AWFUL MINE DISASTER

Explosion in British Columbia Causes Many Deaths.

General Chaffee Disapproved Findings of Waller Trial—Cuban Republic. Distress at St. Vincent—In Jail at Quebec—Gabriel Bishop Acquitted. Blue Law Repealed. The most terrible disaster in the history of the frequent accidents in British Columbia, occurred Thursday night in the Crow's Nest Coal company's mines at Fernie, B. C. Over one hundred men are either dead or imprisoned in the mine, and little hope is entertained of rescuing any who may yet be alive. A special from Fernie says that the explosion took place at 7:39 Thursday evening. The management has a list of 123 men who are known to have been in the mine, and there were probably others. Of these only 24 are known to be safe. It is feared that few if any of the remaining 109 are now alive. Disapproved Findings. The official findings of the court martial which acquitted Major Waller and Lieutenant John H. A. Day, of the marine corps, charged with executing natives of the Island of Samar without trial, have been made public. The reviewing authority of the court, Major General Adms R. Chaffee, has expressed his disapproval of the court's findings in both cases. Referring to the case of Major Waller the reviewing authority says: "The sending of the natives in question to their death partook more of unlawful retaliation than justifiable act of war. In justice to the American military service the findings of acquittal demand that they shall not meet with unqualified approval. The natives in Samar underwent great sufferings before their rescue, and their officers from their sick beds viewed the revengeful anger of the men who telephoned to Major Waller advising that the sternedores be killed. Major Waller received this message while he was sick and prostrate from a fever, suffering acute pain of body, due to exposure and exertions in behalf of his men and mental anguish concerning their fate, which had long been in doubt. "Giving heed to the mental attitude of Major Waller, so much of the findings of the court as is to the effect that Major Waller is not guilty of murder is approved. But the reviewing authority is at loss to understand why the court did not find against Major Waller in the minor offence. With the exception noted the acquittal, as it appears in the record of the proceedings, is disapproved."

Birth of a New Nation.

The natal day of the republic of Cuba found Havana arrayed like a queen. The decorations were universal. There was not a residence, pretensions or humble, that did not bear upon its quaint facade some emblem in honor of the event. The many arches erected at the entrances of plazas by political societies, fraternal clubs, residents of various civil divisions of the city, and business organizations had an air of grandeur. The ceremony of transfer was brief and simple. After formal greetings, General Wood read the documentary transfer prepared by the war department, pledging the new government to immediately proclaim the constitution and the Platt amendment contained in the appendix, and to undertake all obligations assumed by the United States, with respect to Cuba, by the treaty of Paris. Senator Estrada Palma attached his signature to the document as president of the republic, after an exchange of congratulations, and the old veteran, General Gomez, accended to the roof of the palace. He was instantly recognized and met with an immense demonstration of welcome. General Wood himself undid the halliards from the flagstaff and lowered the American colors. In the meantime a Cuban flag had been bent on the halliards of the palace flagstaff and, by his own hand, General Wood raised it, as an act of the United States. General Gomez assisted him. Labor Troubles the Only Drawback. With almost uniformly good wheat weather, a full volume of rooster business for this season of the year, good collections and heavy railroad earnings, the only cloud on the situation would seem to be the continued unrest of labor and the idleness of large numbers of industrial workers as a result thereof. Even here, however, it is to be noted that, with the single exception of the anthracite coal miners' strike, which of course, affects demand and industry throughout a wide area, the disturbances are largely localized, and are mostly efforts on the part of labor to get a still larger share of the concededly abundant prosperity ruling. Wheat is slightly lower on good crop reports, but strained supplies of corn and oats make holders confident. Corn viable supplies are only half those of last year and 60 per cent of the stock is in Chicago. Wheat supplies are smaller than one or two years ago and only slightly larger than in 1898. Hog products generally are rather erratic. Lard is lower and butter is also off. Business failures for the week numbered 152, as against 190 last week, 195 in this week last year, 167 in 1900, 168 in 1899 and 231 in 1898.

Injunction Against Beef Trust.

The first public action of the United States government against the packers known as the "Big Six" began when United States District Attorney S. H. Betha made a motion before Judge P. S. Grosscup in the United States circuit court for a temporary restraining order. All that has gone before has been devoted to laying out lines of prosecution and defense. The temporary injunction asked for by the government against the members of the so-called packers' combine is now in force. It was issued in Chicago by Judge Peter S. Grosscup after the close of arguments in the United States circuit court. The order gives the relief prayed for in the bill filed by District Attorney Betha on May 10. It is so wide in its scope that if the packers or their agents continue with their present alleged uniform arrangements they will be taken into court on contempt proceedings and the burden of proof will be on them to show that they have not violated the order in any particular.

