FREE TRIAL.

Costs You Nothing if You Are Not Cured. The proprietors of that splendid remedy Thompson's Barocina, Baelache, Kildner and Liver cure authorized the druggists of whom you buy their remedy to refund all your purchase money if the Barocina fails to cure you.

The Barocina sells at one dollar a bottle or six for five dollars. With each purchase of six bottles your druggist will give you a guarantee certificate. Thompson's Barocina is performing wonders not only in the great number of cases cured, but in the fact that the cures are permanent.

Look Out for These Signs. Pain in the back, a giddy sensation or headache, palpitation of the heart, a salivary complexion, a bad taste in the morning, flatulency and fullness of the stomach, indigestion, loss of sleep, cold feet and feeble circulation. Is there a sediment in your urine, or a scum on it after it has stood for twelve hours—is it stringy andropy? Are you sure that albumen, the most vital element of the body, is not being washed away in the urine? Does the urine stain your clothing? Do you have an unusual or scanty supply? Do you get tired easily? Is your breath short? Do your feet and ankles swell? Do you have Rheumatism, Sciatica, Neuralgia, Gout? Take immediate warning; do not wait until you will get worse instead of better. Barocina and Danleolin and Manfrake Pills will cure you and save a doctor's bill. \$1.00 a bottle, or six for \$5.00. All druggists.

OXFORD SCHOLARSHIPS.

Feature of the Will of Cecil John Rhodes. Deaths at Football Game — Activity in Trade — Increased Agricultural Exports — Hotels Burned at Atlantic City — In Honor of Senator Platt. Sugar Duties Refunded.

The main details of the will of Cecil Rhodes have been announced. The feature of the will is a provision for scholarships for English-speaking young men in all parts of the world. It not only includes men from the colonies of Great Britain, but two scholarships from each state and territory of the United States. A fund of \$10,000,000 is provided to educate this great army of young men at Oxford. Mr. Rhodes' alma mater, \$1,500 being provided for each scholarship. The examinations are not to be educational alone, but a contest is provided for which will produce men physically as well as mentally fitted to go out into the world to battle for his great ideas of unity of spirit in the English race.

Mr. Rhodes also provides for five German scholarships at Oxford, to be nominated by Emperor William. W. T. Stead has written the following for the Associated Press: "Mr. Rhodes' first will was made in September, 1877, when he was a young man of 24. At that time he was only beginning to amass the wealth which, before he died, had made him a multi-millionaire not in dollars, but in pounds sterling. His last will was dated July 1, 1899. But the two documents are essentially alike in sentiment. They both embody, in express terms, what was ever the master thought of this master mind, the necessity for promoting the reunion of the English-speaking race.

"Mr. Rhodes' will appoints a well-known group of seven of his friends as general executors of his estate. This group is further charged to undertake the duty of acting as trustees for the educational endowment fund of exceptional interest, which will provide the liveliest discussion and excite the keenest interest throughout both the United States and the British empire, for both communities share in the benefit of Mr. Rhodes' bequest. Mr. Rhodes was a graduate of Oxford and a student at Oriel college, to which by the way he has left a special bequest of \$200,000. He has made Oxford university, in whose glories the American descendants of its founders share equally with those who still inhabit the old country, the center of his educational scheme, and he has left a sum, which may be roughly capitalized as representing \$10,000,000 for the foundation of Anglo-American scholarships, tenable at Oxford, for three years. To his thinking, the university, better than any other institution, naturally affords a vivifying center of racial unity. It is free from all political complications, and a residential university, with the old traditions of Oxford, seemed to him the best fitted for the purpose he had in view."

According to The Daily Telegraph the will of Cecil Rhodes deals with a total of \$10,000,000. Deaths from Falling Stairs. The fierce struggle of the great crowds which gathered at Brox park, Glasgow, Saturday to witness the last International Association football contest between teams from England and Scotland, caused the collapse of a portion of one of the spectators' terraces, resulting in the death of 21 persons and the injury of 250 others, 20 of whom are beyond hope.

