REPUBLICAN COMMITTEE MEETING.

The Primaries to be Held Saturday, May 10th.

The Republican County Committee of Forest County met, pursuant to Chairman's call, at the Sheriff's office, Monday evening, Feb. 24, 1902. The meeting was called to order by Chairman W. G. Morrow, who read the call for the meeting.

The roll was then called and a number of the committee-men responded to their names, and every township in the county was represented.

The first business to be transacted was the appointment of a date for holding the Primary Election. A motion was made naming the second Saturday in May, being the 10th day of the month.

The proposition was adopted by a vote of 15 to 6 after some discussion. The usual places of holding the elections were then named besides three new ones, making 25 places in all.

The custom of peddling cigars by candidates was again condemned with emphasis. A motion that candidates' names be printed on the ballot in alphabetical order was then adopted.

Following is the list of places for holding the primaries named by the committee:

- Barnett township—Clarinton, Cooksburg, Rodolphe. Green—Nebraska, Gultonville, Golinza. Harangy—West Hickory, Fogle Farm. Howe—Cloighs, Pigeon, Lynch, Cooper Tract, Brookston, Balltown, Iron City, Watson Farm. Jenks—Marienville, Duhring. Kingsley—Mayburg, Kellettsville, Newtown, Starr. Hickory—Hickory. Tionesta twp.—Township House. Borough—Court House. On motion committee adjourned.

USCLE SA's latching has always been out to respectable visitors. A church-like lack of hospitality has not been and never will be one of his traits.

THE war tax passed in 1898 to meet the cost of foreign conflict are to be wholly wiped out in 1902. It takes good management to accomplish such financial feats.

THE Democratic party in Congress is sadly in need of two things just now. One of them is leaders who can lead and the other is followers who will follow.—Philadelphia Bulletin.

A DEMOCRATIC platform in 1904 favoring the surrender of the Philippines will not get 6,500,000 votes, nor 5,000,000. That proposition will largely cut down the free silver figures of the two Bryan campaigns, and elsewhere more than in the South.

FROM the beet sugar States farmers and others are sending petitions to Congress protesting against any change in the sugar tariff. The effect these petitions will have is for the future to determine. The question is fraught with great interest to a number of States, particularly Michigan, where the beet sugar interests are enormous, and to a number of other States which are just embarking in the business.

IT will be harder to hit the polygamist of Utah now than it was while they were a territory. The state government and state courts are controlled by the Mormons. All Mormons never were polygamists. Those who were polygamists were understood to have given up polygamy before Utah entered the statehood in 1896. The renunciation of that practice permanently was made a condition precedent to the erection of Utah into a state. The state-makers pledged themselves to prevent polygamy afterward, and to exterminate it if it should arise in their state. The country took the Mormons at their word. If they have deceived the country—and many persons on the ground say they have—the proposition for a constitutional amendment will find many supporters. Let the polygamists beware.

AS LONG as Cuba has an opportunity to become a territory of the United States. It enjoys the greatest of all concessions we can extend. If the island prefers a separate nationality it can not reasonably expect to be coddled at the expense of other foreign countries.

THE Ridgway Advocate launches the boom of Col. Clearwater, of Wilcox, for Lieut. Governor on the Republican ticket. This without the knowledge or consent of the genial Colonel, but it goes. The northwest has no son which it would take greater delight in favoring. The Advocate has touched the keynote, and it sounds well.

AMERICAN history moves fast. Since the Republicans resumed control of the government in 1897, the territory of the United States has been enlarged by the acquisition of Hawaii, the Philippines, Guam part of Samoa, Porto Rico, and the Danish West Indies. The isthmian canal will be practically added before long.

Cubans Want Free Trade.

The Cubans would be foolish did they not realize that their prosperity depends upon the maintenance of close trade relations with the United States. It is not strange, therefore, that we find their principal planters and business men greatly concerned in this respect. So deeply are they interested that they are circulating and signing petitions requesting that as a favor to them the United States establish free-trade with Cuba.

But that would be contrary to the American policy. We are friendly to the people whom we have assisted to their freedom, but as an independent nation they will be foreigners, and free trade with other countries, aside from certain moderate reciprocal agreements that may be entered into, is against our theory. The Cuban planters and business men are consequently asking for a great concession. But they say that without it independence will do them no good. They must have free trade, or at least reciprocity to an extent that would practically amount to free trade. But the United States will have to be guided largely by its own interests in the matter. Too much cannot be conceded out of pure friendship. The erection of high tariff walls will, it is predicted by many, result in the Cubans ultimately seeking annexation. That, in our judgment, is the final destiny of the island any way.—Scranton Republican.

Deafness Cannot Be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube gets inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition hearing will be destroyed forever; nine cases out of ten are caused by catarrh, which is not cured by local applications, but by Hall's Catarrh Cure. Something That Will Do You Good.

We know of no way in which we can be of more service to our readers than to tell them of something that will be of real good to them. For this reason we want to acquaint them with what we consider one of the very best remedies on the market for coughs, colds, and that alarming complaint, croup. We refer to Chamberlain's Cough Remedy. We have used it with such good results in our family so long that it has become a household necessity. By its prompt use we haven't any doubt but that it has time and again prevented croup. The testimony is given upon our own experience, and we suggest that our readers, especially those who have small children, always keep it in their homes as a safeguard against croup.—Camden, S. C., Messenger. For sale by Killmer Bros., Tionesta, W. G. Wilkins, West Hickory, Pa.