Distress in St. Vincent.

A cable dispatch has been received from Sir Robert Llewellyn, governor of the Windward Islands, dated St. Vincent, Wednesday, May 21, and expressing the gratitude of the islanders for the generous English contributions. The message continues: "I fear the distress is likely to continue for a long time. A fifth of the entire island is devastated, the largest of the sugar estates are ruined and their crops can not be renewed in less than three years if ever. The suffering of the injured from burns is beyond description. The rains due may revive vegetation a little but all the growing crops and fruit were destroyed. The sum of \$7,000 (\$35,000) is required immediately to build huts for refugees of the devastated area, who have lost everything. "A violent outbreak on Sunday brought in many fresh refugees for relief. I fear all danger is not yet passed."

In Jail at Quebec.

Colonel Gaynor and Captain Greene, defaulting contractors, are prisoners in the Quebec jail. They were committed to the prison, where Sheriff Langler had prepared special quarters for Messrs. Gaynor and Greene, notified the court that in a few days he will move for a writ of certiorari for the transmission of the record of the arrest of his clients from Montreal to Quebec. The next step to be taken by the attorneys representing the United States has not been disclosed, but it is said they are not discouraged by the present situation. They are confident that ultimately extradition proceedings will be successful and that Gaynor and Greene will be forced to return to Savannah and stand trial on the charge of defrauding the United States government in connection with harbor contracts.

Pumpmen Are Divided.

A Wilkes-Barre, Pa., dispatch says: that over 90 per cent of the men will quit work on June 2, unless an 8 hour day is granted them. Another officer of the union admits that the percentage of engineers who will quit work will not be as large but very nearly so. By a vote of 43 to 15 the colliery engineers and pumpmen at a mass meeting at Shamokin, Pa., have resolved not to go on strike June 2, even if the operators refused to grant an 8 hour workday at the present wage scale. Gabriel Bishop Acquitted. The trial at Buffalo of young Gabriel Bishop of Cuba, N. Y., for killing Everett Austin by exploding a dynamite cartridge under the floor of a cottage at Cuba lake in August, 1899, was concluded late Friday afternoon. The trial had been brought to Buffalo on a change of venue from Allegany county, where the accused had been convicted of manslaughter in the second degree and a new trial granted. The jury on the second trial, after being out 42 minutes, returned a verdict of not guilty. Blue Law Repealed. The so-called Massachusetts "blue law," which prohibited the sale of ice cream, soda water and confectionery on Sunday by druggists and confectioners on Sunday by druggists and confectioners, was wiped off the statute book by a repealing measure which Governor Crane signed as soon as it was rushed to him from the senate. The agitation growing out of the attempt to enforce the law a few Sundays ago led to the present legislation. Tennessee Mining Horror. Twenty or twenty-two bodies of victims of the Fraterville mine horror, Coal Creek, Tenn., are still missing. Searching parties have brought out 204 dead bodies and are hard at work in efforts to recover the remainder. An awful stench pervades the mine, due to the numerous dead bodies that have been found therein and also the dead carcasses of nineteen mine mules. San Francisco Gets Prize Fight. The San Francisco Athletic club gets the Jeffries-Fitzsimmons fight. The terms are 70 per cent of the gross receipts. The date of the fight is to be mutually agreed upon later by the fighters and the club. The pugilists decided upon Eddie Graney, a local man, to act as referee. Lava and Mud Still Flowing. Mont Pelee was comparatively quiet Friday. Saturday the volcano belched forth a torrent of lava and mud, which rushed down the northern slope of the mountain and swept away what was left of the town of Basse Pointe. New fissures have opened in the side of the mountain. Lawyer Simple Not Guilty. Philadelphia, May 27.—John L. Simple, the Camden lawyer who has been on trial for a week past in the United States District Court for alleged complicity in the manufacture of counterfeit \$20 silver certificates, was found not guilty.

VISITED THE FALLS.

Guests of the Nation Had a Pleasant Day at Niagara.

