

Calendar for July 1902 showing days of the week and dates from 1 to 31.

Republican Ticket.

STATE. Governor - SAMUEL W. PENNY-ACKER, of Philadelphia. Lieutenant Governor - WILLIAM M. BROWN, of Lawrence county. Secretary of Internal Affairs - ISAAC B. BROWN, of Erie county.

CONGRESS. - JOSEPH C. SIBLEY, Assembly - C. W. AMSLER, President - J. C. GIBBY, Sheriff - GEORGE W. NOBLE, County Commissioners - CONRAD BURBENN, A. K. SHIPLE, Auditors - GEO. W. HOLEMAN, W. H. STYLES, Jury Commissioners - ERNEST SIBLEY.

DEMOCRATS are people who are generally opposed to things. UNCLE SAM'S pile of gold has gone beyond \$64,000,000. It pays to stick to the 100-cent dollar.

The paramount problem with the Democracy seems to be what to do with their ex-candidates for the Presidency. The matter might be solved if only Mr. Bryan would keep quiet.

MR. BRYAN says that in the Democratic party in 1904 "there will be harmony - in two groups." That remark is even better than David B. Hill's epigram: "I am a Democrat still - very still."

CUNA's Senate has appointed a committee to consider measures of aid to farmers and cattle raisers, and that is far better than chasing after schemes hatched by speculators and political adventurers.

It would be just as effective, less expensive and a good deal handier if, the next time W. J. Bryan comes to Philadelphia, Hon. Robert E. Pattison, instead of starting hastily for New York, would juke under the bed. - Phila Press.

ENGLAND now has a diplomatic corps installed at the capital of the Cuban republic, but the United States was a little earlier in the field. With two such powers, however, as the United States and England standing sponsor for Cuba that country can not say that she is entirely without friends.

THE Clarion Democrat is still administering some telling kicks against the rottenness of the primaries held by its party in that county in the past dozen years, and the one of recent date in particular. It is hoped the good work of the Democrat will tell in the regeneration and purification of its party's in future political contests - general as well as primary elections.

WORD comes from Boston that George S. Boutwell has announced that he will not vote for a Republican candidate for President who favors the present administration policy in the Philippines. It is so long since this anti-imperialist crank has been classified as a Republican that nobody will be surprised at his announcement. Neither will anybody be greatly grieved. "The tears live in an onion that should water this sorrow."

THE new Maine is called the fastest battle-ship in the world. In her first trial of speed last week she surpassed all previous records for battle-ships, averaging over a measured course 18.29 knots an hour for a distance of 39.75 miles. But even this was not her highest speed. She steamed one half hour at the rate of 19.5 knots an hour and another half hour at the rate of 19.95 knots an hour. With engines limbered by use she is expected to do even better than this.

MR. BRYAN'S speech at the New England harmony dinner which was interesting and eloquent as usual begins in bad temper. That, he refers to other harmony dinners as breeders of discord, which is neither true nor happy but justifies the statement of the esteemed Pittsburg Post that the apostle of silver coinage is given too much to "anger and invective." Most of the discord recently revealed in Democrat circles has come from the mouth of Mr. Bryan.

PENNSYLVANIA Democrats adopted a State platform confined strictly to State issues, but even in doing so they maintained the party tradition by denouncing Republican programs instead of declaring a program of their own. Whether the avoidance of national questions will benefit them at the polls remains to be seen, but as the platform could not have reaffirmed that of Kansas City, the dodge has saved the convention from a tongue lashing by Bryan, and perhaps that counts for something. - San Francisco Call.

ARKANSAS' queer governor, Jefferson Davis, complains that he has been "ignored" by some of the Democratic campaign managers in their allotments of speakers for the coming campaign. Perhaps the Democratic leaders think Jeff is not a Democrat. He intimated the other day to President Roosevelt that Senator James K. Jones of his own state was a Republican. There is a chance that the Arkansas Democratic leaders who want to keep Davis off the stump believe his democracy is not orthodox. There are so many varieties of Democrats nowadays that it is hard to keep track of them. Jeff may have some trouble making the Arkansas Democrats believe he is true to the faith when he starts his campaign for Senator Henry's seat.

Bryan in Boston.

Once again Col. Bryan has invaded the enemy's country, this time to get something to eat, and incidentally to talk. After the dinner he delivered his opinions of current politics. A theme of his discourse was harmony in his party, a matter with which he should be thoroughly familiar, for no man has done more in the history of the organization to discourage harmony than Col. Bryan.

In the face of the future that Bryan has created in the past, and the prominence to which he was twice exalted by hysterical politics, it is interesting to skim over the utterances of which he delivered himself yesterday. In his earlier talks there was a glamor of sensational enthusiasm that had a wonderful effect upon his followers. His words of yesterday were as dookwood in a garden. The burden of his speech was the old wall that those who are out want in and can only get in by improving on the work of those who are in.

Unfortunately the man of two campaigns comes to a realization of the conditions when it is too late. Col. Bryan proposed a remedy for intolerable conditions, but luckily it was not looked upon by the people as a safe one. What he condemned was tried, and proved the most successful help to prosperity the country has ever known. A candid philosopher would accept the proof and be glad that the good results followed. To the Nebraska wise man the results seem unimportant because they came from a policy that he condemned in advance. That policy he continues to condemn. It was hardly to be expected his condemnation would arouse any enthusiasm in a day when the volume of trade is the greatest ever known and the mills are sold out far into 1903. In that one condition are found Mr. Bryan's case and his answer. It is a waste of words for him to go further. - Pittsburg Times.

