for the Republican nomination for County Commissioner, I desire to amounce my piatform as follows: I believe that the business of the said office can be done, piatorm as follows: I believe that the business of the said office can be done, and well done, by the Commissioners at much less cost to the Tax-payers of the County especially for the services of the Commissioners themselves. In order to show my good faith in this belief I desire to pledge nyself now, that If nominated and elected to the said office, it will not cost the county in excess of five hundred dollars (\$20.00) per annum for my services. I believe that the business can be done for less than the above amount, but if it can not my time will not amount to more than the above stated sum. If the business of the office and my duties as such officer require more than I anticipate, that will be my loss. I have thus publicly announced my platform so that the people will know for what they are voting, and what to expect if I am successful.

Respectfully.

The readers of this paper will be pleased to learn that there is at least one dreaded discusse that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure known to the medical fra-ternity. Catarrh being a constitutional disease, requires a constitutional treat-ment. Hall's Catarrh Cure is taken internally, acting directly apon the blood and mucous surface of the system, there-by destroying the foundation of the dis-cuse, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer one Hundred Bollars for any case that it tails to cure.
