Landlord Weaver very cleverly catered to about 20 of his friends Monday evening, the prominent feature of the menu being some 150 nice juicy frogs, which a part of the guests had furnished.

There is one word in the English language which can appear six times consecutively in a sentence and make correct English. To illustrate: A boy wrote on the blackboard, "The man that lies does wrong." The teacher objected to the word "that," so the word "who" was substituted. And yet it must be admitted to the reader for all that, that that "that" that teacher objected to was right, after all.—Four Track News.

Through the kindly offer of Mr. Jas. D. Davis the Christian Endeavor society of the Presbyterian church will serve ice cream soda and cake at the Drug Store, 10-10 o'clock a. m., and continuing all through the day and evening. During the heated weather there is nothing more cooling or refreshing than a glass of ice cream soda, so it is to be hoped that every one will patronize the C. E. on this occasion.

A. C. Whitton of Guilfordville received a very severe cut on the left shoulder from a flying axe while peeling bark last Friday. He and a companion were felling a tree and one of the limbs struck the handle of an axe which was sticking in another log and the axe flew into the air striking Mr. Whitton on the shoulder in the descent, making a very painful wound. Dr. Dunn gave the necessary surgical attention and the patient is getting along nicely.

There was a liberal display of "Old Glory" last Saturday from business houses and private residences, and many of the beautiful emblems were also suspended across the street, being in honor of "Flag Day." The State and National departments of the U. S. A. had requested that flags be displayed on this occasion, but called for no special ceremony.

On June 14, 1777, the American Congress adopted our beautiful emblem as the flag of our country, and that date has since been named by Act of Congress as "Flag Day."

There never was a paper in any locality that gave us all the news says an exchange. It is often that some persons come or go that the editor does not see. It happens that a family is missed several times. They get the impression that the paper does not care to mention them or has a grudge against them. It is a mistake. The paper has no ill-feeling, no spite, no enmity against anybody. Most people take the local paper. Don't be afraid to give the editor news of interest. Perhaps you think the paper has shown partiality; but try and see if it doesn't treat you well if given a chance.

Pretty June Wedding. From the Oil City Bizzard of the 11th inst., we glean the following account of a pleasant wedding in which many Tionesta people will be interested, the bride being favorably known in society circles here: A very pretty home wedding, notable for tasteful appointments, took place at the home of Mr. and Mrs. Daniel K. Ramsey, at Utica, at noon today, when their daughter, Miss Marietta Ramsey, was united in marriage to Robert T. Thompson, of Youngstown, O.

There was a large number of friends and relatives of the young couple present at the ceremony, which was performed at the ceremony, which was performed by Rev. H. B. Marks, of Utica, the impressive ring service being used. The bride was attended by Miss Ruth Cagle of this city, as bridesmaid. William Thompson, a brother of the groom, was best man. The bride's gown was a beautiful creation of pink and white, and she carried a shower bouquet of white roses. The bridesmaid's gown was of pink mouseline and she carried a bouquet of pink carnations. The wedding march was played by Miss Ursula Crain, of Utica.

Following the ceremony and congratulations of the assembled guests a sumptuous wedding breakfast was served. The bride's table, at which covers for 12 were laid, was located in a very elaborate manner; the color scheme was pink and white. Carnations, roses and cut flowers were used in profusion at the tables and the parlors and dining room of the home. Small tables were placed in the dining room for the guests, very pretty place cards being used and at each plate a carnation or rose.

The bride was the recipient of a very handsome array of presents, consisting of cut glass, china, bric-a-brac, linen, silver and many other useful articles. She is the youngest daughter of Mr. and Mrs. Ramsey, who have resided in Utica for a number of years, and possesses a host of friends. She has been a frequent visitor in this city, where she is well known, and her friends will wish her a life of much happiness.

Mr. and Mrs. Thompson left on the afternoon train for a wedding trip. At its completion they will reside at Youngstown, where the groom is a prosperous young business man.

Charlie Russel in Limbo Again.

Charles Russel who moved from here to Tidoute less than a year ago has gotten into the toils of the law again and is incarcerated in the jail at Warren on a charge of counterfeiting. Russel served a three year sentence in the penitentiary from this county for stealing hides, his term expiring about a year ago. The Warren Times gives the following account of his arrest and hearing:

"One of the cleverest of counterfeiters was untraced at Tidoute Monday when Charles Russel of that place was placed under arrest by Captain W. P. Walsh, of Pittsburg, who is in the secret service of the United States for this district.

"For some time it has been known that spurious coins of the denominations of silver dollar and half dollars have been in circulation in that vicinity, and the officers have been toiled in every attempt to trace the offenders until recently.

"Through the assistance of Fred Grettenberger, a machinist and old resident of Tidoute, the detectives were finally put on the scent, and Russel is now in the toils of the law.

"The prisoner had several conversations with Grettenberger, in which he asked advice concerning different metals and as to how impressions could be successfully made. He was in need of a crucible, and asked the machinist if he had one, and if not "would he be kind enough to send and get one for him."

"This Grettenberger refused to do, his suspicions being thoroughly aroused concerning his neighbor's actions and the manner in which he was trying to draw him into the scheme. Being himself unwilling to enter into the illegal business, he advised Russel to get out of it, but the advice was not taken.

"To others of his neighbors he became equally suspicious by remarks made at various times. Each of them was unwilling to assist in the counterfeiting business, and promised him no aid.

"One of the molds used by Russel was shown to Grettenberger a short time ago, and was a good specimen of workmanship. The composition of the molds is considered to be of the best and the impressions made are fine.

"Nothing but the molds were found near the home of the prisoner. These he had attempted to dispose of by throwing them, sometime on Sunday night, from his back door, so that they were found scattered on the premises of Mr. Grettenberger, who resides next door to Russel. They were found Monday morning, and owing to the heavy rainfall during the night had become broken and softened, but otherwise in good condition, showing a clear imprint.

"The prisoner was brought to Warren Monday morning by Captain Walsh, photographed and a description taken. The hearing was held before United States Commissioner J. O. Parmlee this morning when Russel pleaded not guilty to the charge. The evidence of the detective and Grettenberger, as well as that of Elmer Freeman, a neighbor, and the molds which were found, was sufficient to hold him for trial at the next session of the United States Court, which will be held at Pittsburg in October.

"Russel could not furnish the necessary \$1,000 bail which was required, and was placed in the county jail, where he will remain until the time to be taken to Pittsburg for a trial."

Letter to M. Hepler. Tionesta, Pa. Dear Sir: If you buy paint by the gallon, look out for short measure. There are great businesses founded on ten per cent short. It is queer that a man or concern'll expose his or its nakedness so; but he does, and it does. Look out. But that isn't all to look out for. Some give full measure, and cheat in the quality. What do you paint for, the looks? Or to keep your house from rotting? Both, of course.

A big hotel-man painted Devoe eight years ago; was going to paint it again—eight years is a good long time for a hotel, you know—struck a bargain; saved five cents a gallon; and missed Devoe. Poor fellow! There isn't an oz. of lead in his paint—we don't know how good or bad it is; but there isn't lead in it. Yours truly, P. W. Devoe & Co. P. S.—Jas. D. Davis sells our paint.

A Card of Thanks. We desire to thank our many friends, and especially our near neighbors, for their kind helpfulness during the recent illness and death of our dear husband and father, MARTHA COLEMAN AND SONS.

Paint Your Buggy for 75c. \$1.00 with Devoe's Gloss Carriage Paint. It weighs 3 to 8 ozs. more to the pint than others, wears longer, and gives a gloss equal to new work. Sold by Jas. D. Davis. 3-19-5m.
