DO YOU WANT TO BE CURED TO STAY CURED?

That is just what we claim and propose to prove to you right here. The great claim for Thompson's Bursoma Backache, Kidney and Liver Cure is, that it not only cures but makes a PERMANENT cure. We offer \$500 if the following statements are not genuine. Cured Twenty Years Ago. Twenty years ago last Christmas I was taken sick with Dropsy. My legs and feet were badly swollen. I was confined to my bed, all my friends thought my time had come. My head pained me terribly, and finally my wife was urged by Mrs. Spring, the nurse, to try Thompson's Bursoma and Liver and Kidney Pills. I wish to say that the pain and swelling began to leave me at once, and a few bottles made a complete cure. I have recommended it to others with good results. I am well and have been ever since, which was the full God-will was elected. Anyone can call on us if they wish to know the virtues of "Bursoma."

THOMAS MURRAY, Baker, South Franklin Street, Tionesta, Pa. About fifteen years ago I was all run down with nervous prostration and palpitation of the heart (after getting black in the face and thought to be dying). I lost flesh till from 120 pounds my weight was reduced to one hundred, and for six months I was confined to my bed. A relative of mine who had been troubled with female weakness and nervous prostration and had been cured by Thompson's Bursoma, recommended it to me. I began to take the Bursoma at once and was not only cured of nervous prostration and palpitation of the heart but began to gain in flesh until in a short time I weighed 150 pounds. FROM THAT TIME TO THE NOW I HAVE BEEN PERFECTLY WELL, doing my own housework.

No Return of Disease in Fifteen Years.

COLLISION ON CENTRAL

Engineer and Fireman of Fast Mail Killed. Potter Palmer Dead. Potter Palmer, for nearly half a century one of Chicago's most prominent business men, died Sunday night at his residence on Lake Shore drive. Potter Palmer was born in Potter's Hollow, Albany county, N. Y. He received a common school education and at the age of 18 engaged as a clerk in a store at Durham, N. Y., where he remained three years. When he became of age he opened a store of his own at Oneida, N. Y., and conducted it for two years. He afterward spent one year at Lockport, N. Y., and then removed to Chicago where he established a drygoods firm which has been succeeded by the firm of Marshall, Field & Co. Mr. Palmer retired from mercantile life in 1865. After disposing of his drygoods interests Mr. Palmer invested largely in Chicago real estate and began the erection of business buildings. When the fire came in 1871 his losses were very heavy, but he borrowed enough money to enable him to reconstruct the buildings that had been destroyed. His real estate holdings continued to increase in value until today his fortune is estimated at \$25,000,000. Death of Congressman Cummings. Congressman Amos J. Cummings of New York died at 10:15 o'clock Friday night at the Church Home infirmary in Baltimore. The cause of death was pneumonia incident to an operation. Congressman Cummings came to Baltimore on April 11 to undergo treatment for kidney trouble. Four days later an operation was performed by Dr. Hugh N. Young and Mr. Cummings seemed to be on a fair way to recovery. A week later, however, pleurisy developed and on April 25 it was announced that Mr. Cummings was suffering from pneumonia in one lung. Last Tuesday it was announced that the malady had extended to both lungs, since which time Mr. Cummings had been hovering between life and death. Many Deaths by Tornado in India. A tornado had devastated the city of Dacca and adjoining towns. Four hundred and sixteen persons were killed. The tornado first struck Pogsola the afternoon of April 23, where it wrecked the Datta Jute works. From Pogsola it moved to Sanchar, where the India General company's warehouses were destroyed by a great wave which was whirled out of the river by the wind. Everywhere in the path of the cyclone huts, trees, the roofs of houses and people were carried up into the air like paper. Thirty-one persons were killed at Sanchar, 110 were killed near Dacca, 175 were killed at Nagalband, while 190 were killed at Barnaghat. The California limited on the Atchison, Topeka and Santa Fe, eastbound, was derailed on a curve at Cama, a switch five miles west of Medill, Mo., while going at a tremendous speed. Five persons were killed and 23 injured. The train was over an hour late and passed Wyaconda, the last station west, at the rate of 65 miles an hour. When the heavy train struck the curve at Cama the rails spread. The train consisted of two small cars, seven Pullmans and one dining car. The mail car, the dining car and the two forward sleepers went into the ditch. The tender was derailed but the engine remained on the track. The derailed coaches were smashed to kindling wood, even the axles being bent out of shape. Nervous About Succession. Apart from the difficulties which surround the question of the succession to the throne of Holland, the death of Queen Wilhelmina, if it should unhappily occur, would tend to convulse the entire continent politically. In Germany especially it is a matter of the deepest import. The German press claims that Prince Albrecht of Hohenzollern, the acting regent of Brunswick, is among the nearest in the Dutch succession and in all the European capitals nervous apprehension exists that the absence of a direct heir to the Dutch throne might precipitate a struggle for the possession of Holland, which in Berlin is regarded as Germany's natural right. Thomas Nast Nominated. The president sent to the senate the name of Thomas Nast of New Jersey to be United States consul general at Guayaquil, Ecuador. Thomas Nast is a son of the famous cartoonist, and is himself an adept in caricature. He visited the state department yesterday and while there drew a humorous picture of himself in full flight for Guayaquil. He gave it to the appointment clerk. President Roosevelt was a friend of the elder Nast, to whom he said on the occasion of their first meeting, according to report, that he learned politics from Nast's cartoons. World's Fair to be Postponed. The postponement amendment provides for the dedication of the World's fair buildings of the exposition on the 20th of April, 1903, for the opening of the exposition to visitors on May 1, 1904, and for its closing not later than Dec. 1 following. The coinage of \$250,000 in gold dollar pieces to be used as a souvenir coin is also authorized, the money thus provided to be a part of the \$5,000,000 appropriated by congress for the aid of the fair. Big Elevator Burned. The Wells elevator on Ohio street in Buffalo was totally destroyed by fire Sunday night. Loss estimated at \$225,000. Wilkeson elevator adjoining on the creek was badly scorched.