The Lumber Industry.

According to a census bulletin lately issued, the lumber industry of the United States taken as a whole, was in 1900 the fourth among the great manufacturing industries of the country, being exceeded in value of products only by iron and steel, the textile, and the slaughtering and meat packing industries. Pennsylvania was originally forest clad, with pine and hemlock on the higher parts of the Allegheny plateau, and with an increasing mixture of hardwoods as the altitude diminishes to the westward. The southern part of the State, outside of the Appalachian region, was timbered with hard woods exclusively. The result of over two centuries of lumbering has been to reduce the wooded area one half, leaving, as is estimated, 23,000 square miles or 31 per cent., wooded. This wooded area, moreover, has been in great part depleted of its merchantable timber, especially of its white pine, although there still remains a large amount as is shown by the fact that the cut of the species in 1900 was nearly one billion feet.

Pennsylvania has always been a state of great importance in the lumber industry. In 1850 it was exceeded in product only by New York, and in 1860 it took first place. In 1870 and 1880 it was exceeded by Michigan only. In 1890 Michigan and Wisconsin produced more, and in 1900 the third of the Lake States, Minnesota, also took rank above it, making it the fourth State in the country.

Of Judge Pennypacker's resignation from the bench of one of the Philadelphia courts, to which he has twice been elected without opposition, the Press of that city has this to say: "Judge Pennypacker's view of the proprieties of the situation removes him from the bench several months in advance of the promotion, or at least transfer manifestly in store for him. His resignation will be a loss to the Philadelphia Common Pleas bench, where his even temperament, habit of patient investigation and judicial cast of mind have made him a valuable member of a county judiciary long noted for its able and high minded judges. Many will regret Judge Pennypacker's decision and perhaps regard it as unnecessary. But if the Judge is to participate at all in the canvass it is of course incumbent upon him to lay aside his judicial robes. While there is no doubt of his election, it is only right that a candidate for Governor should assist the ticket on which he is placed. Judge Pennypacker's personality is not familiar to the voters outside of Philadelphia and the adjacent counties. They naturally want to see the candidate for whom they are asked to vote, to hear what he has to say and judge for themselves. This is the right, or at least the natural desire, of the voters, and Judge Pennypacker will respect that desire by going before the people."

New Principal of Clarion Normal.

At a meeting of the board of trustees of the Clarion State Normal School Wednesday evening, July 24, Dr. Samuel Weir, of Aurora, Ill., was elected principal of the school for the coming year. Dr. Weir was selected from a large number of applicants, among whom were many men of broad education and wide experience in the teaching profession.

Dr. Weir is a Canadian by birth and about forty years of age. He secured his elementary education in the public schools of Canada and later attended the Provincial Normal School at Ontario. In 1884 he entered Northwestern University at Evanston, Ill., from which institution he received the degree of A. B. and B. S. in 1888. He later spent two years in post graduate work in Germany, receiving the degree of Ph. D., summa cum laude, from Jena in 1895.

Dr. Weir's teaching experience has ranged from public school to university work. He was Professor of Latin and Greek at Southwestern Kansas College and later instructor in Northwestern University. From 1890 to 1901 he was Editor of History of Education and Ethics in the School of Pedagogy of New York University. During 1901-02 he has been engaged in writing and lecturing in connection with the department of Pedagogy of the University of Cincinnati.

Dr. Weir has already entered upon the active duties of his office. The prospects for a successful year are bright. The Fall term begins September 2.

Deafness Cannot Be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube gets inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition hearing will be destroyed forever; nine cases out of ten are caused by catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free. P. J. CHENEY & CO., Toledo, O., Sold by Druggists, 75, Hall's Family Pills are the best.

A PONY CART OUTFIT FREE.

The Pittsburg Sunday Dispatch Offers a Handsome Prize to Children for the Solution of Four Puzzles.

With its usual progressiveness The Pittsburg Sunday Dispatch will start the most novel feature for children that has ever been offered by any newspaper. It will give free to every reader a scientifically devised drawing and painting book which is intended to develop the artistic tendencies of children, and at the same time afford no end of amusement. It will contain outline drawings by famous artists to be colored, and a complete set of paints by which to color them, instructions for drawing, copying and enlarging - nature studies, cut-out dolls with dresses for coloring, etc. On the back of each book a puzzle in colors will be printed each week. For the correct solution of four puzzles which will be published each successive week, beginning August 10, the Dispatch will give a pony, cart and harness complete, as stylish an outfit as could be procured. In order to participate in this contest it will be necessary to get the first puzzle, published August 10, as the prize is given for the correct solution of four puzzles. So you should have the Dispatch left at your residence August 9 without fail to allow your children to enter the contest, and at the same time get the drawing and painting book. Full instructions will appear in the Dispatch.

Summer complaint is unusually prevalent among children this season. A well developed case in the writers family was cured last week by the timely use of Chamberlain's Colic, Cholera and Diarrhoea Remedy - one of the best patent medicines manufactured and which is always kept on hand at the home of ye worthy. This is the only medicine in a little puff for the company, who do not advertise with us, but to benefit little sufferers who may not be in easy access of a physician. No family should be without a bottle of this medicine in the house, especially in summer-time. - Lansing, Iowa Journal. Sold by Killmer Bros., Tionesta, W. G. Wilkins, West Hickory, Pa.
