Now the time has come to pass of which I like to utter; when the green gets back into the grass, and the yellow in the butter.—Franklin News.

Judge Crawford expects to remodel, add to and very much improve his residence this season, and will begin the work as soon as the weather is fit. Squire Thomas has started his mill, located a short distance above the creek bridge, and is saving the remaining hardwood along the hill above his plant. Lumber is on the ground for the erection of another dwelling house on a part of William Wertz's lot, which will be occupied by his father when completed. The best school for teachers this year is the State Normal School at Clarion, Pa. At no other school can young people find equal advantages so cheaply as at Clarion. Of all the lars commend us to the one who says he can carry around a pleasant smile and genuine attack of sciatic rheumatism at one and the same time. Boys drink themselves tight and their sisters lace themselves tight and wear their shoes tight and it is a tight squeeze to tell which habit is the greater evil.—EX.

Low—Ladies' gold hunting case watch, either in Tionesta, or on the road between Tionesta and Tyersburg. The finder will be suitably rewarded by leaving same at Central House, Tionesta. March went out like a lion all right, but it's all right, the stormy old month dealt rather kindly with humanity during a greater portion of his existence this year. It was only a little sugar snow anyway. Following is the list of letters remaining uncalled for in the Tionesta, Pa., Post Office, for the week ending April 2, 1902: Mr. W. J. Woodcut, Mr. H. S. Richard, Mr. James Cooper. D. S. Knox, P. M.

He who is constantly complaining of his surroundings should change them. Nothing is more wearisome than the everlasting chatter of the man who is always telling about how much better he could do in some other city or town.—Blizzard. Rev. George H. Vibbert began a series of temperance lectures at the M. E. church last Saturday evening, and is continuing same for the remainder of the week. He is a ready, forceful speaker and has been greeted by good sized audiences. Remember this evening at Corps hall, the W. R. C. dinner social. A nice lunch will be served, and for a nickel extra a grab into the bag for a necktie is allowed. You will have a good time if you go, and at the same time patronize a worthy cause. The school library fund has received a very substantial donation from the home talent company who so creditably produced the comedy drama entitled "The Deacon," a few weeks since, the company having turned over their total net receipts of \$39.70. It transpires that the man Richard Miller, who was incarcerated in the jail and held last week on the charge of burglary preferred by Geo. L. King, of West Hickory, is also wanted at Olean, N. Y., for robbing the post office near that city. A post office inspector was here last week and identified the man as Richard Zimmerman, whose residence is not far from Olean, and the name "Miller," by which he has been known since coming to this section, about six months ago, is an alias.

