Senator McLaurin's letter is couched in the most positive terms and evident ly was based in particular on a news paper article which accompanied the letter. The article stated that the senator had sold himself for the prospect of getting such an office as that offered to him. It can be said, however, that the president regarded such a type of accusation as beneath notice and sincerely regrets that Senator Me-Laurin should have decemed it neces

sary to pay any attention to it. Senator McLaurin evidently has changed his mind about accepting the proffered appointment since he was in Oyster Bay on July 11. At that time he indicated his readiness to accept the vacancy on the court of claims and the only question then was when he should resign from the sennte.

Secretary of the treasury Shaw is expected to visit the president some time this week but the date is not announced.
