The young people had a very enjoyable dancing party in Boyard's hall last Wednesday evening. Two games of base ball are booked to take place here on the 4th, between Tionesta and a team from Oil City. Scowden & Clark have for sale a second-hand buggy and wagon. Anyone in need of either can secure a bargain. The sale of fireworks will commence on the 2nd of July. Go to the White Star Grocery for the largest assortment. In their arguments many persons are like some shotgun. They scatter too much. In the case of the guns "choking" is the only remedy.—Bizzard. Tionesta got her "bums" in great shape at Pleasantville last Thursday afternoon, the game resulting in a score of 21 to 2 in favor of the other fellows. The right of boroughs to tax poles for the carrying of wires for various purposes on streets has been affirmed by the Supreme Court of this State. At Dunkirk strawberries have been a drug on the market, selling as low as five cents a quart. Many growers were compelled to take their product to the existing factory. The salary of every Catholic priest in the Erie diocese has been increased to \$1,000. Hereafter the priests in charge of a parish have been receiving a salary of \$800 per year. A new post office has been established at Lammora, in Jank's township in this county, with George E. Barnes as postmaster. The new office will be ready for business in a short time. The June bride, the June rose, the June graduate, the June bug and the June freshest have all made their dates good for this month.—Venango Spectator. How about the June berry? Following is the list of letters remaining unclaimed for in the Tionesta, Pa., Post Office, for the week ending June 25, 1902: Mr. Gran Walters, 3 letters. D. S. Knox, P. M.

Sheriff J. W. Jamieson returned yesterday noon from a business visit to Marienville, and he brought home one of the handsome deer-skin rugs we ever saw. The tanning was done by a man in Sheffield. G. T. Anderson, desires to inform the readers of the REPUBLICAN in this vicinity that he has put in a lot of new tools and is in better shape than ever for doing first class watch or clock repairing. All work guaranteed. C. M. Arner & Son, having just installed a new Smith Premier typewriter, are prepared to do all kinds of typewriting, copying, etc., for the public in an artistic manner and at reasonable rates. Call at the office when in need of such services. The singing at the Christian Endeavor convention in Pittsburg in July will be under the direction of two great choir leaders. There will be a trained choir of 800 voices, an enthusiastic audience of many thousands, and an orchestra of forty pieces. Clyde Colmer, a young man in the employ of Collins & Kreitzer at Newark, was injured Monday by being struck by a log while loading cars from a skidway near Fox creek. One arm was fractured in two places and he was otherwise bruised about the head. F. R. Lanson has purchased the tinning and plumbing establishment heretofore conducted by Charles Amann, and expecting to engage in the livery business. Doubtless Mr. Lanson will install a first class plumber in the establishment. The proprietors of the Central House have started the cement sidewalk movement and are putting in a double width walk in front of that popular hostelry. Ray Birrell is doing the work and Ray knows how, as his work of last fall shows. Keep up the good work; there is room for plenty of it in town.