When the game began 70,000 spectators were on the grounds and an immense crowd had gathered outside. Being unable to obtain admittance, this crowd broke down some of the barriers and swarmed upon the field, whereupon the police charged and drove the intruders back upon the terrace and seats, with the result that the railings dividing the crowds were broken and the people were thrown over each other.

In the frantic struggle towards the exits the pressure toward the upper portion of the westerly terrace was so great that a hundred feet of the highest part of the structure collapsed under the weight of the crowd driven upon it, precipitating the mass of people to the ground, sixty feet below. The injured were piled in heaps, wedged in with broken wood.

Activity in Building Trades. Bradstreet's Weekly Review of Trade says: Oats are coming up well and spring wheat planting, though backward, will shortly become general. Wet, stormy weather in the eastern half of the cotton belt has unquestionably interfered with farming preparations. About the usual spring unrest in the leading industries is noted, but the only important strike is that of the soft coal miners in Pennsylvania.

Special promise of activity is held out this year in the building trades, which are active buyers of white and yellow pine, hardwoods and hardware. Price changes for the week largely important, cotton figuring most largely in the matter of advances, partly because of light receipts caused by bad weather and the continued heavy exports.

Wheat, including flour, exports for the week aggregate 4,447,317 bushels, against 2,904,119 bushels last week and 4,828,297 bushels in this week last year. Business failures for the week number 177, against 183 last week, 183 in this week last year, 182 in 1900, 193 in 1899 and 230 in 1898.

Increased Agricultural Exports. The department of agriculture at Washington, D. C., has issued a statement of the foreign trade of the United States in agricultural products. It shows that during the fiscal year 1901 foreign countries purchased American farm products to the value of \$952,000,000 representing the largest agricultural exports in our history. Compared with the record for 1900 they show an increase of over \$100,000,000. Agricultural imports on the other hand disclose a considerable falling off when contrasted with the trade of the year preceding. The various products of agriculture received from foreign sources during 1901 had an aggregate value of only \$322,000,000 or \$28,000,000 less than in 1900.

In comparison with the value of our agricultural imports our agricultural exports show the exceptionally large excess of \$560,000,000. The leading items among our agricultural imports for 1901 were sugar, coffee, hides and skins, silk, vegetable fibers, fruits, hides and skins, tea, wines, cocoa, vegetable oils, distilled spirits, seeds, vegetables and spices, the combined value of which items amounting to about \$355,000,000. Hotels Burned at Atlantic City. Twelve hotels and more than a score of smaller buildings adjoining the Board Walk at Atlantic City, N. J., which is built along the ocean edge, were destroyed by a fire which swept the beach front for two long blocks from Illinois avenue to New York avenue. The loss, it is believed, will exceed \$750,000. In this respect the conflagration is the most disastrous that has ever visited that city. The loss will be only partly covered by insurance as the rate of 5 per cent, charged by insurance companies on property here, is regarded as almost prohibitive.

Fortunately no lives were lost, though probably a dozen persons were slightly injured and burned during the progress of the fire. The origin of the fire is unknown but is said to have started in either Brady's bath or the Tarleton which adjoins the baths at Illinois avenue and the Board Walk.

In Honor of Senator Platt. "All sorts and conditions of men of all shades of political sentiment, but with slightly few prohibitionists," was the characterization by Chairman E. C. Riggs of the gathering of statesmen, politicians, jurists, journalists, divines and financiers who met Senator Thomas C. Platt at the dinner given in his honor by the "Brethren of the Amen Corner" at the Fifth Avenue hotel.

The great dining room of the hotel was filled with about 400 guests of the "Amen Corner Brotherhood," an association consisting of the Albany correspondents and the principal political writers on the newspapers of New York.

Girl Went Over Falls. Della Tansey of Buffalo went over the Niagara Falls at about 6 o'clock Thursday evening. It was one of the most sensational cataraft suicides in many years. The young woman jumped over the rail about 10 feet from shore. William Connors of Liverpool, Eng., who was on the bridge, ran down the bank and waded out into the river. A rake was passed to him and he succeeded in fastening it to her clothing. The woman begged to be saved. Connors tried to draw her toward the shore, but her clothing tore and she was carried over the falls. Two hundred people saw the calamity.

