The County Committee.

The primaries on the 10th inst., resulted in the election of the following gentlemen as members of the Republican County committee, in whose hands the campaign will be left: Dr. Wm. G. Morrow, Chairman, West Hickory, Pa. Clarington, John Moore. Redeflyte, W. A. Crossman. Nebraska, S. P. Whitman. Gultonville, R. W. Gulton. W. Hickory, J. B. Erb. Pogle Farm, Jas Elliot. Hickory, Jos. King. Brookston, J. S. Gildersleeve. Fisher, J. J. Haight. Lynch, Jas Campbell. Iron City, J. A. Smith. Frost, W. T. Hart. Porkey, W. T. Kerr. Clough, G. E. Anderson. Marienville, H. S. Brockway. Dubring, S. M. Groce. Starr, E. E. Zundell. Newtown Mills, Fred Rudolph. Keltoville, Leon Watson. Mayburg, Chas. Desher. Tionesta Township, J. W. Mong. Tionesta Boro., J. C. Dunn.

Building an isthmian canal and laying a Pacific cable are projects that should be acted on by Congress at the present session.

Those having seats next to Senator Tillman must be in constant fear of the day when he may be expected to blow his head off.

There is he armed who hath his quarrel just. Col. Bryan will go into the campaign of 1904 with the combined support of crimes of 1873, 1890 and 1900.

Havana and Santiago are boasting that they are the cleanest and healthiest cities in the world. Uncle Sam has proved himself to be an excellent housekeeper.

Uncle Sam recognizes the fact that there is a generous as well as a vigilant side to the Monroe doctrine. Our relief ships will be the first to reach Martinique.

Is it only a coincidence that every paper that yapped for free-trade in 1892 is now yawning for tariff reduction? The country hasn't forgotten what happened after the election of 1892.

South Carolina can shortly indulge in the luxury of two Tillmans in the Senate if such is its pleasure. The Tillman habit, however, is not calculated to advance the moral or material interests of a State.

The President and Congress acted with promptness and intelligence in the matter of the appropriation for the sufferers by the West Indian volcano. This calamity, which is one of the most extensive in the world's history, appeals to all peoples, and with especial force to the Americans, who are near neighbors to the afflicted locality. This is a case in which aid must be furnished at once if it is to be effective at all, and the United States is rising grandly to the emergency.

The possibilities of rapid expansion in the families of full Mormon faith and practices are indicated in that Brigham Young, late leading and most prolific proselyter, whose descendants are determined to keep up family conventions; for which purpose a family reunion has been planned, to take place in Salt Lake City. As no available building in that city is large enough for the reunion it will be held in the open air. Brigham Young had 56 children, of whom 47 survive him. There are 294 grandchildren of the Mormon leader and 745 great-grandchildren making a total of more than 1,000 descendants of a man who died after the close of the Civil War.

Through the earnest and well directed efforts of Commissioner Bothrock extensive tracts of forest land have recently been secured in addition to former purchases. The plots purchased aggregate 83,000 acres, and are located in Huntington, Union, Center, Mifflin and Pike counties. About 5,000 acres of this purchase in Huntington is splendid timber land, which will more than pay for itself in timber that can be removed. The commission is not only purchasing tracts of desirable land but is improving the degraded land formerly purchased, as is evident from facts that 15,000 young pine trees have just been set out in the South Mountain reservation and preparations are in progress to plant 50,000 tulip poplar trees in the same tract. The commission has offers of still other fine tracts and will purchase same as rapidly as the means to do so are supplied. The people of Pennsylvania will not complain if future legislators appropriate money with even greater liberality than those in the past have for the acquiring of forest lands. It is the only way in which forest restoration on an adequate scale is possible.

FREE-TRADERS insist that the only way to save Cuba from ruin is to embrace their doctrine. They make the same claim in regard to the beet trust. No matter what public question comes up, the free-trader offers his bid as the only remedy. On one occasion the United States tried the cure-all and the land was speedily filled with idle men and soup-houses. That experiment is quite enough of the kind.

A significant political sign of the times in Indiana is the rejection of a Bryan platform by the Democratic convention of the Second Congressional District and the adoption of what can be called an anti-Bryan platform. The Indianapolis Journal remarks on this occurrence in this way: "For six years the Democracy of Indiana was shouting 'Bryan and 16 to 1.' It played itself 'Bryan and 16 to 1.' Its reply to every appeal to listen to reason was 'Bryan and 16 to 1.' Now a Democrat in the Second District could not be hired to cover himself with a 'Bryan and 16 to 1' badge and go down the streets of a considerable town. Indeed, there is reason to believe the person who should break into a Democratic convention shouting the one slogan of the party in 1890 would be hauled out as something in the nature of a lunatic."

PRESENT indications are that the appropriation for a Government building in Oil City may be increased from \$60,000 to \$75,000. Senator Penrose has offered an amendment to the bill, providing for such an increase. In connection with this matter it is worthy of note that our citizens have not displayed the interest in this matter which its importance warrants. When the project was first mentioned it was not thought it would amount to anything, because it was generally understood that it would require a goodly amount of judicious work on the part of a Congressman to secure such an appropriation, particularly for a building in a city no larger than this one. But Congressman Sibley bags the game he goes after, and he deserves well at the hands of our citizens for what he has done for us. Something in the way of recognition might be in order.