—(Good & Jamieson have moved their mill from Dawson to Hunter Run, and are about ready to begin on a tract of timber along that stream about a mile from its mouth. This tract cleared up over 2,300,000 feet on their Dawson run tract, which was generally supposed to have been stripped years ago. —The Derrick's oil report for March shows 514 new wells completed, an increase of 59, and 895 rigs up and wells drilling, a net decrease of 10 in the latter class of work. The report also shows 6,590 barrels of new production, an increase of 2,133 barrels over February. —Hot alum water is the best insect destroyer known. Put the alum into hot water and let it boil until it is all dissolved; then apply the solution hot with a brush to all cracks, closets, bedsteads and wherever insects are found. Anis, bedbugs and cock roaches are killed by it, while it has no danger of poisoning. —"Educating the Deaf-Blind" is the title of an article in the April number of the Review of Reviews, in which the author presents an interesting account of this wonderful branch of education, telling of some of the pioneers and leaders in the work, and giving a number of examples of the splendid results thus far achieved. —A number of Forest county's most extensive manufacturers of hemlock lumber gathered in Tionesta last Friday to talk over the situation as it affects that line of industry, future prices, etc. Whether or not anything definite was done as to fixing a scale of prices was not learned, but we understand the matter was thoroughly discussed. —The old homestead of our old friend 'Squire Henry Church, at East Hickory, narrowly escaped destruction by fire last Wednesday. Mr. Church had been burning some rubbish which communicated with the woodshed, and would have ignited the house but for the timely help of the boys from Mr. Carson's barge yard, who kept the flames confined to the out house. —The season for accidentally shooting men while hunting opens early in this latitude. Harry Carroll, aged 22 years, received the contents of a shot gun in his left leg at short range while hunting ducks on Oil Creek lake last Friday. While he was rowing a boat a companion picked up the gun, which was unaccountably discharged with the result stated. The young man may lose his leg. —The Tionesta mantel factory has just issued a handsome new catalogue of upward of eighty pages, and showing seventy-four beautiful mantel designs in half-tone plates. The book is a real work of art, but not more so than the elegance of the woodwork which this finely equipped factory turns out. Only a limited number of mantels is shown of the extensive and varied assortment turned out by this corporation, their capacity being practically unlimited, employing as they do the best skilled labor to be found in the country, and the management being in charge of that hustler of hustlers, Charles R. Bowman. —There is nothing sensational about the editor of the Fort City News, and how refreshing it would be if other journalists were as common place in their manner of chronicling items of the gravest sort, as witness the following: "Crawford Bruce, the little son of Mr. and Mrs. W. W. Bruce, was bit on the hip by the family dog on Monday. The dog was immediately shot, as he had been bitten last week by another dog which was mad." If some special fiend should happen onto so creamy a bit of news as that, it would require about 'steen scare head-lines to properly put the fact before a startled constituency. —The Meadville Star says: "Sheriff Scott and Deputy Whipple returned Wednesday from Allegheny, after leaving Frank Woodard in the Western Penitentiary, where he is now known as No. 3480. Mr. Whipple states that Woodard gave them no trouble whatever on the way to Allegheny. He was handcuffed and kept under close guard, so that no opportunity was afforded him to escape. He had little to say, but occasionally made a remark that showed that he seemed to feel no pang of conscience for his last evil record. On the contrary he apparently seemed to regret that he would not be able to crack any more cribbs." He kept up a brave front until Pittsburgh was reached, when he suddenly collapsed, much to the surprise of the officers, who had not expected any breakdown. The two officers and Woodard had entered a restaurant and while sitting at a table the prisoner suddenly pulled out his handkerchief and with his manacled hands put it to his eyes, hursting into a fit of weeping. He had not recovered his previous self possessed demeanor when the officers left him in the penitentiary."

Opening of Spring Millinery. Like many preceding years, the Easter opening of E. Walters & Co. was a source of pleasant anticipation to the feminine population of Tionesta and a constant stream of customers thronged the magnificently decorated store during both days. The color effect of the decoration was green and white and the artistic arrangement in the copious establishment was fairly dazzling. The beautiful exhibit of hats with their exquisite trimming of light and fluffy liberty satin and airy chiffon was the target of many complimentary remarks. Among the special lines displayed were \$2.00 trimmed hats; ready to wear hats; children's fancy hats; baby bonnets; summer golf gloves; Parisian collars, and all the latest novelties in ladies' neckwear, perfumes and toilet articles.

YOU AND YOUR FRIENDS.