The Abbott and Lord Derby. A contract has been signed at New York by ex-Fire Commissioner John J. Seawell and E. E. Smathers and William A. Engeman, treasurer of the National Trotting association, by which the association will give a purse of \$10,000 for a race, best three in five heats, at Brighton Beach between Seawell's The Abbott and Smathers' Lord Derby. The race will be trotted during the grand circuit week Aug. 11-16. The Abbott has a record of 2:05 1/4 and Lord Derby has a record of 2:05 1/2. This will be one of the most important trotting races ever held.

Election of Bishops. Sixty of the 80 or more bishops of the Episcopal church are expected at the meeting of the house of bishops to be held in the city of Cincinnati April 16 and 17. This will include nearly all the foreign missionary bishops. Owing to the feebleness of Bishop Clark of Rhode Island, Bishop Dudley of Kentucky will preside. Bishop of Salina (Western Kansas), of Honolulu and of Porto Rico are to be elected and the question of the admission of Mexican Episcopal church will be considered.

Sugar Duties Refunded. Judge Lacombe in the United States circuit court at New York city has handed down a decision awarding the American Sugar Refining company a judgment against former Collector of the port Howell for \$61,508 with interest from Oct. 27, 1900. This sum was paid on that date for duties on raw sugar from the new Hawaiian possessions of the United States and under the recent decision of the United States supreme court, the exacting of the duty was illegal.

Sensational Trial Ended. Governor William C. Diller has been acquitted of the charge at Buffalo of having stolen \$30 from a body brought to the morgue last November. The trial lasted six days, and the jury was out for two hours. Martin Sveczek, a Pole, was killed by a train. It was claimed that his month's wages was stolen from the body.

Strength of Beer Forces. Careful computation at Pretoria gives the total strength of the scattered Boer commandos at between 8,600 and 9,800 men.

GEN. SMITH TESTIFIES.

He Never Gave Major Waller Power of Life and Death. Tells of the Capture of Insurgent General Lukban—Difficulties of the Expedition—Tour of Inspection of Mindanao and Samar—General Chaffee to Receive Gueverra's Surrender.

Manila, April 8.—General Jacob H. Smith, commanding the American forces in the island of Samar, was the only witness yesterday at the trial of Major Waller of the marine corps, by court martial.

General Smith denied that he ever gave Major Waller power of life and death exceeding general order No. 100. He said he received the first news of the killings at Basey, where Major Waller and Lieutenant Day of the marine corps, are charged with having killed three natives, from General Chaffee. General Smith explained that his order to Major Waller about not being burdened with prisoners meant that he should disarm and release those prisoners who were not charged with serious offenses. He said that he did not understand the meaning of Major Waller's telegram about "expanding 11 prisoners."

The official report of Lieutenant Strober of the Philippine scouts on the capture of the insurgent General Lukban has been published and is endorsed by General Smith. The latter considers the report to be concise and graphic. It is impossible for any one not acquainted with the island of Samar, says General Smith, to realize the difficulties and hardships of the expedition. Strober's command is entitled to the highest praise for one of the most important captures ever made in the Philippines. General Smith strongly recommends that Strober be given a commission as first lieutenant in the regulars and that Sergeant Lora be made a second lieutenant of the native scouts. These recommendations have been endorsed by General Wade and approved by General Chaffee. General Chaffee, however, that congressional action may be required in order to obtain the desired commission for second Lieutenant Strober. He has already given Sergeant Lora a commission as second lieutenant in the scouts.

Generals Chaffee and Sanger left here on board the United States Gunboat Princeton, on a tour of inspection to the Zamboanga district of the island of Mindanao and the island of Samar. They will probably be absent until after April 15, upon which date Gueverra, Lukban's successor in Samar, will surrender.

Cholera at Manila. Manila, April 8.—A total of 175 cases and 137 deaths from cholera had been reported up to noon yesterday. The natives are making great efforts to break the quarantine established here and in so doing one native has been killed.

