Legislature, and the Tionesta Republican wants to know who did it and why it was done. Under this law Forest county built up a system of good roods, famous throughout this entire section for their excellence. The general road law now covers Forest county same as Warren county, and good roads can be had if the proper material is used and good honest work is done. Sitting around and chinning won't make good roads under any road law.—Warren Mail. The trouble is that no one is clear as to whether the repealing clause does or doos not repeal,

The Forest County Road Law.

last lagislature became apparent, Following is Mr, Whitmer's letter;

Forest County was organized from parts of Jefferson and Venango Countles April II, 1848, P. L. 51, page 744, and October 31, 1866, P. L. 67, page 1527. The Venango county road law was extended to Forest county by Act of 1869, P. L. 642. This Act was repealed by the Act of 1901, P. L. 394. The general law relating to the election of Supervisors was passed April 15, 1834. The Venango County road law was passed April 16, 1834. The Venango County road law was passed April 19, 1844, or about four years before the organization of Forest county, consequently it follows that the Venango county road law applied at the time of the passage of the Act of 1860, to such parts of Venango county as were organized into and made parts of Forest county, and the passage of the Act of 1860 only extended the law to the other parts of the county and the repeal of that Act leaves the Venango county.

That portion of the County which formerly constituted a part of the County of Jefferson is under the Act of 1884 which prevails in Jefferson county, and in those parts of the county the election of pathmasters and road masters is invalid as office no longer exists. I take it that it is the duty of the County on perits of the county as formerly constituted a part of the County of 1844, and the other part under the general road law of the State.

It has been well settled that where special laws have been organized into another county the special law unless repealed, is still applicable to the territory. If any township in your county was organized from both counties there will be a pretty state of affairs, and for a remedy I have nothing to suggest. Trusting this view of the law will answer your inquiry. I

La Grippe Quickly Cared

"In the winter of 1808 and 1899 I was taken down with a severe attack of la grippe," says F. L. Hewett, a prominent druggist of Winfield, Ill. "The only medicine I used was two bottles of Chamberlain's Cough remedy. It broke up the cold and stopped the cough like magic, and I have never since been troubled with Grippe." Chamberlain's Cough Remedy can always be depended upon to break up a severe cold and ward off any that if all the petroleum preduced last year in the United States was put in barrels placed in a row touching each other, the line would completely beit the earth.