On the 8th of May, 1902, the amount of gold in the United States Treasury was \$349,429,360, the largest sum in gold coin the national money vaults ever contained. This gratifying condition exists after five years of McKinleyism, of Sturgess, Protectionism, or whatever you please to call it. It contrasts strongly with the conditions which existed six or seven or eight years ago under a tariff reform or free-trade administration. Then we were selling bonds to make good our treasury stock of gold, which had fallen to about \$50,000,000, or say, \$50,000,000 below the present high water mark. No sooner did we exchange bonds for gold coin than the gold would be drawn out again in redemption of legal tender notes. So it went, that disheartening "endless chain" of taking in and paying out gold. McKinley broke the "endless chain," and it has stayed broken ever since.

Program for Memorial Day.

Forenoon on German Hill. Post will leave Tionesta at 8:30 and arrive at the Evangelical church at 9:30, decorate the graves of soldiers buried in that cemetery, return to Bartholomew church and perform the ceremonies in that cemetery, and if there are any short speeches they will then be heard. It is expected that the children and others will provide the flowers and furnish the music. It is hoped all will turn out, and show respect to the honored dead.

Afternoon in Tionesta. The Sabbath schools of Tionesta and the surrounding country, and all the children in Tionesta on that day, are earnestly invited to participate in marching and decorating the graves. The Post will assemble at their headquarters at 2:30 and the procession will proceed to Riverside cemetery under the direction of the Marshal, Capt. D. S. Knox. The societies and citizens are cordially invited to join in the procession. The column will form and march down River street to the bridge where it will halt while "the beautiful ceremony of strewing with flowers the waters that run to the sea in memory of our sailors dead who fell in the cause of the Republic" is being performed. When through, the column will march up River street to May then to Elm, thence to the cemetery. The services in the cemetery will be ritualistic. After the graves are decorated the column will reform and march to the Court House and complete the ritual, which will be followed by the memorial address by Prof. Charles E. Lord, of Franklin, Pa. The Tionesta Cornet band has kindly consented to furnish music for this occasion.

The following are details to decorate the graves not included in the above: Newmansville, Tylersburg and Lickingville, comrades D. B. Walters, D. E. Stagle, Daniel Salsgiver, Moses Mealy and George Keeler. President, Commodore George H. and Alexander McCalmont and C. C. VanGieson. Joseph Mong is asked to decorate the graves at Mt. Zion. The children and young people of the Sabbath Schools are asked to gather and prepare flowers under the directions of the ladies of the W. R. C. No. 137. The ladies of the Corps will serve lunch to all old soldiers and their families.

G. W. ROBINSON, J. W. MORROW, S. C. JOHNSTON, Committees.

Capt. George Stone Post at its last regular meeting unanimously reiterated the following resolution passed and published one year since: Resolved: That Memorial Day is a sacred day, not only by the old soldier who commemorates the memory of his fallen comrade, but for the people who on that day remember and decorate the graves of their friends. We as a Post deplore, denounce and condemn the practice of base ball and other sporting games on that day, regarding such games a nuisance, and desecration of the day, and that we invoke the influence of all good citizens to a-stet us in preventing its desecration.

Scientific Rheumatism Cured After Fourteen Years of Suffering. "I have been afflicted with sciatic rheumatism for fourteen years," says Josh Edger, of Germantown, Cal. "I was able to be around but constantly suffered. I tried everything I could hear of and at last was told to try Chamberlain's Pain Balm, which I did and was immediately relieved and in a short time cured, and I am happy to say it has not since returned." Why not use this liniment and get well? Sold by Killmer Bros., Tionesta, W. G. Wilkins, West Hickory, Pa.

Brookston, Tuesday, June 10th. Marienville, Wednesday, June 11th. Clarington, Thursday, June 12th. Nebraska special, Saturday, Aug. 23rd. An examination will be held in Clarington during the spring or summer term for the benefit of teachers of Forest county who are attending the Normal School there.

All who do not hold valid certificates, and who desire to teach in Forest county during the school year beginning June 1st, 1902, must enter the class at one of these examinations. No one will be examined twice. Certificates will not be granted to applicants under 17 years of age, nor to persons of questionable habits. Examinations will begin at 9:30 a. m. All work must be done with pen and ink on legal cap or foolscap paper. Applicants from other counties will be permitted to enter the class only at the request of the Superintendent of their own county, or by request signed by members of school boards of Forest county. This does not apply to persons who have previously taught in this county, or those living near the county lines. On entering the class the applicant must hand the examiner a stamped envelope addressed to himself (or herself), and a specimen of penmanship. Applicants may write some quotation from Whittier. Teachers will please bring with them the December number of the Educational Foundations. Strangers to the Superintendent must bring recommendations of good moral character, from some responsible person. Directors and all others interested in education are very cordially invited to be present. E. E. STETZINGER, Superintendent.

A Local Testimonial. E. K. Thompson & Son, Tionesta, Pa. Dear Sirs:—Several years ago I was taken with kidney and bladder diseases, and suffered with terrible pains, besides losing control of the action of my kidneys and bladder. A number of doctors had my case at different times, but received no benefit, and was given up and fully expected death would relieve my sufferings. A friend recommended BARON'S MA and I began taking it, at first I could see no change, but after taking about eight bottles I began to get better. I continued to use it and to-day am entirely cured. I am an old resident of this county and am well known in this section, and consider myself a walking advertisement of your truly wonderful medicine, BARON'S. Yours respectfully, Nathan Burdick, West Hickory, Pa., April 16th, 1902. NOT SMILLOX. But Just as Bad. Nervous, Weak, Irritable, Sleepless, Head-ache, All Run Down.