SIXTO LOPEZ IN BOSTON. Is Prepared to Return to the Philippines and Secure Peace. Boston April 8.—Sixto Lopez, who lived here for some months and claimed to represent Aguinaldo, has returned here from the Far East. He said in an interview that he was prepared to return to the Philippines and secure final peace, provided the United States gave some intimation to the Filipinos, not necessarily of their immediate but of their ultimate status.

Regarding the order preventing his return to the Philippines Lopez said that the American authorities did not object to his landing in Manila providing he took the oath of allegiance. He refused to do this, because he did not believe that anyone had a right to interfere with his liberty of conscience.

Lopez says that he believes that his task of securing peace would be an easy one if Dr. Schurman's proposals were carried into effect.

Wreck on Great Northern. Spokane, Wash., April 8.—Great Northern officials say that an east-bound passenger train was wrecked at a collision with a freight car, which had been blown upon the track. The engine and seven cars were derailed. The freeman, name unknown, is believed to have escaped with a few scratches. The advice received from the railroad superintendent's office indicate that no one else was seriously injured. There is no telegraph station at Winchester.

Sargeant to Succeed Powderly. Washington, April 8.—The resignation of Hon. Terrence W. Powderly as commissioner general of immigration has been placed in the hands of the president. Mr. Powderly is to be succeeded in office by Frank P. Sargeant, but at the latter does not expect to take office for more than a month, present commissioner's resignation will probably not be accepted by the president until that time.

Visit From Chinese Envoy. Peking, April 8.—The signing of the Manchurian convention by Russia and China has been arranged for today, April 8. The son of Prince Ching, who was selected as the imperial envoy to the coronation of King Edward left here yesterday for London, accompanied by his suite. He will return by the way of the United States and will visit the principal cities of that country.

HALLENBECK MURDER TRIAL.

Aged Mother of Murdered Man on the Stand. Hudson, N. Y., April 8.—At the afternoon session Mrs. Almira Hallenbeck, mother of the murdered man, testified. She is 80 years old. On the evening of the tragedy she with her son and daughter-in-law were the only persons in the house. She saw four men pass by the house on the road that night. They had their coats turned inside out. She could see them plainly. She knew Frederick, Burton and Willis Van Wormer since they were children, but she knew Harvey Bruce not a great while. She could not identify the men as they walked up the road.

Mrs. Hallenbeck's story of the shooting was practically the same as that given by her daughter-in-law. On cross-examination the aged witness broke down and wept bitterly. Herbert K. Bishop, a civil engineer, was the next witness. He made a survey of the Hallenbeck property and made three maps.

Patrick Sentenced. Date of Execution Fixed For May 5. Taken to Sing Sing. New York, April 8.—Albert T. Patrick, convicted of the murder of William Marsh Rice, was sentenced to death by Recorder Goff. The date of execution was fixed for Monday, May 5. Patrick was taken to Sing Sing on a train which left here 1:05 p. m. yesterday. His wife, who was Mrs. Adelle M. Francis, was a passenger on the same train.

Osining was reached at 2:20 p. m. Before entering the carriage which was to take him to the prison, Patrick kissed his wife and said good-bye. At the prison his beard was shaved off and he was placed in a cell in the death house. He will not be required to wear prison uniform while he remains at Sing Sing.

Congratulated the Ameer. Peshawar, Punjab, April 8.—Handa Mullah (the fanatic who was reported to be marching on Cabul with 5,000 armed followers) reached Cabul March 28, saw the ameer, congratulated him on his accession and expressed the intention of returning home immediately, having accomplished the purpose of his visit which was solely one of congratulation on his accession and condolence on the death of his father.

Automobile Race. Paris, April 8.—The Presse announces that W. K. Vanderbilt, Jr., and Dr. Henri De Rothschild have arranged a match race, with 40-horse power automobiles of the same make, to be run before May 15, the stake being 1,000 francs to be given to the poor. The distance will be 220 kilometers, but the route is not yet chosen.

Refused Motion. Washington, April 8.—The United States supreme court has refused to grant the recent motion to dismiss the case of Admiral Sampson in which he seeks to recover prize money for the guns and armament of the Spanish vessel, Maria Teresa, taken at her capture off Santiago.