—Mrs. J. B. Muse is visiting Franklin friends this week. —W. J. Campbell was in Warren on business a couple of days last week. —Mrs. A. B. Kelly and Mrs. J. H. Kelly are visitors in Pittsburgh this week. —Mrs. J. W. Jamieson visited friends in Oil City a couple of days last week. —Miss May Clark was up from Oil City to visit her parents over Sunday. —Mrs. Alex Swanson is a guest of friend in Jamestown, N. Y., this week. —F. R. Lanson is getting moved into his new quarters, the Reek homestead. —Mrs. Garfield Grove spent a couple of days last week with relatives in Oil City. —Miss Florence Hagerty was home from Allegheny College for Easter vacation. —Miss Blanche Buxton entertained a number of her young friends last Friday evening. —J. D. Davis and George B. Robinson were business visitors to Oil City Monday afternoon. —Mrs. Clara Hayden and son Guy, of Siverly, were guests of her brother, J. H. Fones over Sunday. —Mr. and Mrs. C. F. Weaver drove over to Lucinda, Clarion county, to visit relatives last Sunday. —Joel Snyder, of East Hickory, a veteran of the civil war, has been granted a pension of \$30 a month. —W. H. Morgan, head carver at the mantel works spent Easter with his family at Hughesville, Pa. —Mrs. Lusher, of Hickory, was a guest of her daughter, Mrs. John Noble, a couple of days last week. —Martin Knorr, who is employed at L. Fulton's harness shop, spent Sunday with his family in Jamestown, N. Y. —Miss Minnie Blosser returned to Hotel Weaver last Thursday after a two week's visit with her parents at Leeper, Clarion county. —Mr. and Mrs. Geo. Dawson, and baby one of Franklin, are guests of the former's parents, Mr. and Mrs. John A. Dawson at Stewart's Run. —Mrs. George Kilstiver, of Nebraska, came home Monday from a visit to her daughter, Miss Emma, of the high school faculty at Sheffield. —Chas. S. Leech, formerly of Marienville, now of Harrison, Tenn., is on a month's trip to Porto Rico, where he owns a well cultivated plantation of tropical fruits. —E. J. Herring, for a year past in the employ of G. W. Robinson, has moved his family to Tidoune. The people of that place will find them a good acquisition to their citizenship. —Jimmy Murphy, the dusky hustler at Hotel Weaver is again on duty after a serious tussle with a threatened attack of fever. Jimmy is a little lighter in both color and weight, but says he is not wishing for his color to fade. —Gordon Haslet returned from his new home in North Carolina last week, and expects to stay during the summer. Gordon doesn't like the South less, but the North more, hence his return. He reports his parents well and happy in their new home. —Mrs. J. R. Morgan is in Pittsburgh this week helping to care for the family of her son Frank, who are all on the sick list. Mr. Morgan, who is firing on the B. & O. having had a finger cut off, Mrs. Morgan is seriously ill with typhoid fever and the children with the measles. —Roy, the nine-year-old son of J. A. Stover, of Golliza, had the misfortune to fall, while at play last Thursday with his school-mates, breaking both bones of his right forearm just above the wrist. Dr. Boyard rendered the necessary surgical aid and the little fellow is getting along quite well though suffering considerable pain. —Robert Fulton, conductor on the Pennsy, was a Tionesta visitor last Friday. "Bob" is doing a little detective work now-a-days when he isn't busy on his passenger run and his special work at this season is looking after people who are dynamiting fish, and he says he has his eye on several people between Oil City and Olean. —Robert Carson and mother left on the 4:30 train north Monday for Erie where they will join the excursion party which goes over the Nickel Plate to the Pacific coast. They will be located at Gaston, Washington county, Oregon, where an uncle of Mr. Carson resides. Many friends in Tionesta will wish Robert and his aged mother a safe journey and a pleasant home in the far west.

Class of 1902, Tionesta High School. A class of eight students of the Borough High School will be graduated this term, the exercises taking place at the court house, Tuesday evening, April 20th. Rev. O. H. Nickle will deliver the Baccalaureate sermon in the Presbyterian church on Sabbath evening, April 27th. Following are the names of the graduates, as they appear on the program which will be rendered at the commencement exercises: Solo—"I'm a Pilgrim." Johnson, Invocation, Rev. Robert McGarvey. True Nobility, Goldie Hill. Trans-Isthmian Canal, Clyde C. Foreman. Solo—"The Sweetest Flower That Blooms." Hawley. Opportunity in America, Helen Smearbugh. "A Piece of Red Calico," Paul H. Clark. Off For South Africa.

