Republican Ticket.
 COUNTY.
 Congress—JOSEPH C. SIBLEY.
 (Subject to action of District Conference)
 Assembly—C. W. ASHLEY.
 Prothonotary—J. C. GIBBY.
 Sheriff—GEORGE W. NOBLIT.
 County Commissioners—CONRAD BURKHEN, A. K. SHIPLE.
 Auditors—GEO. W. HOLEMAN, W. H. STILES.
 Jury Commissioners—ERNEST SIBBLE.

At the beginning of the South African war an English paper remarked: "We shall muddle through it somehow." And that was no fiction.

MEMORIAL DAY is our nearest approach to coronation day, and flowers for the departed brave are the chosen crown of duty nobly performed.

It is very evident from the Harrisburg news this morning that Judge Penry-packer will be nominated for Governor by the Republican convention.

OUR naval operations in the Philippines have cost nearly \$20,000,000. No American worthy the name would exchange Dewey's victory alone for the money.

It is said the British authorities are planning to buy Texas cattle to restock the devastated farms of the Boers. No objection is likely to be raised to such British bull pens on Uncle Sam's soil.

AMONG things that we do not like are high-priced coal and high-priced beef. But when we look back to 1893 we see a time when, in most pockets, there was no money for beef or coal at any price.—N. Y. Mail.

THE British Government pays its successful servants well. Kitchener goes up a peg in the peacetime and will have a \$25,000 purse thrown in. In this country the commander who wins a great victory is awarded a Court of Inquiry.—Bizzard.

A CONTEMPORARY is satirical on the subject of good crops under a Republican administration. The country had good crops under the last Democratic administration, but somehow the soup-house tariff and the rest of the mid-dle and general incompetency beat the bounties of nature.

"In the foothills of our mountains," says Congressional Delegate Smith, of Arizona, "our melons and cantaloupes make the Georgia products taste like pumpkins and cucumbers." Let the melon line to Arizona be opened promptly. But for fear Mr. Smith has a local bias, keep on sending the Georgia strip.

THE physicians who attended the late President McKinley after his assassination will get \$10,000 for their services. The urgent deficiency bill now before Congress has an item for \$51,000 to defray the expenses of the death and burial of the president, and it has been agreed that the physicians shall have \$31,000, and that the remainder shall be used to defray the funeral expenses.

SECRETARY OF COMMONWEALTH, GREENT, is preparing to advertise for the information of the voters at the coming election two proposed amendments to the constitution. One amends section 10 of article 21 and provides that a discharge of a jury for failure or other necessary cause shall not work acquittal. The other amends section 7 of article 3 by requiring that special or local laws before being introduced into the legislature must first be submitted to a popular vote in the locality interested and adopted by a majority of the voters. If they are adopted at the next election, they must again pass the Legislature and again be submitted to the people at the election in November, 1903.

CONFERENCE among leading Democrats of the state of New York have been marked by unusual harmony of life, and a united effort will be made to capture the State next fall. The leading figure in the preparatory movements is ex-Senator David B. Hill, who would undoubtedly become the principal beneficiary of a return of that party to power. Mr. Hill does not attempt to conceal his ambition to become the candidate of his party for President in 1904. His present chief concern is to reconcile William J. Bryan and win his allegiance, without committing himself to the political vagaries which have become identified with Mr. Bryan's name. With the curbing of Tammany, the avoidance of Bryanism and a gathering of the factions of the party upon a platform of fundamental democracy Mr. Hill may be able to reestablish his leadership upon a profitable basis.

THE terms by which the war in South Africa is ended is creditable to both sides. England assumes the entire cost, not only pledging itself not to levy a war tax on the Transvaal, but agreeing to allow the Boer combatants \$15,000,000 to restore their farms. While the Boers give up the arms and ammunition they have in the field, they are permitted to keep rifles in their homes for protection. Prisoners will be returned at the cost of the British government, and none will be punished unless for violation of the rules of war. The main concession of the Boers is the recognition of sovereignty of King Edward. They are promised self-government, under this limitation, as soon as it is practicable. The colonial rebels will at least not be visited with capital punishment. These terms are the best the Boers could reasonably expect, and they are wise not to prolong a war that, in spite of temporary success, would lead to their own extermination.

County Sunday School Convention.

The seventh annual convention of the Forest County Sunday School Association met in the U. B. church, Clarington June 3, 1902.

The first session was called to order by G. W. Warden, President, Singing by choir. Devotional exercises conducted by Rev. Steele; after which Rev. Richards in a few well chosen words welcomed the delegates. G. W. Warden responded in a pleasing manner.

Rev. Richards gave an interesting talk on "The Sabbath School and the Needs it Should Meet—The Need of the Hour," under five heads. 1st, children should be taught Sabbath observance; 2d, the public preaching service should be attended; 3d, want of reverence for the house of God; 4th, temperance; 5th, the need of the hour—one hour against one hundred and sixty-seven hours in the week.

"The Need of the Church," was discussed by J. C. Work. The points emphasized were that the church needs the co-operation of the S. S. The teacher ought to be the most intimate friend of the scholar, not only in the S. S., but at all times. The subject was further discussed by Rev. Richards, Miss Siggins and Rev. Steele.

Mrs. A. R. Meehling presented "The Need of the Home," in an earnest and impressive manner. The S. S. is the door-way of the church, and the church is the gate-way to heaven.