MARKET REPORT. New York Provision Market. WHEAT—No. 2 red, 83c; f.o.b. afloat; No. 1 northern, Duluth, 80c; f.o.b. afloat. CORN—No. 2 corn, 65c; f.o.b. afloat. POINTED PARAGRAPHS.

Summary of the Week's News of the World. Cream of the News Culled From Long Dispatches and Put in Proper Shape For the Hurried Reader Who is Too Busy to Read the Longer Reports and Desires to Keep Posted.

Sunday's wind storm unroofed several churches in and near Pittsburg, and a number of the worshippers were killed or injured. The plague situation is growing worse in the Punjab, British India, where 70,000 deaths are reported monthly. During the progress of a matinee the Pike Opera House at Cincinnati took fire and was destroyed. The audience escaped without any panic. The iron steamer India went ashore in a fog in Vineyard sound, Mass., and her passengers were rescued by the Cuttyhunk life saving crew. Willis, Burton and Fred Van Wormer and Harvey Bruce were brought into court at Hudson, charged with murdering Peter A. Hallenbeck on December 24, 1901.

Thursday. Investigation of charges in connection with purchase of Danish West India islands began in the house. By a coal dust explosion in the Nelson mine at Dayton, Tenn., 22 men were killed. By a railroad accident in the Transvaal 39 British soldiers were killed and 45 injured. A gang of Italians at work on railroad improvements near Peekskill unearthed an ancient chest filled with silver coins of small denominations. William Carter, a half-breed Indian, has confessed that he shot at Charles Carman at Port Crane with intent to kill, and that he was hired to do so by Dr. C. J. Tiffany. The doctor denies the allegation.

Friday. Doer leaders in the field are showing increasing readiness to make peace with the British. Six members of the family of Phillip P. Mitchell, including himself, were burned to death in their dwelling near Johnston, Pa. A majority opinion by the state court of appeals is to the effect that union men have a right to strike against employment of non-union men. William Lane, a colored servant, shot and killed Mrs. E. J. Furubush and her two little girls at Philadelphia. He had been charged with stealing. Niels Gron told the house investigating committee he knew of no attempt to bribe any congressman in connection with the Danish islands purchase. Miners employed by the Rochester and Pittsburg Coal and Iron companies have struck. The strike involves 10,000 men, and will curtail employment of nearly as many railroad men.

Saturday. Eight hotels at Atlantic City, N. J., have been entirely or partially burned. Loss estimated at \$2,000,000. Manitoba electors voted for and against prohibition Wednesday. Indications point to victory for the anti-prohibitionists by about 5,000 majority. Two men were killed and four injured by an explosion in one of the blast furnaces at the Illinois Steel works in South Chicago. Policeman John J. O'Brien of Brooklyn shot and instantly killed his young wife at their home in the presence of his children and his mother-in-law. Abner McKinley testified before house committee that he had met Captain Christmas but once and that he never talked with him about the Danish islands.

Monday. A passenger train on the Burlington road was held up and robbed by four masked men near St. Joseph, Mo. Miss Ellen M. Stone, the American missionary, sailed from Southampton for New York on the Hamburg-American line steamer Deutschland. The will of Cecil Rhodes provides for colonial scholarships and two Oxford scholarships for each of the states and territories of the United States. Frank Sargeant, president of the Brotherhood of Locomotive Firemen, saw the president and was tendered the position of commissioner general of immigration. An attempt of anarchists to distribute pamphlets at the Altgeld memorial meeting in New York brought prompt suppression at the hands of the police. Three men were arrested.

Tuesday. Six steamers which arrived Saturday at New York from European ports brought a total of 6,986 immigrants. The Sioux Indian village at Portage La Prairie has been destroyed by floods. There was no loss of life. By the collapse of a grand stand during progress of a football game at Glasgow, Scotland, 21 persons were killed and 200 seriously injured. Caspar Kruger, the eldest son of Oom Paul Kruger, and 24 other relatives of Mr. Kruger bearing the same family name, have taken the oath of allegiance to Great Britain. George H. Winerth who escaped from the Onondaga penitentiary last week, fought off Officer Eugene T. Norton of Manlius and a posse who attempted to capture him in a Syracuse street car and escaped.