Tionesta has had reason to be justly proud of her citizens in every call that has ever been made upon them for heroic valor. In the 60's fathers and mothers laid their sons on the altar of their country, and the noble part these sons took in defense of the right is a credit to any nation. During the late Spanish-American war, Tionesta had a splendid representative; but it remained for the present century to witness the sacrifice of pious parents in dedicating a dearly beloved daughter to the cause of foreign missions. And so, last Friday, Miss Rosa Dorcas Hunter, daughter of Mr. and Mrs. W. L. Hunter, a young lady of culture and a teacher of experience, said good-bye to her Tionesta friends and left for Fairview, Natal, South Africa, where she will be employed as a teacher by the Free Methodist church of North America for a period of 7 years. Miss Hunter joined a party at Rochester, N. Y., and with them expects to sail from New York on the steamship Mesaba, of the Atlantic Transport line for Durban, April 5. Miss Rosa is a young lady of fine social qualities and leaves a host of friends in Forest county, where she has done all her teaching with the exception of one year as teacher in the Chesboro Seminary, Chili, N. Y., and all of whom wish her well. But only those who have been called to make a like sacrifice can sympathize in the highest degree with the mother, who has been especially honored of all the mothers of Tionesta by Him whom she has so faithfully served for many years, yet who suffers most keenly at the separation.

New Industry For Tionesta. A new industry is about to be established in Tionesta, it being no less a concern than a steam laundry and shirt manufactory. Messrs. S. J. Wolcott and son William are the moving spirits in this enterprise, and they are already well along in the preparation for beginning the work of erecting the plant. The Fisher lot, located on Walnut and Bridge streets, a large plot of ground, has been secured, and as soon as the weather will permit the buildings will be begun and the work prosecuted with a view to getting started in the business at an early moment as possible. That such an institution will pay a good percentage on the money invested scarcely admits of doubt, men of practical ideas having so expressed after looking the ground over carefully. There is a large laundry patronage in this town and vicinity which has heretofore gone to other places, all of which can be done here at a profit to the proprietors of the laundry as well as a convenience and a saving to the customer. And as to the manufacturing of shirts, there is no discounting the fact that such work can be done here at far less expense than in many other places where ground rents, fuel, and all other outlays are much greater than here. The plant will be built on the latest and most modern plans, and will be in charge of experienced and practical hands, and that it will be a success from the start goes without saying. Let every citizen of the town encourage the enterprise of Messrs. Wolcott & Son.

W. C. T. U. Notes. Rev. Dr. Murray, of Dunkirk, will lecture in the court house on the evening of April 25th, at 7:30. Subject "Growing Youth." Tickets 25 cents, school children 10c. We hope everyone will avail themselves of this opportunity to hear this popular lecture as it is for the benefit of the public fountain. The correspondent of the Christian Advocate says of Dr. Murray's address before the Lincoln Epworth League convention: "He delighted a very large audience with his mastery address, 'Growing Youth.' His address was full of good things and abounded in witty utterance, sharp and crisp, full of the spirit that elevates the hearer to a higher plane, and draws toward Christ and heaven, and was delivered in a very pleasing and entertaining manner."

A mother's meeting was held at the home of Mrs. A. B. Kelly, on the afternoon of March 27th. The meeting was opened by the president, Mrs. Kelly. After devotional services a selection was read by Mrs. Craig entitled "Why a Mother's Meeting?" which was very interesting and instructive. Mrs. M. Alpine, of Warren, Pa., was then introduced, and read a paper on Social Parity, which showed a great deal of thought, and a thorough knowledge of her subject. It was listened to with a great deal of interest. After which it was well discussed, which threw a great deal of light on the subject. A silver offering was taken and refreshments were served. Quite a number of ladies were present and all expressed themselves as being highly entertained. MARY T. IRWIN, Co. Pres.