Drove Through the American Park and Across the Bridge to Table Rock—West to Lewiston on Gorge Railroad—Interested in Monument at Queenston Heights. Niagara Falls, N. Y., May 27.—The distinguished guests of the nation comprising the members of the French mission who participated in the ceremonies incident to the unveiling of the statue of Count de Rochambeau at Washington, accompanied by Ambassador Cambon, Mme. Cambon, members of the staff of the French Embassy and the president's commission, spent a pleasant day here and again turned toward the east, leaving for West Point at four o'clock by the New York Central to Buffalo, and thence by the Pennsylvania railroad, via Emporium Junction, Harrisburg, Philadelphia, to Jersey City, from which point they will go over the tracks of the West Shore road to West Point. There was delightful lack of formality throughout the day and the members of the party spent the day in the enjoyment of the many scenes of beauty about the great cataract and along the banks of the gorge below the falls. The weather was perfect. The special train of the Pennsylvania railroad reached this city on schedule time, after an uneventful run from Washington. The arrival was so timed that the guests had finished their breakfasts on the train and at 9:30, a few minutes after the train reached the New York Central station, the party entered carriages for a two hour drive through the park on the American side and across the bridge to the Canadian side. At Table Rock the members of the party left their carriages and walked about for half an hour. They then turned directly to their special train, which had been left at a convenient place in the station yard, and took luncheon in the dining car. At 1:15 two special cars of the Niagara Gorge road in charge of Vice President Herbert P. Bissell and General Manager Jones were brought up to the station and nearly every member of the party boarded them for a trip through the picturesque gorge. The first stop was made at the Whirlpool Rapids, where the swirling waters of Niagara display their mighty force in most turbulent fashion. A quick run was made to Lewiston and across the new bridge into British territory again. The military men were interested in the details of the battle of Queenston heights which was related to them during a stop at the foot of the monument which marks the spot where the British general, Brock, fell. The cars then proceeded slowly down the Canadian side of the gorge over the Canadian Seaside railway to the upper steel bridge, recrossing the river and arriving at the station at 3:45. Just before the departure of the train for the East an incident occurred which brought forth a ripple of applause from the small group gathered in the train shed. A heavy of girls, dressed in white, presented Countess de Rochambeau a large bouquet of flowers, sent by the sisters and pupils of the Sisters of Mercy convent. The bouquet was made up of beautiful carnations and American beauty roses, tied with red, white and blue ribbons and attached to it was a tiny silk American flag. The countess was greatly pleased with the token of regard and thanked the girls for their thoughtfulness. The Very Rev. James A. Lanigan of Buffalo and Miss Flora Roche of Rochester, who were among those who received the Marchioness de Rochambeau on the occasion of a visit to the Falls a decade ago, at the time of the Yorktown celebration, made themselves known to the count and countess, who greeted them cordially and spent five minutes in animated conversation with the venerable prelate. The count continued to converse with Father Lanigan until the train got in motion and he was compelled to run briskly and get aboard when the train was moving quite rapidly. The count and countess came to the rear platform of the last car and remained there until the train disappeared. Preparing for the Campaign. Washington, May 27.—Congressman Babcock, chairman of the Republican congressional committee, talked with the president regarding the fall campaign. The president at an early day will arrange a date for receiving the committee at which time plans will be mapped out. Chief Engineer of Canadian Pacific. St. Paul, May 27.—E. H. McHenry, for several years chief engineer of the Northern Pacific and one of the receivers of that property, has returned from a trip in China and the East. He will leave immediately for Montreal to become chief engineer of the Canadian Pacific railway on June 1. Lawyer Simple Not Guilty. Philadelphia, May 27.—John L. Simple, the Camden lawyer who has been on trial for a week past in the United States District Court for alleged complicity in the manufacture of counterfeit \$20 silver certificates, was found not guilty.

WATER CAUSXS TROUBLE.

New Castle Physicians Blame Epidemic of Typhoid Fever Upon Impure Water.

New Castle, Pa., May 26.—The typhoid fever epidemic was discussed at a meeting of the Lawrence County Medical society. It was the unanimous opinion that the typhoid was caused by the water supply here. Not only was the water roundly condemned, but the city dump was held to be responsible for causing an untold amount of illness. This and the generally unhealthy conditions prevailing in this city was held accountable for many cases of gastric fever. Both typhoid and gastritis have developed to an alarming extent. People are beginning to boil water for all household purposes. FORSAKES THE PULPIT. Rev. E. D. Meixell Will Be Cashier of the Westmoreland National Bank. Greensburg, Pa., May 26.—Rev. E. D. Meixell, one of the best known ministers of the Reformed faith, will forsake the pulpit to go into the banking business. Rev. Mr. Meixell is president of the Dauphin County Classis of the Eastern synod and is pastor of the Newport, Dauphin county, church. He will come to Greensburg to accept the position of assistant cashier of the Westmoreland National bank. Rev. Mr. Meixell preached at Delmont, this county, and afterward served the congregation at Scottdale.