"I have used Chamberlain's Cough Remedy for a number of years and have no hesitancy in saying that it is the best remedy for cough, colds and croup. I have ever used in my family. I have not words to express my confidence in this remedy.—Mrs. J. A. Moore, North Star, Mich. Sold by Killmer Bros., Tionesta, W. G. Wilkins, West Hickory, Pa.

LOVER'S DESPERATE DEED

Shot His Sweetheart and Himself—Religious Difference.

Philadelphia, Feb. 22.—George Sutton, 18 years old, shot and instantly killed his sweetheart, Gertrude Gotthe, 22 years old, Thursday afternoon. The youth was a Presbyterian and the girl a member of the Roman Catholic church. They have been lovers for about a year, but the opposition of their parents because of the difference in religion prevented their marriage.

Several days ago the girl fell and sustained injuries that caused her to remain in bed. Accompanied by his mother, Sutton went to call on Miss Gotthe. They were accompanied to her room by her mother, but after a few minutes the mothers withdrew to the lower floor. They had been out but a few minutes when they heard shots. When they went into the room they found the girl in the bed, blood flowing from a wound in her head and another in her breast.

Sutton did not speak, but left the room without being questioned by either woman. He walked into the street and fell before he had gone 10 feet. A policeman noticed he was bleeding and sent him to the University hospital. The bullet had penetrated the left lung and he will die. The girl was shot through the heart.

WOMAN IN SAD FLIGHT.

Claims to Have Been Deserted by a Rising Young Actor.

Sharon, Pa., Feb. 22.—A young and pretty woman claiming to be Mrs. O. N. Phillips and who said she resided in the eastern part of the state, arrived in Sharon Thursday. She immediately hunted up a justice of the peace and asked for a warrant issued for the arrest of her husband, who she said was a member of the Schiller Stock company, which is here this week.

She told the justice a sad story of how she had married and been deserted. She said her husband was a rising young actor and came from a wealthy family. The warrant was issued, but when a search was made for Phillips, it was found that he had received warning and left for the East.

Wanted to Learn a Trade.

Beaver Falls, Pa., Feb. 22.—A boy named Vaughn of Riverview, was last summer released from the reform school at Morgantown on parole. Thursday night a boy applied at the lockup for shelter, said he was the paroled boy Vaughn, that his parents had driven him from home and he desired to be sent back to Morgantown. He was taken to Morgantown and there it was discovered that instead of the paroled lad, he was his brother. Of course they could not keep him and he was returned to Beaver Falls. When asked why he attempted the trick he said: "Why, you see my brother learned a trade at Morgantown and is now earning wages at it. I have no trade and can get in no place to learn, and so I thought if I could get into the reform school I could learn a trade and make my own living like Harry."

Afraid the Rivers Will Rise.

Pittsburg, Feb. 22.—Anxiety was increased along the Monongahela and Allegheny rivers where great ice gorges have formed by the continued rain and the prospects of warmer weather. Owners of imperilled property along the rivers and the officials of the river coal combine are preparing to move their effects so as to be clear of the impending danger. The great gorge on the Allegheny river which extends 70 miles up the river and varies in thickness from five to 16 feet is being watched night and day by river men and early warnings are to be sent out when it begins to move.

Will Develop Territory.

New Castle, Pa., Feb. 22.—William Loekhart is at the head of a \$2,000,000 syndicate which has leased all the acrely, limestone and coal territory in the Slippery Rock district of Lawrence and Butler counties. The company will begin building a railroad up Slippery Rock creek as soon as the spring opens. It is understood that contracts have been let to the firm of John Werthebach & Co. of McKeesport for shipping the stone and opening the clay pits.

Big Purchase of Coal Lands.

Pittsburg, Feb. 22.—The Buffalo, Rochester and Pittsburg Coal and Iron company has just closed a deal with Indiana county farmers for the purchase of 4,500 acres of coal lands. The price paid was \$100,000. The tract is situated about six miles south of Indiana, on the projected line of the Buffalo, Rochester and Pittsburg railroad.

Demand Eight-Hour Day.

New Castle, Pa., Feb. 22.—The furnace laborers have decided to demand an eight-hour day after April 1. They are now working 12 hours and two propositions were considered, either eight hours at the present pay or 12 hours at increased wages. The first carried almost unanimously.

Squeezed Between Cars.

Johnstown, Feb. 22.—A man supposed to be H. W. Marvils of Cramer, Indiana county, was squeezed between two cars at Portage and died on the train at Conamatch while being brought to this city for treatment.

Killed While Coasting.

Pittsburg, Feb. 22.—At Wilmerding last night a boy ailed accident, Miss Mary Puraley, aged 13 years, of Turle Creek, was killed and four others were badly injured.

Career and Character of Abraham Lincoln.

An address by Joseph Choate, Ambassador to Great Britain, on the career and character of Abraham Lincoln—his early life—his early struggles with the world—his character as developed in the later years of his life and his administration, which placed his name so high on the world's roll of honor and fame, has been published by the Chicago, Milwaukee & St. Paul Railway and may be had by sending six (6) cents in postage to F.