It is unlawful to pluck or remove flowers which are in any cemetery of this State for ornamental or useful purposes, under an act passed the 19th day of May, 1879, P. L. 61. Any one convicted of a violation of the act mentioned is liable to an imprisonment not exceeding a year and to a fine not exceeding \$100, or both, or either, at the discretion of the court. June 23, 1902, snow and sleet sufficient to nearly cover the ground out on the hills surrounding this section, a pretty heavy frost Sunday and Monday mornings, with an atmosphere for these days suggestive of overcasts, is the record of phenomenal weather for the past week. It is thought that crops are only retarded, not necessarily injured much, by the frosts. The Forest County telephone people have been putting in a new 80 drop switchboard in their office and otherwise improving their plant here. The following new 'phones have been put in during the past week: Tionesta Mantel works, Steam laundry, Gas office, T. F. Ritchey's office, F. R. Lanson's plumbing shop, J. A. Adams' meat market and F. A. Keller's residence. Greater Harrisburg gets a fine boom in the shape of a special edition of the Telegraph of 36 pages of matter, covering the many advantages and beauties of the Capital City. The Telegraph, under the management of that prince of newspaper men, E. J. Stackpole, is a great paper, and has given the people of Harrisburg a lesson in enterprise which they will do well to emulate. The tool-house connected with the boat and barge yards of the Watson Lands Lumber Co., at Nebraska, was burned to the ground Tuesday of last week. R. T. Kerr, the builder, and Gus Wenzel, barge contractor, lost a number of their tools. The loss will amount to about \$200. The fire is supposed to have caught from sparks of a smoker's pipe falling among the shavings. Editor Samuel L. Pickens of the Marienville Express has taken unto himself a wife in the person of Miss Vinole May Miller, of Brockwayville, Jefferson county. The ceremony was performed at the bride's home by Rev. D. A. Platt, on the 18th inst. A good notion, Sam, and one that will undoubtedly prove the best investment of your life. In the language of the immortal Rip, "may you live long and prosper." The Tionesta Literary and Dramatic Lyceum will go to Pleasantville next Friday evening where they will present the comedy drama "The Gypsy Queen, or a Woman's Devotion." The proceeds of the entertainment will be for the benefit of Aaron Benedict Post, G. A. R., of Pleasantville. This company gave this entertainment here very creditably a short time since and they should be well patronized at Pleasantville by the friends of the G. A. R. They believe in a strict enforcement of the game and fish laws up in Warren county. It would seem by the numerous arrests and fines of violators. On a recent Sunday Charles Jackson and August Kribbel, both of Clarion, were arrested by the game warden of that place for fishing on the Sabbath day. The men were caught in the act of fishing near Tiona and were arrested. They were taken before Justice Lester of Clarion, and were fined \$25, each. The Fourth of July, which occurs a week from next Friday, will be permitted to pass uncelebrated in Tionesta this year, except in a casual way by the small boy, which is about the proper expression, as a general rule, much damage is done and many serious accidents often result from the modern 4th of July celebration. It is a good idea, also, to squelch the canon firecracker as has been done by ordinance in this borough, which it is hoped will be strictly enforced. The School Board of the borough met on Monday evening for the purpose of electing new members for the ensuing term of eight months, beginning Sept. 1st, next. The salaries were placed at the same rate as last year—\$75 for the principal and \$40 for each of the other five teachers. The balloting for teachers resulted in the election of the following: Principal, D. W. Morrison, of North Clarion; No. 5, Miss Ida Paup; No. 4, Miss Kathleen Joyce; No. 3, Miss Christine Agnew; No. 2, Miss Martha Morrow; No. 1, Miss Nancy Morrow, all of the borough. The tax levy was fixed at a previous meeting, being same as last year: 13 mills school, 5 mills building, and 5 mills bond. At the annual convention of the Woman's Foreign Missionary Society of Clarion Presbytery, which met in Emlenton last week, the report of the secretary showed an increase in interest and contributions throughout the Presbytery. Forty-one auxiliaries, besides Banks and C. E. Societies, an increase of four during the past year, march shoulder to shoulder into darkest heathendom. The contributions from June 1st to June 1, 1902 were over \$230. The Tionesta C. E. ranked second among the societies in the increase of contributions. It was with deep regret that the ladies of the Presbytery society learned that Mrs. R. L. Burdard, of Brockwayville, expects to move to Los Angeles in the coming autumn. Mrs. Burdard has been connected with the society for twenty-four years, and has been its efficient president during the past three years, but her place will be filled by Mrs. N. P. Wheeler of Endeavor, who is so eminently fitted to be the leader of the Presbytery society. Dr. J. E. Lacey, the veterinarian, was called to Tionesta, Sunday night to attend one of the horses at the poor farm. The animal, one of a team of the draft horses, owned by a Forest county man, was in a critical condition and was from Oil City and Warren could do nothing for it. Dr. Lacey performed a delicate surgical operation and when he left Tionesta the horse was eating and apparently on the road to recovery. He states that the Forest county poorhouse is one of the neatest and best institutions of the kind in the country. It has only 11 inmates, who live as well as most people do at their homes. They do not work and the poor farm is run by hired labor. The jail, too, is said to be a model one and has fewer prisoners than any similar place in the United States. Sheriff Jamieson says the highest number he has ever had in confinement at any one time was 12 men. This is a good showing for the morality of our neighbor county and it shows its residents to be law-abiding and orderly.—Tionesta Courier.

Misses Kathleen and Mary Joyce have purchased the millinery store and good will of Mrs. A. C. Urey, and will conduct the business at the same stand—the Freedman block, where they have a fine stock of goods in their line, and to which they will add many new and novel features. Miss Mary Joyce has had a thorough training of more than four years in the millinery art and possesses rare accomplishments as a trimmer of ladies' headwear, having all the latest ideas in that line. These young ladies kindly solicit the patronage of the people of Tionesta and vicinity. A special from Corry says "The hearing of Ernest Howard and George Goodwill, charged with the murder of Henry Haddock of Corry, on the evening of Memorial Day, took place before Alderman J. T. Barker Friday morning, with more than 1,000 persons present or surrounding the magistrate's office. Goodwill was discharged and Howard was held without bail for trial in Erie county in September. Immediately upon the convening of the court District Attorney Shreve announced that he had carefully examined the evidence and the plea of an alibi advanced by George Goodwill and moved his discharge from custody fully executed. This was done with strong manifestations of approval by spectators." The annual meeting of the Neilltown Cemetery association, will be held there-to-morrow and promises to be as pleasant and enjoyable as those of former years. The occasion is made popular as a yearly reunion of those having relatives and friends buried at the beautiful "God's Acre" and their friends. They come from near and far and after conducting a business meeting spend the balance of the day in the enjoyment of an outing and renewing old friendships. Among the pleasing features of the day will be the discussion of fine dinners and suppers. Since their last meeting, the association has obtained a charter and much work has been done in improving the grounds. The question of purchasing more land to add to the cemetery will come before the meeting and the annual election of officers will be held. The officers for the past year were Joseph McCrum, President; Amos Clinger, treasurer; and R. O. Carson, Jr., secretary. The gentlemen have given such universal satisfaction that, if they desire, they will undoubtedly be re-elected.—Tionesta Courier.