Teacher Hanged Himself.

Montrose, Pa., May 24.—Professor Deaton E. James, principal of the Montrose high school, committed suicide by hanging himself yesterday morning. He failed to report in the morning and upon inquiry it was learned that he had been seen walking through the cemetery toward the woods. The school children started out to look for him, and after scouring the woods for an hour, one of the boys discovered his body suspended from a tree by a rope halter noosed about the neck. He had been acting somewhat strange of late, and it is thought suffered mental derangement from overwork. He was 50 years old, and leaves a wife and two children.

Husband Takes Acid.

Philadelphia, May 26.—James Bushnell, a well-to-do merchant of Mauch Chunk, Mass., came here to persuade his wife to leave the stage, and when he left her at the stage door of the Kensington theater Saturday she had refused to give up the new life she had forsaken him for. After she had entered the theater to make ready for her part of the subtitle in "The European Sensation" company the dejected husband swallowed carbolic acid and fell on the theater pavement. The man lies between life and death at St. Mary's hospital.

Hastings Going Abroad.

Bellefonte, May 26.—Ex-Governor Hastings will take no part in the fight for governor. Mr. Hastings said: "I am going with my family to Europe in a few days to take a vacation of two or three months. I cannot take any part in the political contest in Center county." When asked if the report was true that he was a candidate for the congressional nomination he said: "I could not accept if tendered a unanimous nomination. I am very happy. Very busy and very much contented in my private pursuits."

Sue For Value of Rolling Stock.

Holidaysburg, Pa., May 26.—The Pittsburgh, Johnstown, Ebensburg and Eastern Railroad company entered suit against the Altoona and Besch Creek Railroad company to recover \$60,000, the price of two locomotives and 10 cars, taken from plaintiffs and appropriated by the defendant corporation to its own use.

Heat Kills Mercer Woman.

Mercer, Pa., May 26.—Mrs. H. H. Ziegler dropped dead in the dining room of the Hotel Humes Saturday evening. Heart trouble, aggravated by heat, was the cause of death. She is survived by her husband, a prominent attorney of this place, two sons and one daughter. She was a daughter of Hon. S. R. Mason.

Weldon Postmaster Missing.

Sharon, May 26.—Frank Snyder, postmaster at Weldon, a few miles west of Sharon, who ran a general store in connection with the postoffice, is missing since Tuesday. His car is said to be correct and his departure is unexplained. He is said to have gone in the direction of Cleveland.

Knife Used in Quarrel.

New Brighton, Pa., May 26.—Because his wife was detained at the home of friends at Freedom all night Edward West stabbed her with a six-inch knife on her return Friday morning. The wound is not thought to be fatal. West escaped from town and is supposed to be hiding in Beaver Falls.

Showman Drowned at Rochester.

Rochester, Pa., May 26.—Herman Klark, whose home is in Dunbar, Pa., was drowned in the Beaver river Saturday. Klark is an attaché of a theatrical company showing here this week. He could not swim and got beyond his depth.

Library Contract Let.

Oil City, Pa., May 26.—The directors of the Carnegie Free Library association have awarded the contract for the building to Allen & Meats of Oil City for \$36,000.

SHOT THREE COMRADES.

Blaming Them For His Discharge O'Brien Committed Murder.

Boston, May 27.—Acting under the impression that his fellow workmen had deprived him of his place, Mortimer O'Brien, formerly a longshoreman employed by the Metropolitan Steamship company, shot three of his comrades. The victims: Patrick Brennan (foreman), Cambridgeport, may not recover. Robert Gordon, Chelsea. William Hennessey, Charlestown. After the shooting O'Brien disappeared but later he returned to the wharf and was arrested.

O'Brien was discharged Saturday and it is said he blamed Brennan and the other men. He appeared at the wharf and wanted to talk over matters with Brennan. After a short argument O'Brien pulled out a revolver and shot Brennan at close range. Gordon and Hennessey ran to Brennan's assistance and O'Brien fired at them, hitting both.