MOROS SLAUGHTERED.

Thirty Five Killed In Attempt to Escape. Thirty-five of the 15,000 building trades workers who went on strike were idle at sundown. Before 8 a. m. the business agents of the various labor unions met with the employers and wage scales enough were signed to put 7,500 men back to work; 2,500 carpenters and 2,300 structural iron workers are still out. Most of the ironworkers are in the employ of the American Bridge company.

RIOT ON A ROOF.

Striking Linemen Cause Trouble In Pittsburgh. Pittsburgh, May 3.—May day opened in Pittsburgh with a riot on the roof of the 4-story building on Wood street. Striking linemen attacked workmen who were on the roof repairing tele phone and telegraph lines. A riot call was sent in to police headquarters, but before the patrol wagons arrived the strikers, who were armed with bricks and clubs, did much damage. The strikers eluded the police by a daring slide down a fire escape and a 20-foot jump to the ground. The members of 10 of the building trades went out on strike for an increase of wages. With the exception of the bridge and structural ironworkers, none of the locals has its full membership out. Only 7,500 of the 15,000 building trades workers who went on strike were idle at sundown. Before 8 a. m. the business agents of the various labor unions met with the employers and wage scales enough were signed to put 7,500 men back to work; 2,500 carpenters and 2,300 structural iron workers are still out. Most of the ironworkers are in the employ of the American Bridge company.

WILY MORO PRISONERS GOT BETWEEN THE GUARD AND A COMPANY AT DINER AND AT A SIGNAL MADE A BREAK FOR LIBERTY—FORTY MADE THEIR ESCAPE.

Manila, P. I., May 6.—Eighty-four Moro prisoners, under guard, made an attempt to escape yesterday. At a preconcerted signal they got between the soldiers forming the guard and a company at dinner. The latter, realizing what had happened, fired on and pursued the Moros killing thirty-five of them and capturing nine. The other fugitives escaped.

LIST OF CASUALTIES.

Names of the Heroes Who Perished at Battle of Bayan. Washington, May 6.—General Chafetz has called the war department a list of casualties at the battle of Bayan, Mindanao, May 2, which was described in his dispatches made public Sunday. It follows in part: Killed—First Lieutenant Thomas A. Vickers, Twenty-seventh United States Infantry. Private—James J. McGrath, Company F, Twenty-seventh Infantry. William Lorens. Charles Reynolds. John Langdon, Company C, Seventh Infantry. Alfred J. Callahan. Frederick Cornell. Corporal Michael Golden. Wounded—R. S. Porter, major and surgeon wounded in thigh, serious; Captain James T. Moore, wounded in head, serious; Second Lieutenant Albert L. Jonsman, lung, severe; First Lieutenant Henry S. Wagner, leg and wound ed in abdomen, serious. Then follow the names of enlisted men who suffered greater or less injuries at the hands of the Moros. James Haley, a enlisted man was mortally wounded and has since died. Later Brigadier-General George W. Davis called that Lieutenant Wagner's stomach may not be penetrated and Captain Moore had a narrow escape, the bullet scarring his scalp perhaps making trepanning necessary. He is entirely rational, however. Captain James T. Moore, who was wounded seriously in the head, was appointed to the military academy from Michigan in 1888. He was born in Connecticut. First Lieutenant Henry S. Wagner who received serious wounds in the abdomen, is an aide on the staff of General Davis. He is a son of General Louis Wagner, a well-known citizen of Philadelphia. Major R. S. Porter, who was seriously wounded in the thigh, entered the volunteer service as first lieutenant and surgeon of the Second Illinois infantry in 1898. He afterwards was appointed first lieutenant and assistant surgeon of the Thirty-first United States volunteer infantry and later rose to his present rank. One Chance For His Life. Manila, May 6.—The one chance of saving the life of Captain Moore of the Twenty-seventh infantry who was wounded during the recent fighting with the Moros in the island of Mindanao, is by trepanning a portion of his skull which is resting on the brain. The body of Second Lieutenant Thomas A. Vickers of the Twenty-first infantry has been temporarily buried at Malabang. Hopes are still entertained of saving the lives of the other wounded American officers. A soldier has died of cholera on board the United States transport Warren in quarantine here. Her crew and passengers have been landed and the Warren will undergo another five days in quarantine. Verdict in Laroque Case. New York, May 6.—The coroner's jury called to investigate the death of Hattie Laroque, a cloak model, who formerly lived in Lovellville, N. Y., returned a verdict that the girl died as the result of an operation performed by an unknown person. Dr. McCleary, a woman physician, Abraham Conhalm and Leo Asher, who had been arrested pending the result of the inquest were then discharged from custody. Body of Unknown Man Found. Rochester, N. Y., May 6.—The body of a man, aged about 35, was found lying on a pile of refuse in the rear of the John Strobel hotel barn, near Floral bridge on Irondequoit bay. The coroner thinks the man was taken with a fit, perhaps epilepsy, and died in it. Mill Operatives Resume Work. Utica, May 5.—The Utica board of consultations the employees of the knitting mills at Little Falls concluded to commence work yesterday morning and the general strike of 5,000 operatives was avoided. The piece work system with a guarantee of \$1.50 a day to the knitters will be tried for four weeks. Molders Get Increased Pay. Albany, May 6.—The strike of the machinery molders which was inaugurated in every foundry in the city on Saturday has been settled by the companies conceding the increase of 25 cents per day demanded by the men.