One of the most delightful conventions of the Oil City and vicinity C. E. Union was held in Tionesta last Friday afternoon and evening. Preparations had been made by the local society for a most royal welcome, and every body was made to feel at home. The church was handsomely decorated and the reception and social committees greeted visiting delegates to the number of 45—at the train and church, assigning all their places of entertainment. Rev. J. V. Stockton, D. D., presided at the afternoon session which was full of interest and profit to all. In the evening, Rev. Samuel Smith, D. D., of Titusville, delivered a most excellent address to the young people. At the close of the address, Miss Iva Carpenter of Endeavor, was chosen delegate to the State C. E. convention to be held in Pittsburg, July 28th, 29th and 30th and Mr. Milliron of Franklin, alternate. Endeavor was chosen as the place to hold the next convention. The officers were presided with the exception of Vice President; and Mr. Chas. Clark, president of the Tionesta C. E., was chosen to fill that place. The report of the treasurer showed the union to be in a flourishing condition. At the close of the session, Mr. Chas. Clark extended a cordial invitation to all in the church to remain for refreshments which were served in the S. S. room by the social committee. It was a very enjoyable convention and the only regret was the absence of the pastor, Rev. J. V. McAninch.

Filed by the Cars. John Albin Karlsson, a young man aged about 17 years, was instantly killed a short distance above Ross Run, on the Sheffield & Tionesta Railroad last Thursday. The crew with which he was working had been loading some ties on the cars, and the unfortunate victim was sitting on a projecting tie as the train was moving slowly along when he was knocked off and fell under the wheels of one of the cars, which passed diagonally over his body at the hips, almost severing the body. Death was almost instantaneous. His remains were taken to Newtown Mills and prepared for burial, after having been viewed by the Coroner Dr. J. W. Morrow, who decided that no inquest was necessary. The burial took place at Whig Hill. The young man had lately come over from Sweden, having landed in this country on the 28th of April last. He had no known relatives in this country. Supt. Leon Watson, of the S. & T. road, has written to his friends in Sweden, having obtained information from letters and papers in the young man's possession.

Endeavor Items. George Taylor, of Titusville, a former lumber inspector for Wheeler & Dusenbury, was in town a few days last week. He is now special agent for the New York Mutual Life Insurance Co. Mrs. McFetridge, of Hadley, Mercer county, accompanied by her daughter, Mrs. McClure, visited her son, C. J. Stewart, a few days last week. A fine driving horse recently purchased in Cincinnati by N. P. Wheeler, arrived here the 19th. A party of young people of this place drove over to the Fogle farm Friday evening. Harry Smith of West Hickory spent the evening rather pleasantly at Joe King's last Saturday. N. P. Wheeler, Jr., is home from school.

A Tionesta Woman Asks "have you a door paint that will last two weeks?" Yes we have Devos's; it has a beautiful gloss and will wear two years if properly applied. J. D. Davis 3-26-5m

She succeeds a teacher who had held the position for two years. We congratulate Miss Pease on this evidence of appreciation of her worth as a teacher. Rev. Mr. Hutchison very acceptably filled the pulpit of the Presbyterian church here last Sabbath morning, in the absence of Rev. Letter to A Tionesta Lawyer. Dear Sir: It is said of a lawyer sometimes that he isn't much of a business man. Queer, that a man who isn't himself a businessman makes his fortune by helping businessmen out of their difficulties and keeping them out! You are going to paint your house—and paint of course is out of your line. Whose advice are you going to take about that? Devoe lead and zinc is about the same as lead and oil and in other respects, lasts twice as long, holds colors better, and costs no more, rather less; and our agent who sells it, takes whatever risk there is of a customer's dissatisfaction with it. We rather think you are a businessman. Yours truly, F. W. Devos & Co. P. S.—Jas. D. Davis sells our paint.
