Remove Several Large Stones and

Descend on Rope. Clearfield, Pa., March 14.-John Sergay and Frank Haretta escaped from jail Wednesday morning by removing several large stones from the wall. They used a piece of steel railing as a jimmy and descended to the ground on a rope.

Many escapes of this kind have tak en place from the county prison ever since the county commissioners began to prepare plans for a new jail six years ago. In each instance the required implement has always to be found somewhere within the structure. After the prisoners left the escape was used as an argument in favor of a new jail.