HELD POLICE AT BAY.

Would Be Murderer Finally Wounded by a Boy. Wilkes-Barre, Pa., May 3.—Peter Wanett shot and badly wounded Simon Russinet and then for two hours held the police at bay. He was abusing the Russian Catholic church and marching in front of it with drawn revolver, when Russinet, the sexton, appeared. Wanett fired at him. One bullet pierced his arm, one struck his thigh but glanced off on a pocket knife. A number of persons rushed upon Wanett, who emptied his revolver, drove them back and then fled to a high bluff, where he reloaded his gun and waited for the police, crowds surrounding the hill until they came. Vanette fired deliberately as each officer got in range and they retreated. Time and again they tried to get at him within an hour. Then they got rifles and seeing he would be brought down, Wanett, with a yell and firing his revolver, dashed down the hill stampeding a part of the crowd and got away. A mile farther he was surrounded again and a stone thrown by a boy brought him to the ground senseless. He was overpowered and is now in jail. BOY FATALLY STABS BOY. Woman Who Witnessed Operation Dies From Excitement. Cumberland, Md., May 2.—Joseph Thomas, aged 11, was fatally stabbed at Frostburg Tuesday by Irving Cook, aged 9. Young Cook, it is claimed, tried to prevent Thomas from watering a horse at a trough, and in the fight Cook stabbed him in the abdomen. Three doctors operated on the boy, who is in a dying condition. Mrs. Richard Morgan, aged 61, who witnessed the operation, died at 2 o'clock Wednesday morning from heart trouble intensified by excitement caused by the tragedy. New Steel Giant Rises. Springfield, O., May 3.—It is announced that Hon. John W. Bookwalter, the multi-millionaire of this city, is at the head of a giant company now forming, to have a capital stock of \$15,000,000 or \$20,000,000, to manufacture steel by the new Bookwalter process, which is said to give utterly pure steel that can be melted or forged into any shape. The idea came originally from Franco. Mr. Bookwalter has been offered outright \$1,900,000 for the process, but has refused. Brooke For Governor. Lebanon, Pa., May 2.—Company H, Fourth regiment Pennsylvania volunteers, and other veterans of the Porto Rico campaign of the Spanish-American war, at their fourth anniversary, passed a strong resolution endorsing Major General Brooke for the Republican nomination for governor. The Fourth regiment served under General Brooke as part of the First army corps in Porto Rico. Death of a Buffalo Nun. Wilkes-Barre, Pa., May 5.—Sister Josephine, mother superior of Mercy hospital, this city, is dead at the age of 46. She suffered from a complication of diseases. In the world she was known as Miss Catherine Byrne of Buffalo. She taught in the parochial schools of Buffalo and Hazelton, Pa., before going to Wilkes-Barre. Plant to be Sold. New Castle, Pa., May 3.—The plant of the Hartman Manufacturing company is to be put up at public auction here Thursday afternoon, May 8, to satisfy debts against the company. The household goods of Frank A. Unstead, president of the crippled concern, have been auctioned off. To Dedicate Altoona Church. Altoona, Pa., May 2.—The eighth Avenue Methodist Episcopal church is ready for dedication Sunday, May 18. Already the great organ of 1,200 pipes, the gift of Mr. Andrew Carnegie, has been installed. The services will begin next Sunday. Soldiers' Monument. Lancaster, Pa., May 2.—The monument at Ephrata, in memory of the Revolutionary soldiers buried there, was unveiled and dedicated yesterday.