The question, "How Nearly do our Schools Meet these Needs?" was brought out in a pleasing and instructive manner by Rev. Steele. We see the needs of the hour illustrated by children when they do wrong.

F. R. Lanson gave an earnest talk on "The Use of Printers Ink and the Mails for Holding Scholars." Every teacher ought to keep a record of the name and birthday of each scholar. Write that scholar a letter on his or her birthday. He referred to the annoying question of teachers being absent without providing substitutes.

The delegates were enrolled. The president then made announcements, and the convention was adjourned.

TUESDAY EVENING.
 Called to order by President G. W. Warden. Song and Praise service led by Rev. Humbert.

"The Use of the Bible in the Sabbath School," was opened in a practical way by Dr. J. J. Brewer. The lesson leaves should be used as a help, but not in place of the Bible.

Miss Alice Hamlin of State Association was introduced and gave an excellent address on "The Hope of the Church and the Hope of the World," referring to the Jewish names where there were nine different names for childhood. She put special emphasis on the effort that should be put forth to keep the boys and girls in the Sabbath School.

The president named the following committees:
 Committee on Nominations—John Coon, A. R. Meehling, Geo. Dunkle.
 Finance—W. A. Slangenhoft, Bessie Cook, R. W. Brenneman.

Resolutions—F. R. Lanson, Emma J. Thompson, Frances B. Siggins.

WEDNESDAY MORNING.
 Devotional service led by Rev. Richards. The delegates were called upon for their reports.

Mrs. Gross not being present "The Methods of Ingathering" was ably discussed by Rev. Steele. The S. S. should be well organized. The teacher should have a good character, and the whole aim should be the salvation of the child.

Mrs. Gross having arrived, read paper on "Methods of Ingathering." The child loves amusements; open your houses to recitals, plays, and, above all, have your heart right.

A good paper on "Using Scholars to Reach Scholars," was read by Miss Martha Morrow. Every school should be missionary. Teachers' influence is more what we are than what we say.

Miss Hamlin gave very practical talk on primary work. We must have a heart knowledge of the Bible, and a pleasing way of telling the Bible stories. After singing by choir, benediction by Rev. Hampton.

WEDNESDAY AFTERNOON.
 Devotional services led by Rev. Steele. In the absence of Dr. J. W. Morrow, Rev. Vibbert, gave an interesting talk on "Securing Decisions for Christ." Much depended on the teacher.

Miss Hamlin held a conference with primary teachers. Teach the child reverence for God. So much was brought out it cannot be written here.

Questions were called for and answered by Miss Hamlin.

The committee on nominations presented the following names as officers for ensuing year, and they were unanimously elected: President, G. W. Warden; V. Pres., F. R. Lanson; Sec. and Treas., Frances B. Siggins; Rec. Sec., Jennie M. Sibley; Supt. Primary Work, Mary Behrer; Supt. Normal Work, Rev. J. V. McAnelli; Supt. Home Dept., Mrs. Ida Small. Executive Com., Jas. Carson, Martha Morrow, Mrs. W. G. Wilkins.

An interesting talk was given by Rev. Humbert on "The Chief Qualifications of a Sabbath School Teacher." The first qualification is a truly converted teacher. Personal and experimental knowledge of the Lord Jesus Christ, and an overmastering desire to lead people to Christ.

Rev. Vibbert talked on "The Evil of the Drink Curse." A large part of our work will be neutralized if we let go our work of temperance.

Temperance resolution was then read: Resolved, That it is the wish of this convention that no change shall be made in providing the quarterly temperance lesson. Carried.

After short talk by vice-president, the convention adjourned.

WEDNESDAY EVENING.
 Singing, Scripture reading, led by Rev. Richards.

Mr. Lanson gave a practical talk on "The Benefits Derived from Sabbath School Conventions." Discussed by others. Question Box conducted by Miss Hamlin.

A Macabre Society.

The Sir Knights of Forest Tent No. 182, and the Ladies of Hickory Hive, No. 112 united in giving one of those delightful social gatherings, for which they are so justly famed, last Saturday evening in the K. O. T. M. hall at East Hickory. The weather was had keeping a good many home, but in spite of this there were about 65 persons present. The people were called to order by Supreme Deputy Wilbur, and Lady Commander Gorman was chosen as chairman.

Speeches were called for but none responded until record keeper Gorman was invited to speak. He told in his pleasant way of the founding of Forest Tent and of its increase and prosperity since that time. The tent is almost nine years old and in that time has increased from 15 members to over 65 Sir Knights and Ladies. Sir Knight Gorman's address was followed by the reading of a very laughable piece by Lady Gorman, which was followed by an address by Supreme Deputy Wilbur. He gave a very interesting discourse on the Macabres. He told of the starting of the order 21 years ago the 11th of this month by a small band of men in Port Huron, Mich., and its growth since to the second largest beneficiary order in the United States, numbering about 500,000 Sir Knights and over 200,000 Ladies. His address was followed by refreshments which were served with willing hands until everybody declared themselves abundantly satisfied. The meeting was called to order and resolutions of thanks tendered to Lady Commander Gorman and Supreme Deputy Wilbur. The meeting then adjourned everybody departed with a feeling that it was good to have been there.

"The Need of the Church," was discussed by J. C. Work. The points emphasized were that the church needs the co-operation of the S. S. The teacher ought to be the most intimate friend of the scholar, not only in the S. S., but at all times. The subject was further discussed by Rev. Richards, Miss Siggins and Rev. Steele.
