carpenter with the West & Wilson firm. The firm is one of the largest contractors in the city, having built 150 houses during the past season. He reports the Forest county boys as having the reputation of being first among the hustlers. Following are the names of those still in the Smoky City: Peter Hepler, John Saylor, S. C. Johnson, Geo. McCarvey, Philip Wolfe, Wallace Mealey and Steve Johnston. Peter Hepler is their foreman, he having charge of five \$12,000 dwelling houses located at a distance of 100 feet apart, and which are all about ready for plastering. Mr. Hepler has twenty men under him. John Youngk, also a Forest county boy, has charge of four \$14,000 dwelling houses for the same firm, and located near the five houses spoken of. Peter Hepler and John Youngk have the reputation of being expert managers and wideawake hustlers. When spring opens there will be a scarcity of men to do the work there. During this zero weather you may go any direction you wish in the city and you will see new buildings springing up all around.