Nebraska Notes. Our town is still here. The damage done by the ice gorges is being rapidly overcome. The bridges have been rebuilt between here and Golliza and trains are running again. The piers for the slash bridge are done and the timber for the bridge is being framed. A round-house, a blacksmith shop, and a machine shop have been put up near Little Con. Several new houses are contracted for and preparations are being made for a season of activity. Edith and Clara Gayley and Lottie DeWoody are new students at the Clarion Normal from this place. Earl Small, a senior in the same school, returned Monday to his studies. Nellie Harrison expects to go at the close of her school. Earl Hopkins of Edinboro has been teaching Room No. 2 of the Nebraska school in place of Miss Ballentine who resigned to take a school at Clough's Mills. Harry Smith expects to move his family in a week or so to Grundville, or near there, being employed with the Warren Lumber Co., having charge of their river shipments. Rev. W. P. Murray will deliver his lecture on "Abraham Lincoln" in the church at Nebraska April 10th. This lecture had been arranged for when Mr. Murray was pastor here, but events occurred to delay it. The people from the near towns are invited. No charge will be made but a collection taken for the benefit of the missionary department of the Epworth League.

Grades Will Be Changed.

According to the Philadelphia Press a number of important changes are contemplated by the W. N. Y. & P. by the Pennsylvania Railroad Company, some of which will be of considerable value to the company, as they will reduce the cost of operating and at the same time enable a faster schedule to be put into effect. The Western New York & Pennsylvania Railroad has a number of exceedingly heavy grades, and with a view of changing this the engineers of the company have made a thorough diagnosis of the line. The estimates of these improvements have been made and have been submitted to the officers of the Pennsylvania Railroad Company. In view of these contemplated changes General Manager Hutchinson, of the company, accompanied by Engineer of Maintenance of Way Richards and other officials of the company, is going over the road inspecting the line, so as to secure data in reference to the changes.

Letter to Dr. J. C. Dunn. Tionesta, Pa. Dear Sir: You know chemistry. Lead and zinc is a better paint than lead alone or zinc alone. Lead chalks off; zinc peels off. Lead and zinc stay on, if properly ground. Devoe lead and zinc is the paint. It is ground fine and thoroughly mixed. A painter ought never to mix lead and zinc; it wants grinding; mixing isn't enough. A streak of lead and a streak of zinc is not lead and zinc. The object in grinding Devoe is to grind the lead into the zinc and the zinc into the lead, which a painter can't do. With a stick in a tub. And yet lead and oil will wear longer with 20 or 30 per cent of zinc mixed in with it, even as painters do it. But Devoe has lead ground in with zinc. The lead is fine enough; so is the zinc. The grinding is to grind the two into one. And grinding costs little or nothing done by handinery. Yours truly, F. W. DEVOE, & Co. P. S.—Jas. D. Davis sells our paint.

PLAIN TALK. Straight Talk and to the Point—The Virtues of Dr. A. W. Chase's Nerve Pills Told in a Few Words by One Who Knows. Mr. George Schrock, Jr., of No. 91 Pine Street, Meadville, Pa., says: "When I got some of those Dr. A. W. Chase's Nerve Pills I was in a very nervous state due to work that kept me up all hours and denied me sleep. I had dizzy spells as well. The box of Nerve Pills cured all this. I am no longer dizzy—nerves are strong—my sleep natural and I feel good in every way. I think this proves the medicine is a great one." Dr. A. W. Chase's Nerve Pills are sold at 50c a box at dealers, or Dr. A. W. Chase Medicine Company, Buffalo, N. Y. See that portrait and signature of A. W. Chase, M. D., are on every package. For sale by Killmer Bros., druggists.

Just a Little Prettier. A little more complete—a bigger variety and a better selection than you have ever looked at before. That is what you will have to admit when you examine my beautiful array of Spring and Summer Suitings. I have never before shown so handsome a line of bright novelties, and am confident that I am prepared to gratify every taste. I call special attention to the nobby "Black and White" effects which will predominate this season. Over 400 other patterns though; no customer need conform to any fad. Let me take care of your cleaning pressing and repairing. F. E. DICK, The Tailor.

MILLIONS IN GOLD Brought from Alaska During the Year 1901. Over seven millions came from the Nome district alone. Government officials estimate the output from the Nome district will be doubled the coming season. The Bluestone, Kongarak and Pilgrim Rivers have been found very rich. There is hardly a creek from Port Clarence to Norton Sound in which the precious metal is not found, with hundreds of creeks not prospected yet.
